

EDUCATION ACTION PLAN 2024-25

Our Education vision for 2028

“At Essex, student success is at the heart of our mission. We are proud to offer a transformational, research-led education. Our students are not defined or constrained by their past but welcomed on the basis of their potential. We support them to shape and fulfil their ambitions and to achieve outstanding outcomes. We offer consistently excellent learning opportunities, responsive to the needs and aspirations of our diverse student community.” (Education Strategy 2019- 2028)

The Education Plan Action sets out our priorities in 2024-25 for delivering the Education Strategy 2019-28. It includes the work that forms part of our Academic Infrastructure Development Programme, including proposed changes to our Academic Framework, and the creation of new education partnerships and TNE. It contributes to Essex 2025 and the continued development of our transformational curriculum, so that we respond to the needs of our student population however they choose to study with us, and for those students who choose campus-based study, that we continue to deliver a distinctive, predominantly residential, campus-based student experience. It will be implemented as part of broader activities that are contributing to the growth and development of the University and the delivery of institutional objectives.

Whilst the Pro-Vice-Chancellor (Education) owns the Plan and is responsible for its delivery, it is an institutional document with leadership and input required from across the University; while each activity has an owner who is responsible for leading the activity and monitoring and reporting on progress, the plan includes other members of Education Committee who will have vital input to the

successful delivery. The plan is delivered in partnership with the Students' Union and all actions involve work with the Students' Union to varying degrees. In addition, other stakeholders and participants in the delivery include but are not limited to Executive Deans, Faculty Deans, Heads of Department, Directors of Education, Graduate Directors, Department Managers, and other Heads of Professional Services and their teams. In delivering the Plan there is an assumption of collective responsibility and partnership for all actions, with leadership provided through the owners identified in the Plan.

The Education Action Plan should be read alongside the Research Action Plan which contains objectives in support of our postgraduate research strategic priorities which have synergies with our education strategic priorities. Whilst the Pro-Vice-Chancellor (Research) has responsibility for the Research Action Plan, the progress of which is monitored by Research Committee, Education Committee receives updates on matters relating to postgraduate research priorities, supported by the Dean PGRE. Equally the Education Action Plan contains objectives in support of our postgraduate education strategic priorities which have synergies with those in the Research Action Plan. As a member of both Education Committee and Research Committee, the Dean PGRE provides an important liaison function so that Education Committee has an opportunity to provide input into the development of the annual Research Action Plan and receive and comment on progress updates, so that opportunities and dependencies between taught and research education provision are identified and benefits realised.

In preparing the Education Action Plan, consultation takes place with each of the Supporting and Sub-Strategy leads to ensure coherence in action planning and that education-related objectives in these strategies are on track with appropriate oversight from Education Committee.

KEY PRIORITIES FOR ACTION & STRATEGIC LINKS <i>What are our priorities and how do they contribute to the delivery of the Education Strategy?</i>		SUCCESS MEASURES <i>What will be the outcome?</i>	OWNERSHIP <i>Who is responsible for leading the activity¹</i> <i>Date of completion</i> <i>[other members of EC who are key contributors to success]</i>
EDUCATION INFRASTRUCTURE, INNOVATION AND TRANSFORMATIONAL CURRICULUM: <i>Our research-led curriculum lies at the centre of our transformational education. We aim to ensure that our Academic Framework and structure, our curriculum and assessment are inclusive, innovative, impactful and supports innovation as a path to delivering our commitment to education excellence and the transformation of lives, and supports every student from every background to achieve outstanding outcomes</i>			
Objective 1: Through the delivery of our new Academic Infrastructure Development Programme, ensure our academic offer is efficient to deliver, clear and compelling for prospective and existing students, which is evidence based and responsive to sector developments, and creates wide-ranging benefits to all members of our community.			
1.1	Develop our Academic Framework, in line with what is agreed by Senate and Council, taking account of feedback from the institutional consultation, focused on ensuring that our education offer is clear and compelling to our applicants and students, supports the development of transnational education and flexible educational products, and prepares for the new Lifelong Learning Entitlement. [EO2; EO5; EO12; EO13; EO14; EO15; EO16; EO17; EO21; EO24; EO25]	Plans for implementation, monitoring and assessment of approved changes to our Academic Framework are in place in line with what is agreed by Senate, so that the benefits are fully realised.	PVC E June 2025 [Dean UGE; Dean PGRE; Dean PGTE; Faculty Deans UG and PG; Director of Academic Services]
		Work to further streamline our courses, modules, and assessments progressed in support of approved changes to our academic framework.	PVC E June 2025 [Director of Academic Services; Dean UGE; Dean PGTE; Dean PGRE; Faculty Deans UG and

¹ in partnership with stakeholders, monitoring and reporting on progress.

	[EO15, EO16]	Flexible product developed and implemented, supported by policies and practice. To include linkages into the Knowledge Gateway and Innovation Centre, employers, and schools to support and enable partnership in innovation.	[Dean of Partnerships (Education); Dean UGE; Dean PGTE; Dean PGRE]
3.2	Implementation of the education focussed objectives and deliverables of the TNE Taskforce and Partnerships Sub-Strategy and expansion of our links internationally and in Europe through YERUN and YUFE [EO16, EO23] [see also RAP 5.1; 5.2; 6.4]	Education focussed objectives and deliverables of the TNE Taskforce and Partnerships Sub-Strategy implemented in line with agreed timescales International links maintained and expanded, and in Europe through continued successful work with YUFE partners. International joint PhD partnerships are developed strategically.	Dean of Partnerships (Education) June 2025 [Director of Academic Services]
3.3	Increase the visibility and impact of our transformational education, building our global reputation and expanding opportunities for international collaboration. [EO10; EO21; EO23]	Implementation of our global reputation for teaching plan underway. Progress monitored and impact evaluated.	PVC E June 2025 [Dean UGE; Dean PGTE; Dean PGRE; Dean of Partnerships (Education); Director of Organisational Development]
STUDENT SUCCESS: <i>Student success remains at the heart of our mission. Focus this year will be on developing our approach to student belonging and support, student services delivery, and developing skills and opportunities.</i>			
Objective 4: Develop our approach to transitions into the University and belonging at all levels of study			

KEY PRIORITIES FOR ACTION & STRATEGIC LINKS <i>What are our priorities and how do they contribute to the delivery of the Education Strategy?</i>		SUCCESS MEASURES <i>What will be the outcome?</i>	OWNERSHIP <i>Who is responsible for leading the activity¹</i> <i>Date of completion</i> <i>[other members of EC who are key contributors to success]</i>
4.1	Develop our inclusive education practice in support of our diverse student population, providing a transformational education journey, with opportunities to develop knowledge, skills and experience in big-world issues. [EO2; EO22]	Intelligence through our student recruitment and pre-arrivals work (including our outreach and School's Membership programmes, the Essex Preparation Programme, and our work with agents) and the work of our TNE Taskforce effectively used to inform our inclusive education practice so that we are responsive to all our students' needs.	Dean UGE June 2025 [Dean PGTE; Dean PGRE; Director of Student Life; Director of Partnerships (Education); Faculty Deans UG and PG; Director of Inclusion]
		Review of Essex for All undertaken and next steps determined.	PVC E June 2025 [Assistant Registrar]
4.2	Following the completion of both phases of the PGR Review, implement actions identified. [EO2, EO6, EO29] [see also RAP action 1.2; 3.3; 6.3]	Implementation plan in place with progress against timelines monitored and impact evaluated. Increased numbers of applications for PGR study. Consistent excellent performance in KPI 7a and KPI 7b across the departments, steady growth in PGR numbers Enhanced communications and promotion of PGR initiatives both internally and externally. New PGR offer developed in relevant areas and across	Dean PGRE June 2025 [Director of Academic Services; Director of Student Life; Director of Organisational Development; Faculty Deans PG]

		year Institutional Athena Swan action plan. (iv) Eligible departments awarded or submitting for an Athena Swan Bronze Award.	
SUPPORTING EDUCATORS: <i>Delivering high quality teaching, supervision and research and a transformational and inclusive education to all our students requires skills, professional knowledge, and expertise</i>			
Objective 7: In the context of any changes to our Academic Framework, develop effective and inclusive educational practices across the whole career trajectory through our leadership and development of skills, professional knowledge, and expertise			
7.1	Review our educator support needs in the context of changes to our Academic Framework and sector developments such as LLE and generative AI. Implement changes to our Educator Development Framework to ensure educators have relevant skills. [EO2; EO7; EO8; EO11; EO15; EO18]	Educator Development Framework revised and updated in the context of approved changes to our Academic Framework and sector developments, including but not limited to LLE and generative AI.	Director of Organisational Development June 2025
7.2	Extend professional development pathways to external audiences providing qualification, recognition and short course programmes, and increased opportunities for collaboration at early career and experienced educators. [EO21; EO23]	CPD pathways for educators at each career stage defined and operational. Professional recognition and qualification pathways fully operational through Global Cadenza, PGCHPEP and Short Course programmes.	Director of Organisational Development June 2025
