# Join the student network

If you've registered with StudentCom through the pre-arrival service, sign in using the username and password you set up (check your emails for confirmation).

If you need to create an account, simply follow our quick and easy set up guide.

## ① Step 1 FIND OUR NETWORK

- Scan for available Wi-Fi networks and select **StudentCom**, or alternatively connect your device using an Ethernet cable.

If you can't see the 'StudentCom' network, please select 'SC\_2.4'. If your device displays both network names StudentCom and SC\_2.4 – then please continue to connect to the StudentCom network as this is optimised for your device.

- Open a browser window, such as Google Chrome or Firefox. You should be re-directed to a StudentCom welcome screen.
- Click GET STARTED.

## ② Step 2 SELECT YOUR SERVICE

### Free

- For our free broadband product, click REGISTER.
- You will automatically be re-directed to the CREATE ACCOUNT page.

### Upgraded

- If your residence has upgrade options available and you would like to purchase an upgrade, click the basket next to the product of your choice.
- Click PROCEED TO CHECKOUT.
- Review your basket and click CONTINUE.
- If you're an existing user, log in using your username and password. If you're a new user click CREATE ACCOUNT.

You can download our app from the Apple and Google Play store. Just search for **StudentCom**.

## ③ Step 3 CREATE ACCOUNT

- Complete all fields and choose a memorable username and password.
- Click REGISTER. (By clicking REGISTER you are accepting our Terms and Conditions).

## ④ Step 4 SET UP A PAYMENT

- If the services selected require payment you will be asked to enter your payment and billing details.
- Click PAY NOW to accept Terms and Conditions.

## ⑤ Step 5 START BROWSING

- If registration has been successful a confirmation screen is displayed and you will be logged in automatically.
- You will receive an email confirming your username.

# Time out

Once you have completed your registration on the StudentCom portal, you may be asked to log in if you have been disconnected from our network for a period of time.

The reason we ask you to do this is to keep your account secure and ensure that others are not using your service without permission.
