2. It shall be the duty of Professors, Readers, Senior Lecturers, or Lecturers to devote themselves to the advancement of knowledge in their subjects. It shall be the duty of all Academic Staff to give instruction in their subjects to students of the University and to take part in examining, and generally to promote the function of the University as a centre of learning and education. It shall also be their duty to undertake such functions of teaching and administration as may reasonably be assigned to them by the Head of the Department to which their posts are allocated.
3. Professors, Readers and Senior Lecturers shall, provided that they hold permanently established posts in the University, normally be appointed with permanency of office (subject to the provisions of the Ordinances as to termination). Lecturers who have held a permanent appointment in a teaching post in a university may, provided that they hold permanently established posts in the University, be appointed with permanency of office (subject to the provisions of the Ordinances as to termination). Lecturers who are appointed without having held a permanent appointment in a teaching post in a university shall normally be appointed subject to confirmation after a Pathway to Permanency period of three years, and if this appointment as Lecturer is confirmed they shall then have permanency of office (subject to the provisions of the Ordinances as to termination).
4. Decisions as to confirmation of an appointment which has been made with a view to permanency are made by Academic Staffing Committee. The Committee may make a decision on confirmation at any point prior to the end of the Pathway to Permanency period and the decision will be based on evidence that, having regard to their standing, experience and the opportunities which have been afforded to them, the member of Academic Staff under review has met the criteria laid down for Pathway to Permanency academics by the Committee.
5. Members of Academic Staff may undertake consultancy work in accordance with the terms of the University's Consultancy Policy, or other additional paid work with the permission of the Vice-Chancellor.

Ordinance 40 - Research leave and leave of absence

This Ordinance applies only to those Academic Staff ('eligible Academic Staff') who have a contractual requirement to carry out research.

1. Each member of eligible Academic Staff employed as a Lecturer, Senior Lecturer, Reader or Professor has an entitlement to research leave. The fundamental purpose of research leave is to enable eligible Academic Staff to undertake research that contributes to the University's mission and research strategy and to the further development of the individual as a scholar.
2. The entitlement is one term of research leave with full salary for each six terms' service as a member of the full time eligible permanent or Pathway to Permanency Academic Staff. Temporary Academic Staff are not entitled to research leave. However, if a member of the

temporary Academic Staff becomes permanent or on Pathway to Permanency, they can count their length of service as a member of the temporary Academic Staff for the purpose of accruing entitlement to research leave, provided that they are eligible for research leave. Part time Academic Staff who are eligible for research leave are entitled to research leave on a pro-rata basis. A term of research leave will start half-way between the end of the preceding term and the start of the term to be taken as research leave, and will end half-way between the end of the term taken as research leave and the start of the term in which duties re-commence. If more than one term of research leave is taken consecutively then the research leave will end half-way between the end of the final term and the start of the term in which duties re-commence.

3. For the purpose of accruing entitlement to research leave, time spent on maternity, paternity or adoption leave will count towards entitlement. Time spent on paid leave of absence (funded, for example, by a Research Council or academic foundation) which results in research that contributes to the University's mission will also count towards entitlement. Time spent on unpaid leave of absence, research leave or extended sick leave will not count towards entitlement. However, the Pro-Vice-Chancellor (Research) may agree to the counting of time spent on unpaid leave of absence or sick leave if this is clearly in the interests of the Department concerned.
4. Providing an eligible academic member of staff has accrued the necessary entitlement then research leave will be granted subject to the following conditions:
 - (a) that the work to be undertaken during a period of research leave is of benefit to the University, the Department and the individual member of staff
 - (b) that the application has been signed by the Head of Department (and, if appropriate, Executive Dean) who will comment on whether they approve the application in relation to content and timing
 - (c) that the research leave will be spent on the work specified in the application for leave; and
 - (d) that the member of staff submits a report on the study undertaken at the end of the period of research leave which indicates how far the stated objectives of the research leave have been achieved. In certain circumstances a member of staff may for good reason change their plans provided that a case has been made to their Head of Department
 - (e) A satisfactory report on the research undertaken during a period of research leave is required before further applications for research leave can be approved
5. Application for research leave for a particular term or terms shall be made by the member of staff, using the appropriate form, at least two terms before the first day of the term from which research leave is requested.

6. The Pro-Vice-Chancellor (Research) will be responsible for approving research leave applications. If the Pro-Vice-Chancellor (Research) does not approve an application they will give the reason(s) to the individual.
7. During a period of research leave a member of Academic Staff shall not be required to undertake teaching or administrative duties.
8. Members of staff are reminded that the purpose of research leave is to enhance the research profile of the University and the individual. It is not intended to function as an indirect subsidy for the research output of other universities. For that reason special provisions apply where a member of staff tenders their resignation immediately before or during a period of research leave. Following discussions with the member of staff, the University reserves the right to withdraw approval of research leave at the point where a member of staff tenders their resignation. The options to be discussed with the member of staff will be:
 - (a) To allow the member of staff to continue with their research leave where the planned programme of research is agreed to be in the interests of the University, the Department and the individual member of staff
 - (b) To terminate the research leave and require the member of staff to undertake such teaching, research and administrative duties as reasonably allocated by the Head of Department
 - (c) To waive the notice period in order to allow the member of staff to leave their employment with the University early and take up their new post

In the event that neither (a), (b) nor (c) above are agreed and the member of staff does not return to work, the University will stop pay during what will then be deemed a period of unauthorised absence.

Part I Construction, application and interpretation

Construction

1. This Ordinance or any Regulation made under this Ordinance shall be construed in every case to give effect to the following guiding principles, that is to say:
 - (a) to ensure that Academic Staff have freedom within the law to question and test received wisdom, and to put forward new ideas and controversial or unpopular opinions, without placing themselves in jeopardy of losing their jobs or privileges;
 - (b) to enable the University to provide education, promote learning and engage in research efficiently and economically; and
 - (c) to apply the principles of justice and fairness.

Reasonableness of decisions

2. No provision in Part II or Part III shall enable the body or person having the duty to reach a decision under the relevant Part to dismiss any member of the Academic Staff unless the reason for their dismissal may in the circumstances (including the size and administrative resources of the University) reasonably be treated as a sufficient reason for dismissing them.

Application

3.
 - (1) This Ordinance shall apply:
 - (a) to the persons defined as 'Academic Staff' in Ordinance 34;
 - (b) to the Registrar and Secretary, University Librarian, Academic Staff and designated Senior Support Staff and

- (a) conviction for an offence which may be deemed by a Tribunal appointed under Part III to be such as to render the person convicted unfit for the execution of the duties of the office or employment as a member of the Academic Staff; or

Meaning of 'redundancy'

6.

For the purposes of this Ordinance dismissal shall be taken to be a dismissal by reason of redundancy if it is attributable wholly or mainly to:

- (a) the fact that the University has ceased, or intends to cease, to carry on the activity for the purposes of which the member of the Academic Staff concerned was appointed or employed by the University, or has ceased, or intends to cease, to carry on that activity in the place in which the member concerned worked; or
- (b) the fact that the requirements of that activity for members of the Academic Staff to carry out work of a particular kind, or for members of the Academic Staff to carry out work of a particular kind in that place, have ceased or diminished or are expected to cease or diminish.

- (2) Nothing in any appointment made, or contract entered into, shall be construed as over-riding or excluding any provision made by this Ordinance concerning the dismissal of a member of the Academic Staff by reason of redundancy or for good cause:

Provided that nothing in this sub-paragraph shall prevent waivers made under section 142 of the Employment Protection (Consolidation) Act 1978 from having effect.

- (3) Nothing in any Ordinance or Regulation made there under shall authorise or require any officer of the University to sit as a member of any Committee, Tribunal or body appointed under this Ordinance or to be present when any such Committee, Tribunal or body is meeting to arrive at its decision or for the purpose of discussing any point of procedure.
- (4) In this Ordinance references to numbered Parts, paragraphs, and sub-paragraphs are references to Parts, paragraphs, and sub-paragraphs so numbered in this Ordinance.

Exclusion from Part II of persons appointed or promoted before 20 November 1987

9.

- (1) Nothing in this Part shall prejudice, alter or affect any rights, powers or duties of the University or apply in relation to a person unless:
- (a) their appointment is made, or their contract of employment is entered into, on or after 20 November 1987; or
 - (b) they are promoted on or after that date.
- (2) For the purposes of this paragraph in relation to a person, a reference to an appointment made or a contract entered into on or after 20 November 1987 or to promotion on or after that date shall be construed in accordance with subsections (3) to (6) of section 204 of the Education Reform Act 1988.

The appropriate body

10.

- (1) The Council shall be the appropriate body for the purposes of this Part.

- (2) This paragraph applies where the appropriate body has decided that it is desirable that there should be a reduction in the Academic Staff:
- (a) of the University as a whole; or
 - (b) of any school, department or other similar area of the University by way of redundancy.

11.

- (1) Where the appropriate body has reached a decision under paragraph 10(2) it shall appoint a Redundancy Committee to be constituted in accordance with sub-paragraph (3) of this paragraph to give effect to its decision by such date as it may specify and for that purpose:
- (a) to select and recommend the requisite members of the Academic Staff for dismissal by reason of redundancy; and
 - (b) to report their recommendations to the appropriate body.
- (2) The appropriate body shall either approve any selection recommendation made under sub-paragraph (1) or shall remit it to the Redundancy Committee for further consideration in accordance with its further directions.
- (3) A Redundancy Committee appointed by the appropriate body shall comprise:
- (a) a Chair; and
 - (b) two members of the Council, not being persons employed by the University; and
 - (c) two members of the Academic Staff nominated by the Senate.

Notices of intended dismissal

- (2) Each member of the Academic Staff selected shall be given separate notice of the selection approved by the appropriate body.
- (3) Each separate notice shall sufficiently identify the circumstances which have satisfied the appropriate body that the intended dismissal is reasonable and in particular shall include:
- (a) a summary of the action taken by the appropriate body under this Part;
 - (b) an account of the selection processes used by the Redundancy Committee;
 - (c) a reference to the rights of the person notified to appeal against the notice and to the time within which any such appeal is to be lodged under Part V (Appeals); and

(d) a statement as to when the intended dismissal is to take effect.

Part III Discipline, dismissal and removal from Office disciplinary procedures

13.

(1) Minor faults shall be dealt with informally.

(2) Where the matter is more serious but falls short of constituting possible good cause for dismissal the following procedure shall be used:

Stage 1 - Oral warning

If conduct or performance does not meet acceptable standards the member of the Academic Staff will normally be given a formal ORAL WARNING. The member will be advised of the reason for the warning, that it is the first stage of the disciplinary procedure and of the right of appeal under this paragraph. A brief note of the oral warning will be kept but it will be spent after 12 months, subject to satisfactory conduct and performance.

Stage 2 - Written warning

If the offence is a serious one, or if a further offence occurs, a WRITTEN WARNING will be given to the member of the Academic Staff by the Executive Dean. (For posts within Professional Services coming within the scope of this ordinance a written warning will be issued by the appropriate Head of Section). This will give details of the complaint, the improvement required and the timescale. It will warn that a complaint may be made to the Registrar and Secretary seeking the institution of charges to be heard by a Tribunal appointed under paragraph 16 if there is no satisfactory improvement and will advise of the right of appeal under this paragraph. A copy of this written warning will be kept but it will be disregarded for disciplinary purposes after two years subject to satisfactory conduct and performance.

Stage 3 - Appeals

A member of the Academic Staff who wishes to appeal against a disciplinary warning shall inform the Registrar and Secretary within two weeks. The appropriate Pro-Vice-Chancellor shall hear all such appeals and their decision shall be final.

Preliminary examination of serious disciplinary matters

14.

(1) If there has been no satisfactory improvement following a written warning given under Stage 2 of the procedure in paragraph 13, or in any other case where it is alleged that conduct or performance may constitute good cause for dismissal or removal from office, a complaint seeking the institution of charges to be heard by a Tribunal appointed under paragraph 16 may be made to the Registrar and Secretary who shall bring it to the attention of the Vice-Chancellor.

- (2) To enable the Vice-Chancellor to deal fairly with any complaint brought to their attention under sub-paragraph (1) they shall institute such investigations or enquiries (if any) as appear to them to be necessary.
- (3) If it appears to the Vice-Chancellor that a complaint brought to their attention under sub-paragraph (1) relates to conduct or performance which does not meet acceptable standards but for which no written warning has been given under paragraph 13 or which relates to a particular alleged infringement of rules, regulations or byelaws for which a standard penalty is normally imposed in the University or within the School, Department or other relevant area, or is trivial or invalid they may dismiss it summarily, or decide not to proceed further under this Part.
- (4) If the Vice-Chancellor does not dispose of a complaint under sub-paragraph (3) they shall treat the complaint as disclosing a sufficient reason for proceeding further under this Part and, if they see fit, they may suspend the member on full pay pending a final decision.
- (5) Where the Vice-Chancellor proceeds further under this Part, they shall write to the member of the Academic Staff concerned inviting comment in writing.
- (6) As soon as may be following receipt of the comments (if any), the Vice-Chancellor shall consider the matter in the light of all the material then available and may:
- (a) dismiss it themselves; or
 - (b) refer it for consideration under paragraph 13; or
 - (c) deal with it informally themselves if it appears to the Vice-Chancellor appropriate to do so and if the member of the Academic Staff agrees in writing that the matter should be dealt with in that way; or
 - (d) direct the Registrar and Secretary to prefer a charge or charges to be considered by a Tribunal to be appointed under paragraph 16.
- (7)** If no comment is received within 28 days, the Vice-Chancellor may proceed as aforesaid as if the member concerned had denied the substance and validity of the alleged case in its entirety.

Institution of charges

15.

- (1) In any case where the Vice-Chancellor has directed that a charge or charges be preferred under paragraph 14(6)(d), they shall request the Council to appoint a Tribunal under paragraph 16 to hear the charge or charges and to determine whether the conduct or performance of the member of the Academic Staff concerned constitutes good cause for dismissal or otherwise constitutes a serious complaint relating to the member's appointment or employment.
- (2) Where the Council has been requested to appoint a Tribunal under paragraph 16 the Registrar and Secretary or, if they are unable to act, another officer appointed by the Vice-Chancellor shall take charge of the proceedings.
- (3) The officer in charge of the proceedings shall formulate, or arrange for the formulation of, the charge or charges and shall present, or arrange for the presentation of, the charge or charges before the Tribunal.
- (4) It shall be the duty of the officer in charge of the proceedings:
 - (a) to forward the charge or charges to the Tribunal and to the member of the Academic Staff concerned together with the other documents therein specified, and
 - (b) to make any necessary administrative arrangements for the summoning of witnesses, the production of documents and generally for the proper presentation of the case before the Tribunal.

The tribunal

16.

A Tribunal appointed by the Council shall comprise:

- (a) a Chair; and
- (b) one member of the Council, not being a person employed by the University; and
- (c) one member of the Academic Staff nominated by the Senate.

Provisions concerning tribunal procedure

17.

- (1) The procedure to be followed in respect of the preparation, hearing and determination of charges by a Tribunal shall be that set out in Ordinance made under this paragraph.
- (2) Without prejudice to the generality of the foregoing such Ordinances shall ensure:
 - (a) that the member of the Academic Staff concerned is entitled to be represented by another person, whether such person be legally qualified or not, in connection with and at any hearing of charges by a Tribunal;

- (b) that a charge shall not be determined without an oral hearing at which the member of the Academic Staff concerned and any person appointed by them to represent them are entitled to be present;
- (c) that the member of the Academic Staff and any person representing the staff member may call witnesses and may question witnesses upon the evidence on which the case against them is based; and
- (d) that full and sufficient provision is made:
 - i. for postponements, adjournments, dismissal of the charge or charges for want of prosecution, remission of the charge or charges to the Vice-Chancellor for further consideration and for the correction of accidental errors; and
 - ii. for appropriate time limits for each stage (including the hearing) to the intent that any charge thereunder shall be heard and determined by a Tribunal as expeditiously as reasonably practicable.

Notification of tribunal decisions

18.

- (1) A Tribunal shall send its decision on any charge referred to it (together with its findings of fact and the reasons for its decision regarding that charge and its recommendations, if any, as to the appropriate penalty) to the Vice-Chancellor and to each party to the proceedings.
- (2) A Tribunal shall draw attention to the period of time within which any appeal should be made by ensuring that a copy of Part V (Appeals) accompanies each copy of its decision sent to a party to the proceedings under this paragraph.

Powers of the appropriate officer where charges are upheld by tribunal

19.

- (1) Where the charge or charges are upheld and the Tribunal finds good cause and recommends dismissal or removal from office, but in no other case, the appropriate officer shall decide whether or not to dismiss the member of the Academic Staff concerned.
- (2) In any case where the charge or charges are upheld, other than where the appropriate officer has decided under sub-paragraph (1) to dismiss the member of the Academic Staff concerned, the action available to the appropriate officer (not comprising a greater penalty than that recommended by the Tribunal) may be:
 - (a) to discuss the issues raised with the member concerned; or
 - (b) to advise the member concerned about their future conduct; or
 - (c) to warn the member concerned; or

- (d) to suspend the member concerned for such period as the appropriate officer shall think fair and reasonable, not to exceed 3 months after the Tribunal's decision; or
- (e) any combination of any of the above or such further or other action under the member's contract of employment or terms of appointment as appears fair and reasonable in all the circumstances of the case.

Appropriate officers

20.

- (1) The Vice-Chancellor shall be the appropriate officer to exercise the powers conferred by paragraph 19 and any reference to the appropriate officer includes a reference to a delegate of that officer.
- (2) Any action taken by the appropriate officer shall be confirmed in writing.

Part IV Removal for incapacity on medical grounds

21.

- (1) This Part makes separate provision for the assessment of incapacity on medical grounds as a good cause for dismissal or removal from office.
- (2) In this Part references to medical grounds are references to capability assessed by reference to health or any other physical or mental quality.
- (3) In this Part references to the appropriate officer are references to the Vice-Chancellor or an officer acting as their delegate to perform the relevant act.
- (4) References to the member of the Academic Staff include, in cases where the nature of the alleged disability so requires, a responsible relative or friend in addition to (or instead of) that member.

22.

- (1) Where it appears that the removal of a member of the Academic Staff on medical grounds would be justified, the appropriate officer:
 - (a) shall inform the member accordingly; and
 - (b) shall notify the member in writing that it is proposed to make an application to the member's doctor for a medical report and shall seek the member's consent in writing in accordance with the requirements of the Access to Medical Reports Act 1988.
- (2) If the member shares that view the University shall meet the reasonable costs of any medical opinion required.

(3) If the member does not share that view the appropriate officer shall refer the case in confidence, with any supporting medical and other evidence (including any medical evidence submitted by the member), to a Board comprising one person nominated by the Council; one person nominated by the member concerned or, in default of the latter nomination, by the Senate; and a medically qualified Chair jointly agreed by the Council and the member or, in default of agreement, to be nominated by the President of the Royal College of Physicians.

(4) The Board may require the member concerned to undergo medical examination at the University's expense.

Termination of employment

23.

If the Board determines that the member shall be required to retire on medical grounds, the appropriate officer shall direct the Registrar and Secretary or their delegate to terminate the employment of the member concerned on those medical grounds.

Part VI Grievance procedures

Purpose of Part VI

31.

The aim of this Part is to settle or redress individual grievances promptly, fairly and so far as may be, within the school, department or other relevant area by methods acceptable to all parties.

Application

32.

The grievances to which this Part applies are ones by members of the Academic Staff concerning their appointments or employment where those grievances relate:

- (a) to matters affecting themselves as individuals; or
- (b) to matters affecting their personal dealings or relationships with other staff of the University, not being matters for which express provision is made elsewhere in this Ordinance.

- (4) If the Vice-Chancellor is satisfied that the subject matter of the grievance could properly be considered with (or form the whole or any part of):
 - (a) a complaint under Part III;
 - (b) a determination under Part IV; or
 - (c) an appeal under Part Vthey shall defer action upon it under this Part until the relevant complaint, determination or appeal has been heard or the time for instituting it has passed and they shall notify the member and the Grievance Committee accordingly.
- (5) If the Vice-Chancellor does not reject the complaint under sub-paragraph (3) or if they do not defer action upon it under sub-paragraph (4) they shall decide whether it would be appropriate, having regard

to the interests of justice and fairness, for them to seek to dispose of it informally. If they so decide they shall notify the member and proceed accordingly.

Grievance Committee procedure

34.

If the grievance has not been disposed of informally under paragraph 33(5), the Vice-Chancellor shall refer the matter to the Grievance Committee for consideration.

Where the need to suspend or remove a member of the Council is extremely urgent, the decision may be taken by the Chair of the Nominations Committee. Should the Chair be unable to fulfil their role due to incapacity or a conflict of interest, the role will be undertaken by the longest serving Pro-Chancellor. Any decision taken in this way should be reviewed and ratified by the Nominations Committee within three working days.
6. Where a member of the Council who is also employed by the University is suspended from employment with the University on the basis of a medical assessment (by a qualified practitioner in the University's Workplace Health and Wellbeing Team or an independent medical practitioner), the Nominations Committee shall consider whether an independent medical assessment should be sought in regard to their role as a member of the Council. In urgent situations, the suspension or removal from the Council may need to take place with immediate effect and before the independent medical assessment is received, but all efforts should be made to secure an independent medical assessment at the earliest opportunity, if this is required.
7. Before the Nominations Committee decides to suspend or remove, or to ratify an urgent suspension or removal of a member of the Council, the member shall be given a reasonable opportunity to be heard by the Nominations Committee, to see all evidence that is being

considered in reaching a decision and to provide their own evidence and make representations.

2.4.

The duration, syllabus and rules pertaining to progression and assessment for programmes of study leading to undergraduate and taught graduate/postgraduate awards shall be defined and published annually in the relevant programme specification.

2.5.

First-year students registered on full-time courses may be permitted to change their degree within the first two teaching weeks of the academic year or, on successful completion of the relevant module, at the end of the first year of study, subject to the approval of the Executive Dean or their deputy and to the availability of places on the degree they wish to enter.

2.6.

The Executive Dean or their deputy may permit a student to follow as part of their study for the degree of Bachelor an approved programme of study at an overseas university or comparable institution approved for the purpose in each case.

2.7.

Students may be admitted to programmes of study which are not assessed and to programmes of study leading to the grant of credits which may be accumulated towards an award of the University.

2.8.

For each undergraduate programme of study there is a maximum period within which a student must complete their studies. The maximum period is set from the date when the student is first admitted to sub-degree or an undergraduate programme at the University of Essex. Transfers of programme are still included in the original maximum period. Academic years in which the student has undertaken a period of intermission are still included in the original maximum period. The Executive Dean or their deputy may consider requests for an extension to the maximum period of study in cases of ill-health or other exceptional circumstances. Details of the maximum period of study for each award are published in the Undergraduate Rules of Assessment.

2.9.

For the purpose of applying University policies and procedures, students studying on Integrated Masters Awards will be regarded as Undergraduate students in Years One, Two and Three, and Taught Postgraduates in Year Four.

2.10.

Students may be admitted to a programme of study leading to a dual award of the University of Essex and one or more awarding institution(s). The dual award arrangements shall be entered into formally between the University and the partner institution(s) before any candidates are admitted to the programme. The details of the programme shall be published in the relevant programme specification.

Principal regulations for taught Masters programmes

3.1.

In the University the following taught Masters degrees are conferred: Master of Arts (MA), Master of Arts (by Dissertation) (MA by Dissertation), Master of Business Administration (MBA), Master of Business Management (MBM), Master of Education (MEd), Master of Fine Arts (MFA), Master of Laws (LLM), Master of Philosophy (MPhil), Master of Professional Studies (MProf), Master of Public Health (Master PH), Master of Public Policy (MPP), Master of Research (MRes), Master of Science (MSc), Master of Science (by Dissertation) (MSc by Dissertation), , and the following integrated masters awards: Master in Accounting (MAcc), Master in Art History (MArth), Master in Economics (MEcon), Master in Engineering (MEng), Master in History (MHist), Master in Law (MLaw), Master in Linguistics (MLing), Master in Literature Studies (MLit), Master in Management (MMan), Master in Mathematics (MMath), Master in Modern Languages (MLang), Master in Philosophy (MPhilo), Master in Politics (MPol), Master in Science (MSci), Master in Sociology (MSoc).

Admissions

3.2.

A person wishing to be accepted as a student for a taught Masters degree must apply through the Head of Department concerned to be admitted as a registered graduate student within the University.

3.3.

A candidate for a Masters degree must satisfy one of the following admissions criteria:

- a) hold a Bachelors (Honours) degree awarded by an institution or body with degree awarding powers in the UK;
- b) be a graduate of first-cycle higher education as defined by the Bologna Declaration or a person holding a degree-level qualification from a recognised overseas institution;
- c) be a person who is deemed to demonstrate an academic standard equivalent to a Bachelors (Honours) degree, documented through professional or vocational achievement.

In the case of applicants who are not first language English speakers, evidence must be produced of a high level of ability in the language, including writing.

3.4.

Students may be admitted to a programme of study leading to a dual award of the University of Essex and one or more awarding institution(s). The dual award arrangements shall be entered into formally between the University and the partner institution(s) before any candidates are admitted to the programme. The details of the programme shall be published in the relevant programme specification.

A student studying for a dual award shall normally spend at least half their time at the University and the rest of the time at the partner institution(s).

Registration arrangements

3.5.

Students must register as graduate students of the University and must comply with the Charter, Statutes, Ordinances and Regulations of the University; they must register annually at the beginning of each academic year after acceptance until they present themselves for examination for the degree.

Masters Degree requirements

3.6.

A Masters degree may be conferred on students who have followed a taught Masters programme approved by the Senate, consisting of systematic courses of lectures and other teaching, and the undertaking of a dissertation or its equivalent. The dissertation or equivalent shall comprise no more than half the work of the programme of study except in the case of the final year of Integrated Masters degrees where the dissertation or equivalent may be up to three-quarters of the work of the final year of the programme of study provided there is clear and appropriate preparation of students for the dissertation or equivalent in the earlier years of the degree.

Students for a taught Masters degree shall:

- a) spend at least three terms of full-time study in the University or six terms of part-time study;
- b) be assessed by assignments prescribed in the regulations for the programme of study. In addition students shall present, in a manner acceptable to the Senate, a dissertation or its equivalent as prescribed in the regulations for the programme; candidates are personally responsible for all expenditure connected with the preparation of a thesis or dissertation. Students may also be required to present themselves for an oral examination.

Modular study may be followed for a maximum period of six years.

The attendance requirements do not apply to study by distance learning.

3.7.

A dissertation or its equivalent submitted for a Masters degree may not incorporate, whether in the same or different form, work which has been submitted to this or to any other university for a degree unless the subject of the research is an extension or continuation of research begun for such a degree. In such a case the extent of the material and the degree if any obtained should be indicated (the student may be required to produce the work previously submitted).

A student must state generally in the preface to the dissertation and specifically in references the sources from which the material is derived and the extent to which the candidate has used the work of others including collaborators.

3.8.

Apart from quotations, the dissertation must be presented in English unless the relevant Executive Dean (or their deputy) or Dean of Partnerships (or their deputy) has given permission in advance for it to be in another language.

3.9.

Assessment in each taught Masters programme shall take place at the time or times described in regulations or otherwise approved by the relevant Faculty Board for that programme. With the consent of the relevant Executive Dean (or their deputy) or Dean of Partnerships (or their deputy), a candidate may be permitted to submit the dissertation after the approved time.

3.10.

Masters degrees will be awarded by the Senate on the recommendation of a Board of Examiners appointed by the Faculty Board.

Continuation period

3.11.

Students who have completed the minimum period of study prescribed by the Senate and who have not yet presented themselves for examination will be required on registration to pay an appropriate 'continuation' fee as determined from time to time by the University. Such students shall be entitled to be examined (but not re-examined), to obtain any supervision required and to use University facilities including the Library. They shall be subject to the Charter, Statutes, Ordinances and Regulations of the University at any time they are present in the University.

Principal regulations for Graduate and Postgraduate Diplomas and Certificates

3.12.

In the University, graduate and postgraduate Diplomas and Certificates are offered.

3.13.

Candidates shall follow a programme of study approved by the Senate on the recommendation of the relevant Faculty Board. The regulations for each programme shall prescribe the period of study, whether in or outside the University, and the examinations and any other forms of assessment required.

3.14.

A person wishing to be accepted as a student for a Diploma or Certificate programme must apply through the Head of Department concerned to be admitted as a registered student within the University.

3.15.

Diplomas and Certificates shall be granted by the Senate on the recommendation of a Board of Examiners appointed by the Faculty Board.

3.16.

For all purposes of higher degree regulations, programmes of study leading to a Graduate or Postgraduate Diploma or Certificate of the University shall be treated as if they lead to a Masters of the University.

Principal regulations for Research Degrees

4.1.

The University of Essex confers the following research degrees: Masters by Dissertation (MA or MSc), Masters in Professional Studies (MProf), Master of Philosophy (MPhil), Doctor of Medicine (MD), Doctor of Philosophy (PhD), Doctor of Psychology (DPsych) and Professional Doctorate. The Senate has approved *The Code of Practice for Postgraduate Research Degrees* and *The Code of Practice for Professional Doctorates* that should be used in conjunction with these Regulations. For Regulations 4.2 to 4.91 the 'Dean' refers to the Executive Dean (or their deputy) or Dean of Partnerships (or their deputy).

Research Degree requirements

4.2.

For all the University's research degrees a student shall:

- (a) attend such classes, seminars and personal consultations as the supervisor(s) shall require at times arranged by the supervisor(s);
- (b) attend Supervisory Panel meetings as required, and produce work and/or other evidence of progress as required by the supervisor and other panel members;
- (c) submit, in accordance with the regulations and rules governing presentation of such work, a thesis³ for examination under a title which has been approved by the Head of Department; and
- (d) be aware of the requirements of these Regulations and the Code of Practice that govern the award for which the student is registered.

4.3.

Full-time students are expected to undertake the equivalent amount of study to a full-time job spending 36 hours per week, averaged across the year, engaged in full-time study at the University except in the case of distance learning or those who have specific permission from the Dean.

³ Thesis' includes dissertations submitted for the degree of Masters by Dissertation.

Paid duties

4.4.

Students must, if relevant, fully comply with the terms and conditions of their scholarship/studentship and the requirements of the Home Office.

Full-time students may, with the consent of their supervisor(s), undertake paid duties alongside their studies.

Students employed to teach or demonstrate at the University of Essex are regulated by their contract and other related documents. A student in further completion, or in an extension to their completion period, is not permitted to be employed to teach or demonstrate at the University.

Distance learning

4.5.

Distance Learning does not normally involve face-to-face contact between a student and their supervisor(s) but instead uses technology to enable supervision from a distance.

A person either not resident within the UK or, in appropriate circumstances, a UK resident who conducts their work remotely, may, on the recommendation of the Head of Department, or nominee, be accepted by the Dean PGRE as a student for a research degree by part-time or full-time Distance Learning. As part of the recommendation, the supervisor and student will agree details of the supervisory arrangement, which will include:

- a) the frequency and mode of contact;
- b) the extent of face-to-face contact envisaged;
- c) any periods of time to be spent at the University;
- d) access to local facilities and expertise where relevant (most commonly in the place of employment);
and
- e) arrangements for written reports on research and progress.

Standard and completion periods

4.6

The standard period is the minimum time a student is required to be registered on the specific research degree, unless exceptional circumstances exist (see 4.11). If a student does not submit for examination in the standard period they may be permitted to move into a completion period, up to a maximum of three terms of completion (see 4.10). At the end of the approved completion period a student is expected to submit their thesis. For students who have three terms of completion approved, the final submission date is four weeks before the end of the third term of completion.. Extensions beyond the completion period will only be agreed in exceptional circumstances approved by the Dean.

The standard and completion periods of study are detailed within regulations relating to specific programmes. *Students starting prior to the 2016-17 academic year will need to refer to the appropriate regulations (see <https://www.essex.ac.uk/-/media/documents/about/governance/university-calendar-2016-2017.pdf>).*

4.7.

At the end of each academic year during their standard period, a student may be permitted to proceed to the next year by the Research Students' Progress Board (RSPB)⁴ where it is satisfied that the student has met the requirements as outlined in the relevant milestones document. The RSPB's decision will be reported to the Dean, accompanied by appropriate supporting documents. See 4.13-4.17 for change of status.

4.8.

In exceptional circumstances, the Dean may reduce the standard period of study, provided that:

- a) no more than three terms of the period shall be waived (for a full-time PhD) (pro-rata for other awards and part-time students); and
- b) they are satisfied that the student has completed their study and research and is ready to submit the thesis.

⁴ RSPB – Research Students' Progress Board throughout these Regulations

Completion period

4.9.

The period between the end of the standard period and the end of the last expected submission date is known as the completion period.

4.10.

A student may be permitted to proceed into a completion period if they have met the requirements as outlined in the relevant milestones document. The Supervisory Panel will consider the amount of work remaining, and recommend a period of completion of between one and three terms. The recommendation will be considered by the RSPB who will:

- for students registered pre-October 2018, report the decision to the Dean
- for students registered post October 2018, submit the relevant recommendation to the Faculty Dean, accompanied by appropriate supporting documentation, for consideration and approval.

Students who are permitted to proceed into a completion period will be required on registration to pay the specified completion period as determined by the University.

4.11.

Where a student has not met the requirements as outlined in the relevant milestones document the Dean may extend the standard period, by up to one term, on the recommendation of the RSPB. In such instances, the maximum number of completion terms available to the student will subsequently be reduced by one term. In exceptional cases an extension of more than one term may be granted, or the maximum number of completion terms may not be reduced, and consideration will be given on a case by case basis. A student who is not permitted to proceed into a completion period shall pay in advance the appropriate fee for the additional terms of their extended standard period. *Students starting prior to the 2019-20 academic year will need to refer to the appropriate regulations (see <https://www.essex.ac.uk/-/media/documents/about/governance/university-calendar-2018-19.pdf>)*

Permission to conduct research away from the University

4.12.

The Head of Department, or nominee, may give permission during the standard period to conduct research away from the University that is either:

- i. for an extended period of time in the UK, or

- ii. outside the UK for any length of time. Approved periods of research away from the University must be reported to the Postgraduate Research Education Team.

A student may not spend the first two terms of their research degree programme on research away from the University except in special circumstances approved by the Dean.

Normally the maximum time spent on research away from the University is one third of the standard period except in special circumstances approved by the Dean.

Permission under this regulation for Visa sponsored students should be made in consultation with the International Services Team to ensure such permission does not breach Home Office requirements.

Change of status

Upgrading

4.13.

Upgrading can only take place in the standard period.

A student for the degree of Masters by Dissertation may be permitted to transfer to the degree of MPhil or MPhil/PhD by the RSPB. The Dean may permit students to count the period of study begun for the Masters towards the standard period of study required for the degree of MPhil or MPhil/PhD.

A student for the degree of Master of Philosophy may be permitted to transfer to the degree of MPhil/PhD or PhD by the RSPB. The Dean may permit students to count the period of study already undertaken for the MPhil towards the standard period of study required for the degree of PhD.

Upgrading for Visa sponsored students should be made in consultation with the International Services Team to ensure a change does not breach Home Office requirements.

Downgrading

4.14.

Downgrading may take place at any time prior to the submission of the thesis. Downgrading for Visa sponsored students should be made in consultation with the International Services Team to ensure a change does not breach Home Office requirements.

The Dean may, after a recommendation from the RSPB, require that the registration status of a student for the degree of MPhil, MPhil/PhD, PhD or Professional Doctorate be changed to either the degree of MPhil, Masters by Dissertation or a Masters of Science as appropriate.

Discontinuation

4.15.

Discontinuation may take place at any time prior to the submission of the thesis.

The Dean may, after a recommendation from the RSPB, require a student to discontinue as a research degree student.

Full-time/part-time

4.16.

Students are not normally allowed to transfer from full-time study to part-time study in the final term of their standard period.

Students are required to undertake periods of part-time study in multiples of two terms, before requesting a change to full time study (two terms of part-time study equate to one term of full-time study).

The Dean may permit transfer from one mode of study to another, eg from full-time to part-time, (including distance learning) or vice-versa. The standard/completion period will be adjusted pro-rata. Changes from full-time to part-time, (including distance learning) or vice-versa for Student Visa sponsored students should be made in consultation with the International Services Team to ensure a change does not breach Home Office requirements.

Change of Degree title

4.17.

The Dean may permit a change of degree title via a transfer to an alternative, approved PhD programme.

Thesis requirements

4.18.

The maximum word length for the thesis is specified within each programme.

A thesis submitted for examination must not exceed the maximum word length for the degree unless previously submitted for a higher award. When a student wishes to submit a thesis that exceeds the maximum word length permission must be sought from the Dean at least one month prior to the submission of the thesis.

4.19.

The thesis will include a summary or abstract of the work not exceeding 300 words in length.

4.20.

The thesis and summary must normally be in English. This does not include quotations. The Dean may approve, at admission to the programme of study, a request for the thesis to be in another language.

4.21.

A student who is about to submit a thesis must give at least two months' prior notice in writing to the Dean. The Head of Department, or nominee, must approve the title of the thesis.

4.22.

Copies of a thesis for examination shall be submitted according to the University *Policy on Thesis Submission, Deposit and Retention* (.pdf)

4.23.

The form of a thesis may vary. A thesis will normally consist of an investigation by one author of a unified theme of research. Where a thesis includes any work that has been written or produced in collaboration with another person(s), the candidate must explicitly acknowledge this, and must state, normally in a preface to the thesis, the extent and nature of the contribution of the other person(s). This applies whether or not the co-written or co-produced work has been published in any format before the examination of the thesis.

In cases where the submission takes the form of a thesis by papers, the thesis must be submitted in accordance with the *Guidance Notes for Submitting a Thesis as a Series of Papers* (.pdf). The thesis as a series of papers consists of a minimum of three papers of publishable quality, preceded by a substantial introduction and a conclusion. The student must use the introductory section of their thesis to outline the context of the research and to set the overarching, unifying question which the thesis addresses. The introductory section should include a literature review and an outline of the methodologies employed. The overall work must constitute a coherent and continuous thesis, rather than a series of disconnected papers. In case of co-authorship the candidate has to be the sole author of at least one of the papers and has to be the main contributor to the research and production of the other papers. Additionally, a co-authored thesis has to be submitted together with a 'Statement of Authorship'.

In the case of a thesis involving original creative output, the thesis must embody the results of research carried out and/or output created during the approved period of study. The thesis must contain a commentary that addresses the originality and artistic relevance of the work.

4.24.

A candidate must clearly identify all sources, published and unpublished, from which material in the thesis is derived, and must supply full references to all sources, in an appropriate format, both in the body of the text and in the bibliography or reference list.

4.25.

A candidate must ensure that their thesis does not contain material the publication of which may lead to liability under English law, specifically (but not limited to): intellectual property law; data protection law; defamation law; and discrimination law.

4.26.

A thesis may not incorporate, whether in the same or different form, work that has been submitted to this or to any other Higher Education provider for a degree unless the subject of the research is an extension or continuation of research begun for such a degree. In such a case the extent of the material and the degree, if any, obtained should be indicated. The candidate may be required to produce the work previously submitted. An exception to this regulation will apply where the thesis is resubmitted after unsuccessful submission for a higher award at the University of Essex (see 4.33).

4.27.

Upon submission of a thesis for examination, a student becomes a candidate for that degree.

Appointment of examiners

4.28.

A candidate for a research degree shall be examined by at least two persons appointed for the purpose by the Dean. For student candidates, the examiners shall include a member of the Academic staff of the University of Essex or Partner Institution, as the internal examiner, and an external examiner who shall be independent of the University of Essex and its Partner Institutions. For staff candidates see 4.43 below.

In cases where a re-examination is necessary and the internal examiner has left the University after the original examination they shall normally continue to act as the internal examiner for the re-examination.

No person who has been a supervisor of the candidate's work shall be appointed as an examiner nor shall such a person be present at a viva of that candidate except in special circumstances to be approved in each individual case by the Dean and with the agreement of the external examiner.

Notwithstanding the foregoing, a person who has temporarily supervised the candidate's work for not more than six months in the absence of the permanent supervisor may, in exceptional circumstances, be appointed an examiner, provided that they have not acted as a temporary supervisor during any part of the six months before the candidate is examined.

No person who has a professional or personal relationship with the candidate that might give rise to a conflict of interest shall be appointed as an examiner. Except with the prior permission of the Dean, both examiners (or, where more than two are appointed, all examiners) shall be present when a viva is held.

For the examination of a candidate for the degree of Doctor of Medicine the external examiner shall normally be medically qualified and/or experienced in the relevant area of research.

The University takes gender equality seriously. When recommending and appointing examiners and, if appropriate, an Independent Chair, every effort shall be made to achieve a reasonable gender balance.

Appointment of an independent Chair

4.29.

As determined by the University *Policy on the Appointment of an Independent Chair* (.pdf), the Dean may appoint an Independent Chair to oversee the conduct of the viva.

Oral examination/Viva Voce examination (Viva)

4.30.

The viva will normally be held within two months of the submission of the thesis for examination if submitted in accordance with regulations 4.21 and 4.22.

A candidate must attend a viva, except when the Dean, on sufficient grounds submitted by the examiners, excuses a candidate from the viva.

A candidate will normally only be excused from the viva where the viva has been arranged for a re-examination following a referral period and where the examiners are in agreement that the candidate is now in a position to pass the viva, or where there are exceptional circumstances which prevent a candidate from engaging in the viva process.

A viva will not be waived where one or more examiners has deemed from reading the thesis that the candidate seems likely to fail, only eligible for a lower award or to be referred.

4.31.

A viva may be conducted either in person or via video link in accordance with the University *Policy on the Conduct of Research Degree Vivas* (.pdf).

4.32.

Supervisor(s) are not normally permitted to be present at the viva. The student's supervisor can only be present in exceptional circumstances, to be approved on an individual basis by the Dean and with the agreement of the external examiner. It is good practice to invite the supervisor to attend at the end of

the viva when the examiners communicate their recommendation to the candidate. The attendance of the supervisor in these circumstances is with the permission of the examiners and the candidate.

Examination results

For all research degrees

Viva outcomes

4.33.

The outcomes available for each degree, and any lower award, are specified in the programme requirements below. The outcomes are:

- a) *Pass subject to no corrections.*
- b) *Pass subject to typographical/presentational corrections.* The candidate makes any corrections prior to submission of the final version of the thesis, usually within four weeks of being notified of the outcome.
- c) *Pass subject to minor corrections* to be made within three months. The examiners must provide a list of corrections that they wish to see made. Minor corrections should not require the candidate to conduct further research or undertake substantial further work. These include typographical errors, clarifying points, rephrasing, editing/adding paragraphs, correcting references, etc. The internal examiner must confirm in writing that these have been made satisfactorily. Corrections must be made and the thesis submitted within three months.
- d) *Pass subject to major corrections* to be made within six months. The examiners must provide a separate list of corrections that they wish to see made. Major corrections require the candidate to undertake substantial further work but the corrected thesis should not require re-examination. Such major corrections include more extensive editorial revisions, the addition of substantial new material, re-writing of substantial parts of the thesis, re-analysis of existing data, etc. The internal examiner must confirm in writing that these have been made satisfactorily. Corrections must be made and the thesis submitted within six months.
- e) Referral for re-examination in up to 12 months. The candidate has not met the requirements for the degree examined but may resubmit, on one occasion only, a revised thesis for re-examination within 12 months. The examiners must provide a separate statement describing the shortcomings of the thesis and the changes required. These may include, amongst other things, editorial corrections and revisions, rewriting a part, parts or the whole of the thesis, the carrying out of further research and/or

experimental work. They must also specify the referral period, which should not normally be less than six months or exceed 12 months.

For viva outcomes (f) to (i) (below) the candidate is awarded a degree at a lower level from the qualification for which they were initially assessed (for example awarding a MPhil to a PhD candidate). In such cases, the examiners must clearly provide in their statement how the candidate has met the criteria for the lower award in addition to the reasons for not meeting the criteria for the higher award.

- f) Award of a (lower award) *subject to no corrections*.
- g) Award of a (lower award) *subject to minor typographical/presentational corrections*. The candidate makes any corrections prior to submission of the final version of the thesis.
- h) Award of a (lower award) *subject to minor corrections* to be made within three months. The candidate has not met the requirements for the degree examined but has met the requirements for the (lower award) subject to the approval of minor corrections. The examiners must provide a list of the corrections that they wish to see made. Minor corrections should not require the candidate to conduct further research or undertake substantial further work. These include typographical errors, clarifying points, rephrasing, editing/adding paragraphs, correcting references, etc. The internal examiner must confirm in writing these have been made satisfactorily. Corrections must be made and the thesis submitted within three months.
- i) Award of a (lower award) *subject to major corrections* to be made within six months. The candidate has not met the requirements for the degree examined but has met the requirements for the (lower award) subject to the approval of major corrections. The examiners must provide a list of the corrections that they wish to see made. Major corrections require the candidate to undertake substantial further work but the corrected thesis should not require re-examination. Such major corrections include more extensive editorial revisions, the addition of substantial new material, re-writing of substantial parts of the thesis, re-analysis of existing data, etc. and the internal examiner must confirm in writing that these have been made satisfactorily. Revisions must be made and thesis submitted within six months.
- j) Referral for a (lower award). The candidate has not met the requirements for the degree examined but may resubmit a revised thesis for re-examination for a (lower award). The examiners must provide a statement describing the shortcomings of the thesis and the changes required. These may include, amongst other things, editorial corrections and revisions, rewriting a part, parts or the whole of the thesis, the carrying out of further research and/or experimental work. They must also specify the referral period, which should not normally be less than six months or exceed 12 months.
- k) Fail. The examiners must provide a clear statement describing the shortcomings of the thesis.

Any student who receives an outcome that includes 'subject to corrections' who fails to complete the corrections satisfactorily by the deadline will be given additional feedback from the

examiner/examination team and afforded one further period to complete the corrections required. Any student who does not successfully complete the corrections to the satisfaction of the examiner/examination team following the second (and final) attempt, may receive an outcome of either a lower award or a fail, as deemed appropriate by the examination team.

Refusal by a student to complete the stipulated corrections, including not engaging during the corrections period, will result in the original thesis being returned to the examiner(s) and may result in an outcome of either a lower award or a fail, as deemed appropriate by the examiner/examination team. A student may appeal the final decision in line with the published Appeals Procedure for Research Degree Students.

Failure to agree

4.34.

In the event of disagreement on the viva outcome, the examiners may, after due consideration between themselves, certify that their failure to agree on an outcome is irreconcilable. Two new examiners shall then be appointed. The new examiners shall examine the thesis and conduct a viva. The new examiners may recommend to the Dean any result that was open to the original examiners and their decision on the recommendation shall be final, subject only to any right of appeal that may be given under the provisions of other Regulations.

Publication of result

4.35.

A candidate shall normally be informed of the result of the viva within one month from the date of the viva. Candidates are entitled to receive copies of the examiners' reports on their thesis on request, when examining is complete.

Final thesis submission

4.36.

Before being eligible for the conferment of the degree, the candidate shall deposit a copy or copies of the thesis according to the University *Policy on Thesis Submission, Deposit and Retention* (.pdf).

Conferment of the Degree

4.37.

The Dean determines the conferment or otherwise of the degree.

Appeals and complaints

4.38.

A student or candidate has the right to appeal a Research Student Progress Board decision or a viva outcome following the *Progress and Appeals Procedures for Research Degree Students* (.pdf).

A student or candidate has the right to make a formal complaint following the *Student Concerns and Complaints Procedure* (.pdf).

PhD by publication

4.39.

A candidate for the degree of Doctor of Philosophy by Publication must be either:

- i. a graduate of this University, or
- ii. a current member of staff of the University and its Partner Institutions, or
- iii. have been a member of staff of the University and its Partner Institutions within the past 12 months, and

and have published work of a nature and depth consistent with the doctoral level research and/or practice.

As well as standard academic or creative publications, 'published work' may include performance, exhibition, installation, media of various kinds as defined in relevant regulations and policies, provided that it is made available in an appropriate recorded format.

Published work must:

- i. form a coherent body of research;
- ii. be timely and current as determined by academic judgement;
- iii. demonstrate sufficient substance and significance as to meet the criteria for the Doctor of Philosophy as specified in regulation 4.69.

The published work submitted must be formally published by the date of registration; works not yet submitted for publication are ineligible for submission.

In all cases, a written critical analysis should accompany the published work (or Practice as Research submission), as well as a statement outlining the contribution the work makes to the field. The total submission should be equivalent to the standard thesis requirements for the degree of Doctor of Philosophy.

The maximum period of study shall normally be six months. The Executive Dean or nominee can exceptionally permit a period of up to twelve months.

4.40.

To apply for the admission to PhD study, a candidate must consult with the Head of the relevant academic Department and submit to them their evidence of published work of a nature which is consistent with the award of the degree of Doctor of Philosophy, as well as their accompanying critical analysis or plans to develop the critical analysis under the supervision of an appointed supervisor/supervisory team. The Head of Department will make a recommendation to the Executive Dean, or nominee, outlining the candidate's eligibility (or ineligibility) for admission to the PhD by Publication, to include:

- i. A list of the publications or other outputs on which the assessment for the degree is to be based as well as a comment on the suitability of the submitted work;
- ii. The supervisor(s) to be appointed to support the writing of the critical analysis and advise the candidate on the inclusions of published work and coherence of the body of research work;
- iii. The duration of registration.

The quality of the publisher/venue/outlet(s) (i.e. scholarly journals, scholarly texts, curated productions) within which publications or other outputs have been published and the timeliness of the research will be assessed as part of the application procedure.

4.41.

The Head of Department or nominee shall recommend for approval by Faculty Dean Postgraduate the names of two examiners, one of whom shall be an external examiner. This recommendation shall not normally be made later than two months before the expected date of the submission of the work to be examined. Current members of staff, that also meet the requirements to be considered a staff candidate in regulation 4.44, will need to be examined in accordance with Regulation 4.46.

4.42.

Candidates for the award of PhD by Publication must attend a viva, except when the Executive Dean or nominee may, on sufficient grounds submitted by the examiners, excuse a candidate from the viva. The examiners for a submission by published work shall declare the result of an examination for:

- a) the degree of Doctor of Philosophy as 'pass', 'minor corrections to the summary' 'resubmission of published work on one further occasion only', 'award of Master of Philosophy' or 'fail'
- b) the degree of Master of Philosophy as 'pass', 'minor corrections to the summary' 'resubmission of published work on one further occasion only', 'award of Masters by Dissertation' or 'fail'
- c) the degree of Masters by Dissertation as 'pass', 'minor corrections to the summary' 'resubmission of published work on one further occasion only' or 'fail'

Staff candidature

4.43.

Members of staff of the University and its Partner Institutions may apply to become students for a research degree and will be registered as students, and all Regulations and Policies.

4.44.

Candidates who commence their studies as a registered research student and take up employment at the University or a Partner Institution prior to submission of their thesis, for a duration of more than six months may be examined as a staff candidate:

- a) Students solely employed in a role outside the Academic Department within which they are registered, or those employed as either an Assistant Lecturer, Graduate Laboratory Assistant, or Graduate Demonstrator, will not be examined as a staff candidate.
- b) Students that previously had employment at the University or a Partner Institution, but ceased being employed more than 12 months prior to thesis submission, will not be examined as a staff candidate
- c) Students whose employment is not excluded within regulation 4.44 (a) or (b) will be examined as a staff candidate, unless a case can be made that the employment does not give rise to any potential conflict of interest that necessitates the student being examined as a staff candidate. The student's supervisor must outline the duration of employment and nature of the work undertaken by the student, and outline why the student should not be examined as a staff candidate. The relevant Faculty Dean (PG) will consider the supervisor's recommendation, and determine whether or not the student should be examined as a staff candidate.

4.45

Members of staff of the University and its Partner Institutions may become candidates for the degree of Doctor of Philosophy, Master of Philosophy or Masters by Dissertation on the following conditions:

- a) candidates may submit a thesis, practice as research, published research work, or a combination, if the volume of published work is deemed to require supplementing with further research and/or analysis. Following consultation with the relevant Head of Department, the Executive Dean or nominee will determine whether the intended submission is of sufficient quality and quantity. With the permission of the Dean they may submit the results of research that cannot be presented in these forms. Application for such permission should be made through the Head of Department or nominee

- b) the work will be examined as either published work or a thesis (see 4.49 below). The Dean will determine how the work is categorised for examination
- c) in the case of work examined as published work, the definition of published work outlined in regulation 4.39 (above) is applied

4.46.

The viva for staff candidates shall be conducted by two external examiners appointed by the Executive Dean or nominee. The Executive Dean or nominee shall appoint an Independent Chair for all staff candidates.

4.47.

The examiners for a submission by thesis may recommend any result that is available for the degree examined (see 4.53, 4.58 or 4.69).

Joint and dual awards and co-supervision

4.48.

Joint and dual awards and co-supervision of research students are determined by the University Policy on Dual and Joint Research Awards (.pdf).

A student shall follow a programme of supervised research approved by the Senate.

Periods of study

4.60.

The normal standard and completion periods of study are:

	Mode	Standard	Completion

Doctor of Philosophy	PT	Six years	Up to one year

Confirmation

4.61.

All PhD students are initially registered as MPhil/PhD except in individual cases where an MPhil student is allowed by the Dean to upgrade in accordance with Regulation 4.13.

4.62.

At the end of the first year of full-time study (or the equivalent for part-time) students studying in the Faculty of Social Sciences or Faculty of Arts and Humanities may have their PhD registration confirmed. Students studying in the Faculty of Science and Health may have their PhD registration confirmed during the first term of the second year of full-time study (or the equivalent for part-time). Partner Institutions shall determine the confirmation requirements for their programmes.

4.63.

The RSPB shall decide that a student's PhD status is confirmed only when it is satisfied that the student has produced work of sufficient quality and quantity to provide evidence of appropriate PhD-level progress. The RSPB's decision will be reported to the Dean, accompanied by appropriate supporting documents.

4.64.

In exceptional cases, if the RSPB is satisfied that a student has produced work of sufficient quality and quantity to provide evidence of appropriate PhD-level progress and the agreed milestones for confirmation had been met, PhD status could be confirmed earlier.

4.65.

A student whose PhD status is confirmed shall have their registration changed to PhD.

If a student's PhD status is not confirmed at the first meeting of the RSPB that considers the confirmation decision, their progress will be re-evaluated at the next RSPB meeting held in the same following term, following consideration by an additional Supervisory Panel meeting.

4.66.

If a student's PhD status is not confirmed at the second meeting, the RSPB shall recommend to the Dean that the student's status be changed to MPhil or Masters by Dissertation, or that the student be required to withdraw. The Dean may accept or reject the recommendation, taking into account all the circumstances. Where the recommendation to change the student's status is accepted by the Dean the minimum period of study will be reduced accordingly.

Regulations relating to Registration

Registration and payment of fees

5.1.

Student status commences at first registration for a programme of study and continues, unless it is otherwise terminated, until the award is conferred or granted.

5.2.

At the start of each new programme of study, in addition to the completion of the online registration process, students are required to undertake a Right to Study check in order to demonstrate their eligibility to undertake study in the UK in accordance with published requirements.

5.3

All prospective or continuing students must register each year at the required times in accordance with procedures approved from time to time by the University. The University reserves the right, not to allow students to register after term has started. Only exceptionally and with the special permission of the Academic Registrar or nominee will prospective or continuing students be allowed to register late.

5.4.

Students who have commenced a programme of study but who fail to re-register or are prevented by the operation of other Regulations from re-registering by the end of the period of 28 days starting with the first day of the term of their next period of study shall have their contract terminated and shall thereupon cease to be students of the University. This Regulation does not apply to students excluded temporarily by the Vice-Chancellor or nominee, continuation students or completion students, whose registration is governed by Regulations 5.15. and 5.16. respectively.

5.5.

In accepting an offer of a place at the University students agree to be bound by all the relevant provisions of the Charter, Statutes, Ordinances and Regulations of the University, which include the *Student Contract* (.pdf) and *Code of Student Conduct* (.pdf). This undertaking is confirmed at Registration.

5.6.

All prospective or continuing students, full-time or part-time, will confirm, either as part of the online registration process or sign at Registration, their agreement to a statement undertaking that they will comply with the Charter, Statutes, Ordinances and Regulations of the University.

5.7.

Students shall notify the University as soon as possible of any subsequent change in the information which they have given at Registration relating to name, address, choice of module, choice of options, and source of financial support.

5.8.

A student who loses their Registration Card must inform the University immediately, and a duplicate Registration Card may be issued on payment of a charge determined from time to time by the University.

5.9.

All students are required to register with a doctor in the vicinity of their term-time residence within four weeks of their arrival at the University. Students who register with a doctor other than the Health Centre on the Colchester campus may be required to notify the University of their name.

5.10.

No prospective or continuing student will be permitted to access lectures, classes or laboratories or to use the University Library, computing or any other facilities of the University until they have registered and paid or made satisfactory arrangements to pay the fees due.

5.11.

Fees and other charges must be paid at the times prescribed by the University. Students who have not paid fees and other charges including accommodation charges by the required date will be liable for a late payment charge of an amount, or rate of interest, to be determined from time to time by the University. Fee refunds will only be made in accordance with the policy published by the Director of Finance, Planning and Data Insight.

5.12.

The use of University facilities may be withdrawn from students who have not paid or made satisfactory arrangements to pay the fees due to the University. In the context of this Regulation the term 'University facilities' is to be interpreted to comprise all forms of academic instruction and supervision, the Albert Sloman Library, computing facilities and residential accommodation owned or administered by the University. A student who incurs a debt at another academic institution for which the University of Essex is liable to repay that institution during the programme of study will be deemed to be in debt to the University of Essex and therefore subject to Regulations 6.5. and 6.30. until the debt is paid.

Except with the permission of the Director of Finance, Planning and Data Insight

(a) no applicant may register for a new course at the University where they are in any form of debt to the University or its companies

(b) no student may register for a further period of study on their existing course where that debt relates to the fees for their course or ancillary academic costs.

5.13.

Persons who hold office in the Students' Union and are not otherwise registered as students shall be required to register as full-time occasional students, without fee, during their period of office and will abide by the Charter, Statutes, Ordinances and Regulations of the University.

5.14.

Former students who have withdrawn permanently or had their contract terminated or been deemed to have withdrawn permanently from the University will be considered for readmission to a programme of study in line with the University's *Procedure for Handling Requests from Former Students for Readmission to the University*. Where a student has been referred to the Registrar & Secretary, or nominee, under 5.29, then their readmission would first be considered under 5.30.

Postgraduate Research students only

5.15.

Students who have completed the standard period of study prescribed by the Senate for the programme which they are following and who are required under Regulations or rules to have an extension to their standard period are required to register for each period in accordance with regulation 5.4 and shall remain subject to the Charter, Statutes, Ordinances and Regulations of the University. Students who, by the end of the specified approved period have not presented themselves for examination, have not been granted a period of completion (see 5.16), failed to pay, or make acceptable arrangements to pay the appropriate fee, shall have their contract terminated and shall thereupon cease to be students of the University.

5.16.

Students who have been granted either a completion period or a post-examination referral period, are required to register for each period in accordance with regulation 5.4, and shall remain subject to the Charter, Statutes, Ordinances and Regulations of the University. Completion and referral students must present themselves for examination by the end of the approved completion or referral period. Where a student has extenuating circumstances that affect their ability to submit their thesis by the agreed deadline they may request an extension to their submission deadline of up to two weeks without having to register for the next term or pay the prescribed fee for that period. Requests for an extension must be made in advance of the existing deadline. Students who fail to present themselves for examination by the deadline shall have their contract terminated unless they are permitted an extension for which they must register and pay the prescribed fee for that period.

5.17.

Other cases which are not governed by Regulation 5.16 where a student has extenuating circumstances that affect their ability to submit their thesis by the agreed deadline will be considered by the Executive Dean or their deputy on a case-by-case basis.

5.18.

Students who have submitted their thesis for examination will automatically be registered under examination for a period of up to one year. Examination periods are not subject to fees, however students shall remain subject to the Charter, Statutes, Ordinances and Regulations of the University. Students who fail to engage with the examination process shall have their contract terminated and shall thereupon cease to be students of the University.

Temporary withdrawal (intermission)

5.19.

Permission may be given to students to withdraw temporarily (intermit) from the University during their programme of study with a view to returning at a later date. Students must make a written application to their Department and must give acceptable reasons for their request. The Head of the student's department, or nominee, will consider the request and come to a decision whether or not to give permission to the student to intermit from the University. In some cases, the Head/nominee may refer the request to the Executive Dean or their deputy who will make a decision whether or not to give permission to intermit. The Head/nominee or Executive Dean or their deputy may prescribe conditions which shall be fulfilled before the student may resume their programme of study.

If permission is given, the student will be registered as an intermitting student for the whole of the period of their absence, and will comply with the Charter, Statutes, Ordinances and Regulations of the University.

An intermitting student may be required to pay an appropriate fee as determined from time to time by the University.

All students are required to re-register upon return to the University following a period of intermission. Students who fail to do so within 28 days shall have their contract terminated and may be re-admitted only with the permission of the Academic Registrar or nominee.

Special procedures apply to students applying to intermit after the sixth week of the Spring term (ie week 21) of a final year undergraduate course or week 30 in the first and second year of an undergraduate course (see Regulation 5.20).

A research student may apply for a period of intermission at any point during their standard period; however periods of intermission will be linked to the University's term dates. During the completion period, requests for intermission will normally only be approved on medical grounds and other exceptional circumstances.

5.20.

Students following a final year undergraduate course will be permitted to intermit from the University only if the request has been made to the relevant Head of Department, or nominee or the Executive Dean or their deputy, before the Monday of the sixth week of the Spring term (ie week 21) in the year in question. The final deadline to request permission to intermit in the first and second years is 4pm on Friday of week 30 (or the working day two weeks immediately prior to the first day of the examination period). Exceptionally the Executive Dean or their deputy may approve requests after this date. If permission is given, regulation 5.19 above applies.

If permission is not given, students must submit themselves, or will be deemed to have submitted themselves, for assessment in the main examination period in the normal way (see also Regulation 6.27. relating to the award of aegrotat degrees).

5.21.

(a) Taught

A student who is permitted or required to intermit from the University is not entitled to attend any teaching and is not expected to be present at the University. Students' computing accounts will remain active throughout the intermission period. Limited library borrowing rights are available.

(b) Research

A student who is permitted or required to intermit from the University shall receive no supervision and is not entitled to attend any modules or training events, and is not expected to be present at the University. Students' computing accounts will remain active throughout the intermission period. In the term prior to returning from intermission, limited library borrowing rights are available.

Note: All decisions to grant intermission are governed by a set of guidelines that are published by the Academic Section.

Students with Immigration Permission

5.22.

In order to be and remain enrolled at the University any student that is subject to an immigration requirement must regulate their immigration status by adhering to the requirements of their visa, permission to enter or stay or other immigration status.

5.23.

It is noted that the student has accepted the personal responsibility to adhere to those requirements by accepting the visa, permission to enter or stay or other immigration status. In cases where the University

is providing immigration sponsorship, the University has an obligation to report to the Home Office where a student fails to adhere to those requirements.

5.24.

The University reserves the right to withdraw immigration sponsorship from and/or terminate the contract of a student subject to immigration control who fails to adhere to the immigration requirements of their visa, permission to enter or stay or other immigration status or where a student seeks to (or unintentionally) undermine(s) the University's obligations in respect of the UK immigration system.

5.25.

Students requiring immigration permission to study in the UK must present original documentary evidence in person as instructed, unless, at the University's discretion, it is determined that exceptional circumstances outside the students' control prevent it.

5.26.

At the discretion of the Academic Registrar or nominee a student who is not able to present all the required immigration and associated documentation or evidence and is able to evidence that they are reasonably attempting to provide that information may be able to 'register with conditions'. A deadline for production of required documentation will be applied by the University based on the circumstances. Notification of the conditions shall be provided to the student and this shall include the date by which evidence must be produced in order to avoid a recommendation for the termination of their contract and/or withdrawal of immigration sponsorship.

5.27.

Students who are registering on a course for the first time, and whose country of birth is outside the UK, will automatically be given registration with conditions in advance of the registration period. Successful completion of a right to study check will result in registration becoming permanent.

5.28.

Students whose immigration permission expires before the end of their course must provide evidence of ongoing immigration permission which allows study in order that their registration status remains active. Failure to provide required documentation in advance of the agreed deadline will result in immediate referral to the Registrar & Secretary or nominee with a recommendation of termination of the student's contract.

5.29.

Registration with conditions shall be deemed to terminate upon expiration of the time limit or where a student fails to present themselves to the Academic Registrar or nominee within 24 hours of being requested to do so or at the request of the student should they wish to withdraw from the University. Following termination of the agreed period of a referral will be made to the Registrar and Secretary or

nominee with a recommendation for the termination of the student's contract and/or withdrawal of immigration sponsorship. Where a student demonstrates they have met the conditions then the Academic Registrar or nominee shall alter their registration accordingly.

5.30.

Where a student fails to adhere to the requirements of their registration status, and/or they fail to co-operate with the University, or their actions or inactions impact upon the University's ability to adhere to its own obligations to the Home Office then, where necessary and upon the Academic Registrar or nominee bringing that situation to the attention of the Registrar and Secretary or nominee who may (i) require the student demonstrate adherence with the requirements of their immigration status and/or their support of the University's responsibilities; (ii) withdraw the students and/or revoke the student's immigration sponsorship.

5.31

Where a continuing student is expected to provide new immigration document/s in order to register for a new academic year they will be prevented from completing registration until the document/s has/have been provided.

5.32.

Where the Registrar and Secretary or nominee takes the decision to withdraw visa sponsorship the student shall be notified of that decision in writing immediately.

By registering with conditions a student shall have all the normal rights, responsibilities and privileges afforded to every registered student save the right to intermit or change their programme of study. Notwithstanding those rights, the termination of registration will proceed in line with 5.29 above.

5.34.

Where the University record for an individual student indicates that the student has not presented to the Academic Registrar or nominee:

- (a) a current valid passport for the period of study
- (b) a current valid Biometric Residence Permit, visa or similar as required for the period of study
- (c) current valid UK contact details for the period of study

or where the record indicates that:

- (d) their residence in the UK is unlawful or contrary to our obligations as a sponsor, then the student shall be deemed to have withdrawn immediately. The student shall be notified of this in writing without delay.

Where a student that has deemed to have withdrawn subsequently presents the required evidence within a period of 7 days from the date of withdrawal then provided there are no concerns in relation to their academic progression, discipline, debt or restrictions imposed by their immigration status the Academic Registrar or nominee may exercise discretion to reinstate their registration. Should concerns be evident then their readmission shall be considered in line with the *Procedure for Handling Requests from Former Students for Readmission to the University* in line with 5.14 above.

Regulations relating to Academic Affairs

Administration of teaching

6.1.

Lectures and classes will begin on the hour. To enable students to move from one to the next, lectures and classes shall end not later than ten minutes to any hour.

6.2.

Availability of optional modules may be subject to student demand and timetabling constraints. Every effort is made to timetable optional modules in such a way that clashes are minimised. However, where a student is enrolled for two modules with a timetable clash between lectures, the student is required to change one of the conflicting modules. Students may request special permission from the Executive Dean or their deputy to be exempted from this requirement. Each request will be judged on its merits.

Administration of examinations

6.3.

Examinations shall take place at times determined by the relevant Programme of Study. Publication of examination dates and times will be published by the Academic Registrar in a timely manner and in such a way that gives adequate notice to staff and students.

6.4.

Students must comply with the requirements of the Examinations Office in relation to examination entry. Alterations to examination entry after the published deadline will be made at the discretion of the Registrar and Secretary and may be subject to a fine.

6.5

The result of any examination taken by a student who is in debt to the University will not normally receive formal recognition by the University where that debt relates to the fees of their course or ancillary academic costs, unless otherwise determined by the Registrar and Secretary after consideration of individual circumstances.

6.6.

Attendance at all examinations associated with the approved programme of study is compulsory and any student who fails to present themselves for such an examination at the time and place published by the Registrar and Secretary, except when prevented from doing so by illness or other sufficient cause, will be deemed to have failed in that part of the examination. Misreading of the examination timetable will not be regarded as 'sufficient cause'.

6.7.

Invigilators shall have the power to remove any candidate from the examination room for good cause.

6.8.

No candidate will be admitted to the examination room later than 55 minutes after the start of any examination of more than one hour's duration. No candidate will be permitted to leave the examination room permanently during the first 55 minutes or during the last 30 minutes of an examination of more than one hour's duration. For examinations with a duration of up to one hour candidates will be admitted to the examination room up to 10 minutes after the start of the examination and will be permitted to leave the examination room permanently only with the permission of the invigilator.

6.9.

Where a candidate is unable for good cause to attend a written examination in the place arranged for the examination permission may be given by the Registrar and Secretary for the examination to be held elsewhere, provided that it is simultaneous and invigilated.

6.10.

Project or other work which is part of an examination must be submitted by the required date, otherwise such work may be left out of account in the assessment of the examination result.

Assessment

6.11.

Modules may be assessed by coursework or by examination or by a combination of both. Coursework may include class tests, project work, field work and laboratory work and other appropriate forms of assessment. The detailed methods and rules of assessment for individual modules are available from Departmental Offices or their equivalent.

6.12.

Students are examined at the end of each year of their course and must satisfy the examiners before being permitted to proceed. Examinations for groups of students on specified modules or courses may take place at times other than the main examination period in May/June.

6.13.

Students who do not satisfy the examiners in the examinations may be permitted to re-sit specified examinations, to undertake a repeat period of study, full-time or part-time, or be required to leave the University.

6.14.

In degree courses of three years' duration, the final class of degree will normally be based upon the assessment of the second and final years of study. In degree courses of four years' duration, the assessment of the third year of study may be taken into account in assessing the final class of degree. The detailed rules of assessment for the award of first degrees are approved by the Senate and are available from the Student Services Hub.

6.15.

Students are required to be regular and punctual in their attendance at such instruction as may be prescribed by the relevant department in relation to individual modules.

6.16.

Students are required to see members of academic or professional services staff to discuss their attendance, conduct and progress when required to do so.

6.17.

A student who is absent from teaching for more than one week during term shall inform the Head of Department as soon as possible, in writing, giving the reason for their absence. A student who is absent for more than two consecutive weeks during term must provide medical evidence in the case of illness, or appropriate corroboration where there are other reasons for absence, at the earliest opportunity.

Academic progress

6.18.

Students will be permitted to proceed with their programmes of study only if their progress is satisfactory.

6.19.

The progress of each student shall be reviewed at regular intervals during the academic year by academic departments. Boards of Examiners may also require a student whose progress is unsatisfactory to withdraw from the University. A student who is required to withdraw from the University on the grounds of unsatisfactory progress has the right of appeal in accordance with the procedures approved by the Senate.

6.20.

A student who is prevented by ill health or other serious impediment from meeting the normal requirements of their programme of study for more than six consecutive weeks, may not, except with the permission of the Executive Dean or their deputy, count that term as part of the requirements of the programme of study for which they are registered.

Cheating

6.21.

The University, the Students' Union and the University's Partner Institutions expect all students:

- to behave with honesty and integrity in relation to coursework, examinations and other assessed work;
- to be familiar and act in accordance with the conventions of academic writing (including appropriate referencing of sources and acknowledgement of assistance);
- to show understanding of ethical considerations and be compliant with the relevant University Procedures.

A student suspected of not complying with any of these requirements shall be investigated and dealt with in accordance with the University's Academic Offences Procedures.

6.22.

A student suspected of helping another student commit an academic offence may be investigated and dealt with in accordance with the University's Code of Student Conduct.

Pass

Merit

Distinction

6.24.

A candidate who has fulfilled the requirements of the prescribed programme of study and has satisfied the examiners for the degree of Bachelor of Arts or Bachelor of Science or Bachelor of Engineering or Bachelor of Laws (Ordinary) shall be eligible for conferment of the degree. These awards are unclassified.

6.25.

A candidate who has fulfilled the requirements of the prescribed programme of study and has satisfied the examiners for the degree of Bachelor of Arts or Bachelor of Science or Bachelor of Engineering or Bachelor of Laws or Bachelor of Business Administration with Honours shall be eligible for conferment of the degree in one of the following classes:

Class I

Class II Division i

Class II Division ii

Class III

6.26.

Candidates who do not satisfy the examiners in the final examinations of the final year of study for the degree may be re-assessed in accordance with the rules of assessment for Undergraduate awards. Marks will be capped excepted where a candidate is repeating the year. Candidates will be required to undertake the appropriate registration and pay the fee determined by the University. Students who are not fully registered shall not be permitted in the intervening year to receive instruction or supervision at the University of Essex. Students who are given the opportunity to be re-assessed shall be subject to the Statutes, Ordinances, and Regulations of the University at any time they are present in the University.

6.27.

In the case of illness or other sufficient cause affecting a candidate an honours degree and occurring after the Sunday of the sixth week of the Spring term (ie week 21) of the candidate's final year course of study but before the end of the final examinations, the candidate may on the recommendation of the Board of Examiners concerned and at least one external examiner be eligible for conferment of an aegrotat degree. Candidates who were required to be examined during the January examination period in their final year, and who were affected by illness or other sufficient cause which occurred during this

period, and which was not an ongoing problem, may also be considered for an aegrotat degree. Candidates who have conferred on them an aegrotat degree may present themselves for examination for the honours degree at the next available opportunity which will normally be within one year. Such candidates shall be required to register partially and to pay an appropriate fee as determined from time to time by the University. They shall be subject to the Statutes, Ordinances and Regulations of the University at any time they are present in the University. It shall be open to the examiners to recommend conferment of an Honours degree under conditions prescribed in Regulation 6.25. to candidates who present themselves for examination under this Regulation.

6.28.

- (a) The Chair of a Board of Examiners may suspend any particular decision of the Board where:
 - i. the decision contravenes either a University regulation, policy, or procedure
 - ii. the decision, in the judgement of the Chair, leads to unfairness or inconsistency
- (b) In signing the grids at the conclusion of the Board meeting, the Chair shall indicate next to their signature that they have not approved the decision relating to the relevant candidate number(s).
- (c) The Chair shall then refer the decision to a sub-Committee of Senate by notifying the Vice-Chancellor's Office. The sub-committee shall be chaired by the Vice-Chancellor or nominee, and shall consist of not fewer than three further members of Senate who are also senior members of academic staff. Where possible, the members should be chosen from disciplines cognate with that in the case under consideration. The sub-committee shall review the facts of the case and taken an independent and final decision. Any decision open to the original Board of Examiners shall be available to the sub-Committee. The sub-committee may wish to view the grids of other students in order to ensure consistency.
- (d) The decision of the sub-committee shall not require the agreement of external examiners but the external examiner shall be informed of the decisions.

6.29.

- (a) For a taught award, in the event of a candidate's death, the Board of Examiners may confer the award of a degree, diploma or certificate *post obitum* provided that it is satisfied that there is sufficient evidence that the candidate would have successfully completed the intended award and that the candidate had successfully completed at least two-thirds of the programme of study.
- (b) For a research award, in the event of a candidate's death, the Chair of the relevant Faculty Education Committee or nominee may confer the award of a research degree listed in the Principal Regulations for Research Degrees *post obitum* provided that, following the report from the examiners, they are satisfied that; the work submitted is the candidate's own; that the standard, quantity and originality of the research work completed has been judged to be that normally required

to submit for examination for the proposed award; and that enough of the research has been completed and written-up to allow a proper assessment to be made of the thesis.

6.30.

No student, past student, or other person may represent themselves as a graduate of the University of Essex until such time as a degree of the University has been conferred.

6.31.

Except with the special permission of the Registrar and Secretary, no degree of the University shall be conferred upon, or certificate or diploma of the University granted to, a person who is in debt to the University in respect of education fees related to that qualification (see also Regulation 6.5). Normally, no student in any type of unauthorised debt to the University or its companies may attend graduation or other similar event nor receive services of the University or its companies until said debt is cleared.

6.32.

Students who are eligible for conferment of degrees may have them conferred upon them either at a congregation for the conferment of degrees or in absentia.

6.33.

Students attending a congregation of the University for the conferment of a degree or otherwise shall be required to wear dress suitable to the occasion.

Intellectual Property Rights

6.34.

Intellectual property rights generated by a student in the course of their study lie with the student, except in specific cases relating to commercial exploitation where agreement has been reached between the University and the student or where otherwise covered by an existing agreement between the student and their sponsoring body.

Assessment by Dissertation (immigration control)

6.35.

Any undergraduate or post-graduate taught student subject to immigration control who enters a dissertation period where that dissertation represents the totality of education during that time (regardless of 'term time' or otherwise) is required to continue to engage with their studies by being present on campus on a regular (full time) basis.

6.36.

Either the student should meet with their supervisor on at least a monthly basis and, where appropriate, a full plan of the research to be undertaken and the approach will be agreed by the supervisor and the supervisee which outlines expected progress during the period. Departments may require students to present themselves on a regular basis in order to confirm attendance at the University. Any prolonged period away from campus may prevent the University from being able to sponsor the student's visa and result in their withdrawal from the University.

Work-placement and study abroad (immigration control)

6.37.

Students subject to immigration control on a full time work placement or study/work abroad activity are required to attend on a full time basis and adhere to relevant local requirements; failure to do so could result in the student being withdrawn from the University and the cancellation of their visa sponsorship.

6.38.

Students on an Essex Abroad (or work experience abroad) programme or placement who are subject to immigration control may not re-enter the United Kingdom without first notifying the Essex Abroad office except at the end of each (host university) term (returning at the beginning of the next) or the end of the academic year as appropriate. If they leave the programme they must notify the Essex Abroad office immediately. Failure to do so could result in the student being withdrawn from the University and the cancellation of their visa sponsorship.

6.39.

If a decision taken in accordance with University student progress or assessment regulations conflicts with the University's legal or compliance obligations then the matter shall be referred to the Registrar and Secretary who shall decide upon a course of action.

6.40.

A student may appeal that decision to the Vice-Chancellor, in writing, within five days of the Registrar and Secretary's decision on the grounds of:

- (a) Substantive factual error; and/or
- (b) Extraordinary circumstances where the student was physically unable to support the University in discharging its compliance obligations.

6.41.

The Vice-Chancellor will accept or reject the appeal within ten days and their decision is final; there is no further right of appeal.

6.42.

Where the Vice-Chancellor is unavailable to review the appeal within the timescale, the Deputy Vice-Chancellor or Pro-Vice-Chancellor(s) may consider the appeal.

Force majeure

6.43.

The Chair of Senate will determine when there are circumstances which would be classed as a Force Majeure and will notify the Senate. In the case of a Force Majeure, the following range of actions may be considered to ensure that wherever possible, students can continue their studies and gain awards without experiencing significant delays to their studies. Any action taken will ensure the quality and standards of the courses, modules and credits awarded are protected.

6.44.

Where any such decisions are taken, the Academic Registrar shall be responsible for bringing those decisions to the attention of the Senate.

6.45.

Decisions taken under Force Majeure are based on academic assessment and progress. However, all outcomes offered that require a student's continued registration at the University are subject to their ability to maintain a valid UK immigration status and provide proof of their right to study with the University for the duration of their programme of study. Therefore, any decision taken as a result of an action under Force Majeure that may affect a student's immigration status must be referred for consideration in accordance with the University's General Regulations and the relevant UK Immigration rules and guidance.

Alternative forms of assessment

For all taught students

Relevant to Assessment Policies

- (a) Where the approved form of assessment cannot be offered, alternative forms will be found wherever possible (subject to requirements of any professional, statutory and regulatory body requirements).
- (b) Where an alternative is found (for example where a take-home exam is held in place of an unseen, invigilated examination), the classification of the alternative form of assessment as either exam or coursework under the relevant assessment policy will be agreed by the Faculty Dean Undergraduate or alternative senior academic member of the University (nominees to be approved

by the PVC (Education)).

- (c) The new form of assessment and its classification as either coursework or exam will normally be subject to marking and moderation as set out in the Marking Policy.
- (d) Departments can also adjust assessment deadlines (to move to a later date) with careful consideration of the impact and notification to students.

Extenuating circumstances

Relevant to Extenuating Circumstances Policy

For all taught students

- (e) Where appropriate, the duration for which students can self-certify under the Extenuating Circumstances policy may be extended. Any extensions will be agreed by the Academic Registrar (or nominee).
- (f) Subject to the approval of the Academic Registrar, in the case of a Force Majeure that impacts students' ability to undertake assessment, students may automatically be offered an uncapped reassessment attempt. Claims made in these circumstances will not normally need to be considered by an Extenuating Circumstances Committee.

Students unable to complete the requirements of their programme of study

For all taught students

- (g) Where, for reasons of a Force Majeure, a Board of Examiners does not have sufficient information despite candidates presenting themselves for examination or where for the same Force Majeure reason examinations or other forms of assessment were not possible, the Board may temporarily confer an alternative award to students in the final year of their course. This would only apply to courses with a non-protected title (including professional body regulated courses).
- (h) The award conferred would be the highest level award for which the student met the requirements.
- (i) Candidates who have conferred on them an alternative award under these circumstances may be offered the choice of undertaking assessment needed to meet the requirements of their original award at the next available opportunity (which will normally be within one year). They shall be subject to the Statutes, Ordinances and Regulations of the University at any time they are studying at the University.

Study abroad

Relevant to Rules of Assessment

For all taught students

- (j) If there is a situation relating to Force Majeure which prevents a student studying abroad to complete their period abroad, students will be able to remain on a 4 year programme variant “[subject] (including Study Abroad)”, with the verified marks received from the Partner Institution for the study they have completed being recognised by Essex.

Exceptional progression decisions

For all taught students

- (k) Any of the following options may be activated in the case of a Force Majeure, subject to the approval of the PVC Education or nominee.

Relevant to Rules of Assessment

- (l) An amendment to approved rules of assessment, including an approved variation to the rules, for example to ensure requirements of professional, regulatory or statutory bodies continue to be met.
- (m) Exceptionally permit students who are not in their final year of study to trail up to 30 failed credits into the subsequent year. This option would only be available for non-core modules and where the arithmetic average of known total module results is above the pass mark for the course. Reassessment of the failed credits will take place during their subsequent year. Students would still need to meet the requirements for their course as set out in the Rules of Assessment. Any student offered this opportunity will be given information about the implications of failing to complete assessment in the subsequent year.
- (n) Offer reassessment in up to a maximum of the total volume of credits undertaken during the year to be completed before the start of the following academic year (subject to any course or award specific requirements, including approved variations which would prevent this from being possible).

Undergraduate

- (o) Offer students who have achieved a year mark of less than 20 the opportunity to continue their studies by repeating the year. This would count as an attempt at assessment and towards the maximum period of study and number of attempts.
- (p) Offer students who have not attempted any of the required reassessment another reassessment opportunity.

Postgraduate

- (q) Waive the requirement for postgraduate students to pass the minimum number of credits at first attempt as set out in the Rules of Assessment.

For all research students

Relevant to Code of Practice: Postgraduate Research Degrees; Professional Doctorates

- (r) For students with a Tier 4 visa, waive the requirement that the majority of contact should be face-to-face and allow supervisory meetings to take place via video link.
- (s) For new students who are unable to attend their induction in person, an alternative induction will be arranged.

General Regulations

Academic conduct

7.1.

Students are required to acquaint themselves with formal communications from academic departments and administrative sections of the University. These may take the form of written correspondence, sent by internal or external mail, notices posted on official noticeboards, information published in the myEssex student portal, and messages sent by electronic mail. Students are expected to access their University email at least once per week.

7.2.

Any student whose behaviour interferes with the satisfactory conduct of instruction may be required by a member of the academic staff to withdraw from a lecture, laboratory or class.

7.3.

A student may not make a personal recording of a teaching event, supervisory meeting, oral examination or other formal meeting or committee which considers the student's academic progress or performance without the permission of all other individuals present. If this permission is granted, the recording may be made for the personal use of the student only, in support of their studies and learning. The recording must not be made publicly available or shared for other purposes without the consent of those present. Disabled students who have difficulty with notetaking are encouraged to contact the Student Wellbeing and Inclusivity Service for further information on when recording is permissible and other access strategies.

7.5.

Members of the University wishing to invite guests to the University shall do so only in accordance with the rules and regulations of the University and shall accept responsibility for the conduct of and for any loss or damage caused by their guests while on the University site. 7.8.

The Registrar and Secretary may from time to time declare any area of the University land and premises to be out of bounds; access to or continued presence in such areas is forbidden without written permission from the Registrar and Secretary.

7.9.

The University accepts no responsibility for property lost or damaged on University premises.

7.10.

Members of the University may not enter or remain in any University building without authority when the building is officially closed.

7.11.

Areas under the control of building contractors may not be entered without written permission. The roofs of University buildings are out of bounds and access is forbidden without written permission.

7.12.

The furniture and equipment and other property owned by the University may not be moved within any building to another room nor removed from any building without permission. Furniture and equipment and other property moved in contravention of this Regulation may be recovered without notice by authorised University staff.

7.13.

The University operates a No Smoking Policy, which complies with statutory requirements and applies to members, visitors, contractors and any other users of University facilities.

7.14.

For reasons of safety, when children under the age of 12 need to be brought into University buildings, it is required that the children must be closely supervised at all times. The University will require any children who are not so supervised to be removed from the building. Under no circumstances will children under the age of 12 be permitted in workshops and science department laboratories. The University accepts no liability for injury or harm to children.

7.15.

For reasons of safety and to protect the University's estate, members and visitors, the Registrar and Secretary may at any time exclude non-students from any University-owned property or land. Any person subject to such exclusion shall be informed in writing of the decision. The person has a right of appeal, which must be lodged with the designated Pro-Vice-Chancellor* within 15 working days from the date on which notification of the exclusion is despatched. An exclusion shall remain in force while the designated Pro-Vice-Chancellor reviews the case. Any decision to exclude remains in force indefinitely. Any person excluded in this way can request for the exclusion to be lifted three years from the date on which it came into force. Any such request must be put in writing to the Registrar and Secretary.

*currently Pro-Vice-Chancellor (Research)

7.16.

No dogs, except for assistance dogs as defined by the Equality Act 2010, may be brought into or kept in any University building. All dogs brought on to the University site or property by members of the University, guests or visitors, must be kept on a lead at all times. No pets may be brought into or kept in accommodation owned or administered by the University.

7.17.

The possession and use of weapons subject to public licensing is prohibited on the University site or on other University-owned and University-occupied property. The possession and use of air rifles, air pistols and similar items which are not subject to public licensing is also prohibited.

7.18.

Persons who make use of the University's sports facilities must comply with the rules for their use published from time to time by the Registrar and Secretary.

7.19.

Members of the University shall not create, or cause to be created, excessive noise which causes discomfort, inconvenience or annoyance to authorised users of the University premises.

7.20.

In order to ensure the safety of members of the University, their guests and other visitors, and the equitable access to facilities for all, the restrictions set out in the Rules Governing the Use of the Square (Wivenhoe Park campus) and Rules Governing the Driving and Parking of Vehicles within University Grounds shall apply.

7.21.

When a fire alarm sounds in any part of the University or any University-owned or administered accommodation, members of the University and their guests are required to leave that part or accommodation immediately and not to return until told that it is safe to do so by a fire officer or authorised member of the University staff.

Immigration status requirements and extraordinary removal of University (immigration) sponsorship

7.22.

Where a student has immigration permission that is sponsored by the University, or, where the University is subject to an obligation in relation to immigration control in respect of that student, the student is responsible for ensuring adherence with the full requirements of their permission. Students have an additional responsibility to support the University in its sponsor obligations as a Student sponsor to the Home Office.

7.23.

Where a student fails to adhere to those requirements and/or they fail to co-operate with the University or their actions or inactions impact upon the University's ability to adhere to its own obligations to the Home Office then, upon the recommendation of the Academic Registrar or nominee, the Registrar & Secretary (or nominee) may:

- (i) decide there is no case to answer or that the case is unproven
- (ii) require the student demonstrate adherence with the requirements of their immigration status and/or their support of the University's responsibilities
- (iii) withdraw the student and/or revoke the student's immigration sponsorship
- (iv) refer the matter to the Conduct Investigator; or
- (v) refer the matter to a Research Students' Progress Committee

7.24.

Where the Registrar & Secretary (or nominee) takes the decision to withdraw immigration sponsorship the student shall be notified of that decision in writing immediately.

7.25.

A student may appeal an immigration sponsorship withdrawal decision (iii above), in writing, within five days of the Registrar & Secretary's decision on the grounds of

- (a) substantive factual error; and/or

(b) extraordinary circumstances where the student was physically unable to comply to the requirements of their immigration status and that same circumstance physically prevented them from communicating the situation to the University.

7.26.

All appeals are considered in the first instance by the International Services Team to determine whether there are grounds for appeal in line with the criteria set out in 7.25 above. Appeals that meet the criteria are referred to the Pro-Vice-Chancellor (Education) or nominee for consideration.

7.27.

The Pro-Vice-Chancellor (Education) or nominee will accept or reject the appeal and their decision is final; there is no further right of appeal.

7.28.

Where the Pro-Vice-Chancellor (or nominee) rejects the appeal or ten days have elapsed from the Registrar & Secretary's decision to withdraw immigration sponsorship (whichever is shorter) the immigration sponsorship shall be withdrawn and the student must leave the University and comply with the immigration permission exit requirements.

Where the Pro-Vice-Chancellor (or nominee) is unavailable to review the appeal within the timescale the Deputy Vice-Chancellor or Pro-Vice Chancellor(s) may consider the appeal.

Immigration status requirements for those students subject to immigration control

7.30.

In order to be or remain registered at the University a student must adhere to the requirements of their own immigration status as identified by the Home Office or successor body together with actively supporting the University in the discharge of its obligations as an immigration sponsor. Specific requirements in relation to this will be outlined by the Academic Registrar from time to time and notified to students at the offer stage and/or during (re-) /registration or where this is not possible at any point in their period of studies. Students should be notified at the earliest possible opportunity of any changes that have an impact upon the University's obligations and in turn upon their registration and/or studies.

Placement, work experience and Essex Abroad

7.31.

Students are obliged to attend, full time, all aspects of their placement or study abroad as outlined in their placement (or similar) agreement. Where no such agreement exists, all such placements shall be full-time.

7.32.

Students subject to immigration control who fail to attend on a full time basis (or in the case of Essex Abroad, re-enter the United Kingdom without advising the Essex Abroad team in advance) will be subject to 7.22-7.28 above and may be withdrawn from the University and have their sponsorship cancelled.

Library Regulations

Library opening hours

11.1.

Information on Library opening hours for the Colchester, Loughton and Southend campuses is available on the Library website at: <http://libwww.essex.ac.uk/hours.htm>

Admission to the Library

11.2.

All members of the University as defined in Ordinance 1 are entitled to use the Library. Alumni of the university are also entitled to use the library and may apply to the Alumni Office for an ID/library card. Members of the public and visitors to the university may apply, in writing, to the University Librarian for access to the Albert Sloman Library (ASL) at Colchester and may be required to provide a written recommendation. External users associated with commercial organisations and businesses will be charged a fee if they are permitted to use the Library.

11.3.

The right of borrowing from the Library under the conditions laid down in the Regulations is granted to the following users:

members of Council, members of the academic and research staff, professional services staff, and registered students of the University. Members of the public and external users for purposes of special study and research may be granted borrowing rights at the discretion of the University Librarian or their representative. External users associated with commercial organisations and businesses will be charged a fee, at a rate determined from time to time by the University Librarian, if they are granted borrowing rights.

11.4.

The right to access the Library's subscribed electronic resources is granted to the following users: members of the academic and research staff, professional services staff, and registered students of the University. Members of the public and external users may be granted 'walk in' access to some electronic resources via PCs on the library premises, in compliance with existing licensing agreements and at the discretion of the University Librarian. External users associated with commercial organisations and businesses will not be granted access to subscribed electronic resources, in compliance with current licensing arrangements for academic institutions.

11.5.

In registering as a student of the university all students become members of the Library and agree to abide by its regulations. Employees of the university are also automatically registered as Library members under the same conditions. Other members of the university must sign a Library registration card agreeing to abide by the Library Regulations. It is the library user's responsibility to ensure that the contact information held by the University is up to date.

11.6.

All Library users should carry their University ID card or Library card as a means of identifying themselves as registered users of the Library. Such identification may be requested at any time by Library staff.

Borrowing

11.7.

No books shall be removed from the Library unless the user has first had the loan issued to them. All borrowers must produce their University ID card or a Library card when borrowing items from the Library. If a user's Library card or ID card is lost or stolen, the matter should be reported to the Library Helpdesk, and, in the case of students, to the Student Services Hub. Student ID cards may be replaced upon application to the Student Services Hub. Members of staff may obtain a replacement ID card from the People and Culture office and Alumni may apply to the Alumni Office. All other users may apply to the Library Helpdesk.

11.8.

Reference books, periodicals and books of special value or rarity may not be borrowed from the Library.

11.9.

A user is responsible for any book which remains on their Library record. Loans are strictly non-transferrable. Books borrowed by one user must not be passed on to another but must first be returned to the Library and re-issued.

Period of loan

11.10.

Information on loan periods at the Colchester, Loughton and Southend campuses is available on the Library website. Shorter loan periods may apply for books in high demand.

11.11.

The latest date for return for each book will be shown on an emailed receipt. Library users are expected to check their online Library record regularly to ensure they are aware of any changes to the indicated return dates for all borrowed items.

Borrowing allowance

11.12.

Borrowing allowances for all categories of Library user are shown on the Library website.

11.13.

Any library book may be recalled from a user while on loan. Where the original loan is for more than one week, the return date may be altered to an earlier date. Users will be notified by email of any change to the due date.

11.14.

A Library user who has books in their possession which they failed to return in response to a recall notice will lose the privilege of borrowing any library books until the recalled item is returned.

11.15.

Reminders of book return dates will be sent one day before the book is due for return and on the first day the book is overdue, with periodic reminders thereafter including a note of any fines which have accrued.

Library users are expected to check their email account and online library record regularly to ensure they are aware of the return dates for all items they have borrowed.

11.16.

A reminder or a specific recall notice will be sent via University email and a 'final demand' notice will be sent by post to all current addresses held on the user's record.

11.17.

Users from any of the University's libraries will be held responsible for any book they have on loan and will be required to pay the cost of replacement of any book lost, damaged or defaced whilst in their possession, together with an administrative charge to cover the cost of ordering, cataloguing and processing the replacement item. Where the University Librarian or their representative agrees that a replacement copy rather than the cost of the lost or damaged item is acceptable an administrative charge will also apply to cover the cost of cataloguing and processing the replacement copy.

Fines

11.18.

Fines for overdue items are levied only when an item has been requested by another Library user. The current rates for Library fines levied for overdue recalled items, including the maximum fine applicable, are shown on the Library website. Borrowing privileges will be automatically suspended if the total outstanding charges on a library user's record exceed the agreed maximum level, as displayed on the Library website.

11.19.

Fines and charges for lost books will be regarded as debts to the University and in the case of non-payment a defaulter will be excluded from all further use of the Library services until such debts have been paid. Final year students with outstanding Library debts may be excluded from their graduation ceremony.

11.20.

If the amount of a fine is in question the University Librarian's decision shall be final.

Inter-Library loans

11.21.

Books borrowed from other libraries are subject in each case to the conditions imposed by the lending library.

General (Colchester Campus)

11.22.

Any behaviour likely to disturb or inconvenience other Library users is forbidden. Users should respect designated silent areas and keep noise to a minimum elsewhere in the Library. Mobile phones, personal stereos, handheld and laptop computers may only be used if they do not generate sounds audible to other users.

11.23.

Smoking (including the use of e-cigarettes), and the use of matches is strictly forbidden in all parts of the Library.

11.24.

Food and drink (other than bottled water) is not allowed in designated Library reading areas. Cold snacks and lidded drinks are permissible in the landing and group work areas. Hot and/or smelly food is strictly forbidden throughout the Library building. All food and drink (including bottled water) is forbidden in the Special Collections room. All rubbish must be disposed of responsibly using the bins provided.

11.25.

The informal reservation of seats, study spaces or PCs in the Library is not permitted. Books and other articles left on chairs and tables may be removed by the Library staff. The Library accepts no responsibility for personal belongings left in the building.

11.26.

All users leaving the Library must be prepared to show any books or other library materials in their possession to a member of the Library staff, on request.

11.27.

Any person whose conduct in the Library is disorderly or in breach of Library regulations will be subject to the University's Code of Student Conduct.

The Forum Library, Southend

11.28.

Users using the shared library in The Forum building (Southend) are jointly subject to its regulations and, where applicable, the University Library regulations.

Loughton Campus Library

11.29.

Users using the library at the Loughton campus are subject to the University Library regulations where applicable.

University of Essex Theses

11.30.

One digital copy of all theses for which a research degree has been conferred will be deposited with the University's Institutional Research Repository. The Librarian or Institutional Repository Manager is empowered to allow the digital copy of the thesis to be made available in full on the World Wide Web by the British Library or its agents.

11.31.

Existing print theses will be available in the Library for reference, and digital copies will be made available by the University, the British Library or its agents, except when permission to consult or digitise a thesis has been withheld at the special request of the author for a period not exceeding five years agreed with the University.

11.32.

Print theses may be lent to an approved library for consultation in that library on receipt of an application from the librarian.

11.32.

The University may publish the title and summary of the thesis in any way it sees fit and may authorise others to do so.

11.34.

Any person wishing to consult a print thesis must sign an undertaking

- a) not to reproduce the thesis or any substantial portion of it or to quote extensively from it or otherwise make substantial public usage of it without obtaining the written permission of the author
- b) that due acknowledgement will in each case be made whenever such information is published. The author may empower the Librarian to give such permission. (See *Principal Regulations for Research Degrees* 4.18-4.27)

Code of Student Conduct

1.Introduction

- 1.1. As a student at the University of Essex, you are expected to behave in accordance with our Code of Student Conduct. The Code sets out the standards of behaviour that we expect and the action that will be taken where behaviour falls below these standards. The Code forms part of a range of measures the University has in place to safeguard and promote a safe culture across the University community and to enable our students to realise their full potential in a safe, healthy and inclusive environment. In line with our Student Charter, you will play an active part and are expected to respect all members of the University equally, regardless of their background or characteristics. If you witness or experience behaviour that does not uphold our values, you are expected to speak out and the University will listen and take action.
- 1.2. The Code applies to all students undertaking a programme of study at the University of Essex, including those who are on study abroad, or on an apprenticeship or work-based learning placement. It applies to any activities you undertake, or services and facilities that you use, as a student of the University. This includes any premises owned, leased or administered by the University, including University owned or administered accommodation. In addition, action may be taken under this Code in respect of any alleged misconduct wherever and whenever it may have taken place when it is considered necessary to protect the interests of the University and the members of our community.
- 1.3. The primary aim of the Code is to tackle allegations of misconduct by students in an integrated and supportive way, and ensure fair, effective, and timely outcomes where behaviour falls below expectations. The Code seeks to make our standards of behaviour clear to students and to reduce further incidents of misconduct.
- 1.4. In accepting a place, you agree to comply with the University's regulations, policies and procedures which include this Code of Student Conduct. This Code should be read in conjunction with other relevant policies referenced within it.
- 1.5. The Code sets out the principles on which the procedures are based, the support, advice and guidance that is available for both complainants and reported students, how we manage information about you and what happens if you make an allegation, you are a witness, or an allegation is made against you. It also sets out and explains the roles and responsibilities of certain individuals and bodies within the University who will ensure that procedures within this Code are properly applied and carried out as described.

Student Conduct Regulations

- 1.6. The Student Conduct Regulations are based on the University's mission and values and describe the actions which are considered to be unacceptable behaviour. They cover offences against people, property and the environment, offences related to health, safety and wellbeing, and more general offences against the University. They are presented in full in [Appendix 1](#), with examples of the types of penalties that may be imposed as a result of a breach.

Reporting an incident

- 1.7. If you are the victim of, or witness to, an incident that you feel is a breach of the Code, you should complete an [incident report form](#) and send it to the [Student Progress Team](#) for consideration by the Conduct Investigator. The Conduct Investigator will also consider reports received directly from Report and Support; Security; Accommodation; Residence Life; Student Services Hub; your academic department; Students' Union; and emails sent directly to the Student Progress Team from students, staff or the public.
- 1.8. Reports received anonymously will not normally be accepted, except where there are compelling reasons, supported by evidence, for the matter to be investigated. Reports submitted via a third party will not normally be accepted. However, it is recognised that some individuals may be unable to make a complaint on their own. In these circumstances, concerns or complaints brought by permitted third parties (for example, a Students' Union representative or family member) will only be accepted when the individual affected has completed a third party authority form and the Academic Registrar (or nominee) has approved the request.

Consequences of breaching the Code

- 1.9. If you are found to have breached a Student Conduct Regulation, you will receive a penalty as determined by the Conduct Investigator or Student Conduct Committee or Student Conduct Review Panel as relevant to your case. You also put at risk your eligibility to undertake study abroad or an international experience, to hold a role or position of responsibility within the University or Students' Union, or to meet the requirements of any relevant professional and statutory regulatory body relevant to your programme of study or future career.

Immigration status

- 1.10. If your behaviour or evidence considered in relation to the procedures in this Code brings your immigration status into question, an immediate referral will be made to the Academic Registrar for consideration in accordance with paragraphs 7.22-7.29 of the [University's General Regulations](#).

Conferral of Degrees

1.11. During the process of an investigation, if you are the reported student and the allegation is so serious that it would normally be referred to a meeting with a Student Conduct Committee or Student Conduct Review Panel, except with the special permission of Senate, or until the investigation is complete, you will not be allowed to:

- Have a degree of the University conferred upon you
- Have a certificate or a diploma of the University granted to you
- Attend a graduation ceremony

These exclusions will apply during the review of any appeal under this Code and whilst there are any outstanding criminal proceedings.

Conduct in Students' Union premises or during Students' Union organised events

1.12. The University of Essex Students' Union has its own disciplinary procedures. Behaviour which may breach this Code on any Students' Union premises or during any Students' Union organised events (wherever they take place) may also constitute a breach of the Students' Union disciplinary rules. This means that a case may be dealt with both under this Code and the Students' Union disciplinary process. Where there is an allegation involving behaviours that are covered by the University's Zero Tolerance Policy, and may be a breach of Regulations A2, A3, A4, A5 A6, A13 and A14, the case will be considered by the University's Code of Student Conduct, and not the Students' Union's disciplinary procedures.

Glossary of terms

1.13. Further information about the terminology used in this Code is provided in the Glossary of Terms in [Appendix 7](#). You should refer to this glossary if there are any words or terms that are unclear to you. If, having referred to the glossary, you are still unclear about any aspect of this procedure, contact the [Student Progress Team](#).

Partner institutions

1.14. If you are eligible for an award of the University of Essex following a programme of study validated by the University but delivered by a partner institution, you are registered with the relevant partner institution. You must, therefore, follow the partner's regulations for student conduct. However, if you live in University of Essex owned or administered accommodation you will be liable under this Code for misconduct occurring in University accommodation.

2. Standards of behaviour

- 2.1. The University expects all members of its community to uphold standards of behaviour that are in line with its values and commitment to safeguarding and promoting a safe culture across the University community, enabling all students to realise their full potential in a safe, healthy and inclusive environment. As a member of the University you have signed-up to our [Student Charter](#) in which you promise to uphold the University's values and behave in ways that strengthen and support the University community. This includes your full participation in the procedures that fall within the Code of Student Conduct, including attendance at meetings. The University celebrates diversity, challenges inequality and expects that all members of its community treat each other, and can expect to be treated, with dignity and respect.
- 2.2. As part of our commitment to supporting student development, the Code makes use of compulsory attendance at a specified workshop as one of its penalties. Workshops are used as a penalty where relevant to the offence and are intended to support student learning, reduce reoffending, and improve standards of behaviour.
- 2.3. Expected standards of behaviour are supported by a number of policies. The following are particularly relevant to this Code:

Academic Freedom and Freedom of Speech

- The Council of the University has a series of duties under law ([through the Higher Education \(Freedom of Speech\) Act 2023](#) (and, until the new Act is fully in force, under Section 43 of the Education (No. 2) Act 1986) to secure and promote the importance of academic freedom and freedom of speech. These freedoms, set out in the [Policy on Academic Freedom and Freedom of Speech](#) (.pdf) are available to all members of the University and to external speakers invited to make use of University facilities.

Zero tolerance of harassment, bullying, and hate incidents

- The University has a [Zero Tolerance approach to Harassment and Bullying](#). This Code reflects the definitions as outlined in the University's Harassment and Bullying: Our Zero Tolerance Approach document. All cases involving behaviour relating to Regulations A2, A3, A4, A5, A6, A13 and A14, are regarded as serious. This includes antisemitism as specified by the International Holocaust Remembrance Alliance (IHRA) definition of Antisemitism. Further information is available through the University's [Report & Support](#) service.
- Sexual misconduct includes sexual harassment, sexual assault, sexual abuse and any conduct of a sexual nature that is without consent, including conduct online or through social media. Further information is available through the University's [Report & Support](#) service.
- Where there is evidence that an incident is found to be motivated by hostility or prejudice, the University may treat this as an aggravating factor in considering any appropriate action to take.

- In circumstances where an incident is reported, the University will take action in accordance with this Code, and the action will be proportionate to the circumstances of the case.

Equality, diversity and inclusion

The University's approach to Equality, diversity and inclusion is supported by a policy and strategy. The University's Policy Statement on Equality, Diversity and Inclusion sets out that:

The University of Essex fosters good relations between people who share a relevant protected characteristic and those who do not, celebrates diversity, challenges inequality and is committed to nurturing an inclusive and diverse community that is open to all who have the potential to benefit from membership of it, and which ensures equality of opportunity for all its members. We expect all our campus communities, employees, workers, contractors, students, invitees and visitors to be treated, and to treat others, with dignity and respect. We have a zero-tolerance approach to discrimination, harassment and bullying. Zero tolerance means that (i) we will take action and (ii) the action will be proportionate to the circumstances of the case.

We are committed to meeting our obligations under the Equality Act 2010, which requires the University show no discrimination as required by law on account of age, disability, gender reassignment⁵, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation. The University will always act lawfully and this may include taking action to support people with particular protected characteristics, including disability and sex. In addition to its obligations under the EA, the University shall adopt policies, practices, and procedures that define expected standards of behaviour and specify any additional characteristics, beyond those required by law, to which protection is provided, for example, in relation to political belief, social background and refugee status.

For the purposes of this Policy Statement the term 'trans' is an umbrella term to describe people whose gender is not the same as, or does not sit comfortably with, the sex they were assigned at birth. The term 'non-binary' is an umbrella term for people whose gender identity does not sit comfortably with 'woman' or 'man'. Non-binary identities are varied and can include people who identify with some aspects of binary identities, while others reject them entirely.

Alcohol and Drugs

- The University is committed to supporting the safe and sensible use of alcohol and to the provision of clear information on alcohol, drugs and substance misuse. If you breach this Code because you were under the influence of alcohol or drugs, you will not normally be able to use this as an excuse for your behaviour. Advice and support is available.

⁵ The University's policies, practices and procedures specifically extend to all gender identities including trans, non-binary and gender non-conforming people.

Initiation Ceremonies

- The University of Essex is committed to supporting the safe and sensible use of sports clubs and societies but opposes the use of initiation ceremonies. An initiation ceremony is defined as a ceremony during which others are made to take part in demeaning activities to gain formal access to any sports clubs, societies or any student groups, or for the awarding of an emblem or other status associated with that club, e.g. a tie, trophy or club / society / executive committee.
- In circumstances where an incident is reported of any student who is involved in an initiation ceremony and/or the planning and preparation of an initiation ceremony and/or who participates in the improper coercion or manipulation of students during a ceremony, the University will take action in accordance with this Code, and the action will be proportionate to the circumstances of the case.

Fitness to Practise

- If you are registered on a course where a practical professional placement is required (including health, social work and education) you have additional responsibilities for your professional suitability as outlined in relevant regulatory and/or professional body codes of practice. Failure to meet these responsibilities can lead to your referral under the Fitness to Practise Procedure (.pdf). You will be notified on registration if your course is covered by this procedure.

Behaviour of guests

As a member of the University you take responsibility for the conduct of your guests and for any excessive noise or damage caused by them while they are on the University site. If you live in University owned or administered accommodation you are responsible for the conduct of your guests and any permitted occupier and for any damage caused by them while they are on the University site.

- 2.4. Guests may be invited only in accordance with the rules and regulations of the University. You are not permitted to invite as your guest any person who has been excluded by the Registrar and Secretary from any University site.

3.Support

- 3.1. You have the right to receive the support and advice of the University's and Students' Union's support services at all stages of the procedures described in this Code (whether an allegation has been made against you, or you have reported an allegation, or are a witness). This includes the Student Wellbeing and Inclusivity Service, SU Advice and, for students living in University accommodation, Residence Life.

Students' Union (SU) Advice

- 3.2. SU Advice is a confidential, independent and impartial service that is not part of the University. The service is for all students who are involved in the procedures described in this Code, whether you are the complainant, the reported student, or a witness. It will provide a named advisor who will meet with you and support and guide you throughout the process, and can help you prepare for meetings with the Conduct Investigator and/or with the Conduct Committee and/or Conduct Review Panel, and attend with you if you choose. They will also provide you with advice and support following the conclusion of a case, including, where applicable, information about whether you may have grounds for appeal, and support relating to any ongoing impact of any penalty imposed. They will aim to ensure that procedures are followed and that all students involved are given a fair opportunity to present their case.
- 3.3. At the point at which the Conduct Investigator initiates an investigation, they will provide the name and email address of the student(s) involved in the investigation to SU Advice who will make contact. No details of the case will be shared. You are strongly encouraged to respond to this initial contact and make use of this service at all stages of the process.

Student wellbeing and inclusivity service

- 3.4. All students involved in procedures under this Code can obtain confidential advice and assistance from the Student Wellbeing and Inclusivity Service (SWIS). If you are involved in an allegation that falls under the University's Zero Tolerance Policy that may result in a breach of Regulations A2, A3, A4, A5, A6, A13 and A14, at the point at which the Conduct Investigator initiates an investigation, they will provide the name and email address of the student(s) involved in the investigation to a member of SWIS who will make contact with you. No details of the case will be shared. You are strongly encouraged to respond to this contact and make the most of this service at all stages of the process.

Residence Life

- 3.5. Residence Life is an accommodation-based service to help make sure you gain a positive experience from living and learning. There is a Residents' Assistant (RA) in each area of University accommodation and they operate outside of office hours when other University support services are closed. Your RA will usually be able to assist you; however, on some occasions they may need to refer the matter to Security, a Senior RA, or a Residence Life Co-ordinator.

4. Personal Data

Recording and storing your data

- 4.1. Conduct case files will be held by the Student Progress Team on a central database and will not be included in your centrally-held academic file. They will be destroyed by the Student Progress Team six academic years after the academic year in which the incident was dealt with (or latest incident if there is more than one). The conduct case file will include all evidence, including recordings of meeting, and correspondence related to the case. At the start of any meeting that forms part of an investigation or a conduct committee, you will be informed how information gathered at the meeting will be captured and held in the case file.

Confidentiality

- 4.2. This Code aims to protect the confidentiality of all students involved in procedures described in this Code at all stages. Information about you and the details of the case will not be shared routinely, or disclosed unnecessarily, beyond those directly involved in your case, and with clear roles and responsibilities as set out in this Code. Information will not be shared routinely with, for example, teaching staff, personal tutors, and departmental professional services teams. There are however circumstances where outcomes and relevant information will be shared where it is necessary to inform a decision, or as required by law.
- 4.3. Where information is shared within the University or with the Students' Union, it will only be shared with those individuals who are responsible for decision-making, and the level of detail that is shared will be limited to what is necessary or required. For example, there may be circumstances where the detail of the case needs to be shared but on an anonymous basis or that the names of some, or all, of the parties involved need to be shared but with minimal facts about the case. In all cases, extreme care will be taken over the disclosure of any sensitive or personal information and if you have any concerns or queries about how your information will be used, you should contact the [Student Progress Team](#). Examples of where the sharing of information within the University or with the Students' Union may be required include situations where:
- actions need to be taken by the University regarding the imposition of a temporary order, the management of any ongoing risks, or the implementation of any required actions;
 - the reported student is expecting to undertake a period of work-based learning in order that a decision about eligibility can be undertaken on an assessment of risk;
 - the reported student holds, or plans to hold, the post of Residents' Assistant or Senior Residents' Assistant in order that appropriate action may be taken in relation to suitability or eligibility;

- the reported student holds a role or position of responsibility for which suitability may be affected by the outcome of a case;
- the outcome of a case will have an impact on the reported student's continued engagement with Students' Union activities or attendance at Students' Union premises;
- the reported student is also a member of staff, in order that appropriate action may be taken in respect of the employment contract;
- the circumstances of the case need to be escalated as part of a serious incident protocol.

- 4.4. Information will only be shared with third party organisations, for example Essex Police, in circumstances where it is necessary to safeguard the health, safety and security of members of the University community, or in accordance with any information sharing agreement.
- 4.5. Anonymised data and case studies will be used by the University for the purposes of reviewing performance, identifying trends, identifying service improvements and procedural changes, and interventions that could support a reduction in misconduct. They will also be used in reports that will be shared with the University community to support greater understanding and transparency of the Code. When information is used for such purposes, care will be taken in how the information is presented to ensure that it is not possible, through the details of the case, to identify any individuals involved.
- 4.6. All students involved in a case are expected to respect the confidentiality of others who are involved in the case. If you are involved in a student conduct case, you must not share any information about other students involved in the case beyond those individuals with roles and responsibilities in the procedure, or with a professional support role. Improper sharing of information that is confidential could result in a breach of Regulation D12.

Essex Abroad

- 4.7. If you breach this Code and are following a programme of study that includes a compulsory study abroad component or you decide to undertake study abroad as an optional part of your course or as an international experience, the outcome of your case will be referred to Essex Abroad for consideration in accordance with the Procedure for managing eligibility for study abroad in cases of proven misconduct as set out in [Appendix 4](#).

Professional misconduct

- 4.8. If you break this Code and you are following a programme of study leading to a professional qualification which may be registered with a statutory and/or professional regulatory body, the outcome of your case will be referred to the relevant Department or School for consideration in

accordance with the *Fitness to Practise Procedure* (.pdf). Conduct which affects your professional suitability may be referred for consideration in accordance with other relevant procedures.

Monitoring and oversight

4.9. Individual outcomes are reviewed by the Senior Student Progress Manager for monitoring purposes. Anonymised data are reviewed termly by the Student Conduct Panel members to support learning and inform working practices. The Senior Student Progress Manager compiles reports drawing on anonymised data to provide regular assurance to Council and Senate about the effectiveness of the Code, and highlight any areas of concern and action that is being taken. To support the annual review of the Code, the Senior Student Progress Manager provides a more detailed annual report to Student Experience Committee, Education Committee, Senate, and Council. The annual report draws on aggregated data, which are used to inform any recommendations for change to the Code for implementation in the following academic year.

5.Roles and responsibilities

5.1. The roles and responsibilities involved in the operation of this Code are set out below:

Senior Student Progress Manager

The Senior Student Progress Manager is responsible for the processes that support the effective operation of the Code of Student Conduct. They work closely with Conduct Investigators and advise on individual cases as required. In liaison with the Conduct Investigators, Student Conduct Committee Chairs and Panel Members they compile assurance reports to Council, Senate, and its committees, in order to monitor and review practice, scrutinise data, analyse trends and make recommendations for service improvements and procedural changes. They review individual outcomes for monitoring purposes.

Student Progress team

The Student Progress Team coordinates all aspects of the administration and delivery of this Code across all University campuses. All matters related to Student Conduct should be addressed to the Student Progress Team in the first instance.

The Conduct Investigator

The role and functions of the Conduct Investigator are undertaken by appropriately trained individuals, appointed by the University. They have responsibility for investigating alleged breaches of this Code, including in University owned or administered accommodation, and have the power on behalf of Senate to impose a range of penalties. While each Conduct Investigator will take responsibility for their own individual cases, some cases may be referred or dealt with by more than one Conduct Investigator. More serious cases are referred to the Academic Registrar or nominee for consideration by a Student Conduct

Committee or Student Conduct Review Panel. The role of the Conduct Investigator in a Student Conduct Committee or Student Conduct Review Panel is to set out the allegations of misconduct.

Academic Registrar

The Academic Registrar or nominee:

- Considers referrals of serious breaches from the Conduct Investigator, determines whether a Student Conduct Committee or Student Conduct Review Panel should be convened, and approves, or appoints a nominee to approve, the Committee membership.
- Reviews cases once criminal proceedings are complete to decide what action should be taken in accordance with the Code, as set out in [Appendix 2](#);
- Determines whether a case should be suspended due to mental health, illness or disability and the appropriate Procedure to which proceedings will be subject when resumed.
- Determines whether temporary orders may need to be put in place, as set out in [Appendix 3](#).
- Considers all appeals in the first instance and directs the Student Progress Team to convene Student Conduct Committees of Appeal as appropriate. In cases of appeal, where the Academic Registrar has prior knowledge of a case, a nominee who has had no previous involvement will be appointed.
- Decides whether a case should be escalated to the Registrar and Secretary. Examples of where this may be appropriate include when a case is likely to exceed the timescales set out in this Code, or as part of a serious incident protocol, for example where there is a potential risk to the health, safety or security to members of the University community.

Registrar and Secretary

The Registrar and Secretary:

- Reviews any cases that are escalated by the Academic Registrar or nominee as part of a serious incident protocol, or due to the potential risk to the health, safety or security to members of the University community, and determines the correct course of action.
- Decides any adjustment to timescales for concluding a case where it is subject to a delay and as a result is likely to exceed the timescales published in the Code.
- Determines whether procedures that relate to an alleged breach of the Code that may also constitute a criminal offence should be suspended until criminal proceedings have been concluded, as set out in [Appendix 2](#).
- Reviews representations regarding decisions to impose temporary orders, as set out in [Appendix 3](#).
- Considers requests for internal review, following an appeal.

Pro-Vice-Chancellor (Education)

The Pro-Vice-Chancellor (Education) or nominee considers:

- Requests for a review of a temporary exclusion that has continued for at least 4 weeks.
- Cases following appeal that are referred by the Registrar and Secretary for internal review.

The Student Conduct Panel

The Student Conduct Panel comprises:

- **Student Conduct Committee Chairs.** These are members of senior University staff who are appointed by the University's Council, on recommendation of the Senate, and whose role is to consider serious cases of alleged student misconduct, and through their role as Chair, determine and communicate the outcome to all relevant parties. They will also review requests to call witnesses, requests for specific arrangements, and information about potential conflicts of interest, ensure that procedures are followed, that decisions are fair and consistent to all parties, and appropriate support is in place. They work with other panel members and the Senior Student Progress Manager to monitor and review practice, scrutinise data, analyse trends and make recommendations for service improvements and procedural changes.
- **Student Conduct Committee Members.** These are representatives from the University's staff and student community whose role is to serve on Student Conduct Committees, contribute to the decision to determine whether there has been a breach of University regulations and if so, what penalty should be imposed. They work with other panel members and the Senior Student Progress Manager to monitor and review practice, scrutinise data, analyse trends and make recommendations for service improvements and procedural changes.
- **Student Conduct Review Panel Members.** These are representatives from the University's staff community whose role is to serve on Student Conduct Review Panels, contribute to the decision to determine whether there has been a breach of University regulations and if so, what penalty should be imposed. They work with other panel members and the Senior Student Progress Manager to monitor and review practice, scrutinise data, analyse trends and make recommendations for service improvements and procedural changes.
- **The University will take steps to ensure that the Student Conduct Panel represents the diversity of the University community, including, but not limited to, gender identity, sexual orientation and ethnicity. All Panel members undertake mandatory training to support them with their role, and are expected to maintain their knowledge through practice and through their work with other panel members. Student Panel membership will normally be made up of current registered students, but former students may be appointed, with the approval of the Academic Registrar, where necessary to support the operation of the Code.**

Student Conduct Committee and Student Conduct Review Panel

A Student Conduct Committee consists of a Chair and two members of the Student Conduct Panel.

The members will comprise a member of staff and a current or recent student. Whilst every effort will be made to ensure there is a student member, in circumstances where no student member is available, the Committee may proceed with the Chair and one staff member. The Chair will have the casting vote.

A Student Conduct Review Panel consists of a Chair and one member of the Student Conduct Panel. The Chair will have the casting vote.

They will be selected to ensure, as far as possible, that the diversity within the student body is reflected in the composition of each Committee or Review Panel. Student Conduct Committees or Student Conduct Review Panels are convened when there is evidence of a major breach, as determined by the Academic Registrar.

Conduct Committee Secretary

The Conduct Committee or Review Panel Secretary is a member of University professional services staff who has expertise in the Code of Student Conduct and its operating procedures. Their role is to liaise with all parties involved in a Conduct Committee or Review Panel, ensuring that paperwork is prepared and distributed in a timely way, support the Chair during the meeting, to ensure that procedures are followed, and ensure that all parties understand and discharge their responsibilities once the meeting has concluded. All Conduct Secretaries undertake mandatory training to support them with their role

Senate

Senate is the University's supreme academic authority. It has responsibility for academic policy and strategy, degree regulation and awarding powers, academic regulation and student regulation including conduct. Senate delegates powers for imposing penalties in respect of the Code of Student Conduct to the Conduct Investigator, their nominee and the Student Conduct Committee or Student Conduct Review Panel.

5.2. Although it is intended that the named post holders will undertake these functions in the majority of cases, there may be special circumstances, including a conflict of interest, where these functions may be carried out by an appropriate nominee. In such cases, the nominee will have had any relevant training and be of appropriate seniority.

6.Principles

6.1. Each allegation is considered on a case-by-case basis on the facts and the evidence. There is a presumption of innocence until a case has been fully considered and concluded.

Standard of proof

- 6.2. The procedures set out in this Code are not a criminal process. The standard of proof applied is a 'balance of probabilities'. This means that when the evidence is reviewed, an objective assessment will be made to determine whether it is more likely than not that the alleged misconduct occurred.

Zero tolerance of harassment, bullying, and hate incidents

- 6.3. Any breach of Student Conduct Regulations [A2, A3, A4, A5, A6, A13 and A14](#) are considered to be serious and following investigation will be referred to the Academic Registrar or nominee for a decision on whether to convene a Student Conduct Committee or Student Conduct Review Panel.

Use of temporary orders

- 6.4. Any party involved in a case may be subject to a temporary order while an investigation is underway. A temporary order is not used as a penalty and is put in place under circumstances where it is considered to be in your best interests or when it is considered necessary to protect the interests of the University and the members of its community. More information on temporary orders is provided in [Appendix 3](#).

Criminal investigations and convictions

- 6.5. The University's conduct procedures are not intended to replace criminal proceedings and if the allegation you have made may also constitute an offence under criminal law, you are expected to report the matter to the Police. Where the allegation constitutes a breach of this Code, the University will initiate procedures to consider the allegation in accordance with the Code. Where this Code is initiated alongside criminal proceedings, it will be kept under regular review and may be suspended if there is a clear reason to do so. Further details are set out in [Appendix 2](#).
- 6.6. You are required to notify the Academic Registrar immediately by e-mailing the [Student Progress Team](#) if you receive a formal police caution or if you are convicted in a court of law for any relevant criminal offence irrespective of whether the allegation is also being considered under the Code of Student Conduct. Further guidance on what constitutes a relevant criminal offence can be found in [Appendix 7](#).

Representation and support

- 6.7. A primary aim of the Code is to ensure that all cases are handled in a supportive way. In allocating a Conduct Investigator, the University will take account of the particular circumstances of each individual case.

- 6.8. All students involved in procedures under this Code have the right to be accompanied by a fellow student, a member of staff or a representative of SU Advice or the Students' Union at any meetings conducted as part of this Code. Whoever accompanies you must not be involved in the case. As the Code of Student Conduct is not a criminal process, legal representatives are not permitted to be present at any stage of the conduct process.
- 6.9. Any student involved in the procedure under this Code who has a confirmed disability, specific learning difficulty, and/or mental health condition may be accompanied by a member of staff from the Student Wellbeing and Inclusivity Service. You may not bring anyone to a meeting who is not a member of the University unless this has been agreed as a reasonable adjustment under the Equality Act 2010. You will be offered reasonable adjustments to assist you in any meetings. Adjustments will be relevant to your disability and/or your specific learning disability and may involve additional external support. Your representative can speak on your behalf if you might otherwise be at a disadvantage. If you think you may need a reasonable adjustment, please contact the Student Progress Team at the earliest opportunity.

Mental health, illness or disability

- 6.10. If we are concerned that mental health, illness or disability may have had (or still has) an impact on your behaviour, alleged conduct or both, any proceedings against you may be suspended at any stage. The matter will then be considered by the Academic Registrar or nominee who will make a decision on whether the proceedings are resumed under either the Study and Wellbeing Intervention Policy and Procedure (.pdf), the Fitness to Practise Procedure (.pdf), this Code or any other procedure or policy as appropriate.
- 6.11. In cases where the Academic Registrar has determined that your mental health, illness or disability had or has an impact on your behaviour, they may also consider whether you are currently fit to engage in a conduct investigation and whether sufficient measures to safeguard and support you are in place to facilitate this. In cases where there is risk to you, others or University property posed by your mental health, illness or disability, conduct cases may be suspended on those grounds until sufficient measures to safeguard and support you are in place, at which point an investigation could resume. In some circumstances, this may include concurrent proceedings under both the Code and *Study and Wellbeing Intervention Policy and Procedure*. For example, in cases where:
- delaying conduct proceedings may cause disproportionate distress
 - delaying conduct proceedings would cause risk to the safety and wellbeing of yourself others or University property
 - the students involved are fit to engage in conduct proceedings, with adequate support in place, so as to prevent delay in providing a timely outcome for all involved

- In all cases, mitigating factors are considered as part of the outcome of a case

Conflict of interest

- 6.12. The University will take measures to minimise any risk of conflict of interest in order that the individuals involved in investigating and/or making decisions about your case will be able to operate impartially and without self-interest or prejudice.
- 6.13. When arranging a Student Conduct Committee, Student Conduct Review Panel or a Committee of Appeal, the Student Progress Team will take appropriate measures to minimise the risk of a possible conflict of interest. This will include ensuring that Student Conduct Panel members are drawn from a department or school which is different from yours and that they do not already know you. You should notify the Student Progress Team immediately should you become aware of a potential conflict of interest.

Withdrawing an allegation

- 6.14. If you make an allegation which you subsequently decide to withdraw, we will meet you to discuss the circumstances surrounding your decision. The University may decide to continue with its investigations using the procedures in this Code, or to refer the matter to the Police if it is necessary to uphold the health, safety and security of members of the University community. In all circumstances, you will continue to have the right to receive the support and advice of the University's support services.

Communication

- 6.15. During an investigation, the Conduct Investigator will keep those involved regularly informed of progress in relation to the case. The frequency and nature of the communication will depend on the circumstances of the case and your role in it. You should contact the Student Progress Team if you have any questions about the status of your case.
- 6.16. The complainant will be notified when the case has concluded, what information was considered, informed whether the case was substantiated and advised of any relevant penalties where possible. You will also be informed of your right to appeal. Due to the rules around confidentiality further information cannot always be provided but may be shared on a case-by-case basis in accordance with our Data Protection responsibilities.
- 6.17. If an allegation is made against you, you will be notified of the outcome, the rationale for the decision and where applicable any potential consequences of a penalty being applied. You will have the opportunity to seek clarification from the Conduct Investigator if you are unclear about any aspect of the outcome, but this would not alter the decision. You will be informed of your right to appeal.

Timescales

6.18. The University will aim to complete the conduct proceedings as quickly as possible and not take longer than 40 working days from the date that the reported student is informed. The University will aim to complete the appeal proceedings within 20 working days from receipt of your appeal form and supporting evidence.

While every effort will be made to comply with the timescales set out above, occasionally there will be circumstances when, for good reason, the University will need to extend the timeframe, particularly for serious and complex investigations. Where this is the case, the student will be notified and kept regularly informed of progress.

6.19. In exceptional circumstances, where a case needs to extend beyond these timescales, the Academic Registrar will contact the Registrar and Secretary to provide an explanation for the delay and to seek approval for a new timeframe. You will be notified and regularly kept informed of progress. Extending a case beyond these timescales shall not invalidate the outcome of the conduct proceedings and it shall not imply any right of appeal.

6.20. In circumstances where the Registrar and Secretary has approved the suspension of the conduct proceedings, for example, where the alleged breach may also constitute an offence under criminal law and the continuation of the conduct proceedings would prejudice any criminal proceedings, the impact on timescales will be kept under review, and you will be kept informed. Further information is in [Appendix 2](#).

6.21. In order to meet these timescales and ensure sufficient time is allocated to the investigation and decision-making process, it is important that all students involved in the case attend all meetings, and meet all deadlines set. If you are unable to attend, you must inform the [Student Progress Team](#) immediately and agree an alternative.

6.22. It is important that you attend any meetings that are arranged as part of your conduct case, including when they clash with a teaching event or other University commitment. Through avoiding delays, such as the rescheduling of meetings, the University hopes to minimise the impact of the case on the students involved. Some cases may involve students who are subject to a temporary exclusion order at a stage where no decision on the case has been reached. It is particularly important that these cases are able to be resolved at the earliest opportunity.

7. Student Conduct Procedures

Reporting allegations

7.1. To report a breach of the Code of Student Conduct you should complete an [incident report form](#) and send it with your evidence to the [Student Progress Team](#). The form will be passed to a

Conduct Investigator for review. The Student Progress Team will acknowledge receipt of your form within five working days. All allegations are considered seriously and action will always be taken where it is possible to do so.

- 7.2. Unless a case is defined as serious in the Code, those reporting a student to the conduct team will be required to demonstrate how they have attempted to resolve the issue informally. All reports about behaviour defined as serious within the Code will proceed straight to allocation to an investigator.

If attempts to address the issue informally have not been successful, the report may be escalated to the Conduct team. The complainant should demonstrate that:

- the incident was a breach of the Code
- that they have evidence supporting their complaint
- that they have attempted to resolve the issue informally

Once you have made a report, a member of the team will review your report and assess whether your case meets the threshold for consideration under the Code and communicate to you the outcome of this assessment. Once a report has been assessed to have met this threshold, you will be kept updated while your case is awaiting allocation to a Conduct Investigator.

- 7.3. The Conduct Investigator may decide to issue an informal warning; use the Early Resolution Procedure; or carry out a formal investigation.

Informal warning

- 7.4. If an allegation has been made against you and (a) you do not have any previous proven cases of misconduct or have cases of misconduct unrelated to the current allegation, and (b) the case is not judged to be severe enough to merit a penalty, the Conduct Investigator may issue you with an informal warning. This has the advantage of resolving the case as quickly as possible. The use of informal warnings is limited to certain types of minor breaches (such as a breach of tapping in to show attendance at a lecture but not staying) and a record is kept. Informal warnings will not normally be used where there are repeated examples of minor misconduct.

Early resolution

- 7.5. If an allegation has been made against you and you do not have any previous proven cases of serious misconduct or have previous proven minor cases of misconduct unrelated to the current allegation, you may be offered the opportunity to resolve the matter without the need for a meeting. This is called Early Resolution and can be used where the case is minor and straightforward and you intend to admit the breach.

- 7.6. If you are eligible for Early Resolution the Conduct Investigator will write to you and tell you about the reported allegation. You will be asked to complete a form describing your version of events, providing evidence or explanation for your actions, and confirming whether or not you admit to the breach. In order to be eligible for consideration under the Early Resolution procedure, you will need to return the form within seven working days of the date of the e-mail.
- 7.7. If you accept the allegation, the Conduct Investigator will take into account all the information you have provided when determining the penalty or penalties to impose. No further investigation will be undertaken.
- 7.8. You will be notified in writing of the outcome of the Conduct Investigator's decision within seven working days of receipt of your form and advised of the procedure for submitting an appeal.
- 7.9. If you deny the allegation or fail to return the form by the deadline, an investigation will be conducted in accordance with the procedures set out in this Code.

Formal investigation

- 7.10. If the Conduct Investigator decides to carry out a formal investigation they will normally arrange a series of formal individual meetings to discuss the allegation with the person or persons who made the allegation and anyone else who was involved. If the alleged breach also involves criminal proceedings, this may affect the University's internal procedures. Further details are set out in [Appendix 2](#). If the allegation involves other students they may be investigated at the same time.

Allegations about students who are also a member of staff

- 7.11. If the allegation involves a student who is also a member of staff, the Student Progress Team will notify the Director of People and Culture, as soon as the allegation is received, who will advise the Student Progress Team that either:
- The nature and content of the allegation indicates that the member of staff should be investigated in accordance with the Disciplinary Procedures for Staff, in which case any investigation into their conduct as a student, in accordance with this Code, will be suspended until the Disciplinary Procedures have been completed.
 - The nature and content of the allegation does not give reason to initiate Disciplinary Procedures for Staff, or that the Disciplinary procedures have previously been completed in relation to the allegation. As such, the investigation will proceed as outlined in this Code.
- 7.12. A Conduct Investigator will not have the authority to call into question a decision previously taken under the University's Disciplinary Procedures for Staff but will be able to take into account the findings of the Disciplinary Procedures and consider this as part of their investigation.

- 7.13. If the Disciplinary Procedure for Staff is initiated, People and Culture will keep the complainant, reported student and the Student Progress Team updated on progress of the disciplinary proceedings.
- 7.14. Should an investigation in accordance with this Code establish new evidence or information that may relate to staff conduct that has not previously been considered, then the Conduct Investigator should notify People and Culture immediately and the conduct investigation will be suspended until further advice has been taken.

Attendance at a meeting with the Conduct Investigator

- 7.15. You must attend a meeting when asked to do so. It takes priority over all other term-time commitments and is critical to enabling cases to be concluded within published timescales. In arranging meetings, the Conduct Investigator will take into account periods of time when your availability may be limited and you should contact the [Student Progress Team](#) immediately if you are unable to attend.
- 7.16. If you do not agree an alternative time in advance or fail to attend meetings and/or engage with these procedures, the Conduct Investigator will proceed without you. This can include imposing a suitable penalty or referring the matter to the Academic Registrar or nominee for consideration by a Student Conduct Committee. A decision on whether to proceed will be made based on the circumstances of the case, ensuring the safety of members of the University community, and the interests of all parties involved.

Procedure for dealing with minor breaches

- 7.17. On completion of the investigation, the Conduct Investigator may decide there is:
- a) Insufficient evidence so no further action will be taken.
 - b) Evidence of a minor breach resulting in a penalty imposed by the Conduct Investigator.
 - c) Evidence to suggest that a breach of Student Conduct Regulations A2, A3, A4, A5, A6, A13 or A14 has occurred resulting in a referral to the Academic Registrar or nominee.
 - d) Evidence to suggest that a serious breach has occurred resulting in a referral to the Academic Registrar or nominee.

Penalties available to the Conduct Investigator

- 7.18. For a minor breach the Conduct Investigator may impose one or more of the following penalties for each breach:
- a) A formal written warning.

- b) A requirement that you should apologise in writing, make compensation in some way, or both, to everyone affected by your breach of the regulations.
- c) Confiscation without compensation of any item in your possession which is not allowed on University premises by the rules and regulations, or by the terms and conditions of your accommodation contract.
- d) A requirement to have no contact, or restricted contact, with a named person or persons.
- e) Imposition of a fine. The Conduct Investigator may fine you up to £250. The only exception is in relation to behaviour which is likely to cause injury or impair safety on University premises where the Conduct Investigator may fine you up to £500.
- f) Requirement to pay the whole cost or part of the cost of repairing or replacing any property that has been damaged or stolen.
- g) Requirement to attend a specified workshop and to pay a reasonable cost for doing so. The payment is non-refundable.
- h) Requirement to move to alternative University accommodation.
- i) Recommendation to Accommodation Essex to be refused University accommodation in the future.
- j) Recommendation to the Registrar and Secretary for exclusion from the whole or any specified part or parts of the University for a defined period. When excluded from occupancy of residential accommodation you will be served a Notice to Terminate giving you 28 days' notice to vacate your room.
- k) Any other action specified by the Conduct Investigator that they think is appropriate. The action will be proportionate to the severity of the breach.

7.19. The penalty or penalties imposed will be determined by the facts of the case, similar previous cases, any aggravating and mitigating factors, and your conduct record. Penalties will not last beyond your programme of study. The Conduct Investigator may decide to suspend any penalty or a part of it on any reasonable terms they decide.

7.20. Sometimes it may not be possible to identify who was responsible for a breach of the regulations in a communal area of residential accommodation, even after an investigation. If so, the Conduct Investigator may decide that it is appropriate to impose a penalty on all the registered occupants of the accommodation in question.

7.21. The reported student and complainant will be informed in writing of the outcome the Conduct Investigator's investigation and their decision. The reported student will be informed of any penalty

and the complainant will be informed of any penalty which has a direct impact on them. They will also be informed of the procedure for submitting an appeal.

8.Procedure for dealing with serious breaches

- 8.1. If the Conduct Investigator determines that the case is serious, it will be referred to the Academic Registrar or nominee.
- 8.2. If you have breached the Code previously your case may be referred to the Academic Registrar or nominee.
- 8.3. The reported student and complainant will be notified of the referral and the allegations made in writing, told why the referral has been made, and advised of the next steps.
- 8.4. On receiving a referral from the Conduct Investigator, the Academic Registrar or nominee will consider the allegations. They may decide there is:
 - a) Insufficient evidence so no further action will be taken; or
 - b) Evidence of a minor breach, resulting in a referral back to the Conduct Investigator to impose a penalty or penalties; or
 - c) Evidence to suggest that a major breach may have occurred resulting in a referral to a Student Conduct Committee or Conduct Review Panel.

Convening a Student Conduct Review Panel

- 8.5. The Student Progress Team will tell both the reported student and complainant in writing when the case has been referred to a Student Conduct Review Panel and the reason for the referral.
- 8.6. To enable the meeting to happen in a timely way, the reported student is required to respond within five working days of the date of the email to confirm:
 - a) Whether or not you intend to attend to make representations in person. You are not normally required to attend the meeting, but you may wish to do so.
 - b) Whether or not you admit to the breach or breaches
 - c) Whether you will be submitting any additional representations in writing (these should be included)
 - d) Whether or not you have any objection to any of the members of the Review Panel. Your grounds for any objection must be clearly stated. The Academic Registrar or nominee will decide whether or not your objection is valid and their decision will be communicated to you in writing along with the reasons

- 8.7. If you are unable to meet this deadline, please contact the Student Progress Team at the earliest opportunity. If the reported student and one or more other students are involved in related misconduct, the Academic Registrar or nominee may decide that the cases should be considered together by the same review panel.
- 8.8. Representations for consideration by the Review Panel must be sent to the Student Progress Team at least five working days in advance of the Review Panel. The Chair of the Review Panel has the power to determine whether any representations appear irrelevant or unduly repetitive and can determine that this should not be accepted. Representations received after this deadline will only be accepted at the discretion of the Chair.

During the meeting of the Conduct Review Panel, members of the panel will review the evidence submitted by the Conduct Investigator. They will also review the representations submitted by the reported student or complainant. This will not normally include new information that has not been previously provided to your investigator, unless there is good reason why you did not do so. The panel members will review the information provided and make a determination on the outcome of the case.

This will be communicated to you in writing and you will be informed of your right to appeal.

Penalties available to a Student Conduct Review Panel

- 8.9. A Student Conduct Review Panel has the power, on behalf of the Senate, to impose one or more of the following penalties for each breach:
- a) A formal written warning
 - b) A requirement that you should apologise in writing, make compensation in some way, or both, to everyone affected by your breach of the regulations
 - c) Confiscation without compensation of any item in your possession which is not allowed on University premises by the rules and regulations, or by the terms and conditions of your accommodation contract
 - d) A requirement to have no contact, or restricted contact, with a named person or persons.
 - e) Imposition of a fine
 - f) Requirement to pay the whole cost or part of the cost of repairing or replacing any property that has been damaged or stolen
 - g) Requirement to attend a specified workshop and to pay a reasonable cost for doing so. The payment is non-refundable

- h) Requirement to move to alternative University accommodation
- i) Recommendation to Accommodation Essex to be refused University accommodation in the future
- j) Exclusion from the whole or any specified part or parts of the University for a defined period. When excluded from occupancy of residential accommodation you will be served a Notice to Terminate giving you 28 days' notice to vacate your room
- k) Recommendation to a Student Conduct Committee that you receive expulsion from membership of the University
- l) Any other action specified by the Student Conduct Review Panel that they think is appropriate. The action will be proportionate to the severity of the breach

Convening a Student Conduct Committee

- 8.5. The Student Progress Team will tell both the reported student and complainant in writing when the case has been referred to a Student Conduct Committee and the reason for the referral. You will be told about the details of the arrangements for the Committee meeting and what will happen at the meeting.
- 8.6. To enable the meeting to happen in a timely way, the reported student is required to respond within five working days of the date of the e-mail to confirm:
- a) Whether or not you admit to the breach or breaches;
 - b) Whether or not you will be attending the Committee meeting; and
 - c) Whether or not you have any objection to any of the members of the Committee. Your grounds for any objection must be clearly stated. The Academic Registrar or nominee will decide whether or not your objection is valid and their decision will be communicated to you in writing along with the reasons.
- 8.7. If you are unable to meet this deadline, please contact the [Student Progress Team](#) at the earliest opportunity.
- 8.8. If the reported student and one or more other students are involved in related misconduct, the Academic Registrar or nominee may decide that the cases should be considered together by the same Committee.

Attendance at Student Conduct Committees

- 8.9. The reported student and complainant must attend any meeting of a Student Conduct Committee when asked to do so. It takes priority over all term-time commitments and is critical to enabling cases to be concluded within published timescales. In arranging meetings, the Student Progress

Team will take into account periods of time when your availability may be limited. The Committee will proceed in your absence if you fail to respond to the notification you receive or if you fail to attend the meeting without good reason.

- 8.10. If you are the complainant or a witness called by the complainant, to ensure you feel able to be present at the Committee, you may request specific arrangements to be made, such as being located in a separate room to that of the reported student where you present your evidence by video link. If you think you may need such arrangements to be made, please contact the [Student Progress Team](#) at the earliest opportunity. All requests will be reviewed by the Committee Chair.

Evidence

- 8.11. Evidence presented to the Committee will normally be oral, but written evidence or electronic evidence may also be submitted.
- 8.12. The reported student, the complainant, and the Conduct Investigator each have a responsibility to arrange for their respective witnesses to give oral evidence or to submit any written statements.
- 8.13. Documentary evidence for consideration by the Committee, and/or the names of any witnesses or their written statements, along with how they are related to the case, must be sent to the [Student Progress Team](#) at least five working days in advance of the Committee. The Chair of the Committee has the power to determine whether any documentary evidence and/or witnesses or their statement appears irrelevant or unduly repetitive and can determine that this should not be accepted. Where evidence is accepted by the Chair it will be circulated in advance to the Committee members, reported student and complainant. Documentary evidence and/or witnesses received after this deadline will only be accepted at the discretion of the Chair of the Committee.
- 8.14. During the Committee, the Chair will facilitate all questions. A witness who is not available for questioning may submit written evidence only but where there is no opportunity for questioning by the Committee, such evidence is likely to be deemed less valuable. The Committee may choose to disregard evidence from witnesses who are not prepared to have their names revealed to the Committee.
- 8.15. Details of the proceedings of the Committee are provided in [Appendix 6](#).

Postponing a Student Conduct Committee

- 8.16. The Committee may postpone a case in any of the following circumstances:
- a) To enable the reported student, complainant, and/or their representative to be present.
 - b) To require a certain witness or witnesses to attend for questioning.
 - c) If a witness fails to attend.

- d) To enable the Committee to gather further evidence which is critical to the case.
- e) If it believes that its proceedings are being impeded by circumstances beyond its control.
- f) To allow time for the reported student and complainant, where relevant, to prepare a response to a potential alternative or additional outcome.

8.17. The Committee will meet to consider a postponed case as soon as possible and not later than 20 working days after the postponement. The case does not need to be concluded at the resumed meeting.

8.18. Where it is not possible for the same Committee members to attend the resumed meeting, the Academic Registrar or nominee may appoint a new Chair and new members. In circumstances where the Committee involves two or three changes in appointments, the Committee will start its proceedings again. If the Committee only involves one change in appointment, the meeting will continue from where it was postponed unless a request is made by the reported student or complainant to start its proceedings again.

8.19. The Student Conduct Committee will decide on the balance of probabilities whether the evidence supports a breach of regulations. If the evidence supports a breach of regulations the Student Conduct Committee may impose one or more penalties in respect of each breach. If there is insufficient evidence of a breach the case will be closed and no further action will be taken.

Alternative or additional outcome

8.20. The Committee will hear and carefully consider all of the evidence presented in the case. If the Committee determines that the evidence supports a breach of another conduct regulation, the Committee may find the reported student and anyone else involved to have breached that other regulation. The Committee may postpone consideration of the case to allow time for the reported student and complainant, where relevant, to prepare their response. The Committee may impose a penalty for that breach even though it was not included in the original list of charges in the Conduct Investigator's case against you.

8.21. The Student Conduct Committee may decide in circumstances where there has been insufficient evidence to make a finding and no penalty is imposed that it remains or becomes necessary for the safety, security and wellbeing of the members of the University to put a non-contact order in place between all parties involved in the case following the conclusion of the committee. You must comply with any such instructions issued to you. If you do not comply (without good reason), this will amount to a breach of Student Conduct Regulation D8.

Penalties available to a Student Conduct Committee

8.22. A Student Conduct Committee has the power, on behalf of the Senate, to impose one or more of the following penalties for each breach:

- a) A formal written warning.
- b) A requirement that you should apologise in writing, make compensation in some way, or both, to everyone affected by your breach of the regulations.
- c) Confiscation without compensation of any item in your possession which is not allowed on University premises by the rules and regulations, or by the terms and conditions of your accommodation contract.
- d) A requirement to have no contact, or restricted contact, with a named person or persons.
- e) Imposition of a fine.
- f) Requirement to pay the whole cost or part of the cost of repairing or replacing any property that has been damaged or stolen.
- g) Requirement to attend a specified workshop and to pay a reasonable cost for doing so. The payment is non-refundable.
- h) Requirement to move to alternative University accommodation.
- i) Recommendation to Accommodation Essex to be refused University accommodation in the future.
- j) Exclusion from the whole or any specified part or parts of the University for a defined period. When excluded from occupancy of residential accommodation you will be served a Notice to Terminate giving you 28 days' notice to vacate your room.
- k) Expulsion from membership of the University.
- l) Any other action specified by the Student Conduct Committee that they think is appropriate. The action will be proportionate to the severity of the breach.

8.23. The penalty or penalties imposed will be determined by the facts of the case, similar previous cases, any aggravating and mitigating factors, and your conduct record. Penalties will not last beyond your programme of study, except in the case of expulsion or in circumstances where an exclusion is put in place in accordance with Paragraph 7.15 of the [*General Regulations*](#). The Committee may decide to suspend any penalty or a part of it on any reasonable terms decided by the Committee.

Formal notification

8.24. The reported student and complainant will be informed separately by the Chair on the day of the Committee, and in writing, of the outcome and the Committee's decision. The reported student will be informed of any penalty and the complainant will be informed of any penalty which has a direct impact on them. Further information may be shared with the complainant on a case-by-case basis in accordance with our Data Protection responsibilities. The reported student and complainant will also be informed of the procedure for submitting an appeal.

9.Student Conduct Appeals Procedure

Grounds for appeal

9.1 If you reported an allegation, or an allegation was made against you, you have the right of appeal to the Academic Registrar or nominee against any finding, penalty or order of the Conduct Investigator, Student Conduct Review Panel or a Student Conduct Committee on one or more of the following grounds:

- a) There is new evidence, which for good reason was not previously available to the Conduct Investigator, Student Conduct Review Panel or the Student Conduct Committee, which might have materially affected the outcome
- b) The Conduct Investigator or Student Conduct Committee did not follow the procedures in this Code which disadvantaged your case
- c) There is evidence of prejudice and/or bias in the investigation and/or the decision making
- d) On the balance of probabilities, the facts of the case did not justify the decision reached
- e) The penalty imposed by the Conduct Investigator, Student Conduct Review Panel or Student Conduct Committee was disproportionate with regard to all the circumstances of the case, or not permitted under this Code

Written notice of appeal

9.2. You may appeal by completing an Appeal Form, setting out your grounds for appeal and sending it with all supporting evidence to the Student Progress Team. You are expected to do so within ten working days of the date on the letter containing the outcome of the conduct proceedings. If circumstances beyond your control prevent you from meeting the standard time limit and that unfair treatment would result from not extending the deadline, the Academic Registrar or nominee may use discretion to accept the appeal.

- 9.3. You are strongly encouraged to contact SU Advice for advice and guidance before completing the form.

Notification

- 9.4. You will be notified if the other party to a case has appealed and the grounds on which they have appealed. You will be kept informed of the progress of the appeal and whether the decision of the Conduct Investigator, Student Conduct Review Panel or Student Conduct Committee is amended.

Minor cases where the Conduct Investigator made the decision and imposed a penalty

- 9.5. Upon receipt of an appeal, the Academic Registrar or nominee will decide whether or not the grounds set out in the appeal form have met the published criteria. You will be informed of the Academic Registrar or nominee's decision, within ten working days from receipt of the appeal. If the appeal has not met the published criteria and is unsuccessful, the reported student and complainant will be notified of the reasons for this in writing in the form of a Completion of Procedures letter.
- 9.6. Where the Academic Registrar or nominee determines the grounds for appeal have met the published criteria they will refer the case to a Conduct Investigator with no prior involvement in your case for review.
- 9.7. Following review, the Conduct Investigator will make one or more of the following decisions:
- a) Cancel the original decision of the Conduct Investigator and any resulting penalties;
 - b) Confirm the original decision of the Conduct Investigator;
 - c) Confirm or amend a penalty, provided that the amendment is consistent with the powers of a Conduct Investigator. It should be noted that this means that penalties may be increased as well as decreased.
 - d) Refer the appeal to a Student Conduct Committee of Appeal.
- 9.8. The Academic Registrar or nominee has discretion to refer an appeal directly to a Student Conduct Committee of Appeal where the substance of the appeal is sufficiently serious and/or complex, in which case the procedure described below will apply.
- 9.9. The reported student and complainant will be informed of the outcome of the appeal within twenty working days of the receipt of the appeal.

Appeals against the outcome of a Student Conduct Committee or Student Conduct Review Panel

- 9.10. Upon receipt of your appeal, the Academic Registrar or nominee will decide whether or not the grounds set out in the appeal form have met the published criteria.
- 9.11. You will be informed of the Academic Registrar or nominee's decision, within ten working days from receipt of the appeal. If the appeal has not met the published criteria and is unsuccessful, the reported student and complainant will be notified in writing in the form of a Completion of Procedures letter.
- 9.12. On referring the case to a Student Conduct Committee of Appeal, the Academic Registrar or nominee will ask the Chair of the original Student Conduct Committee, Student Conduct Review Panel or the Conduct Investigator, against whose decision the appeal is made, for a Statement of Case. This will include details of the charge or charges on which the decision was made, a brief summary of the evidence and of the relevant findings, the decision, details of any penalty imposed, a brief comment on the reason for the findings, decision and penalty and any further information which the Conduct Investigator or Committee Chair concerned considers to be relevant.
- 9.13. Within five working days of the notification of the Academic Registrar or nominee's decision to refer the appeal to a Student Conduct Committee of Appeal, the Student Progress Team will send the reported student and complainant a copy of the Statement of Case, details of the arrangements for the Committee meeting and information about what will happen at the meeting.
- 9.14. The reported student and complainant will also be told the names of the members of the Student Conduct Committee of Appeal. You must respond within five working days of the date of the e-mail to say whether or not you have any objection to any of the Committee members. Your grounds for any objection must be clearly stated. The Academic Registrar or nominee will decide whether or not your objection is well founded and will explain their decision to you.

Withdrawing an appeal

- 9.15. You may withdraw an appeal at any point up until the outcome of the appeal is determined after which the outcome of the appeal will stand and replace the original decision. Should you wish to withdraw your appeal, please inform the Student Progress Team as soon as possible in writing.

Attendance at Student Conduct Committees of Appeal

- 9.16. If you have submitted an appeal you are required to attend any meeting of a Student Conduct Committee of Appeal. If you fail to do so your appeal will normally be automatically withdrawn.

Composition of a Student Conduct Committee of Appeal

9.17. A Student Conduct Committee of Appeal will consist of a Chair and two members of the Student Conduct Panel. They will be selected to ensure as far as possible that the diversity within the student body is reflected in the composition of each Committee. The members will comprise a member of staff and a current or recent student. In circumstances where no student member is available, the Committee may proceed with two staff members. The Chair will have the casting vote. No committee member will be from an earlier Student Conduct Committee which considered your case.

9.18. Details of the proceedings of a Committee of Appeal are set out in [Appendix 6](#).

Student Conduct Committee of Appeal Resolutions

9.19. A Student Conduct Committee of Appeal will make one or more of the following decisions:

- a) Cancel the decision of the Conduct Investigator, Student Conduct Review Panel or Student Conduct Committee and any resulting penalties;
- b) Confirm the decision of the Conduct Investigator, Student Conduct Review Panel or Student Conduct Committee;
- c) Confirm or amend a penalty, provided that the amendment is consistent with the powers of the Conduct Investigator, Student Conduct Review Panel or the Student Conduct Committee which made the original decision. It should be noted that this means that penalties may be increased as well as decreased.

9.20. The penalty or penalties imposed will be determined by the facts of the case, similar previous cases, any aggravating and mitigating factors, and your conduct record.

9.21. Penalties will not last beyond your programme of study, except in the case of expulsion, or in circumstances where an exclusion is put in place in accordance with the Paragraph 7.15 of the General Regulations. The Committee may decide to suspend any penalty or a part of it on any reasonable terms decided by the Committee.

9.22. The reported student and complainant will be informed separately by the Chair on the day of the Committee, and in writing, of the outcome and the Committee's decision. The reported student will be informed of any amendment to the penalty and the complainant will be informed of any amendment to the penalty which has a direct impact on them. They will also be informed of the procedure for requesting an internal review.

Internal review

9.23. Any request for review following the formal conclusion of the Student Conduct Committee of Appeal may be made on the grounds of procedural irregularity only, specifically that the Committee

departed from the prescribed procedures. If you wish to request a review against the outcome on the grounds of procedural irregularity, you should write to the Registrar and Secretary within ten working days of the date of the Student Conduct Committee of Appeal meeting and send it to the Student Progress Team. You must set out in detail the evidence to support your claim that there were procedural irregularities in the process. Should the Registrar and Secretary decide that you do not have a valid reason, your request will be unsuccessful and you will be sent a Completion of Procedures letter.

- 9.24. If there is evidence to support your request for review then the case will be reviewed by the Pro-Vice-Chancellor (Education) or nominee. If the Pro-Vice-Chancellor (Education) or nominee decides that there were procedural irregularities in the process then the case will be referred to a new Student Conduct Committee of Appeal. Should the Pro-Vice-Chancellor (Education) or nominee dismiss your request you will be sent a Completion of Procedures letter.

External review

- 9.25. The Office of the Independent Adjudicator for Higher Education (OIA) provides an independent scheme for the review of student complaints or appeals. When the University's internal procedures for dealing with complaints and appeals have been exhausted, the University will issue a Completion of Procedures letter. If you wish to avail yourself of the opportunity of an independent review by the OIA you must submit your application to the OIA within 12 months of the issue of the Completion of Procedures letter. Full details of the scheme are available on request and will be enclosed with the Completion of Procedures letter.

Code of Student Conduct

Appendix 1: Student Conduct Regulations

1. Below are the behaviours which shall be treated as a breach of the Student Conduct Regulations which may result in disciplinary action being taken. They are organised into following sections:
 - A Offences against People
 - B Offences relating to Health, Safety and Wellbeing
 - C Offences against the Environment
 - D Other Offences
2. Opposite each Conduct Regulation is an example of the type of penalty that may be imposed by the Conduct Investigator on a student found guilty of a **first breach** of that regulation. Please note that this is **illustrative only**. The University will consider all mitigating and aggravating factors when determining the appropriate penalty or penalties to be imposed in each case. Such factors include, but are not limited to, precedent in other similar cases, elements of discrimination, instances of previous misconduct by the same student, and mitigating circumstances. A full list of the penalties which may be imposed by the Conduct Investigator is set out in the Code of Student Conduct.
3. Penalties for a **second** breach of the regulations are likely to be more severe and may be referred to the Academic Registrar or nominee to determine whether to convene a Student Conduct Review Panel or Student Conduct Committee.
4. **Serious alleged breaches** of the regulations will be referred to the Academic Registrar or nominee to determine whether to convene a Student Conduct Review Panel or Student Conduct Committee irrespective of the number of previous breaches. Any breach of Student Conduct Regulations A2, A3, A4, A5, A6, A13 and A14 is considered to be serious.
5. It necessary to uphold the health, safety and security of members of the University, the University may decide to refer an alleged breach to the Police.

The Student Conduct Review Panel or Student Conduct Committee have a greater range of penalties. Opposite some of the Conduct Regulations is an example of the type of penalty imposed by a Student Conduct Review _Panel or Student Conduct Committee on a student found to have breached the regulations. A full list of the penalties which can be imposed by a Student Conduct Review Panel or Student Conduct Committee are also set out in the Code of Student Conduct.

Appendix 2: Criminal proceedings

1. If your alleged breach of the Code of Student Conduct may also constitute an offence under criminal law, this Appendix sets out how this affects the University's procedures.
2. The University will always initiate the conduct procedures at the earliest opportunity. Where the Code is initiated alongside criminal proceedings, it will be kept under regular review and may be suspended if there is a clear reason to do so. An example of when the procedure may be initiated and then suspended would include when the University's internal procedures risk prejudicing the criminal proceedings. When considering circumstances in which a suspension may be appropriate, the Student Progress Team will consult with the Police prior to making any recommendation to the Registrar and Secretary for decision.
3. Any decision to suspend proceedings under this Code will be kept under regular review to ensure that the period of any suspension is kept to a minimum. You will be notified if this is relevant to your case.
4. While criminal proceedings are on-going, you are obliged to keep the University informed of any progress or change in status regarding your case.
5. In circumstances where criminal proceedings have been concluded before the University procedures have been completed, the Academic Registrar or nominee will then decide what action to take. The action will include an assessment of the risk posed to the University community and take account of any caution, community resolution or penalty imposed by the criminal court. The Academic Registrar or nominee may:
 - Take no further action; or
 - Refer the matter to the Conduct Investigator to be dealt with according to this Code; or
 - Refer the matter to a Student Conduct Committee or Student Conduct Review Panel
6. If a court remands you in custody pending trial or sentence, or after conviction you are sentenced to prison and are absent from your studies for a period of fewer than twelve months, you will normally be required to intermit from your studies for this period. It is your responsibility to notify the Student Progress Team of the date of your release from custody. The matter will then be referred to a Student Conduct Committee or Student Conduct Review Panel. The Committee or Panel will decide whether the nature of your offence poses an on-going risk to the University community. It will also decide whether there are any outstanding matters of concern that have not been addressed by the criminal proceedings.
7. If you are remanded in custody pending trial or sentence, or after conviction you are sentenced to prison and are absent from your studies for a period of twelve months or more, you will be considered

to have withdrawn from the University. Nevertheless, you may apply for readmission to the University upon your release from custody.

Appendix 3: Temporary orders

1. This Appendix to the Code of Student Conduct sets out the circumstances and arrangements for temporary orders that may be imposed whilst an investigation is underway.

Temporary non-contact order

2. While an investigation is taking place or in circumstances where procedures are suspended until criminal proceedings have been concluded, the Conduct Investigator may decide that the reported student and/or the complainant and/or witness should have no contact or restricted contact with certain people. You must comply with any such instructions issued to you. If you do not comply (without good reason), this will amount to a breach of Student Conduct Regulation D8.
3. In cases where an incident has been reported but the complainant is not supportive of an investigation being carried out or further action being taken, a Conduct Investigator may decide that the reported student and/or the complainant and/or witness should have no contact or restricted contact with certain people. You must comply with any such instructions issued to you. If you do not comply (without good reason), this will amount to a breach of Student Conduct Regulation D8. The Conduct Investigator or Student Conduct Committee may decide in circumstances where there has been insufficient evidence to make a finding and no penalty is imposed that it remains or becomes necessary for the safety, security and wellbeing of the members of the University to put a non-contact order in place between all parties involved in the case. You must comply with any such instructions issued to you. If you do not comply (without good reason), this will amount to a breach of Student Conduct Regulation D8.

Temporary exclusion from University accommodation

4. If it is relevant to the case, the Conduct Investigator may decide that it is necessary for you to move to alternative University student accommodation immediately while the investigation continues. This decision will be taken where, following risk assessment, the Conduct Investigator considers that there is an immediate potential risk to the health, safety or wellbeing of those involved in the case and/or members of the University community.

Temporary exclusions from the University pending a conduct outcome or criminal trial

5. If an allegation has been made against you or you are subject to criminal proceedings, the Academic Registrar may, on the recommendation of the Conduct Investigator, exclude you from the University pending the outcome of the Code of Student Conduct procedures.

6. Temporary exclusion pending the outcome of the procedures is not used as a penalty. The power to exclude is designed to protect the interests of the University and the members of its community, including you. It will be used only where the Academic Registrar believes that it is in the best interests of you or any other member of the University community. The reasons for the decision will be recorded in writing and you will be notified of them. The decision will also be shared with other parties involved in your case, where this is appropriate, and with other members of the University or Students' Union, where this is required to manage ongoing risks.
7. Exclusion means that your attendance at, or access to, the University will be restricted on a selective basis as set out in the exclusion order. It may also mean that if you have any functions or duties as an officer or committee member in the University or Students' Union, you will not be able to carry them out. The exact details will be specified in writing to you.
8. The Academic Registrar may temporarily exclude you with immediate effect. If you have been temporarily excluded, you may make representations in person or in writing to the Registrar and Secretary. Any representations should relate to the terms of the temporary exclusion, not the substance of the case. You must do so within five working days of the date of the letter notifying you of the temporary exclusion or as soon as possible afterwards, provided there is good reason why you were prevented from meeting the deadline. If you attend in person you may take someone with you, either a fellow student or a University of Essex staff member or a representative from SU Advice.
9. A decision to exclude you temporarily will be kept under review by the Conduct Investigator. Any significant changes in the circumstances of your case will be reported to the Academic Registrar. If your disciplinary hearing or criminal proceedings are delayed and the exclusion has continued for at least four weeks, you may request a review of the decision by contacting the [Student Progress Team](#). A review will be conducted by the Pro-Vice-Chancellor (Education) and you will be given the opportunity to submit written representations and to make representations in person. Should the exclusion continue after the review, it will be reviewed every four weeks by the Conduct Investigator until a disciplinary hearing or criminal trial takes place. If things change in the interim or if you ask for it, an independent review will be carried out.
10. If you breach an order it will be regarded as a breach of Student Conduct Regulation D8. This may result in an immediate referral to a Student Conduct Committee which may issue an appropriate penalty according to its powers.

Appendix 4: Eligibility for study abroad in cases of proven misconduct

1. If you are registered on a course with study abroad, or wish to take a period of study abroad or an international experience whilst at the University of Essex, the Essex Abroad Team will work with you to facilitate this. However, if you breach a student conduct regulation, you may put a risk your eligibility to do so. This is because your misconduct may have an impact on the University's reputation, and affect your eligibility governed by the rules and regulations of the country and/or partner institution where you are intending to study.
2. This Appendix sets out the procedure that is followed if you are registered for a course with study abroad, or decide that you would like to undertake a period of study abroad or an international experience and have breached the Code of Student Conduct.
3. The outcome and any relevant information will be shared with Essex Abroad.
4. The Essex Abroad Manager (or nominee) will assess your case based on a risk assessment. If your case is straight-forward and has no impact on your study abroad choices, they will write to you to confirm that you remain eligible for study abroad and that no changes are required to current arrangements.
5. If your case is more complex and could have an impact on your study abroad choices, the Essex Abroad Manager (or nominee) will invite you to attend a meeting to discuss your case. Failure to attend such a meeting may result in the decision being made in your absence. Possible outcomes could be:
 - a. There is no impact on your study abroad choices and you continue to be eligible without making any changes;
 - b. You can continue to be eligible for study abroad but with some restrictions, such as country or choice of institution. You will be provided with details of the restrictions and offered advice on alternative options;
 - c. You are no longer eligible for study abroad.
6. You will receive written confirmation of the outcome of your case and advised on your right to appeal. If the outcome of your case has an impact on your programme of study, your department will also be notified.
7. All students will have a right to appeal on the following grounds:
 - That there is evidence now available, which for good reason was not previously available, which might have materially affected the outcome

- That the decision made was unreasonable with regard to all the circumstances of the case
- That there was a procedural irregularity in the operation of the procedure to consider continued eligibility for study abroad.

To initiate an appeal, you will need to complete an appeal form setting out concisely the grounds for appeal and sending it to the Essex Abroad Team within ten working days of the date of the outcome letter. The appeal will be considered by the Academic Registrar or nominee and their decision is final. Notification of the outcome of the appeal will be provided in 30 calendar days.

Appendix 5: Flowchart

Appendix 6: Order of proceedings

1. The order of proceedings for a Student Conduct Committee and Committee of Appeal will normally be as follows:
 - a. The Chair welcomes everyone present and sets out the purpose of the meeting.
 - b. The Conduct Investigator sets out the allegations of misconduct, summarising the information they have gathered and concluding that there may have been a breach of Conduct Regulations. The Chair facilitates any questions around points of clarification.
 - c. The complainant (where applicable) will make their statement and ask any witnesses to join the meeting. The Chair will facilitate any questions.
 - d. The reported student will make their statement and ask any witnesses to join the meeting. The Chair will facilitate any questions.
 - e. All present are given the opportunity to summarise their information.
 - f. The complainant (where applicable), reported student, and Conduct Investigator will then leave, and the Committee reaches its decision on whether there has been a breach of conduct regulations in private.
 - g. If the Committee find the case proven, the reported student and Conduct Investigator will be asked back into the room. The reported student will be invited to inform the Committee of any mitigation and the Conduct Investigator will outline if there have been any previous proven allegations of misconduct.
 - h. The Committee reaches its decision on which penalty or penalties to impose in private.
 - i. When the final outcome and any penalty (where applicable) has been determined, the Chair communicates the decision, in person, separately to the reported student and complainant.
2. The Committee Secretary will be present throughout the above proceedings.
3. Proceedings will be adapted to accommodate any approved alternative arrangements for the complainant and/or witnesses, such as being located in a separate room to present evidence by video link.

Academic Offences Procedures

1. Academic offences & general information

1.1. The University, the Students' Union and the University's Partner Institutions expect all students:

- to behave with honesty and integrity in relation to coursework, examinations and other assessed work;
- to be familiar and act in accordance with the conventions of academic writing including appropriate referencing of sources and acknowledgement of assistance;
- to show understanding of ethical considerations and be compliant with the relevant University Procedures.
- A student who does not comply with any of these requirements (either intentionally or by negligence) may be charged with having committed an academic offence.

1.2. The following are some examples of academic offences and do not constitute an exhaustive list:

- a) plagiarism, that is, using or copying the work of others (whether written, printed or in any other form) without proper acknowledgement in any assignment, examination or other assessed work;
- b) self-plagiarism, that is, using or copying one's own work that has previously been submitted for assessment, at the University or elsewhere, without proper acknowledgement in any assignment, examination or other assessed work, unless this is explicitly permitted;
- c) false authorship or contract cheating, that is the soliciting of a third party to provide written material that is then submitted for assessment presented as one's own original work;
- d) collusion, that is, submitting work produced collaboratively for individual assessment, unless this is explicitly permitted and acknowledged;
- e) falsifying data or evidence;
- f) unethical academic practice, for example conducting research without obtaining ethical approval from the University where such approval is required, or the unauthorised use of information that has been confidentially acquired;
- g) introducing, or attempting to introduce, any written, printed or electronically accessible information into an examination, other than material explicitly permitted in the instructions for that examination;
- h) copying, or attempting to copy, the work of another candidate in an examination;

- i) communicating, or attempting to communicate, with another person, other than an invigilator, during an examination;
 - j) accessing, or attempting to access, the assessment material (such as an examination paper) prior to it being published, except in cases where it is formally permitted by the University.
- 1.3. A student suspected of helping another student commit an academic offence may be investigated and dealt with in accordance with the University's Code of Student Conduct. Action may also be taken against maliciously false allegations of academic offences.
- 1.4. These procedures do not apply for assessment that is undertaken for formative purposes only.
- 1.5. These procedures do not apply to any student that is regarded as a visitor to the University of Essex (ie a student registered with a separate Higher Education Institute whose studies are not validated or formally assessed, entirely or in part, by the University of Essex). In such circumstances, the matter will be reported to the individual's home institution.
- 1.6. A report of the number of academic offence cases and appeals formally administered under these procedures at the University of Essex and its Partner Institutions will be submitted annually to Senate and appropriate sub-committees.

Support and guidance

- 1.7. Support and guidance is available to students studying at the University of Essex via the Student Services Hub, or independently from SU Advice. Students studying at a partner institution should seek support and guidance from their education provider.
- 1.8. Students may request reasonable adjustments to these procedures in line with the rights that students retain under the Equality Act 2010. Requests will be considered individually, and students will be notified of the adjustments that have been agreed to in writing and at the earliest opportunity.

Definitions of terminology

- 1.9. An examination is to be defined as any assessment under controlled conditions.
- 1.10. A unit of assessment is to be defined as any element of a taught module which contributes to a final module mark.
- 1.11 A postgraduate taught dissertation is extended to include any equivalent assessment, as confirmed in the Credit Framework for Taught Postgraduate Courses. 2. Investigating an Academic Offence

2.Reporting an academic offence

- 2.1. Departments and Partner Institutions may initiate the Academic Offences Procedures at any point that the integrity of a student's work is called into question, including when a concern is raised by (but not limited to):
- The individual(s) marking a student's submission for assessment;
 - an external examiner in reviewing a student's submission for assessment;
 - the invigilator(s) of a formal examination;
 - a student or non-member of the University;
 - a plagiarism checking tool.
- 2.2. Any students or non-members of the University wishing to raise a concern about a suspected academic offence(s) should submit their concerns to the relevant Department, Partner Institution or the Student Progress Team. A named record will likely be kept of the concern being raised and may be submitted as evidence. Anonymous allegations will not normally be acted upon.

Investigating an academic offence

- 2.3. All Academic Offence allegations are subject to formal investigations that are conducted by approved Adjudicators and Academic Offence Committees who are required to follow these procedures. Adjudicators are approved on behalf of Senate by the Executive Dean (or Deputy) of the appropriate Faculty or the Dean of Partnerships (or Deputy), and are required to attend a briefing on the Academic Offences Procedures before they can undertake this role. The type of Adjudicator that will consider the case will depend on the severity of the allegation, and the range of penalties that are available to the Adjudicator.
- 2.4. Adjudicators may not investigate any allegations which they are directly involved in the teaching, assessment or supervision of. In such cases, the matter should be referred to an alternative Adjudicator within the Department, School or Partner Institution. A student may submit a request that a case is escalated to a Faculty Adjudicator or Academic Offences Committee prior to any investigative meeting taking place.
- 2.5. Departmental Adjudicators are responsible for the initial investigation of all alleged academic offences within the Department, School or Partner Institution, except for allegations relating to formal examinations or postgraduate research students. Departmental Adjudicators are able to apply a fixed range of penalties for undergraduate and postgraduate taught students, as stated in Section 5 of these procedures, or refer the matter to a Faculty Adjudicator.
- 2.6. Faculty Adjudicators are responsible for considering cases that have been referred to the Faculty by the Departmental Adjudicator, cases relating to formal examinations and cases where the

student is completing a research degree. Faculty Adjudicators are able to apply a fixed range of penalties for all students, as stated in Section 5 and 6 of these procedures, or refer the matter to an Academic Offences Committee.

- 2.7. Academic Offences Committees are responsible for considering cases that have been referred by the Faculty Adjudicator and are able to apply the full range of penalties for all current and former students, as stated in Section 5 and 6 of these procedures.
- 2.8. Adjudicators and Academic Offences Committees are required to:
- a) provide written notification to the student that an allegation is being formally investigated, with confirmation of the unit of assessment or submission that is being investigated;
 - b) check for any previous academic offences before making a final decision;
 - c) consider whether the allegation is in breach of the Code of Student Conduct;
 - d) ensure that an appropriate record of how the concern was raised and how the allegation was investigated is kept;
 - e) provide each student an opportunity to respond to the allegation (see Section 3);
 - f) provide written confirmation to the student, the Department and the Student Progress Team of the decision made. The written confirmation will include a summary of the allegation, a summary of the student's response and the reasons for the decision, as well as a notification of the student's right of appeal;
 - g) notify the relevant offices and stakeholders within the University (and Partner Institution) of the final decision.
- 2.9. Where the alleged offence involves an alleged breach of the University's Code of Student Conduct, the Departmental Adjudicator must first consult with the Student Progress Team before proceeding with the investigation. The Student Progress Team will consider how best to proceed on a case by case basis and advise the Adjudicator accordingly.

Timeframes

- 2.10. Departmental Adjudicators will endeavour to complete their investigation within 20 working days of becoming aware of the allegation, whilst Faculty Adjudicators and Academic Offence Committees will endeavour to reach a final decision within 20 working days of receiving the referral. During this time, the student must meet any deadlines set. If a student enters a period of intermission, then the Academic Offence procedures will normally proceed within the standard timeframes, except in exceptional circumstances.
- 2.11. Occasionally there will be circumstances when, for good reason, the University will need to extend the timeframe. Where this is the case, the student will be notified and kept regularly

informed of progress. While every effort will be made to comply with the time limits set out above, if a time limit is exceeded, it shall not invalidate the outcome of the academic offence proceedings.

Gathering evidence

- 2.12. The University reserves the right to use plagiarism detection facilities and services in checking students' work for plagiarism.
- 2.13. Examples of suitable evidence include, but are not limited to, the use of plagiarism detection software, obtaining and annotating allegedly plagiarised material, inspecting material taken into an examination without authorisation, and reviewing the student's notes and drafts. Witness statements may be considered as evidence, but may be disregarded if the witness is not prepared to be named. For allegations relating to false authorship, contract cheating or plagiarism, the student may be questioned about the content of the assignment and their submission may be compared with work that they have previously submitted in order to establish the student as the author.
- 2.14. Academic Offences Committees and Adjudicators may approve witnesses to be in attendance at a meeting in exceptional cases only, and must provide a clear rationale for doing so when notifying the student. Witnesses will only be expected to provide a statement and answer any questions put to them by the Adjudicator, Committee or the student. The witness will not be permitted to direct any questions to the student directly.

Additional investigative responsibilities: Undergraduate and Postgraduate Taught students

- 2.15. The Departmental Adjudicator is responsible for the investigation of alleged academic offences relating to coursework submitted by any student undertaking a module in their department. Where a student is charged with committing an offence on a module which is not run by a Department, School or Centre, the Department responsible for the student's degree programme shall investigate the allegation.
- 2.16. All allegations relating to formal examinations will be referred directly to the Faculty Adjudicator and the Exam Invigilator(s) will normally be required to provide a report of the incident that is said to have occurred.
- 2.17. Adjudicators are restricted in the range of penalties available for allegations made against a postgraduate taught dissertation, as per Section 5 of the procedures.

Postgraduate Research students

- 2.18. Allegations of Academic Misconduct made against a Postgraduate Research Student will be investigated and considered in accordance with the Procedure for the Investigation of Allegations of Research Misconduct in Postgraduate Research.
- 2.19. For research students where the form of assessment is more akin to taught assessment (as determined by the Faculty Dean (Postgraduate)), the Faculty Dean may, as an initial action, apply instead the procedures applicable for Postgraduate Taught students under the Academic Offences Procedure (this Procedure), including the range of penalties that may be applied.

Additional investigative responsibilities: Postgraduate Certificate in Higher Education Practice

- 2.20. For allegations made against students studying towards a Postgraduate Certificate in Higher Education Practice, a Faculty Adjudicator will take on the investigative duties of the Departmental Adjudicator in conducting the initial investigation and adjudicating the case. The Adjudicator will be restricted to the penalties available to a Departmental Adjudicator as outlined in Section 5 of the procedures. Should the offence be deemed to be more serious, the matter should be referred directly to an Academic Offences Committee, for which an alternative Faculty Adjudicator will be appointed as Chair and the initial Faculty Adjudicator will take on the role of the Departmental Representative.

Additional procedural requirements: former students

- 2.21. Where an allegation is made against a person that is no longer a student of the University, University policies and procedures should be followed as if the individual were a student, including the range of penalties available. However, if the individual has received a validated award from the University, then the allegation should be referred directly to an Academic Offences Committee. The Pro-Vice Chancellor (Education) may also approve any amendments to the procedures that are deemed appropriate. In such circumstances, the individual must be informed of the amendments and the reasons why the amendments have been agreed to.
- 2.22. The former student will retain all rights afforded to students in these procedures, including due notification of the allegation, access to evidence and documentation, the right to representation by a member of the University or Students' Union and the right to appeal.
- 2.23. The Academic Offence Committee will make use of the standard range of penalties given in these procedures. Should a penalty be applied, the relevant Progress Procedures and/or Rules of Assessment will be followed in order to reconsider the award previously conferred. The Pro-Vice Chancellor (Education) must be consulted before rescinding an award.

- 2.24. Should an Academic Offences Committee or Board of Examiners provide the opportunity to resubmit work or undertake reassessment and the former student declines to do so, a mark of zero will be replace the mark previously awarded.

3.Right to reply

- 3.1. A student has the right to reply to any allegation and must be given the opportunity to meet with the relevant Adjudicator or Academic Offences Committee, before a final decision about the allegation is made.
- 3.2. For clarity, a penalty cannot be decided upon by an Adjudicator or Academic Offences Committee unless a meeting has been scheduled and due notice has been given, but cases may be referred to the Faculty or to an Academic Offences Committee without scheduling a meeting with the student.
- 3.3. In holding a meeting, the Adjudicator or Academic Offences Committee will normally:
- a) give the student notice of the meeting and access to any relevant evidence at least five working days in advance;
 - b) arrange the meeting at a time that does not clash with teaching events or examinations that the student is scheduled to attend;
 - c) not rearrange meetings if the above conditions have been met;
 - d) provide the student with a clear explanation of the allegation;
 - e) ensure the student is granted the opportunity to present their response to the allegation, including any extenuating circumstances.
- 3.4. Upon receiving notice of a meeting, the student may choose to:
- a) attend the meeting, and may be accompanied to the meeting by a fellow student, a member of staff, the Students' Union or a representative of SU Advice. Student attendance at meetings is strongly advised. The student may not normally bring anyone to the meeting that is not a member of the University unless this has been agreed as a reasonable adjustment under the Equality Act 2010;
 - b) submit a written statement and any evidence, instead of attending the meeting. All written statements should be provided ahead of the scheduled date and time of the meeting.
 - c) The case will be considered in the student's absence, if they fail to respond to the allegation and appropriate notice of the meeting was provided.
- 3.5. In responding to the allegation, the student will be asked to:
- a) confirm whether they admit or deny the allegation;

- b) notify the Adjudicator or Academic Offences Committee of any extenuating circumstances that may be relevant to the case;
 - c) Provide any evidence that is deemed relevant to the case.
- 3.6. In some instances, such as allegations relating to collusion or group submissions, it may be necessary and appropriate for the Adjudicator or Academic Offences Committee to see more than one student at a time.
- 3.7. If an allegation of an academic offence has been proven, the student will be invited to disclose any further cases which they wish to be taken into consideration as part of the same offence. Students are warned that all undisclosed offences which come to light will be treated as subsequent offences, potentially carrying heavier penalties.
- 3.8. All meetings conducted by Faculty Adjudicators and meetings of the Academic Offences Committee will be serviced by a Secretary, acting on behalf of the Academic Registrar. The Secretary of the Committee will notify the student in writing of the time and place in which the case will be heard. During the meeting, the Secretary will take notes, taking particular care to record the reasons for the decision and the deliberation concerning the imposition of any penalty and the alternatives from the set of possible penalties that were considered.

Academic Offences Committee

- 3.9. Academic Offences Committees shall consist of a Faculty Adjudicator in the chair, and two members of staff from outside of the student's department approved by the Executive Dean or their Deputy, and who have no connection with the case in question. If the Faculty Adjudicator has previously made a judgement relating to the allegation in question, then another Faculty Adjudicator must chair the Committee.
- 3.10. A representative of the Department in which the alleged offence has occurred (normally the Departmental Adjudicator) will attend the meeting of the Committee to set out evidence relating to the alleged offence. The Departmental Representative should not present any extenuating circumstances on behalf of the student unless they relate to the Department's procedures or teaching. The Departmental Representative is not a member of the Committee should not propose or comment on any penalty that might be imposed, and is not permitted to ask questions of the student during the meeting except through the Chair.
- 3.11. Only members of the Committee and the Secretary shall be present while the Committee is reaching a decision. The student is entitled to be present at all times that the Departmental Representative is in attendance at the meeting.
- 3.12. The order of proceedings for an Academic Offences Committee will normally be as follows:
- a) The members of the Committee have a preliminary discussion without the student, the student's representative or the Departmental Representative being present;

- b) The student, the student's representative and the Departmental Representative enter the room and the Chair introduces all those present;
- c) The Chair checks that the student has received details of the case and any supporting documentation;
- d) The Chair explains the order of proceedings to the student;
- e) The evidence relating to the alleged offence is then presented by the Departmental Representative, and members of the Committee, the student and the student's representative are invited to put questions to the Departmental Representative;
- f) The Chair then invites the student to put forward a case orally if they wish to do so including any extenuating circumstances or other mitigation, and members of the committee are invited to put questions to the student;
- g) The Chair invites the student's representative to put forward any additional statement;
- h) The Chair invites the student to make any final response;
- i) The student, the student's representative and the Departmental Representative are then asked to leave the room;
- j) The Committee then deliberates and comes to a decision as to whether an offence has been committed;
- k) The Committee then determines the appropriate penalty from the set of penalties available to it, clarifying the reasons for the choice of penalty;
- l) The student and the student's representative are then recalled to the room to be told the decision as to whether the alleged offence is confirmed and, if so, the penalty and the reasons why this is the appropriate penalty. The Departmental Representative may be present during this final stage.

3.13. The Committee may choose to adjourn in order to enable the student or the student's representative to be present, or where this is necessary to obtain further information. The Committee shall meet to consider an adjourned case at the earliest opportunity and the student should be kept informed of the progress of the case. If necessary, the Executive Dean, or the appropriate Faculty Dean of the relevant Faculty, may co-opt additional members to replace any member not able to attend the reconvened meeting, including a new chair. If there are two new members, the reconvened meeting shall proceed as a new hearing. If there is one new member, the student may request that the meeting proceed as a new hearing.

4.Determining an academic offence and applying a penalty

- 4.1. Adjudicators and Academic Offences Committee are expected to determine whether an academic offence has been proven, before deciding which penalty to apply. Where a professional body (or similar) may be concerned with the intentionality of the offence, a judgement has to be made as to whether the offence was intentional or not.
- 4.2. The standard of proof shall be based on the balance of probabilities and a student may be found guilty of an academic offence whether or not there has been any intention to deceive; that is, a judgement that negligence has occurred is sufficient to determine guilt.
- 4.3. Any allegation can be dismissed before or after a meeting with the student has been held. The Departmental Adjudicator may determine that no offence has been committed at any point of their investigation, but not after a case has been referred to the Faculty. The Faculty Adjudicator may determine that no offence has been committed at any point after a case has been referred to them by the Department, but not after the case has been referred to an Academic Offences Committee. In all cases where formal proceedings have begun, such a decision should be confirmed to the student in writing and noted on the student's record.
- 4.4. In determining an appropriate penalty, the Adjudicator or Academic Offences Committee will take the following into account:
 - a) the severity of the offence;
 - b) any previous offences and penalties;
 - c) the level of study (first year undergraduate, Masters, PhD etc) and the status of the taught module enrolment (ie core, compulsory or optional) or status of the submission towards a research degree;
 - d) any extenuating circumstances;
 - e) how co-operative the student has been with the investigation and procedures.
- 1.5. The Adjudicator or Academic Offences Committee should not take a student's array of marks into consideration when allocating a penalty.
- 1.6. When more than one offence is considered at the same time the offences will normally all be considered as a first offence if the student has not previously been found guilty of an academic offence. A subsequent offence may occur from the point at which a student is found guilty of a first offence.
- 1.7. If an academic offence is proven, the Adjudicator or Academic Offences Committee shall apply a penalty and may, in addition, require the student to complete an Academic Integrity Tutorial,

attendance at which will be considered compulsory. Attendance at an Academic Integrity Tutorial cannot replace a penalty. Failure to attend the Academic Integrity Tutorial will be noted should the student commit any subsequent offences and shall not be considered as a valid claim of mitigation, unless exceptional extenuating circumstances have prevented the student from attending.

5. Penalties for Undergraduate and Postgraduate Taught students

5.1. The following penalties may be applied by Departmental Adjudicators, Faculty Adjudicators and Academic Offences Committees:

- Penalty 1: A formal written warning only;
- Penalty 2: Resubmit unit of assessment with minor amendments only, as determined by the Adjudicator (such as correct referencing, paraphrasing or striking out), for an uncapped mark.
- Penalty 3: Resubmit unit of assessment with minor amendments only, as determined by the Adjudicator (such as correct referencing, paraphrasing or striking out) for a capped mark.
- Penalty 4: Mark of zero to be given for the unit of assessment, reassessment available to the Board of Examiners.

5.2. The following penalty may be applied by Faculty Adjudicators and Academic Offences Committees:

- Penalty 5: Mark of zero to be given for the unit of assessment, with no resubmission or reassessment permitted.

5.3. The following penalties may be applied by Academic Offences Committees only:

- Penalty 6: Mark of zero to be awarded for the module, with no resubmission or reassessment permitted;
- Penalty 7: No longer eligible for full award: Mark of zero to be awarded for the module with no resubmission or reassessment permitted and the student may complete currently enrolled credits for an exit award only but excluding an Ordinary Degree;
- Penalty 8: Required to withdraw immediately and no longer eligible for full award: A mark of zero to be awarded for the module no resubmission or reassessment permitted and the Examination Board to be invited to consider the student only for an exit award, but excluding an Ordinary Degree, on the basis of credits already achieved;

- Penalty 9: Required to withdraw immediately with no qualification awarded: A mark of zero to be awarded for the module no resubmission or reassessment permitted and the Examination Board to be invited to ratify credits that have already been achieved for recording purposes.

5.4 Departmental Adjudicators and Faculty Adjudicators may not apply Penalty 4 or Penalty 5 for offences that have occurred in a postgraduate taught dissertation.

6.Implications of an academic offence

6.1. An academic offence may lead to a student:

- being prevented from continuing their studies, either as a direct result of a penalty, or by the further application of the rules of assessment after a penalty has been applied;
- being prevented from studying abroad under the Study Abroad Scheme;
- being prevented from completing a work placement as part of their course;
- being prevented from receiving accreditation from a Professional Body;
- having their scholarship terminated by the Executive Dean (or their Deputy) of the relevant Faculty;
- being subject to the *Fitness to Practise Procedure* (applicable for students on a relevant course of study only);
- On each occasion, the student will be notified separately as part of the relevant process or procedure.

6.2. All information relating to suspected academic offences and their outcomes will be recorded on the academic offences database and in the student's file.

6.3. Academic Offences are not explicitly recorded on academic transcripts or the Higher Education Achievement Record. However details of an academic offence, such as the nature of the offence and the penalty applied, may be passed on to third parties as deemed appropriate, such as professional accreditors, placement providers, educational sponsors (including embassies) and organisations approved by the student in order to provide a professional or character reference.

6.4. Details of the allegation (including evidence presented by the student's Department) may be passed on to other University services if deemed appropriate, such as the Proctor, the Talent Development Centre or a Professional Suitability Group. On such occasions, students will be notified and informed of the reason why.

Academic offences and the Undergraduate and Postgraduate Taught rules of assessment

- 6.5. A Board of Examiners may not overturn any decision on a penalty given in relation to an academic offence by a Departmental Adjudicator, a Faculty Adjudicator or an Academic Offences Committee.
- a) If a student submits a claim of extenuating circumstances for the same module for which they have committed an academic offence, the Board of Examiners will have limited discretion on how to proceed and should act in accordance with the relevant guidance.
 - b) The mark for any individual unit of assessment that has had an academic offence penalty applied (including a mark of zero) must be used in the calculation of the overall module aggregate.
 - c) If a student would normally be able to complete reassessment prior to marks being ratified by the Board of Examiners (as a result of an approved variation to the Rules of Assessment), then a student with an academic offence may be offered reassessment before the Board of Examiners, if the penalty allows for it.
 - d) Where a student has a penalised mark for work as a result of an academic offence, the penalty will not be carried forward if the student repeats the module in full, including after a period of intermission. However, the record of the offence is kept on the student's record and the academic offences database and any further offences will be classified as subsequent offences.

Resubmitted work

- 6.6. Where a student is entitled to resubmit work in order to make minor amendments only following an academic offence:
- if the student does not take up the opportunity to resubmit the work by the given deadline, a mark of zero will be awarded for consideration by the Board of Examiners;
 - no other changes may be made to the original submission except for the minor amendments as determined by the Adjudicator. Any unauthorised changes made to the assignment will be treated as a subsequent offence;
 - if the student's resubmitted coursework has not fully resolved the Department's concerns regarding the academic offence, then the offending sections of the student's resubmitted coursework will be struck out and only the non-offending text of the student's assignment will be marked. Students are entitled to request an annotated copy of the assignment that has been submitted for marking.

7.Academic offence appeals

Submitting an appeal

- 7.1. Students studying at the University of Essex may appeal by completing an Appeal Form, setting out the grounds for appeal and sending it with all supporting evidence to the Student Progress Team at the University of Essex. Students must do so within 10 working days that the outcome of the Academic Offence proceedings was confirmed in writing.
- 7.2. Appeals received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee). For this to apply, the student must be able to show, to the satisfaction of the Academic Registrar (or nominee), that circumstances beyond the student's control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.

Grounds for appeal

- 7.3. Students have the right of appeal against any finding or penalty of the Departmental Adjudicator, Faculty Adjudicator or Academic Offences Committee (hereafter referred to as 'the Initial Adjudicator') on one or more of the following grounds:
- a) there is new evidence, which for good reason was not previously available to the Initial Adjudicator, which might have materially affected the outcome;
 - b) the Initial Adjudicator did not follow the Academic Offences Procedures which disadvantaged the student's case;
 - c) there is evidence of prejudice and/or bias during the procedures;
 - d) on the balance of probabilities, the facts of the case did not justify the decision that the student had committed an academic offence;
 - e) the penalty imposed by the Initial Adjudicator was unreasonable with regard to all the circumstances of the case.

Academic offence appeal procedures

- 7.4. The Academic Registrar (or nominee) will acknowledge receipt of the appeal within five working days.
- 7.5. The University will endeavour to complete the appeal proceedings within 20 working days from receipt of the appeal form and supporting evidence. During this time, the student must meet all deadlines set. Occasionally there will be circumstances when, for good reason, the University will need to extend the timeframe. Where this is the case, the student will be notified and kept regularly informed of progress.

7.6. On receipt of an Appeal, the Initial Adjudicator whose decision the appeal is made against is asked to write a Statement of the Case which shall include:

- the details of the charge(s) in respect of which the decision that was made;
- a brief summary of the evidence and of the relevant findings;
- the decision, including the details of any penalty imposed;
- a brief comment as to the reason for such findings, decision and penalty;
- any further information that may be deemed to be relevant.

Where the Initial Adjudicator was an Academic Offences Committee, the Chair of the Committee will normally provide the statement.

7.7. An Executive Dean or their deputy who has no previous involvement with the case (hereafter the Appointed Dean) will be appointed to deal with the appeal.

Duties of the appointed Dean

7.8. The Appointed Dean shall consider whether or not the request discloses a valid ground for an appeal. Where it is agreed that the appeal does have valid grounds, the case shall be referred to an Academic Offences Appeals Committee.

7.9. Should the Appointed Dean decide to dismiss the appeal, the student will be sent a Completion of Procedures Letter.

Academic Offences Appeal Committee

7.10. The Academic Offences Appeal Committee will have the same authority, and be composed in the same way, as an Academic Offences Committee (see Section 3) but will operate with the following differences:

- a) The Appointed Dean chairs the Academic Offences Appeal Committee.
- b) The Initial Adjudicator will normally attend the meeting of the Appeals Committee instead of the Departmental Representative, and, in regards to their role at the meeting, will be bound by the same requirements. The Initial Adjudicator is not a member of the committee. The Secretary shall be responsible for providing the Initial Adjudicator with the relevant documentation. Where the Initial Adjudicator is an Academic Offences Committee, a member of the Academic Offences Committee (normally the Chair) will normally undertake this role;
- c) Where a Committee has adjourned and it is necessary to co-opt additional members, these must be approved by the Appointed Dean or the Pro-Vice-Chancellor (Education);

- d) The student will not normally be given a further opportunity to disclose any further cases which they wish to be taken into consideration as part of the same offence.

7.11. An Academic Offences Appeal Committee shall have the power to:

- rescind a resolution of the Initial Adjudicator that the student has committed an offence and rescind all consequential penalties;
- confirm a resolution of the Initial Adjudicator that the student has committed an academic offence;
- confirm or amend (increasing or decreasing) the penalty allocated by the Initial Adjudicator, provided that any amendment is consistent with the powers of the original authority.

7.12. An Academic Offences Appeal Committee can only apply a more serious penalty where evidence or information is provided by the student as part of the appeal, or where new evidence is submitted by the Department or Initial Adjudicator at the request of the Appeals Committee that indicates that the offence is more severe.

7.13. The student may withdraw an appeal at any time before the meeting of the Committee.

Internal review

7.14. Any request for internal review following the formal conclusion of the Academic Offences Appeal Committee may be made on the grounds of procedural irregularity only, specifically that the Committee departed from the prescribed procedures. If the student wishes to request an internal review against the outcome on the grounds of procedural irregularity, they should write to the Student Progress Team within 10 working days of the date of the Academic Offences Appeal Committee meeting. The request must set out in detail the evidence to support their claim that there were procedural irregularities in the process.

7.15. Should the Pro-Vice-Chancellor (Education) (or nominee), decide that the request does not have valid grounds it will be dismissed and the student will be sent a Completion of Procedures letter.

7.16. If there is evidence to support the request then the case will be reviewed by the Pro-Vice-Chancellor (Education) (or nominee). If the Pro-Vice-Chancellor (Education) (or nominee), decides that there were procedural irregularities in the process then the case will be referred to a new Academic Offences Appeal Committee.

External review

7.17. The Office of the Independent Adjudicator for Higher Education (OIA) provides an independent scheme for the review of student complaints or appeals. When the University's internal

procedures for dealing with complaints and appeals have been completely exhausted, the University will issue a Completion of Procedures Letter.

7.18. Students will be issued with a Completion of Procedures letter when:

- a) The Appointed Dean has deemed the appeal to not have valid grounds;
- b) the Pro-Vice-Chancellor (Education) or their nominee has dismissed the request for Internal Review.

7.19. Students may also request a Completion of Procedures within 20 working days that the outcome of the Academic Offences Appeal Committee was confirmed in writing.

7.20. Students wishing to avail themselves of the opportunity of an independent review by the OIA must submit their application to the OIA within 12 months of the issue of the Completion of Procedures letter. Full details of the scheme are available on request and will be enclosed with the Completion of Procedures letter.

Appendix: Guidelines for penalties for Undergraduate and Postgraduate Taught students

The Bands presented below are guidelines only and provide examples of academic offences, whilst the Penalties are fixed. Adjudicators should always take the evidence with which they have been provided into account, including any extenuating circumstances

⁶ Departmental Adjudicators and Faculty Adjudicators may not award Penalty 4 or 5 for allegations relating to Postgraduate Taught dissertations

Band B – Intermediate Offence Maximum Suggested Penalty: Penalty 5	Penalties available to Faculties and Academic Offence Committees only*:	Penalties available to Academic Offence Committees <u>only</u>
<p>Examination: The student is found to have contravened the rules of the examination by introducing and/or attempting to access a small amount of material to aid their attempt at the examination.</p> <p>The student is found to have had access to the internet or to have communicated with someone other than an invigilator during an examination.</p>

<p>Examination: The student is found to have contravened the rules of the examination by introducing and/or attempting to access a significant amount of material to aid their attempt at the examination.</p> <p>The student is found to have accessed the internet, or communicated with someone other than an invigilator during an examination, about the content of the module.</p> <p>The student has arranged for the examination to be attempted by a third party on their behalf.</p>	

Academic integrity tutorials

In addition to a penalty, a student who is found to have committed an Academic Offence may be required to complete an Academic Integrity Tutorial.

Failure to attend the Academic Integrity Tutorial will be noted should the student commit any subsequent offences and shall not be considered as a valid claim of mitigation, unless exceptional extenuating circumstances have prevented the student from attending.

Subsequent offences

Escalation of penalties

A subsequent academic offence will generally result in a more severe penalty, particularly when the student has made little or no attempt to understand the University's academic conventions since the first or previous offence.

- Where a student is found to have committed successive offences at Band A, or where one of the offences is Band B, it would normally be appropriate for Penalty 4 to be considered the minimum available penalty.

Exceptions

- The only occasions when the penalty need not necessarily be escalated (or escalated so severely) are where the Adjudicator has deemed that:
- The academic offence is of a different nature
and/or
- there was no intent to deceive in either offence
and/or
- the student has made a suitable effort to resolve all and any concern(s) that arose following their previous academic offence(s)
and/or
- there are exceptional extenuating circumstances in the latest academic offence

Student Engagement Policy

Policy Context

1. The University of Essex delivers a transformational education to our students and puts their success at the heart of our mission, supporting every student from every background to achieve outstanding outcomes, and nurturing our community of educators to support and promote student success. In supporting our students to achieve, we work in partnership with them to enable them to take an active role in their engagement with their studies, underpinned by the responsible use of data to provide the broadest picture of individual student engagement. Our purpose is to enable meaningful interventions and to provide effective support arrangements.

Policy coverage, aims and principles

2. The Student Engagement Policy ('the policy') establishes an institutional framework for our approach towards taught student engagement with their studies.
3. For the purposes of the policy, taught students are defined as all undergraduate and postgraduate students undertaking taught modules or courses. This includes postgraduate research students who may be undertaking taught modules as part of their programme of study.
4. The purpose of the policy is to maximise the success and achievement of every student through a structured approach based on support and mutual decision-making to enable timely and impactful interventions.
5. While providing a structure for the management and response to student engagement, the policy recognises the importance of:
 - personal contact alongside the use of data
 - a focus on support for students
 - flexibility in approach to respond to individual student needs and behaviour
6. The policy is underpinned by five principles:
 - An approach to monitoring and responding to student engagement that is driven, and seen to be driven, by support and advice to succeed
 - Visibility and a shared understanding across the institution of student engagement and the impact of our interventions

- Personalised interventions and mutually agreed solutions for students as far as possible, tailored to individual needs and circumstances to support students to be active participants in their education and academic progress
 - Parity of experience for all our students regardless of academic discipline or Department through the establishment of clear institutional expectations both of the University and of our students in managing student engagement
 - Resource deployment that focuses on effectiveness, efficiency and is targeted in support of student success
7. The policy recognises that there are many single or combined factors¹⁷ that may affect students' engagement with their academic studies and/or their personal circumstances. The policy seeks to enable us to identify and understand these factors and to intervene in order to provide appropriate support to facilitate our students' success and development to thrive in their future lives.

Monitoring student engagement

8. Students are active partners in their education. They are expected to engage fully in the full range of academic activities and are expected to attend and engage with all timetabled teaching events and other scheduled activities.
9. Taught student engagement is measured primarily through the data available in the Learner Activity Engagement Portal (LEAP), which provides a broad picture of engagement across a range of education activities at individual and cohort levels, combined with other data and knowledge, including academic marks and interactions with personal tutors and academic and professional services colleagues. LEAP is not the sole method of monitoring engagement, which is also undertaken through a variety of formal and informal means.
10. LEAP creates a daily engagement rating for students based on their academic activity in relation to attendance at teaching (both in person and online), use of Moodle, FASER, Listen Again and PC Logins. The system establishes the following engagement ratings for individual students: Very Low, Low, Partial, Good and High. The ratings are used to determine the appropriate action and interventions required to understand why a student may not be engaging and advise them of the support that can be offered.

⁷ For example, these factors could include but are not exclusively academic-related, health, financial, caring or other responsibilities and/or personal relationships.

11. Data collected, stored and analysed in the implementation of this policy are managed in accordance with the Ethical Use of Data Policy and the data protection principles and approach defined in Appendix A. The University is committed to using student data in ways that are ethical, beneficial, legal and proportionate. The University's approach is transparent to students and all students have access to their own individual engagement data. Monitoring data according to this policy is set out in the student privacy notice at www.essex.ac.uk/student/my-essex/privacy-notice-students
12. In addition to the arrangements established by this policy, the engagement of students subject to immigration permission to study in the UK is also monitored and managed in accordance with the requirements of the UK Government via the Home Office. Separate processes are approved by the Academic Registrar as Immigration Authorising Officer to meet these requirements and published and communicated to students as required.

Supporting student engagement

13. Academic Departments and Schools ('Departments') are responsible for monitoring, understanding and maximising the engagement of their students with their studies and for taking proactive steps where there is evidence of lower engagement than expected. Departments engage with data available to them, encourage a culture of student engagement, undertake regular reviews of data and contact students to offer support. Arrangements for courses with a Professional Code of Conduct or other additional engagement requirements are managed by the relevant Departments and Schools alongside this policy, which provides an institutional framework.
14. Departments are supported in the work to monitor the engagement of their students and with the operation of the policy through advice and guidance provided by central Professional Services teams, including the Student Progress team, Student Wellbeing and Inclusivity Service and those providing data analysis.
15. Decisions in relation to referral for further action to support engagement are taken in conjunction with broader data and knowledge about a student's academic progress.
16. The policy's referral process does not prevent intervention at other points in the academic year for students where engagement levels may drop or for options to be discussed to facilitate an appropriate decision to be made for an individual student. Monitoring continues for all students throughout the year to enable meaningful interventions to support student success.
17. All taught students are monitored to measure the engagement with their studies. Where there are concerns about a student's engagement, there are normally three stages of intervention and referral during the Autumn and Spring terms.

Courses with different entry and continuation points

18. Where a student undertakes a programme of study with a different entry point during the academic year or academic structure, an equivalent process to monitor early engagement is managed by the Department or School to enable students to be referred in line with the principles of the stages of the policy and for support to be offered. These arrangements are agreed in discussion with the Academic Registrar or nominee.

Stage 1: Early engagement

Weeks 1 to 5: Weekly Review

19. In the first five weeks of the Autumn term, Departments monitor the engagement of all students at least once a week to identify and contact students identified as having very low or low engagement.
- A small group of staff in each Department, including both academic and professional services staff, meet weekly in the crucial early engagement period to determine which students they will contact to understand why they are not engaging and to offer support.
20. The guidance provided to Departments in line with paragraph 27 of the policy includes a framework for the actions to be taken during weeks 1-5, covering: Week, Cohort/Year Group, Data to Review, Criteria for Contact and Recommended Type of Contact.
21. In the early weeks of the autumn term, Departments prioritise the following specific categories of students for contact if their engagement falls into the low or very low categories:
- Students that are repeating a year or returning after a lengthy period away (including intermission, placements or Study Abroad, reassessment out of residence)
 - Students that are known to the Department as having experienced problems in previous years
 - Students who have joined the University through clearing
 - Students who are studying at Foundation year or Stage 1
 - Students who have changed course
 - Students who have declared conditions that may result in additional support requirements

Weeks 6 to 11: Fortnightly Review

22. From week 6, Departments undertake fortnightly reviews, along with discussions with students through the scheduled Personal Tutor meetings, to ensure that all taught students

who are not engaging with their studies are identified. The guidance provided to Departments in line with paragraph 27 of the policy includes a framework for the actions to be taken during weeks 6-11, covering: Week, Cohort/Year Group, Data to Review, Criteria for Contact and Recommended Type of Contact.

Stage 2: Referral for support

23. By 1 December in the autumn term, the Department undertakes the following actions and all students with low or very low engagement and/or where concerns remain about the student's academic progress are referred to the Student Progress team for contact and support:
- Contact has been made with the student
 - The student has met their Personal Tutor and/or the Departmental Progress Officer
24. The Student Progress team contacts the students to confirm they have been identified as having low engagement with their studies. The purpose of the contact is to identify and understand the reasons for the low engagement and to offer routes to solution and support, including signposting and/or referring a student to another support service or referral for action under another policy or procedure.

Where appropriate, the team works in partnership with the Department(s) to remove barriers to engagement for the individual student.

Stage 3: Supported decision-making

25. The Student Progress team monitors the engagement of students referred for support under stage 2. Where a student's engagement does not improve following referral at stage 2, in March of the Spring term, the Student Progress team offers the student a formal choice of three options, which are set out below, noting that these options may be discussed at any stage during the escalation process to facilitate the best outcome for the student:
- Continuation in the current year of study
 - Intermission
 - Voluntary withdrawal, including the option to transfer to another higher education institution
26. The student is required to make the decision during the Spring term in line with relevant regulations and to take account of assessment requirements and other factors. The student is supported in making the decision through the provision of relevant information, including the financial and academic implications of each option, and access to relevant support services.
27. Where a student decides to continue in the current year of study, they are informed of the academic implications of proceeding with continued low engagement, and they are referred

back to their Department for support by their Personal Tutor as a priority during the Spring and Summer terms. If other support requirements are identified at this point, the student is signposted appropriately.

28. For students who do not engage with the stages of referral for further action and support, the default position is that they remain a student and any decision about their academic progression is determined by the Board of Examiners as per our standard procedures. Support continues to be offered by the Department throughout the academic year, working with central Professional Services teams where appropriate.

Exceptional withdrawal through lack of engagement

29. In cases where (i) there has been zero or minimal engagement from a student either with their studies or in response to contact for support; and/or (ii) there is evidence taking all the facts into account that a student has never engaged with, or has disengaged from their studies, a recommendation may be made exceptionally to the Academic Registrar or nominee, who will have the authority to withdraw the student from the University. In such cases, the student will be notified in advance of the recommendation to the Academic Registrar. Where the recommendation to withdraw a student is approved, the student will be notified and a final deadline set by which they may request to remain a student. Where the student requests to continue with their studies, the case will usually be considered under stage 3 of the policy and appropriate options considered. In some circumstances, even where a student requests to continue studying, upon recommendation by the relevant Department or School and in discussion with the relevant Faculty Dean, the Academic Registrar or nominee may determine that withdrawal or another course of action is appropriate. Where a student has requested to remain studying, they may appeal a withdrawal decision within 10 working days of the notification of the decision. Appeals are considered by an appropriate Faculty Dean from outside the Faculty. The grounds for appeal are solely where there is either (i) new evidence that was not previously available to the Academic Registrar or nominee; or (ii) evidence of procedural irregularity in the implementation of this policy. Where an appeal is successful, courses of action usually include readmission and intermission in line with the University's Admissions Policy.

Policy Guidance

30. The policy is accompanied by a range of guidance materials relating to student engagement to support its operation, including information for students, Personal Tutors, Departments and in relation to the LEAP system. The guidance is updated annually by the Student Progress team in conjunction with stakeholders, including students, to support enhancement and to ensure it remains fit for purpose.

Analysis and monitoring

31. An annual report of the operation of the policy is provided to Senate and its relevant sub-committees at the end of each academic year, including analysis of the impact of the policy in supporting student success and trends in institutional performance.
32. The Education Committee provides institutional oversight for the use, deployment and impact of LEAP and the focus on the use and understanding of data to support student achievement. There is appropriate reporting to the University Steering Group and Senate.

Policy review and oversight

33. On behalf of the University Senate, the Academic Registrar is responsible for ensuring that the policy operates effectively and is reviewed appropriately and remains fit for purpose in meeting its aims and supporting the University's mission.
34. On behalf of the Academic Registrar, the Senior Student Progress Manager co-ordinates all aspects of the administration and operational delivery of the policy across all University campuses, providing a focal point for operational management for activities associated with the policy and in partnership with Departments.
35. The policy is reviewed annually by the Academic Registrar or nominee in conjunction with stakeholders, including students. Any proposed changes are considered by the Education Committee and recommended to Senate for approval. [appendix A](#)

Data protection and student engagement

The University is subject to the UK General Data Protection Regulation (GDPR) and the Data Protection Act 2018.

Legal basis for processing information

The University requires a legal basis for processing personal data. In most cases attendance data is collected as necessary for the performance of its contract with you as a student.

In some cases the University may be subject to a legal obligation to provide attendance data to a third party, such as the Home Office.

In an emergency situation where a student's vital interests are at stake, data may be shared with a medical professional or emergency contact.

Where the University holds student ethnicity data in reference to student absence information, it does so as part of its legal obligations under the Equality Act. Ethnicity data will only be used for aggregated analysis to allow us to monitor outcomes and plan for future policy decisions. Students will not be identified as part of this analysis or be subject to any individual intervention. As ethnicity

data is special category data, the University requires an additional legal basis to process the data (Article 9 (2) (b)) our obligations under Equality law) and a Substantial Public Interest Condition from the Data Protection Act 2018, Schedule 1 (2) (8), 'Equality of Opportunity of Treatment'.

Sharing data with third parties

The University may, in certain circumstances, provide attendance data to a third party. In all cases the University will only provide the minimum of data necessary for the purposes of the sharing. Examples of this type of sharing includes:

- The Home Office, where the provision attendance information is a condition of a visa application.
- The NHS or professional accreditation bodies, where they are funding the course or attendance reporting is a necessary part of the programme of study
- National Embassies, where a student is being sponsored or has given permission for the Embassy to be updated
- The Policy, where a formal investigation requires provision of data and an exemption in the Data Protection Act 2018 applies

Where the student wishes to share information

Students may wish to share their attendance data with third parties for a variety of reasons- for example in order to support a job application, a legal claim or other process, or to allow a parent, guardian, supporter or legal representative to discuss an issue regarding their attendance on their behalf. If students wish their data to be shared in this way they must supply written authorisation, setting out what information may be shared, the contact details of the person or people the information is to be shared with, and the period over which the information is to be shared.

The rights of data subjects

Students can have a number of rights under the GDPR in regard to their data, with full details on how to use this at the University's Privacy Hub <https://www.essex.ac.uk/disclaimer/privacy-statements> As stated elsewhere in the policy, all students have access to their attendance data through the LEAP portal. Former students may request their attendance data under the subject access right.

Automated profiling

Whilst the University's LEAP system creates a daily engagement rating, the University does not use that rating alone for the purposes of an intervention or a decision made in relation to a student's studies. It highlights where a relevant member of staff can investigate in more detail the student's engagement in line with this policy. Therefore the use of data is not "a decision based solely on

automated processing”, as defined in Article 22 of the GDPR.

Statistical purposes

Aggregated statistical data, where the figures cannot be used to identify any individuals, will be shared across the University to help monitor outcomes and provide evidence for future decision making.

Statistics may also be shared in response to requests under the Freedom of Information Act 2000.

Data retention

In accordance with the University’s records retention schedules, attendance data, whether paper or electronic, is stored for 6 years after the completion of studies.

Academic appeals procedure for Undergraduate and Postgraduate Taught students

1. Introduction

- 1.1. The Academic Appeals Procedure provides students with the opportunity to appeal against a formal decision made by a Board of Examiners about a student's progress or the awarding of a qualification, including the consideration of a student's claims of extenuating circumstances.
- 1.2. This procedure applies to all students studying on a Taught Programme of Study that is accredited by the University of Essex or at one of the University's partner institutions, including students studying on an undergraduate and postgraduate taught course, a foundation degree, a year of study abroad or work placement. This procedure also applies to postgraduate research students that wish to appeal against a Board of Examiners decision regarding the taught element of their course.
- 1.3. On behalf of the University Senate, the Academic Registrar is responsible for ensuring that there are effective procedures for considering student appeals against the decisions made by Boards of Examiners.
- 1.4. The University Senate (and its sub-committees) receives an annual report on academic appeals and Internal Reviews to provide assurances to Senate and make recommendations that inform University practices, procedures and activities.

Timescales

- 1.5. The University will endeavour to complete the appeal proceedings within 40 working days from receipt of an appeal and supporting evidence, and any internal review proceedings within 20 working days from receipt of the request.
- 1.6. Occasionally there will be circumstances where, for good reason, the University will need to extend the timeframe. Where this is the case, the student will be notified and kept regularly informed of progress.
- 1.7. While every effort will be made to comply with the time limits set out above, if a time limit is exceeded, it shall not invalidate the outcome of the appeal proceedings.

Support & guidance

- 1.8. Support and guidance is available to students studying at the University of Essex via the Student Services Hub, or independently from SU Advice. Students studying at a partner institution should seek support and guidance from their education provider.
- 1.9. Students may request reasonable adjustments to these procedures in line with the rights that students retain under the Equality Act 2010. Requests will be considered individually, and students will be notified of the adjustments that have been agreed in writing and at the earliest opportunity.

Immigration status

- 1.10. Staff involved in consideration of academic appeal matters should not consider immigration status. Immigration status is a secondary decision but may mean that a student would not be able to proceed with the academic decision that has been confirmed as part of the *Academic Appeals Procedure for Undergraduate and Postgraduate Taught Students*.
- 1.11. The University of Essex is not able to sponsor students to extend their leave to remain in the UK in order to await the outcome of an appeal. An appeal outcome offered that requires a student's continued registration at the University is subject to their ability to maintain a valid UK immigration status and provide proof of their right to study with us for the duration of their course.
- 1.12. Students studying at the University of Essex may be referred to the International Services Team if the evidence considered in relation to this procedure brings a student's continued UK immigration status into question, in accordance with paragraphs 7.22-7.28 of the *University's General Regulations* and the relevant UK Immigration rules and guidance. Equivalent action may also be taken by a Partner Institution.

2.Submitting an appeal

- 2.1. A student may appeal by completing an Appeal Form, setting out their grounds for appeal and sending it with all supporting evidence to the Student Progress Team or Partner Institution. Students must do so within 10 working days of the publication of their results following the Board of Examiners.
- 2.2. Appeals received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee). For this to apply, the student must be able to show, to the satisfaction of the Academic Registrar (or nominee), that circumstances beyond the student's control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.

2.3. When submitting an appeal, students are expected to provide any and all evidence that may be relevant to the appeal. The University will not normally request more evidence in considering the appeal.

2.4. The Academic Registrar (or nominee) will acknowledge receipt of the appeal within 5 working days.

3. Grounds for appeal

3.1. Students may submit an appeal on the following grounds:

- a) there is new evidence, which for good reason was not previously available to the Board of Examiners, which might have materially affected the outcome;
- b) the Board of Examiners did not follow the University's procedures which disadvantaged the student's case;
- c) there is evidence of prejudice and/or bias during the consideration of the student's progress by the Board of Examiners.

3.2. The following are not considered valid grounds for appeal, and any appeals based exclusively on one or more of these grounds may be dismissed by the Academic Registrar (or nominee) and not considered under these procedures:

- a) Disagreement with a mark or grade and/or appeals against the academic judgement of internal or external examiners. Coursework and examinations cannot be remarked, except in cases of procedural irregularities;
- b) any provisional mark or informal assessment of the student's work by a member of staff that is not the final mark approved by the Board of Examiners;
- c) the retrospective reporting of extenuating circumstances which a student might reasonably have been expected to disclose to the Board of Examiners before their meeting;
- d) appeals against the judgement of the Board of Examiners in assessing the significance of extenuating circumstances, and whether and to what extent they affected academic performance;
- e) marginal failure to attain a higher class of degree;
- f) concerns relating to the inadequacy of teaching or other arrangements during the period of study. Students should raise such complaints in writing, normally before the Board of Examiners meeting, under the *Student Concerns and Complaints Procedures* (or equivalent for Partner Institutions).
- g) Appeals where the student has not understood or complied with the Rules of Assessment properly, including:
 - (i) not attending scheduled examinations (or equivalent)

- (ii) not notifying the University of any planned absences as scheduled examinations (or equivalent)
- (iii) not undertaking any reassessment that was previously instructed

Other requests

3.3. The following are not considered legitimate grounds for appeal, but may be submitted to the Student Progress Team or Partner Institution, and will be considered by the Executive Dean (or their nominee), or the Dean of Partnerships (or their nominee):

- a) Requests to repeat a year of study in full or to repeat failed modules part-time, where this offer has not been made by the Board of Examiners.
- b) Requests to undertake reassessment, repeat the year or to repeat failed modules part-time, after the student has been withdrawn by the Board of Examiners solely due to the student's complete non-engagement with their examinations or required reassessment.

Such requests will be considered exceptionally by the Executive Dean (or their nominee), or the Dean of Partnerships (or their nominee), whose decision will be final.

4.Academic Appeals Procedure

Initial review

- 4.1. The Academic Registrar (or nominee) will conduct an initial check to determine whether the student has demonstrated valid grounds for appeal, as indicated under Section 3, and the appeal has been submitted by the deadline, as indicated under Section 2.
- 4.2. The Academic Registrar (or nominee) may determine:
 - a) The appeal is not valid or has been submitted too late, and is dismissed
 - b) The appeal may proceed to Early Resolution
 - c) The appeal may be referred to an Appeal Officer
- 4.3. The Academic Registrar (or nominee) may determine exceptionally that the appeal should be investigated under the Student Concerns and Complaints Procedures instead of the appeal procedures.
- 4.4. If the appeal is dismissed following an Initial Review or the case will be taken forward as a complaint, the students will be notified in writing of the Academic Registrar's (or nominee) decision and the reason for this decision.

Early resolution

- 4.5. If the appeal demonstrates a clear administrative or procedural error that led to the Board of Examiners reaching an incorrect decision, and the matter may be rectified by the standard application of the Rules of Assessment, the matter will be referred to an Executive Dean (or their nominee), or the Dean of Partnerships (or their nominee) (hereafter referred to as the Appointed Dean) for consideration.
- 4.6. Students will be notified in writing if their appeal has been considered by an Appointed Dean and of the Appointed Dean's decision.
- 4.7. If an appeal is deemed not eligible for early resolution, it shall not invalidate the outcome of the Appeal proceedings.

Appeal Officer consideration

- 4.8. If the appeal demonstrates valid grounds for appeal, but is not eligible for Early Resolution, or the student remains dissatisfied with Early Resolution, then the appeal will be submitted to an Appeal Officer for consideration.
- 4.9. The Appeal Officer will give full consideration to whether the student's progress should be reviewed by a Board of Examiners as a result of the appeal or whether the appeal should be dismissed. In order to reach their decision, the Appeal Officer may need to consult with anyone able to assist the Appeal Officer in reaching a decision, including the student who has submitted the appeal.
- 4.10. The Appeal Officer will provide the Academic Registrar (or nominee) with a written report that outlines the reasons for reaching their final decision.
- 4.11. If the Appeal Officer decides there are sufficient grounds for the Board of Examiners to reconsider the student's progress, then the appeal is upheld, and will be referred to the Board of Examiners who will be asked to reconvene to reconsider the student's progress (see [Section 5](#)).
- 4.12. If the Appeal Officer decides that the grounds for appeal have not been fully met and the appeal should be dismissed, the Academic Registrar (or nominee) will confirm the Appeal Officer decision to the student in writing and provide the student with a copy of the Appeal Officer report.

5.Upheld appeals

- 5.1. The Board of Examiners will be provided with a summary of the student's appeal and the findings of the Appeal Officer or PVC who previously considered the appeal

- 5.2. The reconvened Board of Examiners will operate in compliance with the *Assessment Policies for Undergraduate And Taught Postgraduate Awards of the University Of Essex* and the relevant Rules of Assessment, and may take the following action:
- a) Amend the previous decision made about the student's progress and agree a new outcome, in light of the information provided
 - b) Not amend the previous decision made about the student's progress, confirming the information provided following the appeal to have had no material effect.
- 5.3. If the grounds for the upheld appeal are based on prejudice or bias in the operation of the Board of Examiners, then the reconvened Board should normally have a new membership, except for the External Examiners.
- 5.4. The Board of Examiners may request a copy of the student's appeal and any related evidence or report. In doing so, the Board of Examiners may not challenge the decision of the Appeal Officer or PVC to uphold the appeal.
- 5.5. The Board of Examiners decision shall be final. The Board will confirm their decision to the Academic Registrar (or nominee) in writing with an explanation as to how the decision was reached. The Academic Registrar (or nominee) will confirm the Board's decision to the student in writing.
- 5.6. Students who are dissatisfied with the outcome of the reconvened Board of Examiners decision may request a Completion of Procedures Letter within 20 working days of the decision being confirmed in writing (see Section 7).

6. Dismissed appeals

Appeals dismissed by the Academic Registrar (or nominee)

- 6.1. Students who are advised that their appeal is invalid, or has been submitted too late, may submit a request to review this decision within 10 working days of the date of the Academic Registrar (or nominee's) decision in writing.
- 6.2. The Academic Registrar (or nominee) will consider a request to review a decision that an appeal was not valid. This will normally be someone who has not previously been involved in your case.
- 6.3. Requests received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee), that circumstances beyond the student's control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.
- 6.4. The Academic Registrar (or nominee) may determine:
- a) The appeal be reinstated and proceed to Early Resolution (see Section 4)

- b) The appeal be reinstated and referred to an Appeal Officer (see [Section 4](#))
 - c) The appeal be dismissed.
- 6.5. If the Academic Registrar (or nominee) dismisses the appeal, then the decision will be confirmed to the student in writing and the student will be sent a Completion of Procedures Letter (see [Section 7](#)).

Internal review of appeals dismissed by An Appeal Officer

- 6.6. Students may request an Internal Review of the Appeal Officer's findings on the following grounds:
- a) There is new evidence, which for good reason was not previously submitted as part of the appeal, which might have materially affected the outcome;
 - b) the University did not follow the Appeal Procedures properly which disadvantaged the student's case;
 - c) there is evidence of prejudice and/or bias during the consideration of the student's appeal.
- 6.7. A student who wishes to submit a request for Internal Review must do so within 10 working days of the date of the Appeal Officer's decision in writing.
- 6.8. Requests for Internal Review received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee). For this to apply, the student must be able to show, to the satisfaction of the Academic Registrar (or nominee), that circumstances beyond the student's control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.

Internal review procedure

- 6.9. An Internal Review will consider whether the University has considered the appeal properly and fairly and does not usually mean that the issues raised in the appeal are considered afresh or involve a further investigation. An academic appeal must have been considered and an outcome reached at the formal stage before it can be escalated to the review stage.
- 6.10. An Internal Review will be conducted by the Pro-Vice Chancellor (Education) (or nominee) (hereafter referred to as the PVC) who may consult with anybody that is able to assist the PVC in reaching a decision, including the student who has submitted the request.
- 6.11. The PVC may resolve that:
- a) There are not sufficient grounds for the appeal to be referred to a Board of Examiners.
 - b) That the appeal should be referred to a Board of Examiners for consideration in light of the information provided.

- 6.12. If the PVC decides that there are not sufficient grounds for putting the case to a Board of Examiners, the PVC will confirm their decision to the Academic Registrar (or nominee) in writing to explain the reason for their decision. The Academic Registrar (or nominee) will confirm the PVC's decision to the student in writing.
- 6.13. If the PVC decides there are sufficient grounds for the Board of Examiners to reconsider the student's progress, the appeal will be referred to the Board of Examiners who will be asked to reconvene (see Section 6).

7.External review

- 7.1. The Office of the Independent Adjudicator for Higher Education (OIA) provides an independent scheme for the review of student complaints or appeals. When the University's internal procedures for dealing with appeals have been completed, the University will issue a Completion of Procedures letter.
- 7.2. Students will be issued with a Completion of Procedures letter when:
- a. the Academic Registrar (or nominee) has deemed the appeal to not have valid grounds following a request for review;
 - b. the Pro-Vice Chancellor (Education) (or nominee) has dismissed the request for internal review
- 7.3 Students may also request a Completion of Procedures within 20 working days of receiving the written decision of the reconvened Board of Examiners following an appeal.
- 7.4 Students wishing to avail themselves of the opportunity of an independent review by the OIA must submit their application to the OIA within twelve months of the issue of the Completion of Procedures letter. Full details of the scheme are available on request and will be enclosed with the Completion of Procedures letter.

Progress and appeals procedures for Research Degree students

1. Progress Procedures for Research students

- 1.1. These procedures focus exclusively on Academic Progress and Appeals, staff involved in consideration of progress matters or appeals should not consider immigration status. The University is not able to sponsor students to extend their leave to remain in the UK in order to await the outcome of an appeal. An appeal outcome offered that requires continued registration at the University is subject to the student's ability to maintain a valid UK immigration status and provide proof of their right to study with us for the duration of their course. Immigration status is a secondary decision but may mean that students would not be able to proceed with the decision that has been confirmed as part of the Progress and Appeals Procedures.
- 1.2. If the evidence considered in relation to this procedure brings a student's continued UK immigration status into question, a referral will be made to the International Services team by the Secretary and/or Chair of the Supervisory Panel (SP) or Research Students' Progress Board (RSPB), for consideration in accordance with 7.22-7.28 of the University's General Regulations and the relevant UK Immigration rules and guidance.
- 1.3. Where a supervisor has concerns over the engagement of a research student at any time, they should refer the matter to the Academic Registrar; Heads of Department are responsible for ensuring effective measures are in place within their department in order to achieve this.

Support & guidance

- 1.4. Support and guidance is available to students studying at the University of Essex via the Student Services Hub, or independently from SU Advice. Students studying at a partner institution should seek support and guidance from their education provider.
- 1.5. Students may request reasonable adjustments to these procedures in line with the rights that students retain under the Equality Act 2010. Requests will be considered individually, and students will be notified of the adjustments that have been put in place in writing and at the earliest opportunity.

Monitoring of student progress

- 1.6. Supervisory meetings, ongoing interaction with one's supervisor, and submission of work to the Supervisory Panel and/or Research Students' Progress Board are the primary means by which research student progress is monitored in and by departments.
- 1.7. Heads of Department (or nominee) are responsible for ensuring that an effective means of monitoring students' progress and attendance is established and maintained in each department in accordance with the requirements set out below.
- 1.8. Heads of Department (or nominee) are responsible for any additional progress monitoring procedures the Department may decide to operate.
- 1.9. Departmental procedures, including norms for formal face-to-face meetings between students and their supervisor(s), should be communicated to all students in the Department.
- 1.10. Students and supervisors are required to communicate, whether face-to-face or by electronic means, to engage in discussion/review of the student's work and progress at least once per month. For part-time students contact should be at least bi-monthly. A record of this monthly contact should be kept in the department in an accessible and immediately available format and then made available upon request.
- 1.11. Supervisors are responsible for making contact with their student if the student fails to meet/communicate with them as expected each month. If the student fails to meet/communicate with the supervisor in that month they should be contacted to arrange another meeting at the earliest possible point in that same month or within two weeks. If this is not possible or they do not attend, then the supervisor should refer the student to the Graduate Director who will arrange a meeting with the student to discuss their progress. If the student continues to fail to meet/communicate with the supervisor, their progress remains unsatisfactory, or they fail to attend the meeting with the Graduate Director, the matter should be considered by the Research Students' Progress Board.
- 1.12. The Research Students' Progress Board will arrange an ad hoc meeting with the student to assess their progress and determine whether they should be permitted to continue with their studies.
- 1.13. If a student is co-supervised by staff in two different departments, the lead supervisor should liaise with the second supervisor to ensure that there is full co-ordination on the monitoring of progress.

Monitoring engagement for sponsored students

- 1.14. Students must be studying within the UK on a full-time basis, meet with their supervisor monthly in-person and adhere to all their responsibilities as a Sponsored student.
- 1.15. The University is not able to guarantee to continue to sponsor students during periods of study away. Where a student wishes to retain their immigration sponsorship during an agreed study away period, requests must be referred to the International Services team for consideration.
- 1.16. In respect of the required monthly meeting under 1.10. above, the majority in any six-month period must be face-to-face in person. Meetings must be recorded centrally by the Department/School in a format agreed with the International Services team.

2.Appeals procedure

- 2.1. The following procedure applies to all Postgraduate Research students, including those at Partner Institutions, wishing to appeal against either a progress decision (a recommendation made by the Research Students' Progress Board (RSPB)) or an examination decision (an outcome decided upon by the examiners following a viva voce). This procedure also contains the process for students wishing to request an Internal Review of an appeal outcome.
- 2.2. A postgraduate research student who wishes to appeal against one of the following decisions must do so in writing on the Form of Appeal, stating fully and precisely the grounds for appeal and within 20 working days of receiving written confirmation of the Executive Dean's (or their deputy's) decision, be it:
 - a) the recommendation of an RSPB that they be downgraded, discontinued, or not have their PhD status confirmed⁸; or
 - b) the examination outcome of 'fail', 'referred', a lower award, or option to resubmit for a lower award.
- 2.3. Appeals received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee), whose decision is final. For this to apply, students must be able to show, to the satisfaction of the Academic Registrar (or nominee), that circumstances beyond their

⁸ An MPhil/PhD registered student whose PhD status has not been confirmed and who wishes to appeal against the recommendation of an RSPB that their registration be changed to MPhil or Masters by Dissertation, may appeal using this procedure only after the RSPB has considered their case twice and has recommended a change of status. There is no right of appeal following a decision of an RSPB not to confirm PhD status following the first SP meeting.

control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.

- 2.4. Students are strongly encouraged to contact the SU Advice Centre for advice and guidance before completing the form.
- 2.5. The University will endeavour to complete the appeal proceedings within 40 working days from receipt of an appeal and supporting evidence, and any internal review proceedings within 20 working days from receipt of the request.
- 2.6. Occasionally there will be circumstances when, for good reason, the University will need to extend the timeframe. Where this is the case, the student will be notified and kept regularly informed of progress.
- 2.7. While every effort will be made to comply with the time limits set out above, if a time limit is exceeded, it shall not invalidate the outcome of these proceedings.

Integrated PhD students and Professional Doctorates

- 2.8. A research student on the first year of an Integrated PhD (a 4-year programme) or a research student on a Professional Doctorate programme who wishes to appeal against a progress decision of the RSPB (e.g. being downgraded or discontinued) should do so in accordance with this procedure. However, if they wish to appeal against the decision of the Board of Examiners' consideration/decision of their taught marks, they should appeal in accordance with the Academic Appeals Procedures for Undergraduate and Postgraduate Taught Programmes of Study.

Grounds for appeal

- 2.9. Students may submit an appeal on the following grounds:
 - a) There is new evidence, which for good reason was not previously available to the RSPB/examiners, which might have materially affected the outcome
 - b) The Supervisory Panel/RSPB/ examiners did not follow the University's procedures, which led to the student being disadvantaged
 - c) There is evidence of prejudice and/or bias or the appearance of prejudice and/or bias during the Supervisory Panel/RSPB/examination process
- 2.10. The following are not considered legitimate grounds for appeal, and any appeals based exclusively on one or more of these grounds will be rejected automatically:
 - a) Prior informal assessments of the student's work by the supervisor or another member of staff

- b) the retrospective reporting of extenuating circumstances which a student might reasonably have been expected to disclose in advance of the RSPB/examination
- c) concerns relating to the inadequacy of supervision or other arrangements during the period of study. Students should raise such complaints in writing, normally before the RSPB/examination, under the Student Concerns and Complaints procedures(.pdf) (or equivalent for Partner Institutions);
- d) appeals against academic judgement. Coursework and examinations cannot be remarked, except in cases of procedural irregularities.

Submission and consideration of appeals

- 2.11. Appeals should be submitted in accordance with the guidance published alongside these procedures and using the agreed form. Any member of staff of the University who receives a formal appeal from a research student shall forward it to the appropriate team.
- 2.12. Following receipt, the appeal will be acknowledged within five working days of receipt. The appeal will be processed and sent to the Academic Registrar (or nominee) for consideration.
- 2.13. The Academic Registrar (or nominee) shall consider the appeal and will dismiss any appeal that either does not meet the criteria stated above (2.9), or that are solely based on the criteria listed in 2.10, without referring the appeal to the Executive Dean or their deputy. A Completion of Procedures letter will be issued and the student may request an independent review by the OIA (see External Review section for more details).
- 2.14. The Academic Registrar (or nominee) will refer to the Executive Dean or their deputy any appeal that meets the criteria stated above (2.9), who may consult such persons as they think fit, including the student who has lodged the appeal.
- 2.15. The Academic Registrar (or nominee) may determine exceptionally that the appeal should be investigated under the Student Concerns and Complaints Procedure of the appeal procedures. In such cases, the student will be notified of this decision and the reasons for this, and advised of the next steps.
- 2.16. In some cases, where the circumstances of the case merit it, the Executive Dean or their deputy may arrange an Appeal Committee to consider the appeal.

Appeal outcomes

- 2.17. The Executive Dean or their deputy or the Appeal Committee, having considered the evidence and taken such advice as may be necessary, may;
 - a) reject the appeal, in which case the original decision shall stand;

- b) ask the RSPB/examiners to reconsider their decision for reasons specified as part of the consideration of the appeal;
- c) determine that the unamended thesis shall be re-examined by new examiners;
- d) consult with the RSPB/examiners and/or the student's supervisor(s) and/or other member of academic staff before reaching a decision on an appropriate outcome which takes into account the evidence provided by the student in support of their appeal. The Executive Dean (or their deputy) or the Appeal Committee will then decide whether or not to change the original decision of the RSPB/examiners in whole or part, and decide upon a new outcome.

2.18. For appeals against an examination outcome:

- a) Where the Executive Dean or their deputy or Appeal Committee determines that the examiners should be asked to reconsider their decision under paragraph 2.16(b), the examiners must either:
 - (i) Agree to amend their decision, in which case a new results letter with the revised result will be issued to the candidate; or
 - (ii) Decline to amend their decision, in which case the examiners' original recommendation stands and the original result will be confirmed in a letter to the candidate.
- b) Where the Executive Dean or their deputy or Appeal Committee determines that a re-examination under paragraph 2.16(c) is required, the new examiners shall be appointed under the normal procedures. The new examiners shall be given no information about the previous examination except the single fact that they are conducting a re-examination on appeal. The re-examination will follow the standard examination procedure. Any such re-examination will be chaired by an Independent Chair.

2.19. All decisions of the Executive Dean or their deputy or Appeal Committee must be notified to the student, the supervisor, the Graduate Director, and the Head of Department in writing, together with a statement of any conditions that are attached to the decision. If a student's status is altered, a copy of the relevant written statement of arrangements for supervision must be included and the supervisor requested to ensure that the student fully understands these.

Internal review

- 2.20. Following the formal conclusion of the appeal procedures set out above, a student may request an internal review of the appeal outcome on the following grounds⁹:
- a) There is new evidence, which for good reason was not previously submitted as part of the appeal, which might have materially affected the outcome;
 - b) the University did not follow the Appeal Procedures properly which disadvantaged the student's case;
 - c) there is evidence of prejudice and/or bias or the appearance of prejudice and/or bias during the consideration of the student's appeal.
- 2.21. A student who wishes to request a review of the outcome of the appeal procedures should do so in writing on the Internal Review Request Form within 20 working days of the date of the appeal outcome letter, setting out in detail the nature of the evidence to support their claim.
- 2.22. Requests received after the deadline will only be accepted at the discretion of the Academic Registrar (or nominee), whose decision is final. For this to apply, students must be able to show, to the satisfaction of the Academic Registrar (or nominee), that circumstances beyond their control prevented them from meeting the standard time limit and that unfair treatment would result from not extending the deadline.
- 2.23. Students are strongly encouraged to contact the SU Advice Centre for advice and guidance before completing the form.
- 2.24. Following receipt, the request for review will be acknowledged within five working days. The Internal Review Request will be sent to the Academic Registrar (or nominee) for consideration.
- 2.25. The Academic Registrar (or nominee) shall consider the Internal Review Request and will dismiss any requests that do not meet the criteria stated above (2.19), without referring them to the Pro-Vice-Chancellor (Education) (or nominee.) A Completion of Procedures letter will be issued and the student may request an independent review by the OIA (see External Review section for more details).

⁹ Notwithstanding paragraph 2.19, a student whose original viva examination result was 'fail', or 'referred', or is the award of, or option to resubmit for a lower degree, cannot appeal against the original examination result following their resubmission and re-examination. Any subsequent appeal can only be made against the outcome of the re-examination and not against the original examination.

- 2.26. The Academic Registrar (or nominee) will refer to the Pro-Vice-Chancellor (Education) (or nominee) any request that meets the criteria stated above (2.19), who may consult such persons as they think fit, including the student who has lodged the request.
- 2.27. In some cases, where the circumstances of the case merit it, the Pro-Vice-Chancellor (Education) (or nominee) may arrange an Appeal Committee to consider the appeal. No member of the Committee will have had any previous involvement in the case.
- 2.28. The Pro-Vice-Chancellor (Education) (or nominee) or Appeal Committee, having considered the evidence and taken such advice as may be necessary, may:
- a) reject the appeal, in which case the original decision shall stand;
 - b) ask the RSPB/examiners to reconsider their decision for reasons specified as part of the consideration of the appeal;
 - c) determine that the unamended thesis shall be re-examined by new examiners;
 - d) consult with the RSPB/examiners and/or the student's supervisor(s) and/or other member of academic staff before reaching a decision on an appropriate outcome which takes into account the evidence provided by the student in support of their appeal. The Pro-Vice-Chancellor (Education) (or nominee) or the Appeal Committee will then decide whether or not to change the original decision of the RSPB/examiners in whole or part, and decide upon a new outcome.
- 2.29. For appeals against an examination outcome:
- a) Where the Pro-Vice-Chancellor (Education) (or nominee) or Appeal Committee determines that the examiners should be asked to reconsider their decision under paragraph 2.27(b), the examiners must either:
 - (i) Agree to amend their decision, in which case a new results letter with the revised result will be issued to the candidate; or
 - (ii) Decline to amend their decision, in which case the examiners' original recommendation stands and the original result will be confirmed in a letter to the candidate.
 - b) Where the Pro-Vice-Chancellor (Education) (or nominee) or Appeal Committee determines that a re-examination under paragraph 2.27(c) is required, the new examiners shall be appointed under the normal procedures. The new examiners shall be given no information about the previous examination except the single fact that they are conducting a re-examination on appeal. The re-examination will follow the standard examination procedure. Any such re-examination will be chaired by an Independent Chair.

- 2.30. All decisions of the Pro-Vice-Chancellor (Education) (or nominee) or Appeal Committee must be notified to the student, the supervisor, the Graduate Director, and the Head of Department in writing, together with a statement of any conditions that are attached to the decision. If a student's status is altered, a copy of the relevant written statement of arrangements for supervision must be included and the supervisor requested to ensure that the student fully understands these.

Representation

- 2.31. Students have the right to be accompanied by a fellow student, a member of staff or a representative of SU Advice or the Students' Union at any meetings and committee hearings conducted as part of this Procedure. Whoever accompanies the student must not be involved in the case.
- 2.32. Students may not bring anyone to a meeting that is not a member of the University unless this has been agreed as a reasonable adjustment under the Equality Act 2010. Reasonable adjustments should be requested at the earliest opportunity through the appropriate team. Legal representatives are not permitted to be present at any stage of the appeals process.

External review

- 2.33. The Office of the Independent Adjudicator for Higher Education (OIA) provides an independent scheme for the review of student complaints or appeals. When the University's internal procedures for dealing with appeals have been completed, the University will issue a Completion of Procedures letter.
- 2.34. Students will be issued with a Completion of Procedures letter when:
- a) the Academic Registrar (or nominee) has deemed the appeal or internal review request not to have valid grounds;
 - b) the Pro-Vice Chancellor (Education) (or nominee) has dismissed the request for internal review.
- 2.35. Students may also request a Completion of Procedures within 20 working days of receiving:
- a) the written decision of the reconvened RSPB/Examiners following an appeal;
 - b) the written confirmation that the appeal has been dismissed by the Executive Dean or their deputy, where the student does not intend to request an internal review.
- 2.36. Students wishing to avail themselves of the opportunity of an independent review by the OIA must submit their application to the OIA within twelve months of the issue of the Completion of Procedures letter. Full details of the scheme are available on request and will be enclosed with the Completion of Procedures.

3. Appeal committees

- 3.1. Where the Executive Dean or their deputy or the Pro-Vice-Chancellor (Education) (or nominee) decides to establish an Appeal Committee, the following will apply.
- 3.2. An Appeal Committee may be appointed by the Executive Dean or their deputy or Pro-Vice-Chancellor (Education) or nominee considering the case and will consist of:
 - a) For initial appeals, the Executive Dean or their deputy as Chair and two members of academic staff from outside the student's department who had no previous connection with the student; or
 - b) For appeals following an Internal Review request, the Pro-Vice-Chancellor (Education) (or nominee) as Chair, not fewer than two Deans¹⁰, and a student member appointed by the President of the Students' Union.
- 3.3. The Appeal Committee will be serviced by a Secretary.
- 3.4. The Appeal Committee may consult such persons, including the student and their supervisor, and take such advice as it thinks fit.
- 3.5. The student will be invited to be present at the Committee whenever oral evidence is being heard by the Committee, and will receive all the papers.
- 3.6. The Chair of the Committee shall have the authority to determine the order of proceedings and exclude any material which appears irrelevant to the case.
- 3.7. The usual pattern of proceedings is:
 - a) The members of the Committee have a preliminary discussion without the student, the student's representative or any persons who have been called to give evidence being present.
 - b) The student and the student's representative enter the room and the Chair introduces all those present.
 - c) The Chair checks that the student has received details of the case and any supporting documentation.
 - d) The Chair explains the order of proceedings to the student.

¹⁰ excluding the Dean who had originally approved the outcome against which the student is appealing, and the Dean who had considered the initial appeal

- e) The Chair summarises the evidence relating to the appeal and members of the Committee are invited to put questions to any persons who have been invited to the Committee to give evidence.
 - f) The Chair then invites the student to make a statement orally if they wish to do so, including any mitigation, and members of the Committee are invited to put questions to the student.
 - g) The Chair invites the student's representative to put forward any additional statement.
 - h) The Chair invites the student to make any final response.
 - i) The student, the student's representative and any persons who have been invited to the Committee to give evidence are then asked to leave the room (or equivalent for meetings conducted by video-conferencing or similar).
 - j) The Committee then, having considered the evidence, and taken such advice as may be necessary, comes to a decision regarding the outcome of the appeal (see 2.16/2.27).
 - k) The student is then recalled to the room to be told the decision as to whether the appeal is well-founded. The outcome of the appeal and the reasons why are explained to the student.
- 3.8. The Committee may proceed in the absence of the student or the student's representative provided that the Chair is satisfied that due notice has been given to the student.
- 3.9. Only members of the Committee and the Secretary shall be present while a committee is reaching a decision of the outcome of the Appeal Committee.
- 3.10. The Appeal Committee may adjourn where this is necessary to obtain further information.

Student concerns and complaints procedure

1.Introduction

- 1.1. The University is a large community engaged in many activities of both an academic and non-academic nature. From time to time, a student may feel dissatisfied with some aspect of their dealing with the University and, when that happens, it is important that the issue is dealt with constructively and as quickly as possible 'without risk of disadvantage or recrimination'. Each case will be considered on its own merit and in accordance with the evidence and circumstances presented.
- 1.2. In line with the QAA Quality Code, a complaint is defined as *'an expression of dissatisfaction by one or more students about a University's action or lack of action, or about the standard of service provided by or on behalf of the University'*. Some examples of concerns and complaints include:
- Failure by the University to meet its obligations including those outlined in the course/student handbooks or the Student Charter.
 - Misleading or incorrect information provided by the University in prospectuses or promotional material.
 - Concerns about the delivery of a programme, teaching or administration.
 - Poor quality facilities, learning resources or services provided directly by the University

Raising a complaint

- 1.3. This procedure is intended to provide a timely, simple and streamlined process with a strong focus on early resolution by empowered and well-trained staff.
- 1.4. Students wishing to raise a complaint, should follow each stage of the complaint procedure and would not normally be permitted to skip a stage. These are:
- a) **Early Resolution see Section 4)** – seeks to resolve concerns swiftly and effectively at the point at which the concern is raised, or as close to that point as possible, for example at departmental level. In all cases, students will be directed to the next stage of the procedure if they remain dissatisfied at the conclusion of the Early Resolution Stage.

- b) **Formal Complaint (see Section 5)** – is appropriate where a student is dissatisfied with the outcome of early resolution, or where early resolution is not possible. This will usually be investigated by an independent Complaint Investigator appointed by the Student Progress Team. This stage may include mediation or conciliation where appropriate.
 - c) **Internal Review (see Section 7)** – provides an opportunity for a formal Internal Review, carried out by the Pro-Vice-Chancellor (Education), of the process of the formal complaint stage to ensure that appropriate procedures were followed; and/or that the outcome was reasonable. This stage will not normally require a reconsideration of the issues raised.
 - d) **External Review (see Section 8)** – where the complainant remains dissatisfied, they can submit a request for a review by the Office of the Independent Adjudicator (OIA) within twelve months of the date of the Completion of Procedures letter provided by the University.
- 1.5. All concerns or complaints should be submitted as soon as possible after the events or actions which have prompted them, and normally within the timeframes outlined in these procedures. Students should be prepared to provide evidence to support their concerns or complaint and where required, students should use the relevant Complaint Form available from the University website.
- 1.6. If a concern or complaint is made directly to the Vice-Chancellor, the Registrar and Secretary or other senior officer of the University, it will be passed to the Student Progress Team who will ensure that it is referred to the most appropriate person, in line with the published procedure.

Advice, support and guidance

- 1.7. SU Advice provides independent advice, support and guidance and representatives are permitted to accompany students to meetings at any stage of the procedure. The procedure is an internal process and does not have the same degree of formality as a court of law. The student may not normally bring anyone to a meeting that is not a member of the University unless this has been agreed as a reasonable adjustment under the Equality Act 2010.
- 1.8. If a complainant appears unable to engage effectively with the procedure, it may be necessary to suspend consideration of their concern or complaint until they have accessed appropriate support.
- 1.9. The University of Essex has a zero tolerance approach to harassment and bullying. Students who want to make a complaint of harassment, bullying, hate incidents or assault by someone working for the University should use this procedure, and seek support via the University's Report and Support service at the earliest opportunity. Complaints about another student should be made using the Code of Student Conduct.

- 1.10. Students may request reasonable adjustments to these procedures in line with the rights that students retain under the Equality Act 2010. Requests will be considered individually, and students will be notified of the adjustments that have been agreed in writing and at the earliest opportunity.

Roles and responsibilities

- 1.11. On behalf of the Academic Registrar, **the Student Progress Team** co-ordinates all aspects of the administration and delivery of this procedure across all University campuses.
- 1.12. **Complaints Investigators** are trained senior staff members responsible for the conduct of investigations and the co-ordination of all aspects of the response to complainants.
- 1.13. **The Pro-Vice-Chancellor (Education)** conducts Internal Reviews. They will review the complaint, at the complainant's request, to consider whether any procedural irregularities occurred during the Formal Complaint, the reasonableness of the outcome and/or whether any further investigation is required.
- 1.14. On behalf of the University Senate, **the Academic Registrar** is responsible for ensuring that there are effective complaints handling procedures, with robust investigation processes which demonstrate that organisational learning is in place. The Academic Registrar also ensures that concerns and complaints are used to identify improvements to services and also deals with any unacceptable behaviour by complainants.
- 1.15. The **Head of Department** includes the Head of Department, School, Centre, Faculty or Service Provider at the University of Essex, and is responsible for ensuring staff employed in their relevant area of responsibility are making reasonable attempts at Early Resolution for any complaints initially raised with them, and are co-operating with the Formal Complaint, Internal Review and External Review proceedings.
- 1.16. The **University Senate**, (and its sub-committees) receives an annual report on Formal Complaints and Internal Reviews in order to identify emerging issues and trends and recommend action that informs University practices, procedures and activities and in order to enhance the quality of the student experience.

2. Principles

- 2.1. This procedure will:
- Be fair and impartial
 - Be transparent and easy to access
 - Be flexible and timely, ensuring that concerns and complaints are dealt with as quickly as possible

- Clearly communicate processes, decisions and the reasons behind decisions
- Ensure that decisions are taken without actual or perceived conflicts of interest
- Ensure an appropriate level of confidentiality
- Include support for students
- Use the information gathered to improve services for students and the student experience
- Expect all involved to behave appropriately and not allow our procedures to be misused.

Confidentiality

- 2.2. Complainants may expect concerns and complaints to be dealt with confidentially and that their privacy will be respected. However, any person who is the subject of a concern or a complaint will be advised, and an appropriately redacted copy of the concern or complaint and any associated evidence will normally be copied to them, in order that they are given the opportunity to respond. It may also be necessary to disclose information to others in order to deal with the concern or complaint and, in these circumstances, the parties concerned will be informed of such a disclosure. An appropriately redacted copy of the investigator's report may be provided to the person who is the subject of a concern or complaint.

Where a concern or complaint has been raised against a member of staff and has been upheld, the student will be advised of this. However, specific details affecting individual staff members will not normally be shared, particularly where disciplinary action is subsequently taken.

Managing unacceptable behaviour

- 2.3. All individuals involved in a complaint are expected to act reasonably and fairly towards each other, treat the process itself with respect and not abuse it. It is recognised that people may act out of character in times of trouble or distress, however, the University also recognises its duty to ensure the safety and welfare of its staff and students. Consequently, the University has a zero tolerance towards complainants whose behaviour is deemed to be unacceptable and action will be taken to protect staff. The term 'complainant' also includes anyone appointed as a third party to act on the complainant's behalf or anyone who contacts the University in connection with a complaint.
- 2.4. The University's definition of 'unacceptable behaviour' might include, but is not necessarily restricted to, cases in which there is clear evidence that the complainant has behaved in one or more of the following inappropriate ways or the complaint itself is considered to be frivolous, vexatious or motivated by malice:
- Complaints which are obsessive, harassing or repetitive

- Communicating with the University in an abusive, offensive, defamatory, distressing, aggressive, threatening, coercive or intimidating manner
- Submitting a complaint containing materially inaccurate or false information or evidence
- Insistence on pursuing non-meritorious complaints and/or unrealistic, unreasonable outcomes
- Insistence on pursuing meritorious complaints in an unreasonable manner
- Complaints which are designed to cause disruption or annoyance
- Demands for redress which lack any serious purpose or value

2.5. When a complainant's behaviour, or the complaint itself, is considered to be unacceptable, as a first step, the University will normally tell the complainant why their behaviour or complaint is considered to be unacceptable and will ask them to desist. If the unacceptable behaviour continues, the University will take action to restrict contact with the University.

2.6. Any decision to restrict a student's access will be communicated to the student in writing by the Academic Registrar (or nominee) and will be appropriate and proportionate. The options the University is most likely to consider are:

- Requesting contact in a particular form
 - Requiring contact to take place with a named officer of the University
 - Restricting telephone calls or emails to specified days and times
 - Asking the complainant to appoint a representative to correspond with the University;
- and/or
- Asking the complainant to enter into an agreement about their conduct

2.7. Should the complainant not agree with the restriction, they should contest the decision in writing to the Registrar and Secretary within ten working days of its communication. The Registrar and Secretary (or nominee) will consider the student's representations and, where the restriction is considered unavoidable and reasonable, the Registrar and Secretary (or nominee) will confirm the terms of the restricted access to the student in writing.

2.8. In instances where a complaint is considered to be frivolous and/or vexatious, or where a complainant continues to behave in a way that is considered to be unacceptable, the Academic Registrar (or nominee) may decide whether University disciplinary proceedings should be initiated in accordance with the Code of Student Conduct or whether to terminate contact with

the complainant. In exceptional circumstances, this may mean that consideration of the complaint is also terminated and a Completion of Procedures letter issued.

- 2.9. Should the complainant wish to appeal a decision to terminate contact or to dismiss a complaint, they should contest the decision in writing to the Registrar and Secretary within ten working days of its communication. The Registrar and Secretary (or nominee) will consider the student's representations and, where the restriction is considered reasonable, the Registrar and Secretary (or nominee) will confirm the dismissal and issue the student with a Completion of Procedures letter within 28 days. Where the restriction is considered unreasonable the Registrar and Secretary (or nominee) may amend or rescind the restrictions.
- 2.10. Where a complainant submits multiple complaints on substantially the same issue, the University reserves the right to treat the matter as a single complaint and to decline to respond to each separate subsequent complaint.

3. Eligibility

- 3.1. This procedure is available to students registered on a programme of study at the University of Essex, wishing to raise a concern or complaint regarding an issue by which they have been materially affected. The term 'student' includes those registered to study with the University of Essex or registered for its awards and those who have recently left the University. Those students who have recently left a programme of study may only raise issues of concern or complaint within three months after the conferral of an award or withdrawal from their programme. The Academic Registrar (or nominee) has discretion to extend this three month period where they consider that there are compelling reasons to do so.
- 3.2. Some issues may be more appropriately considered under processes other than this procedure. As such, this procedure will not normally cover:
- Appeals relating to examinations or assessments or to academic progress or against a finding of guilt in relation to an academic offence (see the Academic Appeals Procedure, Academic Offences Procedure or Progress Procedures)
 - Complaints involving an allegation that a student has failed to meet their academic commitments (see the Academic Appeals Procedure)
 - A concern about a decision made under other specific regulations such as Fitness to Practise or DBS (see the Fitness to Practise Procedure / DBS)
 - Complaints regarding an admissions or readmission decision.
 - Complaints regarding the behaviour of another student, which should be submitted in accordance with the Code of Student Conduct.

- 1.3. Students who are affected by a policy outcome but do not have the right to appeal may submit their concern or complaint through this procedure.

Concerns and complaints by third parties

- 3.4. Concerns and complaints submitted via a third party will not normally be accepted. However, it is recognised that some individuals may be unable to raise a concern or make a complaint on their own. In these circumstances, concerns or complaints brought by permitted third parties (for example, a Students' Union representative or family member) will only be accepted when the individual affected has completed a third party authority form and the Academic Registrar (or nominee) has approved the request.

Collective concerns and complaints

- 3.5. Where the issues raised affect a number of students, those students can submit a concern or complaint as a 'group concern/complaint'. In such circumstances, in order to manage the progression of the concern or complaint, the University will normally ask the group to nominate one student to act as group representative. The University will deal with the nominated representative only and will expect them to liaise with the other students.

Anonymous concerns and complaints

- 3.6. Concerns and complaints received anonymously will not normally be accepted, except where there are compelling reasons, supported by evidence, for the matter to be investigated.

Students at Partner Institutions

- 3.7. For students studying under collaborative arrangements, concerns and complaints should be made through the partner institution's complaints procedure.
- 3.8. If a complainant does not consider that their complaint has been satisfactorily dealt with, they may be able to take their complaint to the Office of the Independent Adjudicator for Higher Education (OIA), within 12 months of the issue of the Completion of Procedures letter. Full details of the scheme are available at www.oiahe.org.uk.
- 3.9. Partner institutions will report formally to the University on an annual basis in relation to student complaints in order to identify emerging issues and trends and for action to be identified as appropriate.

Concerns and complaints involving other organisations or contractors who provide a service on behalf of the University

- 3.10. Concerns and complaints regarding the facilities or services of University of Essex Campus Services or any other wholly owned subsidiary are covered by this procedure and begin at Early Resolution (see Section 4).
- 3.11. If a student wishes to raise a concern or complain about the service or facilities provided on behalf of the University by a company not owned by the University, they should contact the organisation directly and follow their complaints procedure in the first instance. If the student does not know who to contact in order to raise their concerns, they may contact the Student Progress Team in the first instance.
- 3.12. If the complainant remains dissatisfied with the attempts of Early Resolution with the other organisation or contractor, they may submit a Formal Complaint under this procedure (see Section 5).

Concerns and complaints about the Students' Union

- 3.13. Students wishing to raise a concern or complain about an aspect of the Students' Union provision, should submit a complaint via the Students' Union complaints process in the first instance. If the complainant remains dissatisfied with the outcome of their complaint they may apply to the University for an Internal Review of their complaint (see Section 7). All requests must be made within ten working days of the date of the complaint outcome letter from the Students' Union, by completing the Internal Review Form, which should be submitted to the Academic Registrar via the Student Progress Team.

Reclassification and suspension of proceedings

- 3.14. Where it is deemed that elements of the complaint raised should be handled under another of the University procedures, then the student will be notified and the consideration of the complaint will be postponed until the other proceedings have resolved.
- 3.15. The procedure will normally be suspended where the complainant refers it to a court, tribunal or other external organisation until the outcome of the external process is known.

4.The Complaints Procedure: early resolution

- 4.1. The purpose of the early resolution stage is to attempt to resolve concerns and complaints as quickly as possible. Concerns at this stage may be made in writing or at a meeting with the relevant member of staff.
- 4.2. Students who experience a problem with their course or any other University service, should normally raise this with a relevant member of the University's staff involved with the service or

matter, providing relevant details of the complaint and any remedy sought. This may be the member of staff whose actions have caused the concern or a personal tutor or programme director. Issues of a general nature relating to the teaching and learning provision in a department/school or centre may alternatively be raised via the departmental Student Voice Groups representative.

- 4.3. Complaints submitted for Early Resolution should normally be raised within three months of the event(s) complained about unless there is good reason for the delay.
- 4.4. Where the student is uncomfortable about approaching the appropriate contact, or where they have not previously received a satisfactory response, they should contact the Head of Department. If the student is not sure who the relevant Head of Department is, then they should contact the Student Progress Team in first instance.
- 4.5. Staff investigating concerns at this stage should, if possible, have a face-to-face discussion with the parties concerned, to come to an understanding of the exact nature of the student's dissatisfaction and to explore appropriate resolutions. These meetings are designed to clearly establish facts, not to apportion blame, and are not disciplinary investigations.
- 4.6. If a concern or complaint relates to the actions of two or more departments/schools/centres or services, the staff member or office receiving the concern or complaint will confer with the other areas and decide who will take the lead on the concern or complaint. The complainant should be informed to whom the matter has been passed and given their contact details.

Resolving the concern at early resolution

- 4.7. Resolution may be achieved by providing an on-the-spot explanation of why the issue occurred and/or an apology and, where possible, what will be done to prevent this from happening in the future. It is important to remember that complaints may not always produce the outcome preferred by the complainant. There may be a number of reasons for this, including lack of evidence to substantiate the complaint or the fact that circumstances beyond the University's control may affect the level of service provided.
- 4.8. The outcome of an early resolution, including the reasons for the outcome, should be communicated to the complainant. Where proportionate to do so this will be in writing.

5.The complaints procedure: formal complaint

- 5.1. Where it has not been possible to resolve the matter by Early Resolution, the complainant may initiate a Formal Complaint by completing a Formal Student Complaint Form and submitting it to the Student Progress Team.
- 5.2. Complaints submitted as a Formal Complaint should normally be raised after attempts at Early Resolution have been completed, and no later than three months after the event/s complained

about OR after one month after the attempts of the Early Resolution have concluded (whichever is later) unless there is good reason for the delay.

- 5.3. The Academic Registrar (or nominee) has absolute discretion to extend this deadline, providing that the complainant is able to demonstrate to the satisfaction of the Academic Registrar (or nominee) that circumstances beyond their control prevented the standard time limit being adhered to.
- 5.4. Students are required to set out their complaint clearly and succinctly and to provide evidence to substantiate the issues raised where it is reasonable to expect them to have gathered and provided it. This may include medical evidence such as letters confirming attendance or treatment at a GP surgery or hospital or counselling service, reports by professionals such as psychologists or disability advisors, police crime numbers in the case of reported incidents, financial information such as evidence of lost income (where relevant to the complaint), bank statements or receipts or statements of witnesses to incidents where it is safe and helpful to provide these.
- 5.5. Complainants should take care to raise all matters of complaint and put forward all supporting evidence, as they will not be able to raise new matters or provide any additional evidence to an Internal Review unless they can show good reason why the new evidence/information was not available to them to put forward as part of the Formal Complaint and it is essential to the complaint.
- 5.6. Complainants are encouraged to consider resolutions and are able to suggest an appropriate resolution. If at any time the complainant's expectations appear to be beyond what the University can reasonably provide or are not within the University's power to provide, they will be advised of this as soon as possible in writing.

What the University will do when it receives a formal complaint

- 5.7. The Student Progress Team will acknowledge the receipt of a complaint within five working days. All submitted complaint forms will be reviewed initially to establish whether they are eligible for consideration under this procedure.
- 5.8. The University will endeavour to complete the processing of a formal complaint within 40 working days. The 40 working day timeframe requires students to meet any university deadlines for the submission of material. There will occasionally be circumstances when, for good reason, the University will need to extend the timeframe. Where this is the case the University will notify the student and keep the student regularly informed of progress. While every effort will be made to comply with the time limits set out above if a time limit is exceeded it shall not invalidate the outcome of the complaint proceedings.
- 5.9. Where a formal complaint has been received, the Student Progress Team will inform the relevant Head of Department/Section and thereafter keep them informed of progress.

Investigating the complaint

- 5.10. Eligible complaints will be forwarded to a Complaints Investigator who will be independent of the source of the complaint. The purpose of conducting an investigation is to establish all of the facts relevant to the points made in the complaint and to provide a full, objective and proportionate response to the complainant which represents the University's clear position.
- 5.11. Within five working days, the appointed investigator will write to the complainant, clarifying how the complaint is to be investigated. The Complaints Investigator will usually consult the relevant Head of Department/School, Head of Service or their nominee and also seek to gather information as necessary from anyone else likely to be helpful in resolving the matter, including the complainant and the subject/s of the complaint. Information may be sought in writing, via oral interview or both.
- 5.12. The Complaint Investigator will contact complainants and staff members directly to ask them to attend investigative meetings and it is important that these take place quickly and at a mutually convenient time and location. Investigative meetings are designed to clearly establish facts, not to apportion blame and are not disciplinary interviews. In any meeting involving the complainant or a member of staff, they have the right to be accompanied by a student, an employee of the University or an advisor from the SU Advice or a trade union representative.
- 5.13. The Complaint Investigator will be responsible for keeping records of their investigation. During discussions and meetings, a note of the main points of discussion will be taken and shared with interviewees after each meeting. Any factual inaccuracies should be highlighted immediately.
- 5.14. If at any time the complainant's expectations appear to be beyond what the University can reasonably provide or are not within the University's power to provide, they will be advised of this as soon as possible in writing.

Mediation

- 5.15. The Complaints Investigator may consider whether the complaint or appeal is amenable to mediation at this stage.
- 5.16. Mediation and conciliation are voluntary processes where an impartial independent third party helps parties involved in a dispute to resolve issues confidentially. Using mediation can help both parties to understand what is driving the complaint, and may be more likely to result in a swift and mutually satisfactory conclusion being reached. Mediation and conciliation can be used to 'stop the clock' on the formal process which may be restarted if agreement cannot be reached.
- 5.17. Where both the University and the student agree to mediation or conciliation, revised timescales will be agreed between the parties and confirmed in writing. All parties should understand how the arrangement fits with more formal procedures, the scope of the mediation or conciliation process and whether its use is subject to the parties agreeing in advance to accept the solution offered and the findings reached.

Resolving a formal complaint

- 5.18. Where both the University and the student agree to mediation or conciliation, revised timescales will be agreed between the parties and confirmed in writing. All parties should understand how the arrangement fits with more formal procedures, the scope of the mediation or conciliation process and whether its use is subject to the parties agreeing in advance to accept the solution offered and the findings reached.
- 5.19. The Complaint Investigator will provide a written report at the end of the investigation, setting out clearly the process followed, the information gathered, the conclusions drawn and any recommendations. This will be shared with the complainant, the subject of the complaint and the Head of Service/Department, School or Centre. Any factual inaccuracies should be highlighted immediately.
- 5.20. Where a complaint is upheld or partially upheld, the outcome letter will also detail how and when the University will implement any remedy. It is important to remember that complaints may not always produce the outcome preferred by the complainant. There may be a number of reasons for this, including lack of evidence to substantiate the complaint or the fact that circumstances beyond the University's control may affect the level of service provided.
- 5.21. If a complaint about a member of staff is upheld or partially upheld it might be recommended that the University considers whether any disciplinary action needs to be taken against the staff member. In these cases, the staff member's line manager and Human Resources will also receive a copy of the report for their joint consideration. Details affecting individual staff members will not be shared with complainants, particularly where they relate to any subsequent disciplinary action that is taken.
- 5.22. Should the student remain dissatisfied with the outcome of their complaint, they should submit a request for Internal Review within one month of communication of the outcome of the formal stage (see Section 7).
- 5.23. If a student is satisfied with the outcome of the formal stage or does not submit a request for Internal Review within four weeks, the University will close the matter.

6.The complaints procedure: complaints about members of Staff

- 6.1. A student's complaint may be in relation to the actions of a member of staff employed by the University that the student is dissatisfied with. As with all complaints, it is important that students have the opportunity to raise concerns without risk of disadvantage or recrimination, whilst members of staff should have the opportunity to respond to the concerns raised.

Submitting a concern about a member of staff

6.2. Students should contact the Head of the Department or Service where the member of staff is employed in the first instance. Alternatively, students may submit their concerns to any of the following team who will notify the relevant Head of Department or Service and/or the employee's line manager:

- the Student Progress Team (studentcomplaints@essex.ac.uk).
- Report and Support if the concern relates to being a victim of harassment
- People and Culture (erpc@essex.ac.uk)

For advice, guidance and support available to students, please see 1.7-1.10 of these procedures..

6.3. The Head of Department is responsible for ensuring that the student(s) is provided with an 'Early Resolution' response on behalf of the Department (see section 4). Under Early Resolution, the Head of Department may put in place any reasonable measures that enables the student(s) to continue to receive the relevant support, service and/or learning opportunities. If a student(s) remains dissatisfied with the attempts at Early Resolution, they may submit a Formal Complaint (see section 5).

6.4. The Head of Department is also responsible for ensuring that the relevant staff (such as the employee and their line manager) are made aware of the complaint and kept informed of the progress of the case.

Complaints of staff misconduct

6.5. All complaints of staff misconduct will be taken seriously by the University. If the University receives a complaint that gives the University a concern of misconduct by an employee, then People and Culture will be consulted in line with the University's Disciplinary Procedures for Staff and the University will consider whether or not disciplinary investigation or action is appropriate. If the University deems that the Disciplinary Procedures for Staff do not need to be initiated, then a student's formal complaint will be considered in line with the Student Concerns and Complaint Procedures as normal (see section 5). If the University does decide to initiate the Disciplinary Procedures for Staff, members should be aware that:

6.5.1. The Disciplinary Procedures for Staff will be undertaken first. As such, students may be asked to provide more information to assist the University in applying its staffing procedures, and may be accompanied by another member of the University or Students' Union during any discussion that take place.

- 6.5.2. People and Culture support the Disciplinary Procedures for Staff, and will ensure that the student, the Head of Department, effected staff and the Student Progress Team are kept up to date of the progress of the disciplinary proceedings.
- 6.5.3. Due to an employee's right to confidentiality, the student(s) that has raised the concerns will not be provide with details of any action taken under the Disciplinary Procedures for Staff.
- 6.5.4. Students do not have a right to appeal against any decision taken under the University's Disciplinary Procedures for Staff.
- 6.5.5. The Disciplinary Procedures for Staff do not prevent the student from having their concerns responded to, investigated or reviewed under the Student Concerns and Complaints Procedures. However, members should be aware that:
- i. Consideration of the Formal Complaint will normally be postponed until after the staff procedures are completed, however Departments can continue to organise and implement any interim arrangements that are deemed appropriate for the student;
 - ii. Any subsequent consideration or review under the Student Concerns and Complaint Procedures will not reconsider the conduct of individual members of staff. However, the findings from the Disciplinary Procedures for Staff may be made available to the Complaint Investigator or the Pro-Vice-Chancellor (Education), on a case-by-case basis, who can consider alternative resolutions for the student(s).
- 6.6. When it is deemed appropriate for safeguarding our members and for respecting our members' right to confidentiality, student(s) and employee(s) may be asked to refrain from contacting each other whilst the Student Concerns and Complaint Procedures are ongoing.

Representation for Staff

- 6.7. Any member of staff directly affected by a concern or a complaint from a student may seek support from People and Culture, their trade union or the University occupational health service. Staff required to attend any meetings in relation to a student concern or complaint have the right to be accompanied by a work colleague or Trade Union Representative.

7.Internal review

- 7.1. If the student believes their complaint has not been handled properly or fairly according to these procedures, they may request an Internal Review of the complaint within four weeks of the date of the letter containing the outcome of the Formal Complaint.
- 7.2 Students may request an Internal Review of the outcome of a Formal Complaint investigation on the following grounds:

- The University did not follow the Student Concerns and Complaints Procedures properly which disadvantaged the student's case;
 - Consideration of whether the outcome was reasonable in all the circumstances;
 - There is new evidence, which for good reason was not previously submitted as part of the complaint, which might have materially affected the outcome.
- 7.3. The Internal Review will not usually consider the issues afresh or involve a further investigation. The complaint must have been considered as a Formal Complaint before it is eligible for Internal Review.
- 7.4. In order to request an Internal Review of the complaint, students must complete an Internal Review Form. The form can be completed and submitted by a third party where appropriate written consent is provided. Students are expected to set out their complaint clearly and succinctly and provide evidence to substantiate the issues raised where possible.

What the University will do when it receives a request for review

- 7.5. Students can expect to receive written acknowledgement of the request for an Internal Review within five working days. The University will then pass the request for review to the Pro-Vice-Chancellor (Education) (or nominee) for consideration.
- 7.6. If, at any time, the student's expectations appear to exceed the scope of the Internal Review, they will be advised of this as soon as possible in writing.
- 7.7. The University will endeavour to complete the processing of an Internal Review within 20 working days. The 20 working day timeframe requires students to meet any university deadlines for the submission of material. There will occasionally be circumstances when, for good reason, the University will need to extend the timeframe. Where this is the case the University will notify the student and keep the student regularly informed of progress. While every effort will be made to comply with the time limits set out above if a time limit is exceeded it shall not invalidate the outcome of the complaint proceedings.
- 7.8. The decision of the Pro-Vice-Chancellor (Education) (or nominee) will be final. If the Pro-Vice-Chancellor (Education) (or nominee) determines that the request for an internal review is not well-founded, then s/he will dismiss the case and will formally issue the student with a Completion of Procedures letter, explaining the reasons for their findings.
- 7.9. If the Pro-Vice-Chancellor (Education) (or nominee) determines that the request for an Internal Review is well-founded, then they will initiate a review of the case and then issue the student with an outcome letter, containing details of their findings and what the outcome will be. Where a complaint is upheld, the letter will also detail how and when the University will implement any remedy.

8.External review

- 8.1. Once the Internal Review has been completed, the student is entitled to ask the Office of the Independent Adjudicator (OIA), the independent ombudsman service of last resort, to look at their complaint. All applications to the OIA must be made within 12 months of the date of the outcome letter issued by the University to the student.
- 8.2. Students are entitled to a Completion of Procedures letter when the Pro-Vice Chancellor (Education) or their nominee has completed the Internal Review and reached a final decision.
- 8.3. The OIA considers complaints from people who remain dissatisfied at the conclusion of the University's internal Student Concerns and Complaints Procedure. The OIA looks at issues such as whether the University followed its procedures, whether these procedures were reasonable, and whether the University's final decision was reasonable in all the circumstances.
- 8.4. The OIA's Scheme Rules and guidelines are available on its website, www.oiahe.org.uk

Schedule of tuition fees 2023-24

How our tuition fees are set

1. The Fees Group committee is an advisory group to USG (University Steering Group) who meet four times per year and have the following responsibilities with regards to the setting of fees:
 - a) Provides strategic direction for University fee policy
 - b) Develops policy on fees, recommends specific fees and price bands for undergraduate, postgraduate taught and postgraduate research courses
 - c) Reviews and endorses, on an annual basis, other fees and charges levied for additional or exceptional costs connected to individual student activity which is not included within the main fees.
2. All policies, fees, fee bands and other fees and charges are recommended to USG for approval on behalf of Council.
3. The amounts set out in this document for academic tuition are composite fees which include admission, registration, examination and graduation fees as well as an obligatory contribution towards the cost of student societies, sports activities and other amenities. The fees identified in this document do not include accommodation or the cost of meals.
4. The Undergraduate Home EU fees are regulated by the Government.

Fee increases for Home students

5. For full-time undergraduate students with a Home fee status (which currently only includes EU students who have a pre-settled status) any fee increases during your programme of study will be limited to the annual increase in the RPI-X index. Increases in fees for full-time undergraduate students with a Home fee status remain subject to UK Government approval.

Fee increases for International students

6. The University sets tuition fees for one academic year at a time. If your course lasts for more than one academic year, the fees due in subsequent years of study may therefore be different to the fee advertised and charged for your year of entry.
7. For other students who started in 2017-18 and earlier, the annual fee increase will be 3% and other students starting from 2018-19 up to 2023-24, the annual fee increase will be 5%. This should be budgeted for annually for each subsequent academic year of study. For students who are not

paying their fees in British Pounds, fluctuations in the currency being used should also be budgeted for where possible.

Part-time fees

8. Part-time students will normally pay a fee pro-rata to the relevant full-time fee for the same course in each academic year in which they undertake study. For example, a student taking a part-time Masters course over two academic years starting in October 2023 will pay 50 per cent of the full-time fee charged for that course in 2023-24 and 50 per cent of the full-time fee charged for that course in 2024-25. The fee for the second year of the course may therefore be higher than for the first year fee liability.

General information regarding fees

9. Tuition fees are normally published online at least 12 months in advance of the start of the next academic year. Students returning for a second or subsequent year of study will be notified of their tuition fees for the next year of study as part of the arrangements for Registration.
10. Liability for payment of overseas fees is determined by reference to the Education (Fees and Awards) Regulations. The Head of Admissions is responsible for determining the fee status of applicants to the University. Following Registration, a request by the student to reclassify their fee status can be considered only in specific circumstances. Cases are considered by the Funding Team and referred to the Academic Registrar for approval where necessary.
11. A tuition fee deposit may be payable before you start your course. If this applies to you, details of the amount and how it should be paid will be included with your offer of study issued by the relevant admissions office. Our full tuition fee deposit policy is available on our website.
12. General information on how new students can pay their first annual tuition fee will be included with your offer of study issued by the relevant admissions office. Arrangements will be confirmed when your place at the University is finalised and will be included in the pre-arrival information including arrangements for Registration. You can find more information on how to pay your fees on our webpage.
13. At Registration, which takes place at the start of a period of academic study, you accept liability for the tuition fees for the forthcoming academic year. This will normally be a full academic year unless your course starts in January or April, or you are finishing prior to the end of the normal academic year.
14. Once registered at the University, all students, regardless of funding source and fee status, are liable for their fees for the relevant degree course or research degree. If for any reason a student withdraws from their course, information on tuition fee payment and liability can be found on our website.

How we use your fees

Full details on how we use your fees can be found on our [using your fees](#) webpage.
