**Example of a grid for a PGT student who has resubmitted the dissertation**

The mark for the resubmitted dissertation is shown in the top grid. The previous mark will be shown in the grid below, along with the reassessment flag showing whether the resubmission was a first sit for uncapped mark (F) or a resit for a capped aggregate mark (R). In this example, it was a first sit.

New mark

The original mark for the dissertation. Please ignore the blank brackets.

Check the reassessment flag field to see whether the resubmission is a first sit (F) or a resit (R).

The marks for the June attempt at taught modules are shown in brackets. The September marks are the final marks. The reassessment flag column shows whether the September reassessment was treated as a first sit or a resit.
