1. Introduction

- 1.1 The Academic Appeals Procedure provides students with the opportunity to appeal against a formal decision made by a Board of Examiners about a student's progress or the awarding of a qualification.
- 1.2 This procedure applies to all students studying on a Taught Programme of Study that is accredited by the University of Essex or at one of the University's partner institutions, including students studying on an undergraduate and postgraduate taught course, a foundation degree, a year of study abroad or work placement.
- 1.3 On behalf of the University Senate, the Academic Registrar is responsible for ensuring that there are effective procedures for considering student appeals against the decisions made by Boards of Examiners.
- 1.4 The University Senate (and its sub-committees) receives an annual report on academic appeals and Internal Reviews to provide assurances to Senate and make recommendations that inform University practices, procedures and activities.

Timescales

- 1.5 The University will endeavour to complete the appeal proceedings within 40 working days from receipt of an appeal and supporting evidence, and any internal review proceedings within 20 working days from receipt of the request.
- 1.6 Occasionally there will be circumstances where, for good reason, the University will need to extend the timeframe. Where this is the case, the student will be notified and kept regularly informed of progress.
- 1.7 While every effort will be made to comply with the time limits set out above, if a time limit is exceeded, it shall not invalidate the outcome of the appeal proceedings.

Support & Guidance

- 1.8 Support and guidance is available to students studying at the University of Essex via the Student Services Hub, or independently from SU Advice. Students studying at a partner institution should seek support and guidance from their education provider.
- 1.9 Students may request reasonable adjustments to these procedures in line with the rights that students retain under the Equality Act 2010. Requests will be considered individually, and students will be notified of the adjustments that have been agreed in writing and at the earliest opportunity. Requests should be made to appeals@essex.ac.uk.

Immigration Status

- 1.10 Staff involved in consideration of academic appeal matters should not consider immigration status. Immigration status is a secondary decision but may mean that a student would not be able to proceed with the academic decision that has been confirmed as part of the Academic Appeals Procedure for Undergraduate and Postgraduate Taught Students.
- 1.11 The University of Essex is not able to sponsor students to extend their leave to remain in the UK in order to await the outcome of an appeal. An appeal outcome offered that requires a student's continued registration at the University is subject to their ability to maintain a valid UK immigration status and provide proof of their right to study with us for the duration of their course.
- 1.12 Students studying at the University of Essex may be referred to the International Services Team if the evidence considered in relation to this procedure brings a student's continued UK immigration status into question, in accordance with paragraphs 7.22-7.29 of the University's General Regulations and the relevant UK Immigration rules and guidance. Equivalent action may also be taken by a Partner Institution.

2. Submitting an Appeal

- 2.1 A student may submit a formal academic appeal by completing an Appeal Form, setting out their grounds for appeal and sending it with all supporting evidence to the Student Progress Team or Partner Institution. Students must do so within 10 working days of the publication of the decision of the Board of Examiners, or within 10 working days following the early resolution of an informal appeal by the Department (See Section 4).
- 2.2 Students can only appeal the most recent decision made by the Board of Examiners. If a student submits an appeal based on a previous decision made by the Board of Examiners, the appeal will be treated as an appeal submitted after the deadline, even if it is submitted within 10 working days of the publication of a more recent decision of the Board of Examiners.
- 2.3 Appeals received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee). For this to apply, the student must be able to demonstrate, to the satisfaction of the Academic Registrar (or nominee), that circumstances beyond the student's control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline. Where possible, students are expected to provide evidence of the circumstances that led to a late appeal, as well as evidence to support the appeal itself.
- 2.4 When submitting an appeal, students are expected to provide any and all information, and any and all evidence that may be relevant to the appeal and that is available at the time of submission. The University will not normally request more evidence in considering the appeal. If the student has not provided evidence in the appeal that was available at that time, a subsequent request for internal review may be dismissed on the ground that evidence was not provided in a timely manner (see 5.6).
- 2.5 The Academic Registrar (or nominee) will acknowledge receipt of the appeal within 5 working days.

3. Grounds for Appeal

3.1 Students may submit an appeal on the following grounds:

- there are extenuating circumstances which for good reason were not previously available to the Board of Examiners, which might have materially affected the outcome
- there is new evidence for previously disclosed extenuating circumstances, which for good reason was not available to the Board of examiners, which might have materially affected the outcome
- the Board of Examiners did not follow the University's procedures which disadvantaged the student's case
- there is evidence of prejudice and/or bias during the consideration of the student's progress by the Board of Examiners.

3.2 The following are **not** considered legitimate grounds for appeal, and any appeal based exclusively on one or more of these grounds will be rejected automatically:

- Disagreement with a mark or grade and/or appeal against the academic judgement of internal or external examiners.
 - i. Coursework and examinations cannot be remarked, except in cases of procedural irregularity or evidence of bias/prejudice in the marking process. The Academic Appeals Procedure can only consider remark requests after marks have been confirmed and ratified by the Board of Examiners and the request for a remark could not have been made before the release of the Board of Examiner's decision.
 - ii. If the Board of Examiners has not yet ratified and confirmed the marks, students should contact their department with their concerns, in accordance with the [Marking Policy](#).
- Any difference between a ratified mark and a provisional mark or informal assessment of the student's work by a member of staff that is not the final mark approved by the Board of Examiners
- Marginal failure to attain a higher class of degree
- The retrospective reporting of extenuating circumstances which a student might reasonably have been expected to disclose to the Board of Examiners before their meeting, without good reason. Deadlines for submitting extenuating circumstances are published in advance of the Board of Examiners' meeting.

- The retrospective submission of evidence for previously disclosed extenuating circumstances, which a student might reasonably have been expected to submit to the Board of Examiners before their meeting, without good reason.
 - i. Students who were asked to provide supporting evidence for an extenuating circumstances claim and missed their deadline to provide this cannot submit the evidence retrospectively via an academic appeal, unless the evidence was not available until after the deadline.
- Appeals against the judgement of the Board of Examiners in assessing the significance of extenuating circumstances, and whether and to what extent they affected academic performance
- Concerns relating to the inadequacy of teaching or other arrangements during the period of study.
 - i. Students should raise such complaints in writing as soon as issues arise, before the Board of Examiners meeting, under the Student Concerns and Complaints Procedures (or equivalent for Partner Institutions).
- Appeals where the student has not understood or complied with the Rules of Assessment properly, including:
 - i. Not attending scheduled examinations (or equivalent)
 - ii. Not notifying the University of any planned absences at scheduled examinations (or equivalent)
 - iii. Not undertaking any reassessment that was previously instructed
 - iv. Requesting further attempts at reassessment that are not permitted under the Rules of Assessment

Other Requests

- 3.3 The following are not considered legitimate grounds for appeal, but may be submitted to the Student Progress Team or Partner Institution, and will be considered by the Executive Dean (or their nominee), or the Dean of Partnerships (or their nominee):
- Requests to repeat a year of study in full or to repeat failed modules part-time, where this offer has not been made by the Board of Examiners.
 - Requests to undertake reassessment, repeat the year or to repeat failed modules part-time, after the student has been withdrawn by the Board of Examiners solely due to the student's complete non-engagement with their examinations or required reassessment.

- 3.4 Such requests will be considered exceptionally by the Executive Dean (or their nominee), or the Dean of Partnerships (or their nominee), whose decision will be final. The request should be made via the Academic Appeals form.

4. Academic Appeal Procedure

Early Resolution

- 4.1 Students should contact their academic department with their concerns in the first instance. The department is best placed to respond to concerns about marking, investigate mark discrepancies or explain the decisions of the Board of Examiners.
- 4.2 Students should contact their academic department with any concerns within 10 working days of the publication of their results. If an error is identified, the academic department can resolve this. If the department is in the process of resolving the issue, no formal appeal needs be submitted to appeal against the same error.
- 4.3 Late early resolution requests may be considered at the discretion of the academic department.
- 4.4 If the issue cannot be resolved by the department, or the student is unhappy with the outcome of Early Resolution, the student can submit a formal appeal.

Initial Assessment of a formal Academic Appeal

- 4.5 Students can submit a formal appeal against the most recent decision of the Board of Examiners within 10 working days of their outcome being published, or within 10 working days of early resolution of an informal appeal by the Department (See Section 2).
- 4.6 The Academic Registrar (or nominee) will conduct an initial check to determine whether the student has demonstrated valid grounds for appeal, as indicated under Section 3, and the appeal has been submitted by the deadline, as indicated under Section 2.
- 4.7 The Academic Registrar (or nominee) may determine:
- The appeal is not valid or has been submitted too late without good reason, and is therefore dismissed
 - The appeal may be considered
- 4.8 The Academic Registrar (or nominee) may determine exceptionally that the appeal should be investigated under the Student Concerns and Complaints Procedures instead of the appeal procedures.

- 4.9 If the appeal is dismissed following an Initial Assessment or the case will be taken forward as a complaint, the student will be notified in writing of the Academic Registrar's (or nominee) decision and the reason for this decision.

Consideration of a formal Academic Appeal

- 4.10 If the appeal demonstrates a clear administrative or procedural error that led to the Board of Examiners reaching an incorrect decision, and the matter may be rectified by the standard application of the Rules of Assessment, the matter will be referred to the relevant academic department to resolve as part of the Early Resolution process.
- 4.11 Students will be notified in writing if their appeal has been referred to the relevant academic department to resolve via Early Resolution.
- 4.12 If an appeal is deemed not eligible for Early Resolution, it shall not invalidate the outcome of the appeal proceedings.
- 4.13 If the appeal demonstrates valid grounds, but is not eligible for Early Resolution, or the student remains dissatisfied with Early Resolution, then the appeal will be considered on its merits.
- 4.14 An Academic Appeal is considered by the Academic Registrar (or nominee).
- 4.15 The Academic Registrar (or nominee) will give full consideration to whether the student's progress should be reviewed by a Board of Examiners as a result of the appeal or whether the appeal should be dismissed. In order to reach their decision, the Academic Registrar (or nominee) may need to consult with others, including the student who has submitted the appeal.
- 4.16 The Academic Registrar (or nominee) will complete a written report that outlines the reasons for reaching their final decision.
- 4.17 If the Academic Registrar (or nominee) decides there are sufficient grounds to reconsider the student's progress, then the appeal will be referred to a Board of Examiners (or nominee) who will be asked to reconsider a student's outcome (see Section 6).
- 4.18 If the Academic Registrar (or nominee) decides there are not sufficient grounds for putting the case to a Board of Examiners, the decision will be confirmed to the student in writing and the student will be provided with a copy of the report.

5. Dismissed Appeals

Appeals dismissed at Initial Assessment

- 5.1 Students who are advised that their appeal is invalid, or has been submitted too late, may submit a request to review this decision within 10 working days of the date of the Academic Registrar (or nominee)'s decision in writing.
- 5.2 The Academic Registrar (or nominee) will consider a request to review a decision that an appeal was not valid. This will normally be someone who has not previously been involved in the case.
- 5.3 Requests received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee), on the condition that circumstances beyond the student's control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.
- 5.4 The Academic Registrar (or nominee) may determine:
- That the appeal be reinstated and proceed to be considered (see Section 4)
 - That the appeal be dismissed
- 5.5 If the Academic Registrar (or nominee) dismisses the appeal, then the decision will be confirmed to the student in writing and the student will be sent a Completion of Procedures Letter (see Section 7).

Appeals dismissed after consideration

- 5.6 Students who are dissatisfied with the outcome of their appeal may request an Internal Review on the following grounds:
- there is new evidence, which for good reason was not previously submitted as part of the appeal, which might have materially affected the outcome
 - the University did not follow the Appeal Procedures properly which disadvantaged the student's case
 - there is evidence of prejudice and/or bias during the consideration of the student's appeal
- 5.7 A student who wishes to submit a request for Internal Review must do so within 10 working days of the date of the Academic Registrar's (or nominee) decision in writing.
- 5.8 Requests for Internal Review received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee). For this to apply, the student must be able to show, to

the satisfaction of the Academic Registrar (or nominee), that circumstances beyond the student's control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.

- 5.9 The Academic Registrar (or nominee) will determine whether an Internal Review request meets the grounds listed above (5.6). If it is determined that the Internal Review request does not meet the necessary grounds, the Internal Review request will be dismissed and a Completion of Procedures Letter will be issued.
- 5.10 Students who are dissatisfied with the outcome of their appeal but do not have grounds for Internal Review, may request a Completion of Procedures Letter within 20 working days of the Appeal Investigator's decision being confirmed in writing (see Section 7).

Internal Review Procedure

- 5.11 An Internal Review will consider whether the University has considered the appeal according to policy, and does not usually mean that the issues raised in the appeal are considered afresh or involve a further investigation. An academic appeal must have been considered and an outcome reached at the formal stage before it can be escalated to the review stage.
- 5.12 An Internal Review will be conducted by the Pro-Vice-Chancellor (Education) (or nominee). The Pro-Vice-Chancellor (Education) (or nominee) may consult with others to reach a decision, including the student who has submitted the request.
- 5.13 The Pro-Vice-Chancellor (Education) (or nominee) may resolve that:
- There are not sufficient grounds for the appeal to be referred to a Board of Examiners
 - That the appeal should be referred to a Board of Examiners for consideration in light of the information provided
- 5.14 If the Pro-Vice-Chancellor (Education) (or nominee) decide that there are not sufficient grounds for putting the case to a Board of Examiners, they will confirm their decision to the Academic Registrar (or nominee) in writing to explain the reason for their decision. The Academic Registrar (or nominee) will confirm this decision to the student in writing and issue a Completion of Procedures Letter (see Section 7).
- 5.15 If the Pro-Vice-Chancellor (Education) (or nominee) decides that there are sufficient grounds for the Board of Examiners to reconsider the student's progress, the appeal will be referred to the Board of Examiners who will be asked to reconvene (see Section 6).

6. Referred Appeals

- 6.1 The Board of Examiners (or nominee) will be provided with the student's appeal and evidence and any other documentation deemed to be relevant, including any reports or comments provided by the Academic Registrar (or nominee) or Pro-Vice-Chancellor (Education) (or nominee) who have previously considered the appeal.
- 6.2 The reconvened Board of Examiners (or nominee) will operate in compliance with the Assessment Policies for Undergraduate and Taught Postgraduate Awards of the University of Essex and the relevant Rules of Assessment for the course, and may take the following action:
- Amend the previous decision made about the student's progress and agree a new outcome, in light of the information provided
 - Not amend the previous decision made about the student's progress, confirming the information provided following the appeal to require no further action.
- 6.3 If the grounds for the upheld appeal are based on prejudice or bias in the operation of the Board of Examiners, then the reconvened Board (or nominee) should normally have a new membership, with the exception of the External Examiners.
- 6.4 The Board of Examiners (or nominee) decision shall be final. The student shall be informed in writing of the decision of the Board of Examiners (or nominee). Students who are dissatisfied with the outcome of the reconvened Board of Examiners decision may request a Completion of Procedures Letter within 20 working days of the decision being confirmed in writing (see Section 7).

7. External Review

- 7.1 The Office of the Independent Adjudicator for Higher Education (OIA) provides an independent scheme for the review of student complaints or appeals. When the University's internal procedures for dealing with appeals have been completed, the University will issue a Completion of Procedures letter.
- 7.2 Students will be issued with a Completion of Procedures letter when:
- the Academic Registrar (or nominee) has confirmed the appeal to not have valid grounds following a request to reconsider the previous decision
 - The Academic Registrar (or nominee) has deemed an internal review request does not have valid grounds
 - the Pro-Vice Chancellor (Education) (or nominee) has dismissed the request for internal review

7.3 Students may also request a Completion of Procedures within 20 working days of receiving:

- the written decision of the reconvened Board of Examiners following an upheld appeal or internal review
- the written confirmation that the appeal has been dismissed by the Academic Registrar (or nominee), where the student does not intend to request an internal review

7.4 Students wishing to avail themselves of the opportunity to have an independent review by the OIA must submit their application to the OIA within twelve months of the issue of the Completion of Procedures letter. Full details of the scheme are available on request and will be enclosed with the Completion of Procedures letter.
