Let's work together

Our students are taught to explore, question, challenge, and think differently. They can bring fresh ideas to your business, whether for a work placement, short-term project or graduate job.

What makes our students stand out?

- construct reasoned arguments
- exercise critical judgement
- find solutions
- work independently
- collaborate
- communicate effectively
- investigate
- research
- analyse
Modern Language students

Our students will have developed practical skills in one or more of the following languages: French, Spanish, Portuguese, German, Italian and Mandarin Chinese. They will be able to use their knowledge of one or more of these languages to perform a variety of spoken and written communicative functions, including translation and interpreting.

In particular our students:

- understand spoken and written authentic texts in a foreign language on a range of topics and of varying complexity
- summarise those texts in English
- use the foreign language for a variety of professional functions
- give coherent, sustained and persuasive presentations in a foreign language
- understand the use of different styles and registers in the foreign language(s) they speak
- understand how language and culture interact
- translate and interpret effectively and accurately between the language(s) they speak and English
- use a variety of information technologies to retrieve and present information
