Schedule of Tuition Fees 2022-23

How our tuition fees are set

1. The Fees Group committee is an advisory group to USG (University Steering Group) which meets on a termly basis and has the following responsibilities with regards to the setting of fees:
 - (a) Provides strategic direction for University fee policy
 - (b) Develops policy on fees, recommends specific fees and price bands for undergraduate, postgraduate taught and postgraduate research courses
 - (c) Reviews and endorses, on an annual basis, other fees and charges levied for additional or exceptional costs connected to individual student activity which is not included within the main fees.
2. All policies, fees, fee bands and other fees and charges are recommended to USG for approval on behalf of Council.
3. The amounts set out in this document for academic tuition are composite fees which include admission, registration, examination and graduation fees as well as an obligatory contribution towards the cost of student societies, sports activities and other amenities. The fees identified in this document do not include accommodation or the cost of meals.
4. The Undergraduate Home EU fees are regulated by the Government.

Fee increases

5. For full-time undergraduate students with a Home fee status (which currently only includes EU students who have a pre-settled status) any fee increases during your programme of study will be limited to the annual increase in the RPI-X index. Increases in fees for full-time undergraduate students with a Home fee status remain subject to UK Government approval.
6. The University sets tuition fees for one academic year at a time. If your course lasts for more than one academic year, the fees due in subsequent years of study may therefore be different to the fee advertised and charged for your year of entry.
7. For other students who started in 2017-18 and earlier, the annual fee increase will be 3% and other students starting from 2018-19 or later, the annual fee increase will be 5%. For Undergraduate student starting in 2020-21 and 2022-23 there has been no annual fee increase.

Part-time fees

8. Part-time students will normally pay a fee pro-rata to the relevant full-time fee for the same course in each academic year in which they undertake study. For example, a student taking a part-time Masters course over two academic years starting in October 2022 will pay 50 per cent of the full-time fee charged for that course in 2022-23 and 50 per cent of the full-time fee

charged for that course in 2023-24. The fee for the second year of the course may therefore be higher than for the first year

Fee liability and paying your fees

9. Tuition fees are normally published online at least 12 months in advance of the start of the next academic year. Students returning for a second or subsequent year of study will be notified of their tuition fees for the next year of study as part of the arrangements for Registration.
10. Liability for payment of overseas fees is determined by reference to the Education (Fees and Awards) Regulations. The Head of Admissions is responsible for determining the fee status of applicants to the University. Following Registration, a request by the student to reclassify their fee status can be considered only in specific circumstances. Cases are considered by the Funding Team and referred to the Academic Registrar for approval.
11. A tuition fee deposit may be payable before you start your course. If this applies to you, details of the amount and how it should be paid will be included with your offer of study issued by the relevant admissions office. Our full tuition fee deposit policy is available on our website.
12. General information on how new students can pay their first annual tuition fee will be included with your offer of study issued by the relevant admissions office. Arrangements will be confirmed when your place at the University is finalised and will be included in the pre-arrival information including arrangements for Registration. You can find more information on how to pay your fees on our fees and funding webpage.
13. At Registration, which takes place at the start of a period of academic study, you accept liability for the tuition fees for the forthcoming academic year. This will normally be a full academic year unless your course starts in January or April, or you are finishing prior to the end of the normal academic year.
14. Once registered at the University, all students, regardless of funding source and fee status, are liable for their fees for the relevant degree course or research degree. If for any reason a student withdraws from their course, information on tuition fee payment and liability can be found on our website.

How we use your fees

Study Abroad and Placement Year fees

- (a) Incoming Study Abroad Programme
These fees are detailed under the 'Academic Section' department of the fee schedule and consist of fees for a full year and per term.
- (b) Outgoing Study Abroad Programme
Full year abroad - 2017-18 entry and earlier
Student who started their undergraduate degree in 2017-18 will not be required to pay any tuition fees when you go on your year abroad.
Students who started their undergraduate degree from 2018-19 and 2019-20 will be required to pay 15% of their relevant tuition fee to Essex when you go abroad.
Students who started their undergraduate degree in 2020-21 will not be required to pay any tuition fees when you go on your year abroad.
Students who started their undergraduate degree in 2021-22 will be required to pay 15% of their relevant tuition fee to Essex when you go abroad.
Students who started their undergraduate degree in 2022-23 will be required to pay 15% of their relevant tuition fee to Essex when you go abroad.
- (c) All students are required to pay the full tuition fee to the University of Essex when studying a term abroad.
- (d) Placement fees
Students who opt for an industrial or clinical placement year as part of your Undergraduate course, will pay 20% of the relevant tuition fee for that year.

Modular Study

- (a) Standalone modules and part time reassessment fees:
Students studying standalone modules or repeating modules on a part-time basis will be charged the module fee for the academic year in question and the module fee will be dependent on the module department, not the department the course is associated with. Full details can be found on the [reassessment fees per credit webpage](#).
- (b) Languages for All Programme:
All students wishing to learn a language in addition to their main course of study can do so at no additional cost through Languages for All. Students who wish to undertake a second language course can do so for a fee. The fee for both Express and Portfolio additional modules has been set at £280.

Postgraduate Visiting Research Students

The University has a tariff for visiting students seeking research attachments to departments and/or individual members of academic staff. This is intended to reflect the cost of providing a research attachment for an occasional student. These fees are calculated as a proportion of the standard postgraduate research degree fees. The monthly rate is calculated as a quarter of a 'four month' term.

Fees for visiting research students 2022-23

Duration	Home/EU All departments	International fee Life Sciences, Psychology, School of Sport, rehabilitation and Exercise Sciences	International fee All other departments
Full year	£2,679	£9,862	£8,522
Two terms	£1,786	£6,576	£5,683
One term	£893	£3,285	£2,839
Monthly (up to three months)	£221	£821	£711

*includes vacation subsequent to final term, e.g. 1 term would be c.3 October to c.15 January.

The fee will include access to IT and library facilities and contact time with academic staff which would not exceed that delivered to a registered research degree student and occasional lecture attendance. Full module attendance would still require separate registration and payment in order to be registered for classes, examinations and to receive credit at the conclusion of the module.
