Access to the Psychology department from the main squares

From Square 3:

- **By foot via stairs** – walk via Square 2 (and long flight of external steps) to Square 1. Enter the Psychology building via entrance 1W.
- **By wheelchair via lift** – from Square 3 continue to Square 2 and take the walkway bridge (on the far side of Square 2) to the Network Centre. Take the lift (L77) to level 3, exit Network Centre onto Square 1, and enter the Psychology building opposite, via entrance 1W.

Access to The Centre for Brain Science

The Centre for Brain Science can either be accessed directly from Square 1 or via the Psychology building.

From Square 1:

- **By foot or wheelchair** – take the walkway bridge towards South Courts and turn right immediately at the end (signposted).
- To access the CBS via the main Psychology building, follow the main corridor from the entrance along to the very end, exit the building and take the short walkway bridge across to CBS.

Access within the Psychology department (between Floors)

- **On foot via stairs** – there are central stairs to all levels, reached via a short corridor (left off the main corridor) just past the lift.
- **By wheelchair via lift** – Lift (L9) serves all floors (including under podia), with the exception of level 1.5 which is not fully accessible.

Access within the Centre for Brain Science (between floors)

- Central stairs and a lift (L80) serve both floors i.e. level 3 (ground) and 4.
