

# **SAFE-World Project/Initiative Summary**

**Country: Mexico**

Project/Initiative Title: Aquaculture Technology - Department of Agriculture of Mexico

## ***A5 - Key changes in farm / regional system***

The transfer of aquaculture technology by Chinese aquaculture technicians in the context of TCDC to Mexican farmers.

The transfer of aquaculture technology enabled small maize and bean farmers in Mexico to diversify into fish production.

## **Summary**

The transfer of aquaculture technology by Chinese aquaculture technicians, in the context of TCDC, enabled small maize and bean farmers in Mexico to diversify into fish production, improved the nutrition of poor rural communities and enabled them to engage in income-generating activities.

## **Most outstanding results**

Improved nutrition and income-generating activities for poor rural communities.
