SENATE July 2013
2. **BIOLOGICAL SCIENCES**

2.1 In respect to the courses:
- BSc Biochemistry C701
- BSc Molecular Medicine and Biochemistry C721

2.1.1 **Stage One**
In addition to the standard requirements for progress in order to progress from Stage One to Stage Two, students must obtain a minimum average year mark of **50**

2.1.2 **Stage Two**
Students must obtain a minimum average year mark of **50**

Students who do not achieve the course specific requirements in Stage Two of the above courses shall be permitted to proceed to the Final Stage of either BSc in Biochemistry (C700) OR BSc Molecular Medicine & Biochemistry (C720) (depending on which course they are registered for), subject to their meeting the requirements for progression for the course to which they are transferring.

2.2 In respect to the courses:
- BSc Biomedical Science (Integrated) B991

2.2.1 **Stage One**
Students must achieve a minimum year mark of **70%** in the first year in order to continue on the course, which must be achieved at the first attempt.

Where students have not achieved 70% at the first attempt, they will not be permitted to undertake reassessment in order to meet the requirement. The Department will consider students with extenuating circumstances who achieve less than 70% on a case by case basis.

Students with year marks under 70%, and with no extenuating circumstances, will not be guaranteed to proceed on the course, but may be able to transfer to one of the non-placement courses (B990). However, if there are still funded places available for B991, the Department will consider students with year marks below 70%, in rank order. However, students with year marks below 60% and no extenuating circumstances will not normally be permitted to proceed on a course with a placement.

2.2.2 **Stage Three**
**Year 3**
BS833 Biomedical Science Placement Module must be passed at the first attempt. Students who do not achieve this will normally be required to transfer to the non-placement course.

Students who fail to achieve the required year mark at Stage One or fail to achieve a pass in B833 will normally be expected to transfer to B990 Biomedical Science.

Students who are awarded an aegrotat degree will not be eligible for admission to the Register of Biomedical Scientists.
2.2 In respect to the courses:
BSc Biomedical Science (Integrated) B993
BSc Biomedical Science (Integrated) B994

2.2.1 Stage One
Students must achieve a minimum year mark of 55% in the first year in order to continue on the course, which must be achieved at the first attempt.

Where students have not achieved 55% at the first attempt, they will not be permitted to undertake reassessment in order to meet the requirement. The Department will consider students with extenuating circumstances who achieve less than 55% on a case by case basis.

Students with year marks under 55%, and with no extenuating circumstances, will not be guaranteed to proceed on the course, but may be able to transfer to one of the non-placement courses (B990/B992). However, if there are still funded places available for B991 or B994, the Department will consider students with year marks below 55%, in rank order. However, students with year marks below 50% and no extenuating circumstances will not normally be permitted to proceed on a course with a placement.

2.2.2 Stage Three
Year 3
BS833 Biomedical Science Placement Module must be passed at the first attempt. Students who do not achieve this will normally be required to transfer to the non-placement course.

Students who fail to achieve the required year mark at Stage One or fail to achieve a pass in B833 will normally be expected to transfer to B990 Biomedical Science.

Students who are awarded an aegrotat degree will not be eligible for admission to the Register of Biomedical Scientists.

SENATE APRIL 2011
3. **COMPUTER SCIENCE AND ELECTRONIC ENGINEERING**
   (SCHOOL OF)

3.1 **Three-year honours degree courses and four-year courses which involve a preliminary year:**

Stage Two and Stage Three

Students must pass each module and must also achieve a minimum mark of 30% in the coursework aggregate mark and the exam mark where both are used in the assessment of the module.

3.2 **Four-year honours degree courses which include a year abroad:**

Stage Two

Students must pass each module and must also achieve a minimum mark of 30% in the coursework aggregate mark and the exam mark where both are used in the assessment of the module.

Students must meet the pass requirements for each module at the first attempt in order to be permitted to go abroad in the following year. Where students fail a maximum of 60 credits at the first attempt and have a stage mark of at least 20%, the Board of Examiners will offer reassessment with the chance to transfer to an appropriate 3-year course. In cases where students wish to remain on their existing course, they will need to apply for a year’s intermission after taking the reassessment.

3.2.1 **Year Abroad**

Students must pass the 60 marked credits which are studied on the year abroad.

3.2.2 **Final Stage**

Students must pass each module and must also achieve a minimum mark of 30% in the coursework aggregate mark and the exam mark where both are used in the assessment of the module.

3.3 **Four-year Integrated masters Courses:**

Stage Two and Stage Three

Students must pass each module and must also achieve a minimum mark of 30% in the coursework aggregate mark and the exam mark where both are used in the assessment of the module.

3.3.1 **Final Stage**

Students must pass each module and must also achieve a minimum mark of 40% in the coursework aggregate mark and the exam mark where both are used in the assessment of the module.

7. HEALTH AND HUMAN SCIENCES

In respect of the courses:

**Foundation Degree in Health Science (Mental Health) L511**

**Foundation Degree in Health Science (Care of the Adult) L510**

Progression is based on passing all assessments and all modules.

Any failed element may be resubmitted on one occasion only for a capped mark. A fail at second attempt will lead to a requirement to withdraw.

For Foundation Degree Health Science (non-modular courses) work will normally be resubmitted within four weeks of students receiving their marked work. An External Examiner can review both the submission and the resubmission.

All placement / workplace based assessments are assessed as pass/fail. They are non-credit bearing but must be passed.

In respect to the course:

**BSc Health Care Practice (including the Non-Medical Prescribing Module) B900**

Progression is based on passing all assessments and all modules.

A failed element of assessment may be resubmitted on one occasion for a capped mark. Students will normally resubmit failed work, within four weeks of receiving their ratified marks, the resubmission date being set by the Board.

For all OSCE (Objective Structured Clinical Examination) and Short Exams the pass mark is 80%

All placement / workplace based assessments are assessed as pass/fail. They are non-credit bearing but must be passed.

Students normally APL 240 credits to this course when they will study for 120 Essex credits at level 6.

Where students APL the additional credits required will be studied at level 6

Progression is between modules, rather than levels or stages.

There are 60 credit modules available in this course – currently

**HS623 Renal module**

**HS627 Work based project** is offered at 60 credits

**HS624 Work Based Essay** is 10 credits

The degree classification for this course is based on an equal weighting of all modules taken at Essex (i.e. non APL work) at all stages.

In respect of the course:

**BSc Health Care B901MO**
Progression is based on passing all assessments and all modules.

Any failed element may be resubmitted on one occasion only for a capped mark. A fail at second attempt will lead to a requirement to withdraw.

Students will normally resubmit failed work, within four weeks of receiving their ratified marks, the resubmission date being set by the Board.

For all OSCE (Objective Structured Clinical Examination) and Short Exams the pass mark is 80%.

All placement / workplace based assessments are assessed as pass/fail. They are non-credit bearing but must be passed.

In respect of the course:
**Foundation Degree in Oral Health Science B750**

Progression is based on passing all assessments and all modules.

Any failed element may be resubmitted on one occasion only for a capped mark. A fail at second attempt will lead to a requirement to withdraw.

Work will normally be resubmitted within four weeks of students receiving their marked work. An External Examiner can review both the submission and the resubmission.

For all OSCE (Objective Structured Clinical Examination) and Short Exams the pass mark is 60%.

All placement / workplace based assessments are assessed as pass/fail. They are non-credit bearing but must be passed.

For the degree to be awarded with merit or distinction, students must pass all Stage Two (level 5) assessments at the first attempt.

In respect of the courses:
**BSc Nursing (Adult) B740**
**BSc Nursing (Mental Health) B760**

Progression is based on passing all assessment and all modules.

Any failed element may be resubmitted on one occasion only for a capped mark. Failed work will normally be resubmitted within four weeks of students receiving their marked work. A fail at second attempt will lead to a requirement to withdraw.

Placement based assessment of skills is credit bearing, all module skills must be passed.

Placement based assessment of core professional values is non-credit bearing but must be passed.

Students must be assessed as remaining of good health and character by the School’s Professional Suitability Group/Examination Board.

All required outcomes for a progress point must normally be met within the assessed period for that stage of the programme. Any outstanding outcomes must be achieved within 12
weeks of entering the next stage of the programme. A student who fails to achieve the outstanding outcomes within the 12-week period will not be permitted to continue on the current stage of the programme. Depending on the reason for the failure to meet the outstanding outcomes, the Board will decide whether the student must either return to the previous part of the programme to meet the shortfall or be discontinued. This is to meet the NMC requirement on progression.

Exit Awards

These degrees have an exit award of an ordinary degree in Nursing (Adult) or Nursing (Mental Health) which can lead to professional registration with the Nursing and Midwifery Council.

To be eligible for this exit award a student must:

- Undertake 360 credits for the BSc (Hons).
- Pass all core modules except HS562, the research module.
- Pass all clinical assessments.

Other exit awards for these courses are titled:
Diploma of Higher Education in Clinical Health Studies

Certificate of Higher Education Business (Essex Business School – Accounting, Finance and Management)

9.6.1 In addition to the standard requirements for the award, students must achieve all of the following:

- a mark of at least 40% for the examination for Introduction to Management (IA711-4-PS), Quantitative Methods and Financial Mathematics (IA706-4-AU), Introduction to Accounting (IA713-4-FY), Introduction to Finance (IA712-4-SU), and Introduction to Economics (IA710-4-PS)

- a mark of at least 50% for three zero-credit-bearing modules: Academic Literacy 1 (IA704-4-AU), Academic Literacy 2 (IA705-4-SP) and Applied Business Communication (IA703-4-AU)

(1) Where a student has received an aggregate module mark of at least 50% in Academic Literacy 1, the student will automatically progress to study the Academic Literacy 2 module in the spring term.

(2) Where a student has received an aggregate module mark of between 40%-49% for Academic Literacy 1 (IA704-4-AU), Academic Literacy 2 (IA705-4-SP) and Applied Business Communication (IA703-4-AU), the student will automatically be allowed to resubmit one piece of work for each module per term. The student will only be permitted to resubmit work once, and the maximum mark obtainable for the entire module will be the capped pass mark.

(3) Where a student has received an aggregate module mark less than 40% for Academic Literacy 1 (IA704-4-AU), Academic Literacy 2 (IA705-4-SP) or Applied Business Communication (IA703-4-AU), the student will automatically be required to repeat the module in the following term. The student will not be permitted to repeat the module more than once, and the maximum mark obtainable for the entire module will be the capped pass mark.

(4) Where a student has repeated the Academic Literacy 1 module in the spring term, they will automatically be required to undertake the Academic Literacy 2 (IA705-4-SP) module in the summer term, regardless of the academic performance on the Academic Literacy 1 module.

(5) In the spring term, students who attain less than the required pass mark of 50% in Academic Literacy 1 (IA704-4-AU) and/or Applied Business Communication (IA703-4-AU) after resubmitting work for the module and/or repeating it, will carry a ‘fail’.

(6) Students undertaking the Academic Literacy 2 (IA705-4-SP) module during the summer term will not be given an opportunity to repeat the module during that same academic year if they fail to attain a minimum of 50% (even after re-submission under regulation 2), because it is the third and final term of the academic year. Students who do not achieve a minimum of 50% will carry a ‘fail’.

9.6.2 Progression onto second year

(1) Academic Literacy 1, Academic Literacy 2 and Applied Business Communications modules are not credit-bearing modules. However, students are required to pass these
modules for guaranteed automatic progression onto a relevant degree course within the Essex Business School at the University of Essex.

(2) Where a student has attained the 120 credit points, but not passed one or more of the zero credit-bearing modules, the student is still entitled to be awarded a Certificate of Higher Education. However, that student would not be guaranteed automatic progression onto the second year of an undergraduate degree course. They would need to apply directly to the Undergraduate Admissions and their application would be considered by a selector within the relevant department or school within the University.

9.7.1 In respect of the course:
**Certificate of Higher Education Business (Essex Business School - International Entrepreneurship and Innovation)**

In addition to the standard requirements for the award, students must achieve all of the following:

- a mark of at least 40% for the examination for The Business Creation and Growth Process (IA707-4-PS) and Principles of Markets, Marketing and Selling (IA708-4-AP)
- a mark of at least 50% for Academic Literacy 1 (IA704-4-AU), Academic Literacy 2 (IA705-4-SP) and Applied Business Communication (IA703-4-AU)

(1) Where a student has received an aggregate module mark of at least 50% in Academic Literacy 1, the student will automatically progress to study the Academic Literacy 2 module in the spring term.

(2) Where a student has received an aggregate module mark of between 40%-49% for Academic Literacy 1 (IA704-4-AU), Academic Literacy 2 (IA705-4-SP) and Applied Business Communication (IA703-4-AU), the student will automatically be allowed to resubmit one piece of work for each module per term. 10.3 **Stage Two**

Students are required to achieve at least 40% in level 4 Advanced (B2) or level 5 Proficiency
(C1) language modules in their major language to be able to proceed to the Study Abroad
period. If students do not meet these requirements, they will be offered the chance to transfer
to a different degree course, if appropriate.

10.4 **Stage Three**

Whilst students will be registering for some modules with a thematic content, it is essential
that the study of their languages must be continued taking into account the following:

- Study of major language (are regarded as core and must be passed)
- Study of minor language(s) with year 4 exit levels of 5 (Proficiency, C1) and above
  (regarded as compulsory unless unavailable, in which case a suitable alternative is
  incorporated into the Learning Agreement)
- Study of any other minor language with year 4 exit levels 3 (Intermediate, B1) or 4
  (Advanced, B2) (recommended)

10.5 In order to proceed onto Mastery (C2) level modules in their major language, students must
have reached at least level C1 of the European Framework by the end of their Study Abroad
period (equivalent to a 40% pass in a level 5 Proficiency module). To proceed to level 5
Proficiency (C1) modules, students must have obtained a pass at level B2 by the end of their
Study Abroad period (equivalent to a 40% pass in a level 4 Advanced module).

10.6 Students have the following options during the Study Abroad period:

**Study abroad as a student at a partner university**

During their study abroad period, students must choose appropriate modules at their host
university. With the exception of modules in the minor language(s) or in translation/interpreting, these modules should be in the language of the host country. This selection of modules and any amendments to the original selection will require the approval of the Study Abroad language coordinators.

Students must register for modules to the value of 60 ECTS credits. The best 45
ECTS credits will be converted into 90 Essex credits. The marks obtained for individual
modules will be used to create an average year mark which will be converted and validated
according to the guidelines published on the Essex Abroad website. This year mark will be
applied to the 90 Essex credits, which will be subject to the Undergraduate Rules of
Assessment.

In cases where the average year mark for the best 45 ECTS credits is a fail (below 40),
students will be asked to transfer to a 3 year degree course wherever possible.
In order to achieve Mastery level (C2) in their final year, students must spend their study abroad period in a single country at their chosen university to ensure that their language proficiency in their major language reaches the very demanding C1 standard. Exceptions will only be made in the case of students who have achieved year marks of clear first class standard during their first year of study at the University of Essex.

Footnotes
5 B1, B2, C1 & C1 refer to the Common European Framework of reference for languages.
6 The major language is the language for which the highest exit level needs to be achieved in the final year. It is also the language of your main study abroad period.
7 Exceptions may be allowed in the case of degrees and/with Modern Languages, provided that the agreement of the relevant Study Abroad Officers has been obtained in advance.

11. LAW

11.1 In respect of:
LLB Laws (Including Year Abroad) M120
(Model Three of the Four-Year Award Models)

11.1.1 In addition to the standard requirements for progress, where the language needed for study in Europe is not the student’s native language, it is a requirement to pass an additional language course. 150 credits will therefore be required for the qualifying year leading to the year of study in Europe for these students.

11.2 In respect of:
LLB English and French Law M122

11.2.1 At the end of Stage One, where the student is already repeating the stage full-time or has undertaken resit(s) without attendance, and has failed up to 60 credits, he/she may resit the necessary examinations and/or resubmit coursework prior to the next academic Stage in order to fulfil the requirement to progress. Marks will be capped at 40%. Where more than 60 credits has been failed he/she must withdraw from the University.

11.2.2 In addition to the standard requirements: 150 credits in five modules must be achieved in each of Stages 1 and 2 to include LW107 French Law and Methodology I and LW207 French Law and Methodology II.

11.2.3 Students who have not passed LW107 French Law and Methodology I at the end of Stage 1 (after resits and/or resubmission of coursework as appropriate) may be permitted to repeat the stage of study in accordance with normal University rules, or, if they have passed 120 credits, may be permitted to proceed to the second stage of another programme of study1. Students who have not passed LW207 French Law and Methodology II at the end of Stage 2 (after resits and/or resubmission of coursework as appropriate) will not be permitted to proceed to the Licence, but, if they have passed at least 90 credits, may be permitted to transfer to another programme of study2.

11.2.4 For the Award of the LLB English and French laws, credit is allocated as follows: 150 credits are allocated to Stage Two; no credit is allocated for the Third Stage (year) which is assessed on a pass/fail basis; and 120 credits for the Final Stage made up of four 30-credit modules. For the purpose of calculating the arithmetic average, the years are weighted as follows: 40%-0%-60%. For the purpose of determining the dominant quality of the student’s work, Model 1 from the standard 4 year Rules of Assessment is used. Marks obtained outside the UK will be converted using conversion tables published on the Study Abroad Office web pages.

11.2.5 In respect of:

**All LLB courses:**

In addition to the standard Rules of Assessment applicable to LLB students, there are also rules set by the Solicitors Regulation Authority and the Bar Standards Board which set the criteria for obtaining a qualifying law degree (QLD). Students wishing to undertake professional practice in Law are recommended to refer to these when making decisions on progression between stages of a degree in cases where they have been offered the chance to proceed to the next stage carrying failed credits.
