2.4.

The duration, syllabus and rules pertaining to progression and assessment for programmes of study leading to undergraduate and taught graduate/postgraduate awards shall be defined and published annually in the relevant programme specification.

2.5.

First-year students registered on full-time courses may be permitted to change their degree within the first two teaching weeks of the academic year or, on successful completion of the relevant module, at the end of the first year of study, subject to the approval of the Executive Dean or their deputy and to the availability of places on the degree they wish to enter.

2.6.

The Executive Dean or their deputy may permit a student to follow as part of their study for the degree of Bachelor an approved programme of study at an overseas university or comparable institution approved for the purpose in each case.

2.7.

Students may be admitted to programmes of study which are not assessed and to programmes of study leading to the grant of credits which may be accumulated towards an award of the University.

2.8.

For each undergraduate programme of study there is a maximum period within which a student must complete their studies. The maximum period is set from the date when the student is first admitted to sub-degree or an undergraduate programme at the University of Essex. Transfers of programme are still included in the original maximum period. Academic years in which the student has undertaken a period of intermission are still included in the original maximum period. The Executive Dean or their deputy may consider requests for an extension to the maximum period of study in cases of ill-health or other exceptional circumstances. Details of the maximum period of study for each award are published in the Undergraduate Rules of Assessment.

2.9.

For the purpose of applying University policies and procedures, students studying on Integrated Masters Awards will be regarded as Undergraduate students in Years One, Two and Three, and Taught Postgraduates in Year Four.

2.10.

Students may be admitted to a programme of study leading to a dual award of the University of Essex and one or more awarding institution(s). The dual award arrangements shall be entered into formally between the University and the partner institution(s) before any candidates are admitted to the programme. The details of the programme shall be published in the relevant programme specification.
