SECTION A – In Respect to All University of Essex Online Awards Offered by Kaplan Open Learning, and in Addition to the University of Essex Rules

A.1. Students will be considered under the Rules that are current at the time the Board of Examiners meets.

In the event that a student does not complete a module they have started

A.2. With the first two weeks of a module, a student may 'reverse start':

A.2.1. Students may only exercise the opportunity to 'reverse start' once per module. The incomplete module will not be treated as a Fail.

A.2.2. Marks earned in the first 2 weeks of the module cannot be re-instated when the module is started for a second time. Work submitted during the first period of study cannot be re-submitted when the module is restarted.

A.2.3. For modules with a work based project, it will be at the module leader's discretion, taking into account the student's employment situation, whether or not an entirely new project needs to be used when the module is started for a second time.

A.3. Where the student has completed more than two weeks of study or a Leave of Absence has not been agreed, marks for the module will be considered by the Board of Examiners in the normal way.

A.4. In addition to the standard rules of progression

A.4.1. In the event that a student does not submit work in at least 50% of the assessment for the module in a minimum of 30 credits in any 12-month period of study, and there are no substantiated Extenuating Circumstances, the student will be required to withdraw from the course.

A.4.2. Students that complete Level 4 or 5 (Level One or Two) and wish to proceed to the next Level (Level 5 - Level Two, or Level 6 - Final Level) at the earliest opportunity and before the next scheduled Board of Examiners may commence the next Level on a provisional basis subject to the following conditions being satisfied:

- a) All Level 4 modules (to proceed to Level 5), or all Level 5 modules (to proceed to Level 6) must have been completed and the internal examiners must be satisfied that the provisional marks would ensure that the student will meet the requirements to progress.
- b) At least 60 credits have previously been approved by the Board of Examiners.

If, after the Board of Examiners has met, the student has not met the requirements to progress, the student's higher level studies will be suspended pending successful completion of the preceding Level (Level One or Level Two). If any higher level credits have already been completed they may be presented to the Board of Examiners at which the completed lower level credits will be considered.

A.4.3. Where the provisional mark for an attempt at assessment indicates that the student has failed the module, the student would be permitted to undertake reassessment prior to the next meeting of the Board of Examiners. All marks, including marks for initial attempts at assessment and following reassessment will be ratified by the earliest scheduled Board of Examiners following completion of the reassessment.

A.4.4. Where a student has two outstanding failed modules, they may not enrol onto a third module until they have successfully completed all resubmission work. Once the internal examiners are satisfied that the student has achieved a pass mark for the reassessed work the student may enrol onto a new module.

If, after the Board of Examiners has met, the student has not met the requirements to progress, the student's studies will be suspended pending successful completion of the module(s).

Note: An Undergraduate Board of Examiners will reinstate the Module Mark for a previous attempt at a failed module if it is higher than the mark for the most recent attempt. This will not apply where students are repeating an entire Level for uncapped marks. In such cases the marks achieved at the end of the repeat level will stand.

D.4 AWARD CLASSIFICATION

A Certificate of Continuing Education is unclassified. The student will receive a transcript of marks.

SECTION E – LLB (Hons) Law

E.1 In addition to the standard Rules of Assessment applicable to the LLB students, there are also rules set by the Solicitors Regulation Authority and Bar Standards Board which set the criteria for obtaining a qualifying law degree (QLD). Students wishing to undertake professional practice in Law are recommended to refer to these when making decisions on progression between Levels of a degree in cases where they have been offered the chance to proceed to the next Level carrying failed credits.

E.2 Foundations of Legal Knowledge

All LLB degrees at the University of Essex Online are designed to enable students to meet the requirements of the Solicitors Regulation Authority (SRA) and the Bar Standards Board (BSB) for a Qualifying Law Degree (QLD) by including the “Foundations of Legal Knowledge” (As set out in Schedule Two to the Joint Statement on the Academic Stage of Training, 1999, produced as Appendix One of the Academic Stage Handbook, version 1.4 2014) across a range of modules. A student who obtains an LLB who has passed all modules in which the Foundations of Legal Knowledge are covered will automatically obtain a Qualifying Law Degree. A student who obtains an LLB degree but who has not passed all modules in which the Foundations of Legal Knowledge are covered will not obtain a Qualifying Law Degree, but may be permitted to take further re-assessment for professional purposes after graduation.

E.3 In respect of all LLB courses

- a) Where students have met the requirements for graduating with an Honours Degree, having progressed carrying a fail in no more than one 30-credit Foundations of Legal Knowledge module, or no more than two 15 credit Foundations of Legal Knowledge modules, under the circumstances envisaged in paras 3.1.4, 3.1.7, 3.1.8 or 3.1.10 of the Undergraduate Rules of Assessment, students may, at the first available opportunity after graduation, choose to retake, for professional purposes, the failed module, or modules. Students should be aware that such a retake would solely by

for satisfying the requirements to pass the academic stage of professional legal training, and **does not in any way affect** the marks or degree classification previously awarded or ratified by the Board of Examiners.

- b) Students undertaking a resit for professional purposes will be assessed in accordance with the syllabus and reassessment mechanisms for the relevant module in operation at the time the reassessment is taken.
- c) As reassessment for professional purposes does not form part of the assessment for a degree, marks in modules which have been reassessed for professional purposes are not capped at 40.

NOTES RELATING TO MAXIMUM PERIOD OF STUDY

- The maximum period of study is set from the date when the student is enrolled onto the first module that contributes towards a University of Essex Online course. Transfers of course are still included in the original maximum period. Unless there are exceptional reasons, periods of intermission will still count towards the original maximum period, with the exception of transfers between courses of different lengths. In these cases the maximum period will be adjusted in line with the maximum periods of study for the new course - increasing for students transferring to a longer programme and reducing for students transferring to a shorter programme.
- Students who progress from a University of Essex Online Foundation Degree or DipHE to the final stage of a University of Essex Online course, will commence a new maximum period of study. The maximum period of study for students who start a BA in the final Stage of the course (Level 6 modules only) is three years.
