Welcome

Welcome to the Department of Economics and thank you for choosing to study with us.

We are delighted that you have chosen to study at Essex and hope that your time here will be both enjoyable and successful.

Essex provides a stimulating and challenging environment in which to study. At the same time, we also offer a friendly and approachable Department to support students throughout their studies. This year we achieved 93.4% in student satisfaction in the National Student Service, ranking 9th in the country. We strive to maintain the highest standards of teaching and research. We have been ranked top 5 in the UK for research excellence (REF 2014, next rankings will be out in 2021), we are ranked 12th for Economics in the UK (in Guardian League Table 2020). We are also ranked among the top one hundred and fifty departments on the planet according to the QS World University Rankings (2020).

Our post-Covid strategy is to offer teaching that is a mixture of face-to-face learning and online teaching. We will provide a blend of online lectures and small group face-to-face interaction as appropriate for the subject and cohort. This blended learning approach will allow our students to have their education their way, adapting in response to needs and preferences. Our teaching activity is informed by education research that shows that combining traditional face-to-face teaching with online learning is an effective strategy to enhance students’ learning development.

The Department of Economics at Essex is one of the very best in Britain. On behalf of the Department, I encourage you to take an active part in the academic as well as in the social life offered here. We wish you every success in your studies.

Professor Christian Ghiglino
Head of Department
Department of Economics

Introduction

All Schools and Departments at Essex create a Student Handbook each year. These are designed to be useful tools for you to find out what you need to know about your department, the University and its academic policies and procedures, and all of the resources available to you.

We know things might be a little different this year, but we remain absolutely determined to provide you with the best Essex education and student experience we can while safeguarding your health and wellbeing. Make sure that you keep up to date with what we all need to do to keep safe as a community.

At Essex we celebrate diversity and challenge inequality. You are welcomed to a truly diverse community where differences are celebrated, and individuality is valued. Your contribution is welcomed and encouraged based on your own thoughts and experiences. As part of our community you will have the freedom to explore, experiment, challenge your discipline and have your ideas shaped by peer and professional knowledge from all over the world. Essex is about more than just getting a degree: we have so much to offer our students!

Things might have to change and adapt over the year, so make sure that you’re checking online and keeping in touch with your department for the latest updates. The Student Directory contains a wealth of other helpful sources of information which you may also find useful.
Practicalities and Getting Started

Registration

Whether a new or returning student, you will need to officially register at the start of each academic year. Registration is not only a formal procedure of enrolling you into the University, but also connects you to a number of vital systems which allow you to access your online Welcome and Induction information and start your studies. As part of this process, you will need to activate your Essex IT account, register online and, once you arrive on campus, undertake a Right to Study check and collect your student registration card.

Right to Study

The University must ensure all students have the right to study at the University of Essex for the whole duration of their course. If you require immigration permission to study in the UK, this will be checked when you first arrive on campus and as necessary thereafter. Students have a duty to maintain valid UK immigration permission that allows study for the duration of their course, failure to do so may lead to withdrawal from the University under the University’s General Regulations.

Student visas

The University has many duties as a Tier 4 sponsor and must ensure we remain compliant in order to retain our Tier 4 sponsor status. Students with a Tier 4 or Short-term student visa have responsibilities to the University and the Home Office. There will be conditions attached to your visa that restrict what you can do in the UK, breaking any of the conditions may mean you can’t remain in the UK and complete your course. Please be aware that changes to your course, whether due to academic failure or choice, must be considered against the Immigration rules and guidance in place at the time, this can mean that some academic options may not be available to you.

If you are coming to the UK on or after 1 January 2021 to study, you may be applying for a visa under the new immigration rules that the UK government intend to introduce. These rules will also apply to European and Swiss nationals who do not already have EU settled status or UK immigration permission. The government aim to release the new rules in the autumn of 2020, we’ll publish more information on our immigration web pages after they have been published and considered.

Choosing your modules

You may have module options to select as part of your course structure. If you do, you must select the modules you wish to enrol on before the academic year begins. You can view and choose your specific options through the eNROL system. New students can do so from the end of August and returning students can from the April preceding the next academic year. Early module enrolment ensures that timetables can be scheduled effectively. We’ll talk more about how you might decide which modules to take in the Learning and Teaching section of this Handbook.

Explore your Campus

There is a broad range of facilities across each of our campuses to support your experience at Essex, whether in person or virtually. For the latest information, see the updates on services on campus and make sure that you’re aware of the guidance for those coming onto campus.
Get connected

Your IT account
You will need to activate your Essex IT account. Once you’re set up, you can access your Essex email, log in to Moodle, access lab computers and library services, print for free on campus, connect to campus wi-fi, and much more. When you activate your account, you should register an external e-mail address and passphrase so that if you forget your password, you can also reset it using these details. If you have forgotten those also, you should either visit the IT Helpdesk or call 01206 872345. Make sure you keep your password safe and do not share it with others!

Campus Wi-fi
If you are studying on any of our campuses, connect to our Wi-Fi by simply finding the ‘eduroam’ network on your device and use the same log in details as your IT account to connect up!

Essex Apps
The University has a variety of online systems and platforms designed to enhance your learning and help make processes, such as submitting coursework, easier. We have rounded up the top platforms, portals and apps that you need to know about!

MyEssex
MyEssex is your online account. This is different to your applicant portal – you can use MyEssex to view your timetable, update your personal details, request replacement student cards or supporting documents, monitor your course progress, let us know if you’ll miss a lecture or class, contact the Student Services Hub, and much more.

PocketEssex
Pocket Essex is the University’s official app for students; its interface of icons act as a portal through to a variety of areas and resources. PocketEssex links to many areas that MyEssex does, but also takes you through to other key resources, such as the Students’ Union, FindYourWay and the Library.

Find Your Way
When on campus, we know that finding your way can be challenging to start with. Our Colchester campus in particular can be difficult to navigate with a historically complex room numbering system! FindYourWay is our interactive campus map designed to get you from A to B on either the Colchester or Southend campuses with quick and easy directions.

Working while studying
Many students choose to work part-time to supplement their income. Working during your course can also give you excellent skills and experience to boost your CV. Our Student Services Hub can help you find part-time work. There are also many opportunities to work in paid jobs on campus.

You can access recommendations on working hours, as well as guidance on rates of pay and National Insurance contributions on the Careers Services webpages.

If you have a student visa, please read our information on working in the UK for international students before you start looking for a job. The country you’re from and your visa type will determine whether or not you can work in the UK. If you can work, the type of work you are allowed to undertake and the number of hours you can work will be restricted.

Your personal belongings
The University does not cover costs for personal damage or loss of possessions; only in instances where the University has been negligent would a claim be viable for compensation for personal
belongings. Therefore, you are strongly advised to take out personal insurance cover for your possessions. This is especially important for valuable items, such as laptops, phones and tablets.

The Essex Experience

The University of Essex is proud of its inclusivity and its international community. Our campuses are places that are welcoming, where every single person can feel they have a place where they belong and where you can find the world in one place. As part of our ongoing commitment we have created a Student Charter as a pledge that every student becomes a part of when they join us. With the Student Charter you agree to support our community and we promise to provide you with a transformational educational experience.

Embrace the Essex Values

We are different at Essex. We are brave, we are bold, and we embrace challenges and drive change. Our values are underpinned by this very culture. While we full heartedly encourage students to challenge the status quo and explore the unknown, we expect that students do so respectfully, intelligently and act as true ambassadors for the University. The University has a Code of Student Conduct that outlines the rules and regulations that help us maintain our high standards of behaviour.

Equality, Diversity and Inclusion

The University recognises the value of diversity and is committed to equality of opportunity within the University. It therefore aims to create the conditions whereby students and staff are treated with dignity and respect, and solely on the basis of their merits, abilities and potential, regardless of race, ethnic or national origin, gender, gender identity, sexual orientation, disability, age, socio-economic background, family circumstances, religious or political beliefs and affiliations, or any other irrelevant distinction.

The University is committed to a programme of action to ensure that this policy is fully effective.

Student communities

We pride ourselves on being a welcoming and inclusive student community. The University recognises the value of diversity and are committed to equality of opportunity within the University. We aim to create an environment whereby students and staff are treated with dignity and respect, and solely on the basis of their merits, abilities and potential regardless of their background whether that is race, gender, sexual orientation, religious beliefs, or any other distinction.

We offer a wide range of support to individuals and groups of student members – our student communities - who may have specific requirements, interests or responsibilities- to help fulfil your potential. Whether you are an international student, a mature student, a BAME student or have any other requirements or needs, we here at Essex want to welcome you with open arms. The University is committed to a programme of action to ensure that this policy is fully effective.

Essex Sport

Learning doesn't just happen in the classroom. Keeping active during your studies is a great way to meet new people, help relieve stress, maintain good physical and mental wellbeing, increase productivity, and improve your employability.

Visit the Essex Sport website or download the app to discover all the ways you can keep active during your time at Essex. In order to ensure the welfare of our community there may be changes to opening hours or what's available, so do check on the website for the latest information.
Students’ Union

We’re famous for our Students’ Union at Essex, and for good reason. Here you’re not just a member of a normal Students’ Union; you’re part of a family. We’re here from day one to the moment you graduate to support you in any way we can.

The Students’ Union is run by students for students, and you have the ability to shape what we do. From deciding who leads the SU, to shaping your own experiences at Essex, we are here to represent your views and work with you to make amazing things happen.

Get involved!

There are opportunities to join Sports Clubs, to get involved with our BUCS teams which offer the opportunity to play competitively in a wide range of sports across the year. If you just want to try a sport, don’t want to commit to a regular team, or would rather not play competitively, check out our Just Play programme.

We have 120 Societies where you can meet people with similar interests, challenge yourself with something new or, if you can’t find what you’re looking for, start your own!

We also have our very own letting agency SU Homes designed to offer help and support for students to find off campus accommodation.

Essex Spirit, social media and What’s on?

Keep up to date with important news, events and offers from across the University with our Essex Spirit newsletter, delivered directly to your Essex email address.

Meet the team

Below is a summary of the roles of our professional services staff, who can help you with a variety of areas during your time at Essex.

Your undergraduate administrators are:

<table>
<thead>
<tr>
<th>Role</th>
<th>Name</th>
<th>@</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Years Administrator</td>
<td>Antonio Vivas</td>
<td><a href="mailto:ajjviv@essex.ac.uk">ajjviv@essex.ac.uk</a></td>
</tr>
<tr>
<td>Second and Final Years Administrator</td>
<td>Deborah Howard</td>
<td><a href="mailto:deborah.howard@essex.ac.uk">deborah.howard@essex.ac.uk</a></td>
</tr>
</tbody>
</table>

If you have any concerns about your engagement in your course or need any support or guidance about your progress, you can get in touch with our Student Engagement Officer:

<table>
<thead>
<tr>
<th>Role</th>
<th>Name</th>
<th>@</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student Engagement Officer</td>
<td>Daniel Tene</td>
<td><a href="mailto:dptene@essex.ac.uk">dptene@essex.ac.uk</a></td>
</tr>
</tbody>
</table>

The department has six other members of the administrative team available to help you, all located along the same corridor:

<table>
<thead>
<tr>
<th>Role</th>
<th>Name</th>
<th>@</th>
</tr>
</thead>
<tbody>
<tr>
<td>Departmental Manager</td>
<td>Claire Cox (Mon-Wed)</td>
<td><a href="mailto:ecodm@essex.ac.uk">ecodm@essex.ac.uk</a></td>
</tr>
<tr>
<td></td>
<td>Carol Macaskill (Wed-Fri)</td>
<td></td>
</tr>
<tr>
<td>Deputy Department Manager</td>
<td>Christina Turner</td>
<td><a href="mailto:c.turner@essex.ac.uk">c.turner@essex.ac.uk</a></td>
</tr>
<tr>
<td>Postgraduate Taught Administrator</td>
<td>Nick Bradley</td>
<td><a href="mailto:n.brady@essex.ac.uk">n.brady@essex.ac.uk</a></td>
</tr>
<tr>
<td>Postgraduate Research Administrator</td>
<td>Lorna Woollcott</td>
<td><a href="mailto:lornaw@essex.ac.uk">lornaw@essex.ac.uk</a></td>
</tr>
<tr>
<td>Finance Assistant</td>
<td>Jane Rodwell</td>
<td><a href="mailto:jane.rodwell@essex.ac.uk">jane.rodwell@essex.ac.uk</a></td>
</tr>
</tbody>
</table>

Get in touch with us! We will do our best to answer your query directly. Even if we cannot answer it, we will guide you to someone who can.

Due to the current COVID19 pandemic, we are offering different ways of contacting us. Please note that our preferred way of contact is via email, but if you would like to speak with us directly please look up our office availability on this Moodle link or email us to set up a Zoom meeting. Our office hours are Monday to Friday between 10am and 4pm.

A full list of our professional services team and our office hours can be found on the Department website.

Teaching staff and support

All teaching staff hold academic support hours during term time, depending on their availability. This is a time when you can meet with them about anything to do with your modules, from difficulties you might be having with your seminar readings, to discussions about feedback on your coursework.
Due to the current COVID19 pandemic, you may contact your teacher via email directly and request their availability. Please note that academic staff do not hold regular academic support hours during the vacations, and may on occasions be away from the University on research trips and visits.

Details of academic support hours are posted on the Moodle website of the module and on the staff profile site on the department website. If you cannot make the advertised time for any reason, you can e-mail your tutor to make an appointment.

Your Class teachers
Your class teachers are the teachers in charge of the class you have been allocated to. To find out who your class teacher is, simply look for their name in your online timetable. You can contact your class teachers about the material covered in each module, if there is something you do not understand or have missed. Class teachers also mark assignments and tests. Please note that class teachers DO NOT determine the class allocation of students, CANNOT grant extensions to assignment deadlines and CANNOT give permission for absences from classes or tests. For queries on any of the above, please contact your administrator.

Director of Undergraduate Studies
You can contact the Director of Undergraduate Studies about course or module changes, and general issues concerning the administration of Undergraduate modules and Economics courses.

The current Director of Undergraduate studies is Prof Gianluigi Vernasca - gvern@essex.ac.uk

Director of Undergraduate Projects
You can contact the Director of Undergraduate Projects if you have a question about your Economics’ final year project (module code EC831). The Director of Undergraduate Projects is responsible for the assignment of students to project supervisors, for approving project titles and/or changes to titles.

The current Director of Undergraduate Projects is Prof Marco Francesconi - mfranc@essex.ac.uk

Student Liaison Officer
You can contact the Student Liaison Officer (SLO) if you have general concerns about your studies, or personal problems. The SLO is responsible for organising support for students enrolled for schemes administered by the Department of Economics. The SLO also chairs the Student Voice Groups (SVGs).

The current Student Liaison Officer is Dr Xiaoyu Xia - sb18238@essex.ac.uk

We have also listed some other key staff roles and how these individuals will be able to support you

</tbody>
</table>

**Module Director**

Your module director is the academic in charge of the content and logistics of a module. You can find out who the director of each module is by going to the Moodle website or the module directory.

**Your Personal Tutor**

Your Personal Tutor will be a member of the academic or administrative team from within the Department of Economics and is here to help you feel connected to your department throughout your course. Your Personal Tutor is someone who you can talk to if you have questions about your course or encounter any difficulties that may affect your studies, and can recommend and direct you to other support services on campus that might be able to further help and support you. Get in touch with the administrative team to find out more about your Personal Tutor.

**Your Peer Mentor**

Peer Mentors are current second or final-year undergraduate students from the Economics Department who can help you to settle into life at the University of Essex. All first-year students are assigned one and your Peer mentor should contact you before you arrive at Essex. You will also have the opportunity to meet your Peer Mentor at the Induction Day in Welcome Week; from them on, how often you contact or meet your Peer mentor is entirely up to you. You may find that they are an incredibly useful source of information, especially during the first few weeks of term.

For more information on mentoring at Essex visit: [https://www.essex.ac.uk/student/mentoring](https://www.essex.ac.uk/student/mentoring)

**Become a Mentor**

If you are in second or final-year and are interested in becoming a Peer Mentor, a call for mentor applications is usually circulated in the Spring term. If you have any questions in the meantime, you can contact our Students Engagement Officer for further details. See more information about becoming a mentor here.

**Staff research interests**

Our research is at the heart of our activities and feeds directly into our undergraduate and postgraduate teaching. Our academic staff are the authors of numerous major publications; see our academic staff profiles for full lists of individual research.
Departmental resources and facilities
A wide range of facilities and resources are available for all students to access and use as part of their study at Essex. Each department and school also has some facilities for the exclusive use of their students. Below is a summary of the facilities and resources that are likely to be most useful to you.

Open door policy
Under normal circumstances, at the Department of Economics, we operate an open door policy: this means you can just pop in to our offices for a chat about anything regarding your degree. Our administrative offices are open from 10am until 4pm.

Due to the current COVID19 pandemic, we are offering different ways of contacting us. Please note that our preferred way of contact is via email, but if you would like to speak with us directly please look up our office availability on this Moodle link or email us to set up a Zoom meeting. Our office hours are Monday to Friday between 10am and 4pm.

Printing, photocopying and scanning
All students can print, copy and scan for free at Essex! You can even print from your mobile by sending your attachment to mobileprinting@essex.ac.uk.

Once you've located a device, simply log in using your Essex login and password, or tap with your student card to print. Whilst printing is free for all students, please think of your carbon footprint and only print if necessary.

Please note that there are strict laws about infringement of copyright; more information can be found on the library website which explains what and how much you are permitted to copy. Usage is monitored and subject to a fair use policy.

Premium printing
Premium services for printing and finishing, including binding your documents for presentational purposes, are available at The Copy Centre (Square 4, Colchester Campus). These services are chargeable.

Noticeboards
Every department and school has their own noticeboard providing information on staff, courses and classes, updates, careers, events and opportunities. The Department of Economics noticeboards are located in the administrative corridor in the 5B level.

Admin spaces: safe spaces to talk
Under normal circumstances, if you need somebody to talk to, whether it is a friendly chat or a confidential conversation, you can approach any member of the administrative team, our offices are safe spaces where you can express your concerns or search for support.

Due to the current COVID19 pandemic, we are offering different ways of contacting us. Please note that our preferred way of contact is via email, but if you would like to speak with us directly please look up our office availability on this Moodle link or email us to set up a Zoom meeting. Our office hours are Monday to Friday between 10am and 4pm.

Departmental prizes
Each year we are pleased to award prizes signifying excellence. The following prizes are available for award to undergraduate students:

First Year Prize - Awarded for the best overall performance by a student enrolled for the first year of an Economics course.
Second Year Prize - Awarded for the best overall performance by a student enrolled for the second year of an Economics course.

Final Year Prize - Awarded for the best overall performance by a student enrolled for the final year of an Economics course.

The Project Prize - Awarded to the student who submits the most outstanding undergraduate Economics research project.

Roy Bailey Prize - The Editorial Board of the Essex Economics Students Journal will award a prize for the best assignment submitted to the EESJ each academic year.

Special Prize for Academic Achievement - Awarded from time to time in recognition of outstanding academic merit.

Communications
The University will predominantly use e-mail for routine communication between staff and students. Your Essex e-mail address will have been added to the relevant e-mail groups specific to your department or school, course and modules to ensure that you receive the essential information relevant to you. It is recommended that you check your Essex e-mail each day to ensure you do not miss any important updates to classes and assessment.

By email
The University’s departments and schools will predominantly use e-mail for routine communication between staff and students. Your Essex e-mail address will have been added to the relevant e-mail groups specific to your department or school, course and modules to ensure that you receive the essential information, updates and general communication related to your study and issues that may affect you. It is therefore vital that you check your Essex email regularly. It is recommended that you check your Essex email each day to ensure you do not miss any important updates to classes and assessment.

If you are elected to a Student Representative position, work as a Student Ambassador, or volunteer in another form or means, it is even more important to regularly check your Essex email as should other students and staff need to get in touch, they will do so via your Essex email.

You will also automatically be subscribed to a small number of opt-out lists, again, based on your course. You can always opt in or out of these communications online.

How you should communicate
While email can be a quick and easy means of communicating, you should still consider how you structure and write each email to ensure it is appropriate when contacting members of staff at the University. How you communicate is a reflection on your professional and academic self, and so we have provided some useful tips to consider when constructing an email for different purposes. These are also useful when contacting professionals and academics outside of the University and are widely recognised as a matter of courtesy in the United Kingdom.

The level of formality

- If you are writing to your lecturer for the first time, it is good practice to use a relatively formal manner and use their correct title, for example, ‘Dear Dr Bercow’ or ‘Dear Professor Hammond’. If you are unsure of your lecturer’s title, you can find their full details here. If no title is noted, then you should use the member of staff’s full name.
• If your lecturer signs their reply using their first name, then it is generally acceptable to reply using just their first name in your response; if not, continue to address them with their full, formal name.

Identify yourself

• In the first few weeks of term, academic staff will be busy getting to know all of their students. Therefore, it is important that you begin by introducing and identifying yourself to them as they will not know every student right away. For example, ‘I am taking module AB123 and was at your lecture on Research Methods on Tuesday morning...’

• You should always use your Essex email as your full name will appear to the member of staff you are emailing, but still remember to sign off your email with your name, including your preferred name if this is different to your official legal name on your record and account.

Consider your question

• You should always check that who you are contacting is the most appropriate person to answer your query. The useful department contact list provided earlier in this section should help you determine who will be able to help you on a range of different queries.

• Before emailing the member of staff, you should make sure that you have checked the resources provided, including the University website, Student Directory, Departmental Moodle pages and this Student Handbook in case the answer to your question can be found in one of these.

If your question is particularly long or complex, it may be quicker and more useful to arrange a meeting with someone by possible means. Please refer to the information about contacting staff above.

MyEssex
Your MyEssex student portal will alert you to updates about modules and other aspects of your course and studies. It is important that you check your MyEssex regularly, as well as email, to ensure you have the most up to date information.

By telephone
You will only be contacted via phone in emergencies, or when it is otherwise necessary to receive an immediate response, but you should ensure that you provide the University with a contact number with your personal details.

By text message
In instances where a last minute change has been made, and the department or school need to communicate this with short notice, you may receive a text message to communicate the change, such as a lecture or class cancellation. You should ensure that you provide the University with a contact number with your personal details.

By letter
Letters may be attached to your Essex email or posted to your term-time address, so please make sure the University has your current contact details. Your address and contact details can be updated via the MyEssex portal.

Social Media
You can find us on Facebook and Twitter via the below link or search for Economics at University of Essex:

https://twitter.com/UoE_Economics
https://www.facebook.com/EconomicsUoE/
The use of personal devices
Related to face-to-face, you can use laptops and tablet PCs during teaching classes for purposes related to the class you are attending. You should refrain from using your mobile phone during all teaching events, except in cases where a lecturer uses a programme which requires these devices to be switched on for participation.
Learning and Teaching

The University is committed to providing equal opportunities for all our students regardless of where or how you study. Our diverse student population is considered when developing the resources, services and facilities on and off campus, when we create our courses, write publications and course materials, and set our policies and regulations.

The academic year

The academic year uses a week numbering system that covers the 52 weeks of a calendar year but corresponds to typical term dates. So, the start of the academic year is week 1, which is Welcome week, with teaching commencing in week 2.

<table>
<thead>
<tr>
<th>Term</th>
<th>Week numbers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Autumn</td>
<td>2-11</td>
</tr>
<tr>
<td>Spring</td>
<td>16-25</td>
</tr>
<tr>
<td>Summer</td>
<td>30-39</td>
</tr>
</tbody>
</table>

You can view the University’s week numbers with the equivalent dates in the week by week calendar. The University’s key dates include an overview of the start and end of each term and exam periods.

Some courses have slightly different term dates. However, you will find that all activities and events make reference to the standard academic year terms and schedule noted above.

You are expected to be available during term time to attend teaching events, unless otherwise advised by your Department.

My Course

Each course at the University has its own syllabus, full details of which, including the aims and learning outcomes of your course, can be found in the University's Programme Specifications Catalogue.

Your own course structure, including your specific programme specification, can be found in the MyStudy section of your MyEssex homepage.

Credits

Your course will be made up of a certain number of credits. Generally, undergraduate degrees contain 360 credits worth of modules in total during your course at Essex. This is divided into 120 credits per each year of study, with credits allocated to each module that you take.

Learning outcomes

Each course has learning outcomes which need to be met in order to progress. Course learning outcomes are categorised into knowledge, intellectual, practical and key skills, and are also defined more specifically at a modular level. Having this information means that you can measure your progress against the outcomes, for example when reviewing coursework feedback.

Grade boundaries

Marks for undergraduate modules fall into one of the classifications set out in the table below. Bachelor degrees are usually awarded under these classifications too. The method for calculating your final award classification will take into account module marks and any other requirements - full details are set out in the Rules of Assessment.
<table>
<thead>
<tr>
<th>Degree mark</th>
<th>Class</th>
</tr>
</thead>
<tbody>
<tr>
<td>69.5% and over</td>
<td>Class 1</td>
</tr>
<tr>
<td>59.5 - 69.4%</td>
<td>Class 2.1</td>
</tr>
<tr>
<td>49.5 - 59.4%</td>
<td>Class 2.2</td>
</tr>
<tr>
<td>39.5 – 49.4%</td>
<td>Class 3</td>
</tr>
<tr>
<td>39.4% and under</td>
<td>Fail</td>
</tr>
</tbody>
</table>

**Module enrolment**
Most modules taught reflect the individual research interests of members of our academic staff. New modules are regularly explored, researched and developed to expand our transformative educational offering at Essex.

The University provides further guidance on choosing modules, and meetings for first and second-year students will be held by your department where students can discuss their choices with their Personal Tutor. Your preferred choices must be submitted prior to the start of term through the eNROL system.

A full list of modules available can be found on this [webpage](#).

**Changing Modules**
In instances where you need to make a change to your module choice, you may do so up until the second week of the Autumn Term. If you wish to change an optional module after the deadline, you should seek advice from the Department or School Office that runs the particular module that you may wish to change to.

Late changes may be permitted but will be subject to the approval of the department that runs the module and the relevant Dean. Late changes of modules that run for one term or less will not usually be permitted. Students may not change modules that are core or compulsory for the course for which they are registered.

If there is a module that you would like to study that isn’t available as an option on your course, then you can ask for a change to your syllabus to be made by submitting a special syllabus request. Special syllabus requests are not automatically available and require approval. It is a good idea to talk to your Department or School responsible for your course, as well as the Department that teach the module if it is an outside option.

**Module Directors**
Module Directors are responsible for individual modules. They design, teach and examine them. They monitor student progress and can also talk to students about any related academic issues.

**Fitness to practise**
Fitness to practise is only applicable to students on certain professional courses (such as nursing or social work) and is designed to ensure and regulate that a student is suitable for engagement in the relevant profession.

**Employability Module: EC123 - Career Skills in Economics**
The employability module is a compulsory module for all students in Economics. It is a co-curricular module carrying zero credits. Attendance, assignments, and participation in the module are compulsory and you must satisfactorily complete all assignments in order pass the module.

This module is different from any other Economics module in the sense that there is no exam and it runs over on each of the three years of your undergraduate studies. Upon the completion of the
module each Economics student will acquire a portfolio of employability skills and understanding of
the working world necessary to successfully compete in the graduate labour market after graduation.

For more information, all the resources for this module are available via Moodle.

**Study Abroad**

With a heavy heart, we have taken the very difficult decision to postpone the 2020-21 Year Abroad for
all students. For future years, there will be a variety of opportunities at Essex to study abroad. Many
courses may be taken as a four-year variant to include a year studying at an overseas University. It is
also possible for students to study abroad for one term in their final year. You may have applied for
and been accepted on a course with a Year Abroad, but if not and you are interested in undertaking a
Year Abroad or other international experience, you should contact with the Essex Abroad Team for
more information.

**Work Placements**

Our primary concern is for the safety and wellbeing of our students and we want to ensure that
students are not put at undue risk. We also want to ensure that students get the best possible
placement experience. In many cases placements planned for the Academic year 2020/21 will go
ahead - these are being approved on a case by case basis. For further information or to discuss your
own placement circumstances, you should contact the Placements team (placements@essex.ac.uk)
or the Academic Supervisor in your department. Students expecting to undertake clinical placements
should contact their Academic placement/module supervisor or your Personal Tutor if they have any
outstanding questions or concerns.

There are a variety of opportunities to undertake work-based learning and placements either during or
as part of your studies. Many courses may also be taken as four-year variant to include a Placement
Year. If undertaking a placement year, it is your responsibility to find a work placement, however, the
Industry and Placements Team can help prepare and support you and will advertise relevant
placements. If you are interested in undertaking a Placement Year, or other work-based opportunities
that may be available to you and your course, contact the Industry and Placements team. Some work
placements may require a DBS check where you are engaging in regulated activity with vulnerable
groups. More information about the DBS check process can be found on the University's DBS
webpages. Please be aware that there are restrictions for Tier 4 students under the Home Office rules
and guidance relating to the type of work and length of placements.

**Module Materials**

Online reading lists for your modules can be found via the module Moodle page alongside other
information and module materials.

**Teaching timetable**

Once you have selected all of your modules (if applicable) and received confirmation, they will appear
on your personal timetable. Every student has a personal timetable published at the start of term
which shows when and where your teaching is taking place. You can access your timetable on most
mobile devices, including smart phones and tablets. You will need to have registered and activated
your University of Essex log-in before you will be able to access your teaching timetable.

If you wish to report a timetable clash or request a class change, you should do so via the online
timetable or from the Pocket Essex mobile app.

During Welcome Week (week 1) you may find that your timetable is blank as teaching normally
commences week 2. Please be aware that there may be changes to the location of teaching
during the year, so regularly check your personal online timetable and Essex e-mail for up to date teaching information.

Information about teaching timetables, including requesting a class change, reporting a timetable issue and accessing your individual timetable can be found on the University’s website.

**Recording your attendance**

We monitor your attendance at teaching sessions on campus using your student card and an electronic recording system called Count-Me-In. Your attendance at online teaching sessions is monitored by reviewing your logins to sessions on Zoom. You're expected to attend all of your mandatory sessions on your individual timetable and report an absence if you are unable to do so. Please be aware that for Tier 4 students, poor attendance may affect your visa.

Please contact your Personal Tutor, department staff or the Student Services Hub for advice and support, particularly if you are going to be absent for several weeks.

**Making changes to your study**

**Changing your course**

If you are thinking about changing course, you will need to do so by a certain date and should first speak to your department and personal tutor. They will be able to advise of the things you should be thinking about before changing your course. If you are thinking of undertaking a placement year or year abroad, you should check the requirements and any potential visa implications for these programmes by contacting the Industry and Placements Team or Essex Abroad Team. Students with a Tier 4 visa may not be able to change their course without first obtaining a new visa, if eligible.

**Thinking of leaving or taking a break?**

You may experience doubts at some point during your studies, if you're thinking about leaving Essex, we're here to support you and give you the advice you need to help you make an informed choice. You can contact your department, Personal Tutor or Student Services Hub to speak in confidence about your concerns, and also the different options available to you and the impact they may have.

**Library Services**

The library aims to provide all of the resources you will need to succeed in your course, via online reading lists and access to extensive digital collections of books and journals. The library team can help you learn how to search effectively so you can find appropriate resources for your assignments. They can also provide advice on referencing, academic integrity, using reference management software and evaluating sources. A range of online support in these areas is also available via the library website, including subject guides for each department, and support in developing search skills.

At our Colchester Campus, the Albert Sloman Library on Square 5 is open for long hours and has a variety of study spaces, including individual and group work areas. The Library offers a wide range of learning resources, online and in print, with a dedicated Helpdesk, live chat and the opportunity to book appointments with your Academic Liaison Librarian to help you through your studies and beyond.

See the Library website for the latest information on all our libraries and the services available, including opening hours.

**Academic Skills and Support**

Every student arrives at Essex with the same spirit of determination but different experiences of education and levels of academic readiness. Skills for Success can help you identify your talents and strengthen those areas you need to develop.
We are committed to ensuring that every student is able to get the most out of their academic study and achieve their potential on their course, which is why Skills for Success team is available to help by providing support, resources and workshops on:

- Academic writing
- Maths and stats
- Digital skills
- Research and referencing
- English language
- Exam revision

The Skills for Success team can also provide further learning and study skills information and support for disabled students.

**Proofreading services**

Before considering the use of proofreading services, all students should first discuss their work with their personal tutors. Many students seek ‘proofreading’ services at some point during their studies, but different types of editing can occur under this name which may not be appropriate in an academic context where work is assessed and could potentially qualify as an academic offence. The University is keen to ensure as far as possible that students understand what proofreading work should entail and the acceptable boundaries to which any proofreading or editing must adhere to.

The University maintain a list of local freelance proofreaders who offer services to students and staff at Essex that have read and agreed to abide by the University’s policy and guidance on proofreading.

**Language classes**

**English classes for dependants**

The Department of Language and Linguistics offers dependants of international students and staff at the chance to improve their English language, through our ECDIS programme, at no extra cost. Classes are taught at the Colchester Campus at three basic levels: Elementary (A1/A2), Intermediate (B1/B2) and Advanced (C1/C2) and will focus on listening, speaking, reading and writing.

**Learning a Language**

Learn a language at Essex to increase your global and cultural awareness. Language learning can give you the confidence to work and travel internationally, expand your options for studying abroad, and get a competitive edge when you’re looking for a job. There are a number of ways to do it, so look online to discover the best option for you.
Assessment and Academic Integrity

All schools and departments at the University employ a variety of assessment methods designed to ensure that the learning outcomes of each module, and course, have been successfully met by the student.

Rules of Assessment

The Rules of Assessment are used to calculate your results. There is a main set of rules for 3 year and 4 year courses, but some departments also have additional variations to the rules, which must be met. These are published alongside the Rules of Assessment for your year of study.

In the Department of Economics we have only a Rules of Assessment variation that refers only to joint degrees with the Department of Modern Languages.

Each module you take has a credit value which you are awarded if you successfully complete the module. You need to obtain a certain amount of credits to be awarded your degree, and the Rules of Assessment and the Framework for undergraduate courses give you more information about this.

The following is only a summary of the key points. You should read the rules and make sure you understand them. If you need advice, ask your personal tutor, departmental administrator, or SU Advice.

Core, compulsory and optional modules

To understand the requirements to pass your course, you need to know the status of the modules that you are taking. You can find details of the status of your modules in Section C of your programme specification via My Essex.

<table>
<thead>
<tr>
<th>Status</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Core</td>
<td>You must take this module. Must pass this module. No failure can be permitted.</td>
</tr>
<tr>
<td>Compulsory</td>
<td>You must take this module. There might be limited opportunities to continue on the course/be eligible for the degree if you fail it.</td>
</tr>
<tr>
<td>Optional</td>
<td>You can choose which module to study. There might be limited opportunities to continue on the course/be eligible for the degree if you fail it.</td>
</tr>
</tbody>
</table>

Most modules in each year must be passed, with only a small number of credits, if any, being allowed to be failed in the degree.

Outside Options

Modules in other departments taken by students registered for Economics courses are assessed according to the rules for the module. Economics students must abide by the rules of the department who administer the module. For example, if you take a language module e.g. Initial French you will be assessed for that module according to the rules set out by the Language and Linguistics department whether or not they are similar to the rules for Economics modules.

Academic Integrity and Academic Offences

The University expects students to complete all assessment with honesty and integrity and to follow our conventions for academic writing (including appropriate referencing of sources) and ethical considerations. If you don’t meet these expectations, then you may be charged with having committed an academic offence, a matter the University takes very seriously.
It is your responsibility to make yourself aware of the regulations governing examinations and how to correctly prepare your coursework. An academic offence can take place even if you didn’t mean to commit one, and examples include plagiarism, falsifying data or evidence, and communicating with another candidate in an examination.

Methods of Assessment in Department of Economics

Whether a module is core, compulsory or optional, all methods of assessment are compulsory. If you do not complete coursework or attend examinations, and do not have extenuating circumstances to support your non-submission or absence, then you are at risk of being withdrawn from the University.

Economics assessment methods comprise of:

- Coursework, which consists of tests, assignments, term papers, projects and dissertations.
- Final examinations

Please note that some Economics modules, but not all, are subject to a special rule called – The Threshold rule. The threshold rule consists of a calculated final aggregate of the relevant module based on whatever gives the best result:

- 50% of the module aggregate is coursework related and the other 50% is the final exam mark; OR
- IF the student passes the coursework aggregate (obtains 40% or better), the mark of the exam will represent 100% of the module.

To find out if this special rule applies to any of your chosen modules, visit the Moodle page of the relevant modules or access the Module Directory and select the desired modules.

Coursework

Coursework is compulsory in all modules and failure to participate in coursework is interpreted as evidence of lack of academic progress. Your academic progress is monitored throughout the year. In severe cases, students with poor academic progress can be required to withdraw from the University (even before the final examinations).

Aside from its educational value, coursework can act as a sort of “insurance” against a bad examination performance. Imagine what might happen if you are ill on the day of the final exam and unable to perform to the best of your ability. A low mark in just one module can affect the class of your entire degree.

The proportion of submitted coursework will be reviewed at the end of the autumn term. If students haven’t submitted at least 50% of the required coursework they will be called in to see their personal tutor. This means if you have 4 pieces of assessment (including all of those listed above) if you submit less that two pieces of coursework you will be called in to see your tutor. If you have 5 pieces of coursework and submit less than 3 you will be called in to see the tutor. Should students not attend this meeting or do not show signs of improvement they will be referred to a departmental progress officer. Please note students are expected to submit ALL coursework and attend all tests; these minimums are laid out to provide guidance as to when you will be reviewed under the progress procedures.

Preparation of assignments

Assignment question sheets are normally available at least two weeks before the submission deadline via Moodle. (Module supervisors may, at their discretion, make assignment questions available earlier than this.) It is your responsibility to obtain a copy of the assignment questions.
While you may study the subject matter covered by an assignment with your friends, it is important that your assignment is all your own work. It must adhere to the University’s rules and department conventions on good practice. If you have any concerns about whether your assignment breaches the rules, please seek advice from your class teacher or module supervisor. Be careful not to copy other students’ submissions, and don’t allow others to copy yours.

**Samples of coursework**
The Department of Economics provides examples of previous test papers and assignments. These are there to aid your preparation of your assessment. These can be found on the Moodle page of the relevant module.

**Referencing in coursework**
Respecting authorship through good academic practice is one of the key values of higher education in the UK. Referencing is how you acknowledge all sources used within a piece of work. You must reference all work used whether cited directly (quotes), or indirectly (paraphrasing and summarising).

Referencing allows you to give credit to other’s ideas, work, research, theories, concepts, outcomes and results, and demonstrates your breadth of reading and knowledge on a subject. If you do not reference properly, this could amount to plagiarism, which is an academic offence.

There are styles of referencing which will determine exactly how you format your reference. Your departmental referencing style is Harvard. You must use this referencing style. Guidance on your referencing style is available online, including an interactive referencing tutorial. You can also take the Academic Integrity course on Moodle.

**Submission of coursework**
You should submit all coursework online via FASER – the University's online submission system. You are encouraged to log on to FASER at the start of the year so that you understand how it works before you reach your first deadline. There is a trial module and deadline available for you to use as a practice submission, as well as helpful guidance on how to use FASER.

We cannot accept submissions of assignments, projects and dissertations via email and neither can your module supervisor or class teacher. In this case, FASER ensures complete anonymity of marking and feeds into the assignment tracking process for marking and feedback.

Ideally, you should upload your assignments in formats such as .doc, .docx or PDF (unless the module teacher says otherwise). So if you carry out your assignments using software such as Open Office or Pages, please make sure that when you save your file, you do it in a Microsoft Word compatible format or in PDF.

You can upload as many draft versions of your work as you like onto the server and are encouraged to use this as a safe and secure area to store your coursework. This can help to avoid the problem of your computer crashing at the last minute and your important files being lost. In cases where multiple versions are uploaded you will need to make any which you do NOT want to be included in the final submission a ‘draft’ otherwise just the most recently uploaded file will be taken as the final version. The maximum file upload size is 50MB.
Problems with FASER
If you have technical difficulties: Please contact the FASER Help centre as soon as possible to find out if this is a University issue or whether it may be a problem with your computer. This will count towards your claim when submitting a late coursework form should you need to. You can also contact IT Services helpdesk on it.helpdesk@essex.ac.uk

If you are confused or unsure how to upload, or are having any non-technical difficulties you should contact your Undergraduate Administrator

Late submission of coursework
We have a single policy at the University of Essex for the late submission of coursework in undergraduate courses: all coursework submitted after the deadline will receive a mark of zero. No extensions will be granted unless there are relevant extenuating circumstances. The policy states that the mark of zero shall stand unless you submit satisfactory evidence of extenuating circumstances that indicate that you were unable to submit the work by the deadline.

Where a student is unable to undertake the assessment by the deadline, and it is deemed impossible to consider a late submission request due to the nature of the assessment (e.g. absence from in-class tests, practical assignments and presentations), an extenuating circumstances form should be submitted which will be considered by the Board of Examiners.

Tests
Attendance to tests is compulsory on the day and time specified for the test. You will not be allowed to take a test at another time — the reason is simply to preserve the fairness and integrity of the test.

It is your responsibility to check the dates, times and locations of all tests in your modules. Please arrive at the test room about five minutes before the test commences. Make sure that you bring your registration card with you. This will be checked during the test to confirm your identity and attendance.

Although tests may be scheduled for a one (or two) hour time slot this does not mean the test will last that long. The module supervisor should announce the duration of the test in advance, contact the module supervisor if you’re unsure about the duration of the tests, the number of questions you’re required to answer and the amount of choice you’re allowed.

Please note that cheating in a test is an academic offence.

If you are absent from a test your mark will always be recorded as zero. If you are unable to attend a test due to extenuating circumstances, you need to submit an Extenuating Circumstances online form along with any supporting documents to your claim. Upon approval of your claim, you might be allowed another opportunity to take the test, usually in the form of a make-up test. The make-up test will be set for a date and time at the discretion of the department.
There will be one, and only one opportunity to do the make-up test. You cannot do a make-up test that you have already passed just to improve your mark.

**Term Papers**
Term papers are compulsory. They are extended essays submitted in many (but not all) second and final year economics modules.

You must submit your Term Papers onto FASER only. Term Papers are assessed differently from assignments (see below).

Your module supervisor will provide a list of Term Paper titles early in the term in which the module is taught. You must choose a title from the list provided. You must submit a Term Paper in each module for which an Assignment constitutes the coursework.

No extensions are granted to Term Paper deadlines unless there are relevant extenuating circumstances.

Term Papers normally have a maximum length of 3000 words (including footnotes, tables, appendices and bibliography). The examiners may award a lower mark than otherwise for Term Papers exceeding the word limit.

Term Papers must be word-processed. They should be double-spaced with a 12-point typeface and margins of at least 1 inch.

**Making the best of your Term Papers & Projects**
For suggestions on how to make the most of your Term Papers and Projects, please access the document on [this Moodle link](#).

**Final Year Project**
For up to date information about the Independent Project in Economics, please go to the [module page on Moodle](#).

**Return of coursework**
In line with University policy on returning coursework feedback, the Department of Economics aims at returning the feedback to students in no more than 20 working days from the deadline of the assignment. In some cases, and due to class sizes, this timeframe may be shorter but this may not. Please contact your administrator for more information.

**Ethics in research**
All research involving human participants, whether undertaken by the University's staff or students, must undergo an ethics review by an appropriate body and ethical approval must be obtained before it commences. You should first read the [Guidelines for Ethical Approval of Research Involving Human Participants](#) and then submit an Ethical Approval application form via ERAMS. You should be aware that ethical approval cannot be granted retrospectively so it is very important that you make your application before you start to recruit participants or collect data from them.

Research involving the NHS may require and research involving human tissue or adults lacking capacity to consent will require Health Research Authority and / or NHS Research Ethics Committee approval.

**Examinations**
Attendance at examinations is compulsory and if you do not attend them and do not have extenuating circumstances then you are at risk of being withdrawn.

**Exam timetable**
The University publishes the dates for exam periods at the start of each year. You will receive your personalised exam timetable online and will be sent an email to your Essex account when it is available to view.

**Attending an exam**
You must bring your registration card and exam entry form to all invigilated exams where these take place. You will not be allowed entry without them. Remember to check your exam entry form carefully and email the Examinations Office (exams@essex.ac.uk) if there are any errors.

For exams that are more than 1 hour long, you will not be allowed to enter the examination room if you arrive later than 55 minutes after the start of the exam. If your exam is only 1 hour long, you will only be admitted up to 10 minutes after the start of the exam.

**Calculators in Examinations**
If you are allowed to use a calculator in your examinations, the only models you are permitted to use in invigilated exams are the Casio FX-83GT X, Casio FX-85GT X, Casio FX-83GT PLUS or the Casio FX-85GT PLUS.

<table>
<thead>
<tr>
<th>Casio FX-83 GT X</th>
<th>Casio FX-85 GT X</th>
<th>Casio FX-83 GT PLUS</th>
<th>Casio FX-85 GT PLUS</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1.png" alt="Casio FX-83 GT X" /></td>
<td><img src="image2.png" alt="Casio FX-85 GT X" /></td>
<td><img src="image3.png" alt="Casio FX-83 GT PLUS" /></td>
<td><img src="image4.png" alt="Casio FX-85 GT PLUS" /></td>
</tr>
</tbody>
</table>

The only exception is for certain Finance exams that require a financial calculator, in which case you may use the Hewlett Packard 12c (all variants) or the Texas Instruments BAII Plus (including the BAII Plus Professional).

A limited number of Casio calculators will be available to borrow on the day of your exam from the Exams Office on a first-come, first-served basis, on production of your registration card. Please note financial calculators will not be available.

**Dictionaries**
Dictionaries are not allowed during invigilated exams. If you take any kind of dictionary into an invigilated exam, even if English is not your first language, this will be considered and reported as an academic offence.

**Sample and past papers**
The Department of Economics provides examples of previous exam papers. These are there to aid your preparation of your exam. These can be found on the Moodle page of the relevant module.

**Revision classes**
Revision classes are usually scheduled during the summer term, but please check with your teachers or in the Moodle page for more information about the schedule of the relevant module.
Exam stress

Exams create stress for most people, but there is a lot that you can do to prepare for them and help manage the levels of stress associated with exams. The University’s Skills for Success Team offers a series of Exam Workshops, which are run by specialist staff. These sessions cover revision planning and techniques, as well as sessions on relaxation and how to cope with stress. Staff in the Student Services Hub can also provide sessions on stress management if required.

Access to your exam script

If you want to see your script for an invigilated exam, you should make the request to the department responsible for the module within four weeks of the exam. The department should either: let you see the script in the presence of one of the staff responsible for teaching the module or give you a copy or summary of the examiners’ comments on your performance. If you need to undertake an exam as part of reassessment on a module, your department will provide you with written feedback on any elements being reassessed.

Feedback on your exam script will not include a discussion of the mark. The marks will have been approved by External Examiners and ratified by the Board of Examiners.

Moderation and marking

The University’s Marking Policy can be found online and includes our policy and procedure on the moderation of work.

Marking

All student work is marked in line with the University’s Marking Policy. If your assessment is worth up to and including 40% of your module mark, it will be marked by one member of academic staff. If it is worth more than 40%, then it will also be moderated. If the assessment is worth 30 credits or more, it will be marked by two members of academic staff. The full procedure and assessment marking requirements can be found in the Marking Policy – there is a useful flowchart in Appendix C to visually represent the requirements, and detailed definitions of marking and moderation within the policy itself.

Anonymous marking

Anonymous marking is when your work is marked anonymously, i.e. your name is not attached to the piece of work for marking. At the Department of Economics we operate anonymous marking. Where it is practical to do so, all coursework which contributes to your final module mark should be marked anonymously. Where this is not possible, departments will inform you in advance of the assessment task.

For assignments, to maintain anonymity, we encourage you to identify your work using your registration number. Your registration number is on your student ID and it is made of seven numbers in total, usually starting by the number 1 or 2.

Moderation

Moderation is a process separate from that of marking and provides additional assurance that the assessment criteria has been applied appropriately. When work is moderated, it means that a second member of academic staff takes a random sample of the work for a particular assessment and reviews the marks given.

External Examiners

External Examiners are academics from other universities, but may also be from industry, business or the relevant profession depending on the requirements of the course. They give an impartial view of the course and independent advice to ensure that modules and courses at the University meet the academic standards expected across UK higher education.

Re-marking of coursework

You may, under certain circumstances, have the right to request a re-mark of your coursework. Should you feel that your work needs to be reviewed and potentially re-marked, you should first
contact your department to advise you accordingly and assess whether you meet the criteria to be able to submit a request for re-marking.

If a request for a re-mark is accepted, your marks are not guaranteed to increase, however, the mark awarded after re-marking will override your original mark. Therefore, please be aware that in all incidences where coursework is re-marked, it is possible that your marks could go down, as well as up.

Appeals

Appeals on academic grounds can be made following the meeting of the Board of Examiners and the publication of your results. There are limited grounds available to appeal on and strict deadlines to adhere to. As such, we strongly advise all students thinking about making an appeal to contact the SU Advice Centre.

Feedback

Feedback is “information that can help you to improve your learning of the material and therefore the marks you achieve on assessed works”. The Department of Economics aims at providing its students with as much feedback as is reasonably achievable to help them in developing their knowledge, to build confidence in their abilities, and to improve their academic performance over time.

Throughout your studies you will receive feedback in many ways. However, you may not always recognise all the ways in which feedback is provided to you. Therefore, it is important that you realise how the Department of Economics provide feedback on your assessed work and on your learning so that you can get the most out of your work here.

Students are encouraged to take an active and responsible approach to their own learning and development and so they must make the most of the various forms of feedback available.

How the Department of Economics provides you with feedback:

- **Feedback on Assessed Work:** you will receive a Mark on all your assessed coursework. You will receive written comments on your assessed work which explain why a given mark was awarded to you. The written comments take the form of a Feedback Sheet for Term Papers and the final year Project (including the Literature Review and final year Presentation) which will be provided through FASER. It takes the form of small notes on the scripts of Tests and Assignments. The written comments should guide you as to improvements you can make and allow you to reflect on your performance. The expectation is to return feedback on assessed work within 20 working days from the submission;

- **Test and Assignments solutions:** on top of any comments on the scripts, the detailed solutions of Tests and Assignments will be placed on the relevant modules in Moodle. Those solutions represent very valuable feedback since you can use those solutions to work back over the test and assignments papers to learn from any mistake you may have made;

- **Examples of Term Papers and Projects (including Literature Reviews):** you can find good examples of Term Papers and third year projects in the Essex Economics Students Journal (EESJ). This represents an important source of feedback and guidance for writing term papers and final year projects;

- **Classes and Lecture interaction:** these are feedback sessions. By attempting to solve the weekly problem sets and then seeing the solutions of those problem sets in class you learn directly about your understanding of the material. Moreover, during classes you have the possibility to ask questions and generate discussions. The solutions combined with guidance provided in classes are an invaluable source of feedback. Questions and answers during lecture can also provide you with feedback on your understanding of basic concepts as they are presented to you;
• **Revision Classes and Lectures**: before the final exams, in each module, there will be revision classes or revision lectures. During those sessions you have the chance to revise previous exam questions. This provides you with feedback on how a good exam answer is supposed to be in a given module. Moreover, the material will be available on Moodle.

• **Academic support hours**: Academic support hours (of both lecturers and GTAs) are for academic support and may also include feedback. Academic support hours are an opportunity for you to meet with your Lecturers and GTAs on a one-to-one basis and receive invaluable feedback and guidance or simply discuss interesting economic topics. Furthermore, in the case you feel that the feedback you have received on assessed work is unclear or you want to have more explanation about it you can use academic support hours to ask for clarification.

Remember that you must take the first step to receive feedback: you must do problem sets in order to obtain feedback on your own work rather than the generic feedback that solutions sets provide. You must ask questions in order to receive the feedback that answers provide. You must attend classes to listen and participate in the discussions. You must go to academic support hours to receive one-to-one support. This first step is your responsibility. It is also your responsibility to act on the feedback so that you realise your improvements.

If you need general support on how to use feedback, your lecturers, class teachers, and supervisors are ready to help.

If you need to undertake any reassessment on a module, your department will provide you with written feedback on any elements being reassessed.

### The Board of Examiners

The Board of Examiners meet at the end of the Summer Term and use the Rules of Assessment to determine whether:

- you have passed the modules you have studied and can be awarded credit
- you have met the requirements to progress to the next year of your course
- you have met the requirements to pass your course and what classification you will receive for each module
- how your module marks are used to calculate your degree classification
- you are eligible to receive a merit or distinction

If it determined that you have not passed sufficient credits to progress to the next stage of study, or, for final year students, to graduate, the Board of Examiners will also determine:

- what reassessment you could be offered and when you can take it
- whether you must withdraw from your course, with or without an exit award

### Publication of results

The publication schedule for results can be found on the website. You will receive an email to your Essex email account as soon as your results are published online.

### Reassessment

You may only undertake reassessment if the Board of Examiners says that you may do so.

If you have to take compulsory reassessment, whether coursework or examination, it is really important that you do this. If you do not, it is likely that you will be unable to progress with your studies.

---

1 The Board of Examiners will not be aware of any student's immigration status. As a result, some reassessment options may be offered that are not compatible with individual Tier 4 visa rules. All options should be considered in conjunction with applicable visa restrictions.
at the University. The Board of Examiners will not consider permitting you to proceed carrying fails if you have not undertaken the required reassessment offered.

Reassessed modules are normally capped at the pass mark of 40% unless you have extenuating circumstances which are accepted by the Exam Board. Please be aware that reassessment in examinations and coursework carries a fee.

In the Department of Economics, all reassessment is 'like for like'. This means that if you must undertake reassessment in a module coursework element, you will be reassessed by coursework. If you must undertake reassessment in a module examination, you will be reassessed by examination. For more information on this, please visit the Information for Current Students Moodle page.

**Resit exams**

Resit exams are usually scheduled in early September or ‘out of residence’ in the summer of the following year. A considerable amount of useful revision material for each module is available on Moodle. Students can contact staff, particularly Module Supervisors for the modules they are resitting if they need help with revision or specific queries (do not leave this until the last minute as staff availability will be reduced throughout the summer). Staff can give individual feedback on summer exam performance, if requested.

**Exit Awards**

If you decide to withdraw from your course before you finish, or you fail too many credits to be awarded a Bachelor’s degree, you may be awarded a qualification at a lower level, if appropriate.

**Extenuating Circumstances**

Extenuating circumstances are circumstances beyond your control which cause you to perform less well in your assessment than you might have expected, or in some instances, may prevent you from submitting coursework or attending an exam entirely. In general, valid extenuating circumstances will be of a medical or personal nature that affect you for any significant period of time and/or during assessment.

If you do need to make an extenuating circumstances claim, you should first read the guidance very carefully and seek advice from SU Advice or the Student Services Hub. Please be prepared that you may need to include supporting evidence with your claim. Extenuating circumstance claims must be submitted via MyEssex by the appropriate deadline.

Your department will review your claim at an Extenuating Circumstances Committee and determine whether it will be accepted or rejected. The Board of Examiners will determine an appropriate course of action, such as permitting further reassessment opportunities for uncapped marks. Please note that extra marks **cannot** be given in light of extenuating circumstances.
Computers, Learning Technologies and your Information

Computers

Using a campus computer
If you need to use a computer on campus our computer labs are the perfect place to study or work. We also have group study pods which are ideal for group projects. Many labs stay open until late and some are open 24/7. Labs may be booked for teaching, and so it is best to check availability first.

IT Help and Guidance
You can search the Student Directory for more IT information, including software available to students, how-to guides, answers to frequently asked questions, and links to video screencasts.

If you can’t find what you’re looking for, or if you need to talk to someone, then the IT Helpdesk team are here to assist you further.

Learning Technologies and Systems

Learner Engagement Activity Portal (LEAP)
LEAP is our student centred, personalised engagement tool. LEAP displays your engagement with university resources and an algorithm within LEAP combines your use of these resources and activities to produce an overall engagement indicator. There are 5 engagement indicators (high, good, partial, low and very low) which will help you map and better understand your engagement pattern over time. Full details on the resources included in LEAP, the engagement ratings and how LEAP uses your data can be found on the LEAP webpage.

By providing you with a more holistic view of your studying experience, LEAP offers you the opportunity to take control of your own learning and make more informed choices about your studies, enabling you to:

- Reflect on your academic activities and overall engagement to make informed decisions about your academic studies
- Review the notes created in LEAP from meetings with Tutors or other university staff
- Check your attendance and ensure the information is correct

Tutors and other university staff may use the information in LEAP to:

- Suggest ways you could achieve better outcomes
- Check that all is well and offer information, advice and guidance
- Help you in areas of your studies that you are finding a challenge

Moodle
We use Moodle as our online learning environment. It holds key course and module materials, discussion forums, chat facilities, quizzes, surveys, glossaries and wikis.

FASER
FASER is our online coursework submission and feedback system. Use it to check coursework deadlines, upload coursework and receive electronic feedback all in one place.
Online reading lists
Reading lists can be accessed online. Use this service to find out the details of each week’s reading and to access resources through the library.

Listen Again
Did you miss something? Our Listen Again digital recording service lets you listen again to lectures, so you grasp every detail. It’s available in teaching rooms or lecture theatres where you see the sign.

Zoom
You can use Zoom to join online lectures delivered by the University or attend online meetings and tutorials. If your lecture or class is going to be online, we will let you know in advance and the link to join will be in your timetable or emails.

This quick start guide gives you an introduction to the essentials of joining and participating in a Zoom webinar or meeting.

Your information

Changes to your information
During your period of study at Essex, you may wish to be known by a preferred name or update your legal name on our student record database (ESIS) if your circumstances change. It is important you keep your information up to date, which you can manage and update online.

Your personal information
We collect and hold lots of information about you, your course, and your progress so that we know who you are, what you’re doing, and how you are getting on. This means we can support you and also improve our services to reflect the need of our students.

All information about you is kept securely, and access to your information is only given to staff who need it in order to do their job. Where possible, we will ask you for your permission to share.

You have a right to ask for copies of information we hold about you. To find out more about what information we collect, what we do with it, who gets to see it, and your rights under the data Protection Act 2018, read our Privacy Notice for students.
Student Voice
At the University of Essex, the views, ideas and feedback of our students are at the heart of what the University does. The time students take to offer feedback is hugely appreciated and this feedback, both positive and developmental, is used to help make short and longer-term improvements, both to the experience of current students, but also for Essex students of the future. You can do this in a number of ways at Essex through your Student Voice.

Student Representatives
You can contact or volunteer to be a student representative who represent the voice of fellow students in departmental Student Voice Groups (SVG) and other University level committees.

Student Voice Groups
Student Voice Groups (SVGs) are made up of student representatives and members of staff. SVGs typically meet once per term and provide an accessible arena for students to discuss with staff issues connected to teaching, learning and student support. They also provide an opportunity for the department or school to consult with students and receive feedback on new proposals.

Student Surveys
Student satisfaction surveys enable the University to gauge overall satisfaction amongst students. When the results have been reviewed and analysed, the University can then enhance your experience of learning at Essex.

National Student Survey
The National Student Survey (NSS) is an independent survey commissioned by the Office for Students aimed mainly at final-year undergraduate students. The survey provides students the opportunity to provide feedback on their University course and experience. The feedback you provide will be used to help shape the future for your fellow students and published on the Discover Uni website to help prospective students make informed decisions about where and what they want to study.

UK Engagement Survey (UKES)
The UK Engagement Survey (UKES) is a national survey for undergraduate students. It invites you to reflect on your time at University so far in relation to your course and wider learning experience. The survey is run each spring term and is open to first, second and some third/final year students.

We’re keen to make sure students have the best possible experience while studying at the University. To do that we need to know what we are doing well and what we can do better. The survey is a chance to reflect on how you study and what might help your studies in future. The results also help the University and Students Union to make changes that will improve what we do in future and to make sure we keep doing the things that are of value to students.

If you’re eligible to complete the survey, we will contact you in the Spring Term to invite you to take part.

Student Module Feedback
Every year, we will ask you to complete Student Module Feedback (previously known as Student Assessment of Module and Teaching, or SAMT). This survey allows you to feedback on each of the modules you have studied. Receiving feedback at this level is critical for the University to understand what works well, and what could be improved, from the perspective of students. All feedback will be summarised and discussed by SVGs and will inform reports written for central University committees as part of our quality assurance processes.
There are also many other satisfaction surveys taking place, to ensure students are happy with the services the University of Essex provides. From time to time you will be invited to participate via an email.

If you have some feedback but don’t know who to tell, email: studentvoice@essex.ac.uk
You Matter

We know university life can throw up all kinds of concerns and questions. Everyone has mental health – sometimes your mental health may be good, other times it may be not so good. It could be stress related to deadlines, general worries or concerns about friends and family members. Whatever is worrying you, if you need some information, advice or support, the University offer a wide range of services and support to help you.

Student Services Hub

If you need practical advice, a confidential conversation, or general information and guidance on University life, no matter what the issue is, the Student Services Hub can help. You can find out about health and wellbeing, accommodation, careers services, money matters and much more. Your questions matter and you’ll get answers from our team of experts.

To Contact the Student Services Hub please use this link to access our web pages and talk to us on Live Chat: Ask the Hub

Support for disabilities and conditions

We encourage all new students with a disability, long term medical condition, specific learning difficulty or mental health difficulty to disclose and register with the Student Services Hub so that we can plan how best to support you in your studies.

Funding opportunities

UK students may be eligible for a Disabled Students’ Allowance grant. If you are not a UK student, you may be eligible for other grants and funding. We would recommend you contacting the Student Services Hub to discuss all the options that may be available to you, as well as for general advice, support and information on health and wellbeing issues.

Personal Emergency Evacuation Plans (PEEP)

If you have a permanent or temporary disability that may mean you have difficulty in evacuating one or more areas, you can arrange for a Personal Emergency Evacuation Plan (PEEP).

Seeing a Doctor

If you’re studying on a course for more than six months, you’re required to register with a local doctor. Our Colchester Campus has its own health centre or you can use the NHS Choices postcode finder to find your nearest doctor. If you require emergency medical or mental health services, there are a number of options available both through the NHS and also the University, regardless which campus you are studying at.

Counselling services

Our University offers a wide range of services and resources to support all of our students, with a variety of counselling opportunities.

If you feel you would benefit from support, including counselling, please contact your Student Services Hub. You can find more information, including the full range of counselling services available to you,
UK Immigration Advice and Guidance

Immigration advice and guidance is regulated in the UK by the Office of the Immigration Services Commissioner (OISC) and can only be given by those that are authorised to do so. We publish lots of information and guidance on our website for students and you can contact one of our authorised advice services via the ‘ask us a question section’ for further advice about the UK’s student immigration rules.

Money management

If you get into financial difficulty you should get help and talk to someone as soon as possible. The sooner your problem is identified, the sooner it can be solved. You may be eligible to apply for financial support to assist you with short-term unexpected and unforeseen costs. Advisers in our Student Services Hub and our independent Students’ Union Advice can listen and talk you through the issues you are experiencing.

Students’ Union Advice

Our SU Advice service also offers free, confidential, independent and impartial advice on many issues that might be affecting you. Our friendly, trained staff are on hand to support you throughout your time at Essex. You can speak to us about Academic processes and procedures, representation at University meetings, Tier 4 UK visa extensions, housing, complaints, welfare and consumer issues.

Colchester students – suadvice@essex.ac.uk; 01206 874034
Southend students – suacsou@essex.ac.uk; 01702 328235 (term time only)
Loughton students – suaclou@essex.ac.uk; 01206 874034

Residence Life

Our Residence Life team is here to help you settle in and support you during your time living on campus. Each residents’ assistant (RA) is assigned an area and will aim to get to know you and organise a range of social activities. Plus, they can help if you’ve got any concerns or complaints. Residence Life operates outside of office hours when other University support services are closed.

Religion, faith and beliefs

We’re proud of our vibrant and diverse multicultural community and welcome everyone, of all faiths and none. The calm, friendly and supportive atmosphere in our Faith Centre is a welcoming place for staff, students and the wider community to meet, interact and engage with each other.

Harassment support

We are Essex. We pride ourselves on being a welcoming and inclusive student community. We offer a wide range of support to individuals and groups of student members who may have specific requirements, interests or responsibilities – to help you fulfil your potential.

We encourage a culture of dignity and respect. We’re committed to upholding an environment that’s free from any form of harassment or bullying. Though rare, these incidents can occur and if they do our Harassment Report and Support Service of trained Harassment Support Workers are on hand to help.

COVID-19 (Coronavirus)

The health and wellbeing of our students is our priority. This means we are constantly monitoring advice from the UK Government, Public Health England, the Foreign and Commonwealth Office, and the World Health Organisation, and updating our guidance on students in line with their advice.
Our guidance to students on protecting yourself and others from COVID-19 is updated regularly. It is advisable to check the page frequently to be sure you are up to date with the latest guidance and information from the University.

**Health and safety on campus**

Our campuses are generally very safe environments. We want to ensure that things stay this way. In order to achieve this, we work closely with local agencies including the police and borough councils. Take a look at our website for general information and advice.

Please familiarise yourself with fire safety and emergency evacuation procedures for your accommodation, work or study location. If you have a permanent or temporary disability that may mean you have difficulty in evacuating one or more areas, you can arrange for a Personal Emergency Evacuation Plan (PEEP).

Please take note of our advice on the safe use of electrical items and prohibited electrical items in residential and non-residential areas.

All students residing on campus should complete the Moodle Fire Safety Course for Residents training.

If you have any health and safety concerns or need to report an incident, please use the University's reporting service to notify us.

**Making a Complaint**

The University is a large community engaged in many activities of both an academic and non-academic nature. From time to time, you may feel dissatisfied with some aspect of your dealings with the University and, when that happens, it is important that the issue is dealt with constructively and as quickly as possible without risk of disadvantage or recrimination.

The University aims to resolve complaints quickly and informally in accordance with the Student concerns and complaints procedure which can be found on our website.
Student Development

Careers Services
The Career Services team offer a programme of information, advice, guidance and support through various events, workshops and one-to-one sessions. We also have teams dedicated to Work Based Learning, Placements and Internships that can provide information and support as needed. Find out more about the Career Services available to you here: https://www1.essex.ac.uk/careers/

CareerHub
Find hundreds of part-time jobs, internships and graduate vacancies, book on to careers events and workshops, take career assessments, practice your interview skills, build your CV, and connect with employers on CareerHub, the online Essex careers and jobs portal. Login with your Essex username and password.

careerhub.essex.ac.uk/students/login

Big Essex Award
The Big Essex Award is a way to get recognition for the extra-curricular and voluntary activities that you complete during your time at Essex, both on and off campus. All verified activities will be included on your university digital transcript, the Higher Education Achievement Report (HEAR).

Chart Your Path
New for 20-21! Discover the range of amazing opportunities available to you at Essex. Use Chart Your Path to find activities, resources and support that are right for you. Build your Essex Strengths and track your development journey as you go. Activate your Gradintelligence account to get started: https://gradintel.com/index.php/en/account-support/recover/students

Volunteering
Join the vTeam and be the difference. There are plenty of opportunities to volunteer during your time at Essex. The vTeam, run by the Students Union, is a fantastic opportunity to meet new people, make friends, give something to the local community, and gain valuable skills.

www.essex.su/vteam

Essex Interns
Essex interns create paid internships exclusively for you as an Essex student. They're flexible too; part time during term time or full time in vacations. You can even take part up to three years after you graduate, as part of our Essex graduates support package. Sign up for Essex Interns to kick-start your career.

www.essex.ac.uk/careers/internships
You Are Essex

Year and Degree Marks
Once your exam board has met, it can take between 7-10 working days for your results to be confirmed and published. The University’s exam board and publication of results schedule is updated in the summer term, and you will be notified once this information is available online. As soon as your results are ready, you will be sent an email and directed to a password protected web page. You will be able to see your marks obtained and any decisions that you must make in order to progress to the next stage of study.

When in your final year of study, graduating students will receive a degree certificate at Graduation and will also be able to access your electronic Higher Education Achievement Record (HEAR); which gives details of all marks obtained during your studies.

Graduation
The culmination of all your hard work! Graduation ceremonies for undergraduate students take place at our Colchester Campus each July in the Ivor Crewe Lecture Hall. All eligible students studying at our Colchester, Loughton and Southend Campuses will be invited to attend.

Students with exam boards held in Autumn term will be invited to attend our Winter Graduation ceremony where these are held; students with exam boards held in Spring or Summer term will be invited to attend our Summer Graduation ceremony.

HEAR
When you study at Essex, you graduate with far more than just a degree. We have replaced the traditional hard-copy transcript with the Higher Education Achievement Report (HEAR) which not only showcases a full record of your academic achievements, but also any activities you have undertaken and logged through the Big Essex Award, and any other awards and prizes that you may have received.

When you graduate, you will have full electronic access to your HEAR for free for life. You will be able to share this with employers and other universities by providing them with a University-certified record of your achievements. You will receive an e-mail from GradIntelligence to enable you to activate your account log-in. As soon as you do this you can start accessing your HEAR!

References
Requesting references from members of staff
If you require a personal reference, always ask permission from a member of staff before giving their name as a referee. You should consider from whom it is most appropriate to request a reference and who will be best equipped to evidence your character and performance in the subject.

For example, final year project supervisors, year organisers, and core course supervisors are likely to be more suitable than lecturers that have taught you on a first-year option course. Every reasonable effort will be made to meet a request for reference for a student who has undertaken study within our Department. Requests received from students who have graduated from the University within the last three years will be prioritised. Requests received outside of this period may, of course, be met if a member of staff is equipped with the necessary information and is willing to provide a reference.

It is always helpful if you can provide the member of staff with details about the course or job you have applied for and, if relevant, a CV or other summary of your qualifications and experience. Please
try to ask for references in good time – it is not always possible for a member of staff to write a reference immediately.

Copies of references
A copy of any reference provided will be retained within our department for no longer than three years for taught students.

Alumni
Essex is forever and although your time here will fly by, you’ll be part of the Essex family for life. When you graduate, you’ll get an alumni card and join a community of over 100,000 fellow graduates around the world. We’d love to keep in touch and invite you to our alumni events, networking and volunteering opportunities, as well as offer you special alumni benefits. Want to know more? Visit our website!

What comes next?
The world is your oyster! The options and opportunities open to you as a graduate can be overwhelming. You may know the exact path and next steps that you wish to take, or you might not, and this is okay. Our Careers Services can offer information, guidance and advice on your different options after graduation and you can return to Essex for these services at any time. Whether it is discussing different career paths, bringing your CV or LinkedIn profile up to date, or prepping for that interview you have worked all year for, the Student Development Team are here to support you.

Spread your wings graduand; but you can always come back! As an alumnus of Essex, you can take advantage of generous discounts on postgraduate qualifications and degrees if you chose to return to study at Essex as a postgraduate student.

We are proud of our world-class research at Essex and your invitation to contribute is lifelong. If you do decide to stay on for further study with us, you’ll develop extensive knowledge in your chosen area and learn from some of the top academics in the field. You can explore our incredible range of courses online.

Whatever you choose to do, please stay in touch! Keep us up to date with your achievements and explore the variety of ways through which you can give back to Essex too.
