This will take place on the **26<sup>th</sup> of March 2018**. EGCL is a yearly one-day conference exclusively for students in the language and linguistics department at Essex. **All postgraduate students** who are undertaking research projects (whether completed or not) are encouraged to submit an abstract, which is an excellent opportunity to get conference practice in a friendly atmosphere.

Reports of **research projects at any stage of development** may be submitted, such as: reports of planned research projects, work-in-progress reports and papers reporting completed research.

**Proposals from any area of linguistics are welcome.**

## Type of Presentations

These will be **10-20** minutes long, with 10 minutes for questions.
