Essex Business School

Undergraduate
(Colchester Campus)
Welcome

Welcome to Essex Business School!

Here at EBS we aim to teach leadership with integrity. We want you to learn to think critically about business and to leave us with the knowledge and tools to do business better – for stakeholders, for the planet and for your community.

This handbook should list all the information that you need about your course, Essex Business School and the University of Essex.

EBS is the largest department at the University but our students are always more than just a number to us. Our size means we have also had the opportunity to develop a bespoke package of support that is tailored to the needs of business students. In addition to this guide, I would encourage you to seek out the Student Services Team and Learning Team as early as you can and to make good use of them during your time with us. I hope you find this guide useful. Good luck with your studies and I look forward to meeting you over the coming year.

Neil Kellard

Dean of Essex Business School

Introduction

All Schools and Departments at Essex create a Student Handbook each year. These are designed to be useful tools for you to find out what you need to know about your department, the University and its academic policies and procedures, and all of the resources available to you.

We know things might be a little different this year, but we remain absolutely determined to provide you with the best Essex education and student experience we can while safeguarding your health and wellbeing. Make sure that you keep up to date with what we all need to do to keep safe as a community.

At Essex we celebrate diversity and challenge inequality. You are welcomed to a truly diverse community where differences are celebrated, and individuality is valued. Your contribution is welcomed and encouraged based on your own thoughts and experiences. As part of our community you will have the freedom to explore, experiment, challenge your discipline and have your ideas shaped by peer and professional knowledge from all over the world. Essex is about more than just getting a degree: we have so much to offer our students!

Things might have to change and adapt over the year, so make sure that you’re checking online and keeping in touch with your department for the latest updates. The Student Directory contains a wealth of other helpful sources of information which you may also find useful.
Practicalities and Getting Started

Registration

Whether a new or returning student, you will need to officially register at the start of each academic year. Registration is not only a formal procedure of enrolling you into the University, but also connects you to a number of vital systems which allow you to access your online Welcome and Induction information and start your studies. As part of this process, you will need to activate your Essex IT account, register online and, once you arrive on campus, undertake a Right to Study check and collect your student registration card.

Right to Study

The University must ensure all students have the right to study at the University of Essex for the whole duration of their course. If you require immigration permission to study in the UK, this will be checked when you first arrive on campus and as necessary thereafter. Students have a duty to maintain valid UK immigration permission that allows study for the duration of their course, failure to do so may lead to withdrawal from the University under the University’s General Regulations.

Student visas

The University has many duties as a Tier 4 sponsor and must ensure we remain compliant in order to retain our Tier 4 sponsor status. Students with a Tier 4 or Short-term student visa have responsibilities to the University and the Home Office. There will be conditions attached to your visa that restrict what you can do in the UK, breaking any of the conditions may mean you can’t remain in the UK and complete your course. Please be aware that changes to your course, whether due to academic failure or choice, must be considered against the Immigration rules and guidance in place at the time, this can mean that some academic options may not be available to you.

If you are coming to the UK on or after 1 January 2021 to study, you may be applying for a visa under the new immigration rules that the UK government intend to introduce. These rules will also apply to European and Swiss nationals who do not already have EU settled status or UK immigration permission. The government aim to release the new rules in the autumn of 2020, we’ll publish more information on our immigration web pages after they have been published and considered.

Choosing your modules

You may have module options to select as part of your course structure. If you do, you must select the modules you wish to enrol on before the academic year begins. You can view and choose your specific options through the eNROL system. New students can do so from the end of August and returning students can from the April preceding the next academic year. Early module enrolment ensures that timetables can be scheduled effectively. We’ll talk more about how you might decide which modules to take in the Learning and Teaching section of this Handbook.

Explore your Campus

There is a broad range of facilities across each of our campuses to support your experience at Essex, whether in person or virtually. For the latest information, see the updates on services on campus and make sure that you’re aware of the guidance for those coming onto campus.
Get connected

Your IT account
You will need to activate your Essex IT account. Once you’re set up, you can access your Essex email, log in to Moodle, access lab computers and library services, print for free on campus, connect to campus wi-fi, and much more. When you activate your account, you should register an external email address and passphrase so that if you forget your password, you can also reset it using these details. If you have forgotten those also, you should either visit the IT Helpdesk or call 01206 872345. Make sure you keep your password safe and do not share it with others!

Campus Wi-fi
If you are studying on any of our campuses, connect to our Wi-Fi by simply finding the ‘eduroam’ network on your device and use the same log in details as your IT account to connect up!

Essex Apps
The University has a variety of online systems and platforms designed to enhance your learning and help make processes, such as submitting coursework, easier. We have rounded up the top platforms, portals and apps that you need to know about!

MyEssex
MyEssex is your online account. This is different to your applicant portal – you can use MyEssex to view your timetable, update your personal details, request replacement student cards or supporting documents, monitor your course progress, let us know if you’ll miss a lecture or class, contact the Student Services Hub, and much more.

PocketEssex
Pocket Essex is the University's official app for students; its interface of icons act as a portal through to a variety of areas and resources. PocketEssex links to many areas that MyEssex does, but also takes you through to other key resources, such as the Students’ Union, FindYourWay and the Library.

Find Your Way
When on campus, we know that finding your way can be challenging to start with. Our Colchester campus in particular can be difficult to navigate with a historically complex room numbering system! FindYourWay is our interactive campus map designed to get you from A to B on either the Colchester or Southend campuses with quick and easy directions.

Working while studying
Many students choose to work part-time to supplement their income. Working during your course can also give you excellent skills and experience to boost your CV. Our Student Services Hub can help you find part-time work. There are also many opportunities to work in paid jobs on campus.

You can access recommendations on working hours, as well as guidance on rates of pay and National Insurance contributions on the Careers Services webpages.

If you have a student visa, please read our information on working in the UK for international students before you start looking for a job. The country you're from and your visa type will determine whether or not you can work in the UK. If you can work, the type of work you are allowed to undertake and the number of hours you can work will be restricted.

Your personal belongings
The University does not cover costs for personal damage or loss of possessions; only in instances where the University has been negligent would a claim be viable for compensation for personal
belongings. Therefore, you are strongly advised to take out personal insurance cover for your possessions. This is especially important for valuable items, such as laptops, phones and tablets.

The Essex Experience

The University of Essex is proud of its inclusivity and its international community. Our campuses are places that are welcoming, where every single person can feel they have a place where they belong and where you can find the world in one place. As part of our ongoing commitment we have created a Student Charter as a pledge that every student becomes a part of when they join us. With the Student Charter you agree to support our community and we promise to provide you with a transformational educational experience.

Embrace the Essex Values

We are different at Essex. We are brave, we are bold, and we embrace challenges and drive change. Our values are underpinned by this very culture. While we full heartedly encourage students to challenge the status quo and explore the unknown, we expect that students do so respectfully, intelligently and act as true ambassadors for the University. The University has a Code of Student Conduct that outlines the rules and regulations that help us maintain our high standards of behaviour.

Equality, Diversity and Inclusion

The University recognises the value of diversity and is committed to equality of opportunity within the University. It therefore aims to create the conditions whereby students and staff are treated with dignity and respect, and solely on the basis of their merits, abilities and potential, regardless of race, ethnic or national origin, gender, gender identity, sexual orientation, disability, age, socio-economic background, family circumstances, religious or political beliefs and affiliations, or any other irrelevant distinction.

The University is committed to a programme of action to ensure that this policy is fully effective.

Student communities

We pride ourselves on being a welcoming and inclusive student community. The University recognises the value of diversity and are committed to equality of opportunity within the University. We aim to create an environment whereby students and staff are treated with dignity and respect, and solely on the basis of their merits, abilities and potential regardless of their background whether that is race, gender, sexual orientation, religious beliefs, or any other distinction.

We offer a wide range of support to individuals and groups of student members – our student communities - who may have specific requirements, interests or responsibilities- to help fulfil your potential. Whether you are an international student, a mature student, a BAME student or have any other requirements or needs, we here at Essex want to welcome you with open arms. The University is committed to a programme of action to ensure that this policy is fully effective.

Essex Sport

Learning doesn't just happen in the classroom. Keeping active during your studies is a great way to meet new people, help relieve stress, maintain good physical and mental wellbeing, increase productivity, and improve your employability.

Visit the Essex Sport website or download the app to discover all the ways you can keep active during your time at Essex. In order to ensure the welfare of our community there may be changes to opening hours or what's available, so do check on the website for the latest information.
Students’ Union
We’re famous for our Students’ Union at Essex, and for good reason. Here you’re not just a member of a normal Students’ Union; you’re part of a family. We’re here from day one to the moment you graduate to support you in any way we can.

The Students’ Union is run by students for students, and you have the ability to shape what we do. From deciding who leads the SU, to shaping your own experiences at Essex, we are here to represent your views and work with you to make amazing things happen.

Get involved!
There are opportunities to join Sports Clubs, to get involved with our BUCS teams which offer the opportunity to play competitively in a wide range of sports across the year. If you just want to try a sport, don’t want to commit to a regular team, or would rather not play competitively, check out our Just Play programme.

We have 120 Societies where you can meet people with similar interests, challenge yourself with something new or, if you can’t find what you’re looking for, start your own!

We also have our very own letting agency SU Homes designed to offer help and support for students to find off campus accommodation.

Essex Spirit, social media and What’s on?
Keep up to date with important news, events and offers from across the University with our Essex Spirit newsletter, delivered directly to your Essex email address.

Follow us on social:

facebook /uniofessex  twitter /uniessex
facebook /Uni_of_Essex  twitter /uniofessex

Our Events calendar brings together all the events happening across our three campuses, so you can make the most of your time at Essex.
About Essex Business School

Essex Business School (EBS) is the largest department at the University of Essex and encompasses five subject groups: Accounting, Finance, Management & Marketing, Organisational Studies & Human Resource Management, and Management Science and Entrepreneurship. Our teaching and research is delivered across two campuses, Colchester and Southend, and our community is made up of over 2000 students and academics.

We aim to teach leadership with integrity. We encourage our students to think critically about business and support them to do business better. We demonstrate these values through our teaching and research and through our environment, our home in Colchester is the UK’s first zero carbon business school building.

The University of Essex is a ‘dual intensive’ university gold rated for teaching excellence (TEF 2017) and top 20 for research excellence (REF 2014). Our mission in EBS is to offer a transformative education and research excellence that has a positive impact on business and society.

Essex Business School is located on two different campuses and is organised into five subject groups:

Meet the team

A full list of all staff can be found here: [www.essex.ac.uk/departments/essex-business-school/people](http://www.essex.ac.uk/departments/essex-business-school/people). Below is a summary of the roles of staff that can help you with a variety of areas during your time at Essex.

**EBS Student Services Team** is available to help you with any question or concern you have about your programme or university life. You can visit the [EBS Student Services Team](http://www.essex.ac.uk/departments/essex-business-school/people) in the EBS building (Opening hours or contact details are updated [here](http://www.essex.ac.uk/departments/essex-business-school/people)) or [email](mailto:ebshelp-col@essex.ac.uk):
Programme Directors have overall responsibility for a degree programme and an overview of
the programme’s modules. They monitor student progress and address any problems students may
have relating to their degree programme:

- **Accounting**: Dr Silvia Gaia  
- **Finance**: Dr Mark Hallam  
- **Management and Marketing**: Dr Juneho Um  
- **Organisational Studies & HRM**: Dr Stefano Cirella

EBS Learning Team provide support for all students in EBS.

You can use this support to have a general discussion on study skills to help you with your
programme, to talk through any difficulties you are experiencing or for feedback on your coursework
and advice on how to improve your grades. The team also runs a series of practical skills
development sessions to help students with their studies. You’ll receive regular emails with details of
the development sessions that are scheduled. You can also find study skills resources on Moodle on
the EBS Student Resources page.

Email: ebslearningteam@essex.ac.uk

- Dr Lorcan Whitehead  
- Hugh Kilmister

Library Staff Members are available to support you with using library resources and tackling
your research. Our EBS subject librarians, Ai Gooch (Colchester) can also give you in-depth advice
on effective searching, using databases, finding data, reference management software and much
more. Just book a session with her via libcal.essex.ac.uk/appointments, or email: aito@essex.ac.uk

Director of Education

Dr Noelia Reynolds is the EBS Director of Education and has oversight of all matters related to
education within the School.

Academic Services Manager and Officer

Joanna Partner is responsible for the academic services team within our School.

Debbie Hall is the Academic Services Officer within our School.

Teaching staff and support

All teaching staff hold regular weekly academic support hours during term time. This is a time when
you can meet with your lecturers and seminar tutors about anything to do with your modules, from
difficulties you might be having with your seminar readings, to discussions about feedback on your
coursework.

Find current Academic Support Hours here

Please note that academic staff do not hold regular academic support hours during the vacations, and
may, on occasions, be away from the University on research trips and visits. Therefore, if you need to
get in touch with them during the vacation periods, you should e-mail them in the first instance.
We have also listed some other key staff roles and how these individuals will be able to support you.

**Module Leader/Supervisors**

Module Leaders are responsible for the individual modules, which make up programmes. Module leaders are responsible for coordinating the teaching team who deliver the module. They design the modules, teach them and examine them. They monitor attendance and student progress and talk to students about any academic issues related to their particular module.

Details of EBS modules and Module Leaders/Supervisors are available on the module directory [www.essex.ac.uk/modules/default.aspx](http://www.essex.ac.uk/modules/default.aspx)

**Your Personal Tutor**

All undergraduate students have a Personal Tutor who will meet you soon after you arrive, and regularly throughout your studies via the BE916 module in your first year and BE917 module in your second year. Your Personal Tutor will be a member of academic staff and is someone you talk to about your course or any difficulties that may encounter. They can recommend and direct you to other support services that might be able to further help and support you. You can find out who your Personal Tutor is through [MyEssex](http://myessex.essex.ac.uk).

**Your Peer Mentor**

All first-year students are assigned a Peer Mentor. Peer Mentors are either a second or final-year student. They will contact you to introduce themselves and organise how you’ll stay in contact.

**Become a Mentor**

If you are in second or final-year and are interested in becoming a Peer Mentor, a call for mentor applications is usually circulated in the Spring term. If you have any questions in the meantime, you can contact [ebshelp-col@essex.ac.uk](mailto:ebshelp-col@essex.ac.uk) for further details.

---

**Staff research interests**

The University of Essex is a ‘dual intensive’ university gold rated for teaching excellence (TEF 2017) and top 20 for research excellence (REF 2014). Our mission in EBS is to offer a transformative education and research excellence that has a positive impact on business and society.

Within the School, research is organised around five subject groups.

**Accounting**

Accounting at Essex is about accountability – not just to financiers and investors, but increasingly to a wider range of stakeholders and to sustainability concerns. Our teaching and research are grounded in how accounting is practised globally in all of its multiplicity, whether in commercial, public sector or not-for-profit settings. Our accounting programmes are accredited by the major professional bodies. We aim to inspire a business-minded and socially driven Essex accounting graduate.

**Finance**

Our teaching and research reflects the breadth of contemporary banking, finance and economic issues facing organisations today. We focus on training our students to become skilled finance practitioners, informed by our expert academic and consultancy work and supported by our industry-standard facilities. Our work is internationally oriented and professionally accredited.

**Management and Marketing**

Management and marketing at Essex is not just about driving profit for big business. We want our students to understand the role of the consumer, the value of the employee and the importance of
responsible management practices. Our aim is that students learn to become independent thinkers and drivers of change, creating a positive impact not just on the bottom line but on the world around them.

**Organisational Studies and Human Resource Management**
Our teaching and research considers the relationship between work, organisation and society in order to understand the nature of contemporary working life. In addition to drawing on traditional approaches to business, our perspective is enriched by cultural studies, history, literary theory and philosophy. This enables our colleagues and students to think critically about business and its role in today’s global society.

**Management Science and Entrepreneurship**
Our expertise in quantitative management science includes data analytics, supply chain management and international business. Alongside this we aim to use our research and teaching to support small and medium enterprises, to explore the challenges faced by entrepreneurs and to consider the disruptive potential of intrapreneurship.

You can find out more about our research interests and detailed staff profiles by following this link. [http://www.essex.ac.uk/ebs/staff/academic/default.aspx](http://www.essex.ac.uk/ebs/staff/academic/default.aspx)

**Departmental resources and facilities**
A wide range of facilities and resources are available for all students to access and use as part of their study at Essex. Each department and school also have a selection for the exclusive use of their students. Below is a summary of the facilities and resources that are likely to be most useful to you.

**Group study pods**
Need to work collaboratively? Our IT group study pods provide an ideal setting for encouraging creative team-working among groups of students. Group study pods are open access and are first come first-served; they can’t be pre-booked. There are several study pods on our Colchester Campus, including pods in the Silberrad Student Centre and the EBS building. The EBS building is now accessible until 11pm at night.

**Bloomberg Suite – EBS Trading Floor**
Bloomberg is an online service which provides current and historical financial data. Bloomberg is the industry’s most widely used source for accessing real-time financial data and over-the-counter trading. EBS has 12 Bloomberg terminals with identical functionality to Bloomberg terminals used by traders and portfolio managers worldwide. The EBS Trading Floor is room EBS 1.4 / IT Lab S in the EBS Building.

**Kitchen Facilities**
EBS students have access to a microwave to heat food, which is based in room/tea point EBS 3.10 on level 3 of the EBS building.

**Bonds Café**
Bonds Café in the EBS foyer is open in term time, with reduced hours in the vacations.

All of these facilities are subject to COVID-19 prevention measures so access to the facilities may be limited or even unavailable depending on social distancing and health and safety requirements.
Printing, photocopying and scanning
All students can print, copy and scan for free at Essex! You can even print from your mobile by sending your attachment to mobileprinting@essex.ac.uk.

Once you’ve located a device, simply log in using your Essex login and password, or tap with your student card to print. Whilst printing is free for all students, please think of your carbon footprint and only print if necessary.

Please note that there are strict laws about infringement of copyright; more information can be found on the library website which explains what and how much you are permitted to copy. Usage is monitored and subject to a fair use policy.

Premium printing
Premium services for printing and finishing, including binding your documents for presentational purposes, are available at The Copy Centre (Square 4, Colchester Campus). These services are chargeable.

Noticeboards
Every department and school has their own noticeboard providing information on staff, courses and classes, updates, careers, events and opportunities.

Departmental prizes
Each year we are pleased to award prizes signifying excellence. A number of annual prizes for excellent academic performances by students on our Degree Courses are donated by organisations with which the School has links, and by Essex Business School. Prizes are awarded at the graduation receptions after the Degree Ceremonies in July for final year students, and in autumn term for returning students. A full list of the prizes available and the awarding criteria can be found on EBS Moodle pages.

Communications
The University will predominantly use e-mail for routine communication between staff and students. Your Essex e-mail address will have been added to the relevant e-mail groups specific to your department or school, course and modules to ensure that you receive the essential information relevant to you. It is recommended that you check your Essex e-mail each day to ensure you do not miss any important updates to classes and assessment.

You will also automatically be subscribed to a small number of opt-out lists, again, based on your course. You can always opt in or out of these communications online.

Social Media
You can keep in touch with us informally through the EBS Facebook page: www.facebook.com/EssexBusinessSchool
Follow us on Twitter @Essex_EBS
Follow us on Instagram @essexebs

The use of personal devices
You can use laptops and tablet PCs during teaching classes for purposes related to the class you are attending. You should refrain from using your mobile phone during all teaching events, except in cases where a lecturer uses a programme which requires these devices to be switched on for participation.
**Learning and Teaching**

The University is committed to providing equal opportunities for all our students regardless of where or how you study. Our diverse student population is considered when developing the resources, services and facilities on and off campus, when we create our courses, write publications and course materials, and set our policies and regulations.

**The academic year**

The academic year uses a week numbering system that covers the 52 weeks of a calendar year but corresponds to typical term dates. So, the start of the academic year is week 1, which is Welcome week, with teaching commencing in week 2.

<table>
<thead>
<tr>
<th>Term</th>
<th>Week numbers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Autumn</td>
<td>2-11</td>
</tr>
<tr>
<td>Spring</td>
<td>16-25</td>
</tr>
<tr>
<td>Summer</td>
<td>30-39</td>
</tr>
</tbody>
</table>

You can view the University’s week numbers with the equivalent dates in the week by week calendar. The University’s key dates include an overview of the start and end of each term and exam periods.

You are expected to be available during term time to attend teaching events, unless otherwise advised by your Department.

**My Course**

Each course at the University has its own syllabus, full details of which, including the aims and learning outcomes of your course, can be found in the University's Programme Specifications Catalogue.

Your own course structure, including your specific programme specification, can be found in the MyStudy section of your MyEssex homepage.

**Credits**

Your course will be made up of a certain number of credits. Generally, undergraduate degrees contain 360 credits worth of modules in total during your course at Essex. This is divided into 120 credits per each year of study, with credits allocated to each module that you take.

**Learning outcomes**

Each course has learning outcomes which need to be met in order to progress. Course learning outcomes are categorised into knowledge, intellectual, practical and key skills, and are also defined more specifically at a modular level. Having this information means that you can measure your progress against the outcomes, for example when reviewing coursework feedback.
Grade boundaries
Marks for undergraduate modules fall into one of the classifications set out in the table below. Bachelor degrees are usually awarded under these classifications too. The method for calculating your final award classification will take into account module marks and any other requirements - full details are set out in the Rules of Assessment.

<table>
<thead>
<tr>

</tr>
<tr>
<td>39.5 – 49.4%</td>
<td>Class 3</td>
</tr>
<tr>
<td>39.4% and under</td>
<td>Fail</td>
</tr>
</tbody>
</table>

Module enrolment
Most modules taught reflect the individual research interests of members of our academic staff. New modules are regularly explored, researched and developed to expand our transformative educational offering at Essex.

The University provides further guidance on choosing modules, and meetings for first and second-year students will be held by your department where students can discuss their choices with their Personal Tutor. Your preferred choices must be submitted prior to the start of term through the eNROL system.

A full list of modules available can be found on the module directory webpage.

Changing Modules
In instances where you need to make a change to your module choice, you may do so up until the second week of the Autumn Term. If you wish to change an optional module after the deadline, you should seek advice from the Department or School Office that runs the particular module that you may wish to change to.

Late changes may be permitted but will be subject to the approval of the department that runs the module and the relevant Dean. Late changes of modules that run for one term or less will not usually be permitted. Students may not change modules that are core or compulsory for the course for which they are registered.

Advice about the procedures relating to module enrolment or changes of module is also available from the EBS Student Services desk in Essex Business School.

You should note that your choice of optional modules may be subject to timetabling constraints.

EBS policy on language options
In the case of second year options, students are normally allowed to take a language option of at least elementary level. In the case of third year options, students are normally allowed to take a language option of at least intermediate level.

EBS policy on outside options
Students are not allowed to take more than 30 credits worth of outside options. The options may be chosen from other departments and are subject to the approval of your Programme Director.
EBS policy on third year students taking second year options
Third year students may not take level 5 (second year) options. However, you can discuss this with your programme director as exceptions are possible in extreme circumstances.

If there is a module that you would like to study that isn’t available as an option on your course, then you can ask for a change to your syllabus to be made by submitting a special syllabus request. Special syllabus requests are not automatically available and require approval. It is a good idea to talk to your Department or School responsible for your course, as well as the Department that teach the module if it is an outside option.

Module Leaders
Module Leaders are responsible for individual modules. They design, teach and examine them. They monitor student progress and can also talk to students about any related academic issues.

Employability Modules
Colchester UG Students take a compulsory module, BE910 Successful Futures, during their second year. This module will help you raise your career awareness, support you with your job search and support you through the various stages of applications for jobs and further study.

Study Abroad
With a heavy heart, we have taken the very difficult decision to postpone the 2020-21 Year Abroad for all students. For future years, there will be a variety of opportunities at Essex to study abroad. Many courses may be taken as a four-year variant to include a year studying at an overseas University. It is also possible for students to study abroad for one term in their final year. You may have applied for and been accepted on a course with a Year Abroad, but if not and you are interested in undertaking a Year Abroad or other international experience, you should contact the Essex Abroad Team for more information.

Work Placements
Our primary concern is for the safety and wellbeing of our students and we want to ensure that students are not put at undue risk. We also want to ensure that students get the best possible placement experience. In many cases placements planned for the Academic year 2020/21 will go ahead - these are being approved on a case by case basis. For further information or to discuss your own placement circumstances, you should contact the Placements team (placements@essex.ac.uk) or the Academic Supervisor in your department.

There are a variety of opportunities to undertake work-based learning and placements either during or as part of your studies. Many courses may also be taken as four-year variant to include a Placement Year. If undertaking a placement year, it is your responsibility to find a work placement, however, the Industry and Placements Team can help prepare and support you and will advertise relevant placements. If you are interested in undertaking a Placement Year, or other work-based opportunities that may be available to you and your course, contact the Industry and Placements team. Some work placements may require a DBS check where you are engaging in regulated activity with vulnerable groups. More information about the DBS check process can be found on the University’s DBS webpages. Please be aware that there are restrictions for Tier 4 students under the Home Office rules and guidance relating to the type of work and length of placements.

BE731 is the Work-Based Placement module. Jay Mitra is the Module Leader.

Module Materials
Online reading lists for your modules can be found via the module Moodle page alongside other information and module materials.
Teaching timetable

Once you have selected all of your modules (if applicable) and received confirmation, they will appear on your personal timetable. Every student has a **personal timetable** published at the start of term which shows when and where your teaching is taking place. You can access your timetable on most mobile devices, including smart phones and tablets. You will need to have registered and activated your University of Essex log-in before you will be able to access your teaching timetable.

If you wish to report a timetable clash or request a class change, you should do so via the **online timetable** or from the **Pocket Essex mobile app**.

During Welcome Week (week 1) you may find that your timetable is blank as teaching normally commences week 2. **Please be aware that there may be changes to the location of teaching during the year, so regularly check your personal online timetable and Essex e-mail for up to date teaching information.**

Information about teaching timetables, including requesting a class change, reporting a timetable issue and accessing your individual timetable can be found on the [University's website](mailto:).  

Supervision of UG student research and final year capstone projects

Please refer to the relevant module outline on Moodle and in the module directory for further details:

- Accounting Project BE936
- Finance Research Project BE937
- Independent Study Project: Management/Marketing BE938

Reading weeks

Some modules have reading weeks so please check with your module leader.

Recording your attendance

We monitor your attendance at teaching sessions on campus using your **student card** and an electronic recording system called **Count-Me-in**. Your attendance at online teaching sessions is monitored by reviewing your logins to sessions on Zoom. You're expected to attend all of your mandatory sessions on your individual timetable and report an absence if you are unable to do so. Please be aware that for Tier 4 students, **poor attendance may affect your visa**.

Please contact your Personal Tutor and the [Essex Business School Student Services](mailto:) or [Student Services Hub](mailto:) for advice and support, particularly if you are going to be absent for several weeks.

Making changes to your study

Changing your course

If you are thinking about changing course, you will need to do so by a **certain date** and should first speak to your department and personal tutor. They will be able to advise of the **things you should be thinking about** before changing your course. If the course you are looking to change to is within a different school/department, then you should also speak to someone in that department. If you are thinking of undertaking a placement year or year abroad, you should check the requirements and any potential visa implications for these programmes by contacting the [Industry and Placements Team](mailto:) or [Essex Abroad Team](mailto:). Students with a Tier 4 visa may not be able to change their course without first obtaining a new visa, if eligible.
Thinking of leaving or taking a break?
You may experience doubts at some point during your studies, if you’re thinking about leaving Essex, we’re here to support you and give you the advice you need to help you make an informed choice. You can contact Essex Business School Student Services, Personal Tutor or Student Services Hub to speak in confidence about your concerns, and also the different options available to you and the impact they may have.

Library Services
The library aims to provide all of the resources you will need to succeed in your course, via online reading lists and access to extensive digital collections of books and journals. The library team can help you learn how to search effectively so you can find appropriate resources for your assignments. They can also provide advice on referencing, academic integrity, using reference management software and evaluating sources. A range of online support in these areas is also available via the library website, including subject guides for each department, and support in developing search skills.

At our Colchester Campus, the Albert Sloman Library on Square 5 is open for long hours and has a variety of study spaces, including individual and group work areas. The Library offers a wide range of learning resources, online and in print, with a dedicated Helpdesk, live chat and the opportunity to book appointments with your Academic Liaison Librarian (Ai Gooch – aito@essex.ac.uk) to help you through your studies and beyond.

Our Southend Campus Library & Learning Hub is located within The Forum and offers a variety of silent and group study areas as well as access to all the resources you need for your studies, either on the shelves of the Library or online via the Library website. You can access computers in the Learning Hub, which is a pleasant and safe environment that is open for long hours, with help available from specialist library staff at the InfoPoint and via live chat. You can also request books from our libraries at Colchester and Loughton - and your library card gives you access to all public libraries in the SELMS consortium of libraries in the south east of England.

See the Library website for the latest information on all our libraries and the services available, including opening hours.

Academic Skills and Support
Every student arrives at Essex with the same spirit of determination but different experiences of education and levels of academic readiness. Skills for Success can help you identify your talents and strengthen those areas you need to develop.

We are committed to ensuring that every student is able to get the most out of their academic study and achieve their potential on their course, which is why Skills for Success team is available to help by providing support, resources and workshops on:

- Academic writing
- Maths and stats
- Digital skills
- Research and referencing
- English language
- Exam revision

The Skills for Success team can also provide further learning and study skills information and support for disabled students.
Departmental Support
Our EBS Learning Team are here to support you all the way through your journey at EBS and work closely with academics and professional services staff to ensure the best possible learning experience.

Proofreading services
Before considering the use of proofreading services, all students should first discuss their work with their personal tutors. Many students seek ‘proofreading’ services at some point during their studies, but different types of editing can occur under this name which may not be appropriate in an academic context where work is assessed and could potentially qualify as an academic offence. The University is keen to ensure as far as possible that students understand what proofreading work should entail and the acceptable boundaries to which any proofreading or editing must adhere to.

The University maintain a list of local freelance proofreaders who offer services to students and staff at Essex that have read and agreed to abide by the University’s policy and guidance on proofreading.

Language classes

English classes for dependants
The Department of Language and Linguistics offers dependants of international students and staff at the chance to improve their English language, through our ECDIS programme, at no extra cost. Classes are taught at the Colchester Campus at three basic levels: Elementary (A1/A2), Intermediate (B1/B2) and Advanced (C1/C2) and will focus on listening, speaking, reading and writing.

Learning a Language
Learn a language at Essex to increase your global and cultural awareness. Language learning can give you the confidence to work and travel internationally, expand your options for studying abroad, and get a competitive edge when you’re looking for a job. There are a number of ways to do it, so look online to discover the best option for you.
Assessment and Academic Integrity

All schools and departments at the University employ a variety of assessment methods designed to ensure that the learning outcomes of each module, and course, have been successfully met by the student.

Rules of Assessment

The Rules of Assessment are used to calculate your results. There is a main set of rules for 3 year and 4 year courses, but some departments also have additional variations to the rules, which must be met. These are published alongside the Rules of Assessment for your year of study.

In Essex Business School we do not have a variation to the Rules of Assessment:

Each module you take has a credit value which you are awarded if you successfully complete the module. You need to obtain a certain amount of credits to be awarded your degree, and the Rules of Assessment and the Framework for undergraduate courses give you more information about this.

The following is only a summary of the key points. You should read the rules and make sure you understand them. If you need advice, ask your personal tutor, departmental administrator, or SU Advice.

Core, compulsory and optional modules

To understand the requirements to pass your course, you need to know the status of the modules that you are taking. You can find details of the status of your modules in Section C of your programme specification via My Essex.

<table>
<thead>
<tr>
<th>Core</th>
<th>You must take this module</th>
<th>Must pass this module. No failure can be permitted.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Compulsory</td>
<td>You must take this module</td>
<td>There might be limited opportunities to continue on the course/be eligible for the degree if you fail it.</td>
</tr>
<tr>
<td>Optional</td>
<td>You can choose which module to study</td>
<td>There might be limited opportunities to continue on the course/be eligible for the degree if you fail it.</td>
</tr>
</tbody>
</table>

Most modules in each year must be passed, with only a small number of credits, if any, being allowed to be failed in the degree.

Academic Integrity and Academic Offences

The University expects students to complete all assessment with honesty and integrity and to follow our conventions for academic writing (including appropriate referencing of sources) and ethical considerations. If you don’t meet these expectations, then you may be charged with having committed an academic offence, a matter the University takes very seriously.

It is your responsibility to make yourself aware of the regulations governing examinations and how to correctly prepare your coursework. An academic offence can take place even if you didn’t mean to commit one, and examples include plagiarism, falsifying data or evidence, and communicating with another candidate in an examination.
Methods of Assessment in Essex Business School

Whether a module is core, compulsory or optional, all methods of assessment are compulsory. If you do not complete coursework or attend examinations, and do not have extenuating circumstances to support your non-submission or absence, then you are at risk of being withdrawn from the University.

Coursework

Coursework is compulsory in all modules and failure to participate in coursework is interpreted as evidence of lack of academic progress. Your academic progress is monitored throughout the year. In severe cases, students with poor academic progress can be required to withdraw from the University (even before the final examinations).

A wide range of methods are used through coursework to assess your progress within the module.

Preparation of assignments

Guidelines on How to Write Assignments

In order to help you to develop your skills in writing assignments we have summarised below some of the key points underlying effective academic writing. The points mentioned below will help you to answer your assignment and exam questions appropriately and also to refine your communication skills to advance your career after graduating.

1. Read the question carefully

Make sure you understand exactly what the question is asking you to do. Pay attention to requirements like ‘assess’, ‘describe’ and ‘compare’. Clarify all the key terms and concepts used, and note the scope of the question. It is a good idea to underline the key words to constantly remind you what the assignment is about. As you develop your answer, keep returning to the underlined words and ask yourself, “Have I answered the question”? “Does my answer relate to the question”? If not, then review what you are doing.

2. Take time in constructing your answer

Your central aim in answering any question is to bring together what you see as the key points and issues in a clear and coherent way. So it is worth spending time identifying these and then linking them together as effectively as possible. Try noting down your ideas and then ordering them in what you see as the most logical way. You need an overall plan before starting the essay. Without a plan your essay will end up being a jumbled collection of random sentences and will not get good marks.

3. Indicate the theories which you think are relevant

Throughout each module you study you will be introduced to the views of a variety of authors who are experts in their fields. Frequently, they will have competing views. One reason for this is that they see the world differently. It will be helpful to indicate in your work how you see things before moving on to any detailed analysis, arguments and evidence. Of course you know how you see things and what ideas you find attractive, but the examiners and markers do not know this. You need to tell them so that they can see things from your perspective(s). The theories which you choose to mention should be drawn from the ideas introduced on the module and elsewhere.

4. Wherever possible support your ideas with well-chosen examples

Be selective and only choose illustrative examples that are relevant to your points. Limit the amount of scene setting and background to case studies, unless such background is asked for specifically in the question. As a general rule, try not to let your examples ‘take over’ the whole essay. Try to support your points with more than one example. We do not expect you to cover every relevant example, but it is important not to focus on single examples which could lead to sweeping generalisations. It is better to use a range of examples (two or three, say) to provide more solid support for your argument. Try to use examples from a range of sources and module components. Make full use of the module material, additional reading and relevant stories in the news (if you have not previously started a file of
current news, now is a good time to do so). We hope you will also draw on your own experience and on other sources, although this is not essential.

5. **Give some thought to matters of general presentation**

    Check that you have communicated your ideas effectively. This means thinking about sentence construction and grammar. Make sure that your sentences are simple and easy to follow. This means using paragraphs to mark changes in focus and not simply as arbitrary divisions. It also means linking together your paragraphs so that the reader can follow your line of argument. Remember that anything which makes the reader stop or go back over part of the assignment risks breaking up its ‘flow’.

    All good answers should have a clear structure. At the very least, they must include an introduction, discussion and conclusion. The first and the last are both key elements of any answer and serve a range of functions. The introduction should be used to clarify and define the scope of the question, and to set out your plans. You should indicate how your answer is organised. The conclusion provides an opportunity to draw together and summarise your arguments in a way that directly addresses the question. It also gives you a chance to reach a clear conclusion of your own, if you have not done so already. Your answers should always be analytical - i.e. analysing the debates and issues in terms of concepts and theories and the contribution they make to our understanding of the world – not just descriptive. We are not asking you to say who said what and when, although you might produce short quotations from relevant authors to support your analytical point.

    A good essay also engages with counter-arguments. So give some thought to what critiques and criticisms may be made against your conclusions, evidence and theories. Briefly indicate the way you might respond to your critics.

    Have a look at the structure of the papers written by academics. Articles can be found in numerous journals in the library. Many will be on your reading lists. Take a look and note how they have been put together.

    Assignments should include a complete list of references. All quotations should include page numbers and be attributed to works in the list of references. You should check that your written work meets this key criteria:

    - Answering the question
    - Producing a coherent, clear argument and analysis
    - Clearly demonstrating knowledge, reading and evidence
    - Clearly demonstrating a critical ability
    - Writing coherently
    - Providing clear frameworks, structures and signposts

    Support is available to help you develop your essay writing skills from the EBS Learning Team you can contact them on: ebslearn@essex.ac.uk
    We also have a useful Moodle page – [EBS Student Resources](#).

**Assignment length**

Guidance is provided by Module Leaders in the Module Outlines on Moodle and questions relating to coursework are posted on Moodle/FASER.

**Groupwork and performance**

Information is provided by the relevant Module Leader.

**In-class tests**

Please make sure that you arrive in plenty of time for the ‘in class’ tests.

Where assessment takes the form of an in-class test, any student missing the test will receive a mark of zero. If you are unable to attend a test (due to illness for example) you should submit a Late Submission of Coursework Form to the EBS Student Services Desk in Essex Business School.
Poor performance in tests
There are no re-sit tests for the purpose of improving test marks. Students who do not perform well in a test can contact lecturers/class teachers for advice about how to improve their performance for subsequent assessments. The overall marks are obtained using the weighted marks awarded for the coursework items. If a student performs badly in one item of coursework assessment, it is still possible to obtain 40% overall for the coursework assessment, if the student has scored higher in another item of coursework assessment.

Referencing in coursework
Respecting authorship through good academic practice is one of the key values of higher education in the UK. Referencing is how you acknowledge all sources used within a piece of work. You must reference all work used whether cited directly (quotes), or indirectly (paraphrasing and summarising).

Referencing allows you to give credit to other’s ideas, work, research, theories, concepts, outcomes and results, and demonstrates your breadth of reading and knowledge on a subject. If you do not reference properly, this could amount to plagiarism, which is an academic offence.

There are styles of referencing which will determine exactly how you format your reference. Essex Business School referencing style is Harvard. You must use this referencing style. Guidance on your referencing style is available online, including an interactive referencing tutorial. You can also take the Academic Integrity course on Moodle.

Submission of coursework
You should submit all coursework online via FASER – the University's online submission system. You are encouraged to log on to FASER at the start of the year so that you understand how it works before you reach your first deadline. There is a trial module and deadline available for you to use as a practice submission, as well as helpful guidance on how to use FASER.

You can upload as many draft versions of your work as you like onto the server and are encouraged to use this as a safe and secure area to store your coursework. This can help to avoid the problem of your computer crashing at the last minute and your important files being lost. In cases where multiple versions are uploaded you will need to make any which you do NOT want to be included in the final submission a ‘draft’ otherwise just the most recently uploaded file will be taken as the final version. The maximum file upload size is 50MB.

Problems with FASER
If you have technical difficulties: Please contact the FASER Help centre as soon as possible to find out if this is a University issue or whether it may be a problem with your computer. This will count towards your claim when submitting a late coursework form should you need to. You can also contact IT Services helpdesk on it.helpdesk@essex.ac.uk

If you are confused or unsure how to upload, or are having any non-technical difficulties you should contact your Undergraduate Administrator

Late submission of coursework
We have a single policy at the University of Essex for the late submission of coursework in undergraduate courses: all coursework submitted after the deadline will receive a mark of zero. No extensions will be granted. The policy states that the mark of zero shall stand unless you submit satisfactory evidence of extenuating circumstances that indicate that you were unable to submit the work by the deadline.

Where a student is unable to undertake the assessment by the deadline, and it is deemed impossible to consider a late submission request due to the nature of the assessment (e.g. absence from in-class tests, practical assignments and presentations), an extenuating circumstances form should be submitted which will be considered by the Board of Examiners.
Return of coursework
Your marked coursework will be available on FASER. Students will be emailed by a member of the Academic Services team when their marked coursework is released. On occasion marked coursework may be available for collection from the EBS Student Services desk. Coursework must be collected by each individual student and only when the student presents their registration card. It is the aim of the Essex Business School to return coursework and test marks to students within four weeks (not including bank holidays and religious festivals, or periods when the University is closed) of the date of submission. Note: In case of any delays, academic staff will advise students via Moodle.

Ethics in research
All research involving human participants, whether undertaken by the University's staff or students, must undergo an ethics review by an appropriate body and ethical approval must be obtained before it commences. You should first read the Guidelines for Ethical Approval of Research Involving Human Participants and then submit an Ethical Approval application form via ERAMS. You should be aware that ethical approval cannot be granted retrospectively so it is very important that you make your application before you start to recruit participants or collect data from them.

Examinations
Attendance at examinations is compulsory and if you do not attend them and do not have extenuating circumstances then you are at risk of being withdrawn.

Exam timetable
The University publishes the dates for exam periods at the start of each year. You will receive your personalised exam timetable online and will be sent an email to your Essex account when it is available to view.

Attending an exam
You must bring your registration card and exam entry form to all invigilated exams where these take place. You will not be allowed entry without them. Remember to check your exam entry form carefully and email the Examinations Office (exams@essex.ac.uk) if there are any errors.

For exams that are more than 1 hour long, you will not be allowed to enter the examination room if you arrive later than 55 minutes after the start of the exam. If your exam is only 1 hour long, you will only be admitted up to 10 minutes after the start of the exam.

Calculators in Examinations
If you are allowed to use a calculator in your examinations, the only models you are permitted to use in invigilated exams are the Casio FX-83GT X, Casio FX-85GT X, Casio FX-83GT PLUS or the Casio FX-85GT PLUS.

The only exception is for certain Finance exams that require a financial calculator, in which case you may use the Hewlett Packard 12c (all variants) or the Texas Instruments BAII Plus (including the BAII Plus Professional), but check with the Module Leader for confirmation.

A limited number of Casio calculators will be available to borrow on the day of your exam from the Exams Office on a first-come, first-served basis, on production of your registration card. Please note financial calculators will not be available.

Dictionaries
Dictionaries are not allowed during invigilated exams. If you take any kind of dictionary into an invigilated exam, even if English is not your first language, this will be considered and reported as an academic offence.
Sample and past papers
Past exam papers for Year 1, 2 and Final Year modules are available on Moodle to help you prepare for your exam. Bear in mind that the detailed content of a module can change from year to year, so papers from previous years may contain questions no longer relevant.

Revision classes
Revision classes will be timetabled at the beginning of the summer term, in weeks 30 and 31.

Exam stress
Exams create stress for most people, but there is a lot that you can do to prepare for them and help manage the levels of stress associated with exams. The University’s Skills for Success Team offers a series of Exam Workshops which are run by specialist staff. These sessions cover revision planning and techniques, as well as sessions on relaxation and how to cope with stress. Staff in the Student Services Hub can also provide sessions on stress management if required.

Access to your exam script
If you want to see your script for an invigilated exam, you should make the request to the department responsible for the module within four weeks of the exam. The department should either: let you see the script in the presence of one of the staff responsible for teaching the module or give you a copy or summary of the examiners’ comments on your performance. If you need to undertake an exam as part of reassessment on a module, your department will provide you with written feedback on any elements being reassessed.

Feedback on your exam script will not include a discussion of the mark. The marks will have been approved by External Examiners and ratified by the Board of Examiners.

Moderation and marking
The University’s Marking Policy can be found online and includes our policy and procedure on the moderation of work.

Marking
All student work is marked in line with the University’s Marking Policy. If your assessment is worth up to and including 40% of your module mark, it will be marked by one member of academic staff. If it is worth more 40%, then it will also be moderated. If the assessment is worth 30 credits or more, it will be marked by two members of academic staff. The full procedure and assessment marking requirements can be found in the Marking Policy – there is a useful flowchart in Appendix C to visually represent the requirements, and detailed definitions of marking and moderation within the policy itself.

Moderation
Moderation is a process separate from that of marking and provides additional assurance that the assessment criteria has been applied appropriately. When work is moderated, it means that a second member of academic staff takes a random sample of the work for a particular assessment and reviews the marks given.

See end of handbook for EBS MARKING SCHEME

External Examiners
External Examiners are academics from other universities, but may also be from industry, business or the relevant profession depending on the requirements of the course. They give an impartial view of the course and independent advice to ensure that modules and courses at the University meet the academic standards expected across UK higher education

Re-marking of coursework
You may, under certain circumstances, have the right to request a re-mark of your coursework.
Should you feel that your work needs to be reviewed and potentially re-marked, you should first contact your department to advise you accordingly and assess whether you meet the criteria to be able to submit a request for re-marking.

If a request for a re-mark is accepted, your marks are not guaranteed to increase, however, the mark awarded after re-marking will override your original mark. Therefore, please be aware that in all incidences where coursework is re-marked, it is possible that your marks could go down, as well as up.

**Appeals**

Appeals on academic grounds can be made following the meeting of the Board of Examiners and the publication of your results. There are limited grounds available to appeal on and strict deadlines to adhere to. As such, we strongly advise all students thinking about making an appeal to contact the SU Advice Centre.

**Feedback**

Written feedback is provided to students in the form of an individual feedback sheet, relevant annotations on coursework (except exams and in-class tests), and generic feedback on Moodle. Students who have a query about a particular mark should consult all forms of feedback carefully in the first instance. If the student remains unclear, s/he should consult with the Module Leader for further feedback and clarification.

If you need to undertake any reassessment on a module, EBS will provide you with written generic feedback on any elements being reassessed via moodle.

**The Board of Examiners**

The Board of Examiners meet at the end of the Summer Term and use the Rules of Assessment to determine whether:

- you have passed the modules you have studied and can be awarded credit
- you have met the requirements to progress to the next year of your course
- you have met the requirements to pass your course and what classification you will receive for each module
- how your module marks are used to calculate your degree classification
- you are eligible to receive a merit or distinction

If it determined that you have not passed sufficient credits to progress to the next stage of study, or, for final year students, to graduate, the Board of Examiners will also determine:

- what reassessment you could be offered and when you can take it
- whether you must withdraw from your course, with or without an exit award

**Publication of results**

The publication schedule for results can be found on the website. You will receive an email to your Essex email account as soon as your results are published online.

---

1 The Board of Examiners will not be aware of any student’s immigration status. As a result, some reassessment options may be offered that are not compatible with individual Tier 4 visa rules. All options should be considered in conjunction with applicable visa restrictions.
**Reassessment**

You may only undertake reassessment if the Board of Examiners says that you may do so.

If you have to take compulsory reassessment, whether coursework or examination, it is really important that you do this. If you do not, it is likely that you will be unable to progress with your studies at the University. The Board of Examiners will not consider permitting you to proceed carrying fails if you have not undertaken the required reassessment offered.

Reassessed modules are normally capped at the pass mark of 40% unless you have extenuating circumstances which are accepted by the Exam Board. Please be aware that reassessment in examinations and coursework carries a fee.

EBS assessment policy states that reassessment should by default take the same format as the original mode of assessment. Exceptions to this are where a module is assessed by coursework and exam, and the coursework assessment consists solely of in-class test(s), it will be reassessed exclusively by exam. Details of reassessment for each module is available on the Module Directory and Moodle.

If the Board of Examiners has required you to complete assignments over the vacation, or to attend resit exams in September, you will be sent a letter by email with further information. Please check your Essex email account regularly once your results have been published. EBS will send you details of the assignments which you are required to undertake. If you haven’t received anything within three weeks of the results being published, you must contact your School or the Registry.

**Resit exams**

Resit exams are usually scheduled in late August / early September or ‘out of residence’ in the summer of the following year. A considerable amount of useful revision material for each module is available on Moodle. Students can contact staff, particularly Module Supervisors for the modules they are resitting if they need help with revision or specific queries (do not leave this until the last minute as staff availability will be reduced throughout the summer). Staff can give individual feedback on summer exam performance, if requested.

**Exit Awards**

If you decide to withdraw from your course before you finish, or you fail too many credits to be awarded a Bachelor’s degree, you may be awarded a qualification at a lower level, if appropriate.

**Extenuating Circumstances**

Extenuating circumstances are circumstances beyond your control which cause you to perform less well in your assessment than you might have expected, or in some instances, may prevent you from submitting coursework or attending an exam entirely. In general, valid extenuating circumstances will be of a medical or personal nature that affect you for any significant period of time and/or during assessment.

If you do need to make an extenuating circumstances claim, you should first read the guidance very carefully and seek advice from EBS Student Services, SU Advice or the Student Services Hub. Please be prepared that you may need to include supporting evidence with your claim. Extenuating circumstance claims must be submitted via MyEssex by the appropriate deadline.

Your department will review your claim at an Extenuating Circumstances Committee and determine whether it will be accepted or rejected. The Board of Examiners will determine an appropriate course of action, such as permitting further reassessment opportunities for uncapped marks. Please note that extra marks cannot be given in light of extenuating circumstances.
Computers, Learning Technologies and your Information

Computers

Using a campus computer
If you need to use a computer on campus, our computer labs are the perfect place to study or work. We also have group study pods which are ideal for group projects. Many labs stay open until late and some are open 24/7. Labs may be booked for teaching, and so it is best to check availability first.

IT Help and Guidance
You can search the Student Directory for more IT information, including software available to students, how-to guides, answers to frequently asked questions, and links to video screencasts.

If you can’t find what you’re looking for, or if you need to talk to someone, then the IT Helpdesk team are here to assist you further.

Learning Technologies and Systems

Learner Engagement Activity Portal (LEAP)
LEAP is our student-centred, personalised engagement tool. LEAP displays your engagement with university resources and an algorithm within LEAP combines your use of these resources and activities to produce an overall engagement indicator. There are 5 engagement indicators (high, good, partial, low and very low) which will help you map and better understand your engagement pattern over time. Full details on the resources included in LEAP, the engagement ratings and how LEAP uses your data can be found on the LEAP webpage.

By providing you with a more holistic view of your studying experience, LEAP offers you the opportunity to take control of your own learning and make more informed choices about your studies, enabling you to:

- Reflect on your academic activities and overall engagement to make informed decisions about your academic studies
- Review the notes created in LEAP from meetings with Tutors or other university staff
- Check your attendance and ensure the information is correct

Tutors and other university staff may use the information in LEAP to:

- Suggest ways you could achieve better outcomes
- Check that all is well and offer information, advice and guidance
- Help you in areas of your studies that you are finding a challenge

Moodle
We use Moodle as our online learning environment. It holds key course and module materials, discussion forums, chat facilities, quizzes, surveys, glossaries and wikis.

FASER
FASER is our online coursework submission and feedback system. Use it to check coursework deadlines, upload coursework and receive electronic feedback all in one place.
Online reading lists
Reading lists can be accessed online. Use this service to find out the details of each week’s reading and to access resources through the library.

Listen Again
Did you miss something? Our Listen Again digital recording service lets you listen again to lectures, so you grasp every detail. It’s available in teaching rooms or lecture theatres where you see the sign.

Zoom
You can use Zoom to join online lectures delivered by the University or attend online meetings and tutorials. If your lecture or class is going to be online, we will let you know in advance and the link to join will be in your timetable or emails.

This quick start guide gives you an introduction to the essentials of joining and participating in a Zoom webinar or meeting.

Your information

Changes to your information
During your period of study at Essex, you may wish to be known by a preferred name or update your legal name on our student record database (ESIS) if your circumstances change. It is important you keep your information up to date, which you can manage and update online.

Your personal information
We collect and hold lots of information about you, your course, and your progress so that we know who you are, what you’re doing, and how you are getting on. This means we can support you and also improve our services to reflect the need of our students.

All information about you is kept securely, and access to your information is only given to staff who need it in order to do their job. Where possible, we will ask you for your permission to share.

You have a right to ask for copies of information we hold about you. To find out more about what information we collect, what we do with it, who gets to see it, and your rights under the data Protection Act 2018, read our Privacy Notice for students.
Student Voice
At the University of Essex, the views, ideas and feedback of our students are at the heart of what the University does. The time students take to offer feedback is hugely appreciated and this feedback, both positive and developmental, is used to help make short and longer-term improvements, both to the experience of current students, but also for Essex students of the future. You can do this in a number of ways at Essex through your Student Voice.

Student Representatives
You can contact or volunteer to be a student representative who represent the voice of fellow students in departmental Student Voice Groups (SVG) and other University level committees.

Student Voice Groups
Student Voice Groups (SVGs) are made up of student representatives and members of staff. SVGs typically meet once per term and provide an accessible arena for students to discuss with staff issues connected to teaching, learning and student support. They also provide an opportunity for the department or school to consult with students and receive feedback on new proposals.

Student Surveys
Student satisfaction surveys enable the University to gauge overall satisfaction amongst students. When the results have been reviewed and analysed, the University can then enhance your experience of learning at Essex.

National Student Survey
The National Student Survey (NSS) is an independent survey commissioned by the Office for Students aimed mainly at final-year undergraduate students. The survey provides students the opportunity to provide feedback on their University course and experience. The feedback you provide will be used to help shape the future for your fellow students and published on the Discover Uni website to help prospective students make informed decisions about where and what they want to study.

UK Engagement Survey (UKES)
The UK Engagement Survey (UKES) is a national survey for undergraduate students. It invites you to reflect on your time at University so far in relation to your course and wider learning experience. The survey is run each spring term and is open to first, second and some third/final year students.

We’re keen to make sure students have the best possible experience while studying at the University. To do that we need to know what we are doing well and what we can do better. The survey is a chance to reflect on how you study and what might help your studies in future. The results also help the University and Students Union to make changes that will improve what we do in future and to make sure we keep doing the things that are of value to students.

If you’re eligible to complete the survey, we will contact you in the Spring Term to invite you to take part.

Student Module Feedback
Every year, we will ask you to complete Student Module Feedback (previously known as Student Assessment of Module and Teaching, or SAMT). This survey allows you to feedback on each of the modules you have studied. Receiving feedback at this level is critical for the University to understand what works well, and what could be improved, from the perspective of students. All feedback will be summarised and discussed by SVGs and will inform reports written for central University committees as part of our quality assurance processes.
There are also many other satisfaction surveys taking place, to ensure students are happy with the services the University of Essex provides. From time to time you will be invited to participate via an email.

If you have some feedback but don’t know who to tell, email: studentvoice@essex.ac.uk
You Matter

We know university life can throw up all kinds of concerns and questions. Everyone has mental health – sometimes your mental health may be good, other times it may be not so good. It could be stress related to deadlines, general worries or concerns about friends and family members. Whatever is worrying you, if you need some information, advice or support, the University offer a wide range of services and support to help you.

Student Services Hub

If you need practical advice, a confidential conversation, or general information and guidance on University life, no matter what the issue is, the Student Services Hub can help. You can find out about health and wellbeing, accommodation, careers services, money matters and much more. Your questions matter and you’ll get answers from our team of experts.

To Contact the Student Services Hub please use this link to access our web pages and talk to us on Live Chat: Ask the Hub

Support for disabilities and conditions

We encourage all new students with a disability, long term medical condition, specific learning difficulty or mental health difficulty to disclose and register with the Student Services Hub so that we can plan how best to support you in your studies.

Funding opportunities

UK students may be eligible for a Disabled Students’ Allowance grant. If you are not a UK student, you may be eligible for other grants and funding. We would recommend you contacting the Student Services Hub to discuss all the options that may be available to you, as well as for general advice, support and information on health and wellbeing issues.

Personal Emergency Evacuation Plans (PEEP)

If you have a permanent or temporary disability that may mean you have difficulty in evacuating one or more areas, you can arrange for a Personal Emergency Evacuation Plan (PEEP).

Seeing a Doctor

If you’re studying on a course for more than six months, you’re required to register with a local doctor. Our Colchester Campus has its own health centre or you can use the NHS Choices postcode finder to find your nearest doctor. If you require emergency medical or mental health services, there are a number of options available both through the NHS and also the University, regardless which campus you are studying at.

Counselling services

Our University offers a wide range of services and resources to support all of our students, with a variety of counselling opportunities.

If you feel you would benefit from support, including counselling, please contact your Student Services Hub. You can find more information, including the full range of counselling services available to you.
UK Immigration Advice and Guidance

Immigration advice and guidance is regulated in the UK by the Office of the Immigration Services Commissioner (OISC) and can only be given by those that are authorised to do so. We publish lots of information and guidance on our website for students and you can contact one of our authorised advice services via the ‘ask us a question section’ for further advice about the UK’s student immigration rules.

Money management

If you get into financial difficulty you should get help and talk to someone as soon as possible. The sooner your problem is identified, the sooner it can be solved. You may be eligible to apply for financial support to assist you with short-term unexpected and unforeseen costs. Advisers in our Student Services Hub and our independent Students’ Union Advice can listen and talk you through the issues you are experiencing.

Students’ Union Advice

Our SU Advice service also offers free, confidential, independent and impartial advice on many issues that might be affecting you. Our friendly, trained staff are on hand to support you throughout your time at Essex. You can speak to us about Academic processes and procedures, representation at University meetings, Tier 4 UK visa extensions, housing, complaints, welfare and consumer issues.

Colchester students – suadvice@essex.ac.uk; 01206 874034

Residence Life

Our Residence Life team is here to help you settle in and support you during your time living on campus. Each residents’ assistant (RA) is assigned an area and will aim to get to know you and organise a range of social activities. Plus, they can help if you’ve got any concerns or complaints. Residence Life operates outside of office hours when other University support services are closed.

Religion, faith and beliefs

We’re proud of our vibrant and diverse multicultural community and welcome everyone, of all faiths and none. The calm, friendly and supportive atmosphere in our Faith Centre is a welcoming place for staff, students and the wider community to meet, interact and engage with each other.

Harassment support

We are Essex. We pride ourselves on being a welcoming and inclusive student community. We offer a wide range of support to individuals and groups of student members who may have specific requirements, interests or responsibilities – to help you fulfil your potential.

We encourage a culture of dignity and respect. We’re committed to upholding an environment that’s free from any form of harassment or bullying. Though rare, these incidents can occur and if they do our Harassment Report and Support Service of trained Harassment Support Workers are on hand to help.
COVID-19 (Coronavirus)

The health and wellbeing of our students is our priority. This means we are constantly monitoring advice from the UK Government, Public Health England, the Foreign and Commonwealth Office, and the World Health Organisation, and updating our guidance on students in line with their advice.

Our guidance to students on protecting yourself and others from COVID-19 is updated regularly. It is advisable to check the page frequently to be sure you are up to date with the latest guidance and information from the University.

Health and safety on campus

Our campuses are generally very safe environments. We want to ensure that things stay this way. In order to achieve this, we work closely with local agencies including the police and borough councils. Take a look at our website for general information and advice.

Please familiarise yourself with fire safety and emergency evacuation procedures for your accommodation, work or study location. If you have a permanent or temporary disability that may mean you have difficulty in evacuating one or more areas, you can arrange for a Personal Emergency Evacuation Plan (PEEP).

Please take note of our advice on the safe use of electrical items and prohibited electrical items in residential and non-residential areas.

All students residing on campus should complete the Moodle Fire Safety Course for Residents training.

If you have any health and safety concerns or need to report an incident, please use the University’s reporting service to notify us.

Making a Complaint

The University is a large community engaged in many activities of both an academic and non-academic nature. From time to time, you may feel dissatisfied with some aspect of your dealings with the University and, when that happens, it is important that the issue is dealt with constructively and as quickly as possible without risk of disadvantage or recrimination.

The University aims to resolve complaints quickly and informally in accordance with the Student concerns and complaints procedure which can be found on our website.
Student Development

Careers Services
The Career Services team offer a programme of information, advice, guidance and support through various events, workshops and one-to-one sessions. We also have teams dedicated to Work Based Learning, Placements and Internships that can provide information and support as needed. Find out more about the Career Services available to you here: https://www1.essex.ac.uk/careers/

CareerHub
Find hundreds of part-time jobs, internships and graduate vacancies, book on to careers events and workshops, take career assessments, practice your interview skills, build your CV, and connect with employers on CareerHub, the online Essex careers and jobs portal. Login with your Essex username and password.

careerhub.essex.ac.uk/students/login

Big Essex Award
The Big Essex Award is a way to get recognition for the extra-curricular and voluntary activities that you complete during your time at Essex, both on and off campus. All verified activities will be included on your university digital transcript, the Higher Education Achievement Report (HEAR).

Chart Your Path
New for 20-21! Discover the range of amazing opportunities available to you at Essex. Use Chart Your Path to find activities, resources and support that are right for you. Build your Essex Strengths and track your development journey as you go. Activate your Gradintelligence account to get started: https://gradintel.com/index.php/en/account-support/recover/students

Volunteering
Join the vTeam and be the difference. There are plenty of opportunities to volunteer during your time at Essex. The vTeam, run by the Students Union, is a fantastic opportunity to meet new people, make friends, give something to the local community, and gain valuable skills.

www.essex.su/vteam

Essex Interns
Essex interns create paid internships exclusively for you as an Essex student. They're flexible too; part time during term time or full time in vacations. You can even take part up to three years after you graduate, as part of our Essex graduates support package. Sign up for Essex Interns to kick-start your career.

www.essex.ac.uk/careers/internships
You Are Essex

Year and Degree Marks
Once your exam board has met, it can take between 7-10 working days for your results to be confirmed and published. The University’s exam board and publication of results schedule is updated in the summer term, and you will be notified once this information is available online. As soon as your results are ready, you will be sent an email and directed to a password protected web page. You will be able to see your marks obtained and any decisions that you must make in order to progress to the next stage of study.

When in your final year of study, graduating students will receive a degree certificate at Graduation and will also be able to access your electronic Higher Education Achievement Record (HEAR); which gives details of all marks obtained during your studies.

Graduation
The culmination of all your hard work! Graduation ceremonies for undergraduate students take place at our Colchester Campus each July in the Ivor Crewe Lecture Hall. All eligible students studying at our Colchester, Loughton and Southend Campuses will be invited to attend.

Students with exam boards held in Autumn term will be invited to attend our Winter Graduation ceremony where these are held; students with exam boards held in Spring or Summer term will be invited to attend our Summer Graduation ceremony.

HEAR
When you study at Essex, you graduate with far more than just a degree. We have replaced the traditional hard-copy transcript with the Higher Education Achievement Report (HEAR) which not only showcases a full record of your academic achievements, but also any activities you have undertaken and logged through the Big Essex Award, and any other awards and prizes that you may have received.

When you graduate, you will have full electronic access to your HEAR for free for life. You will be able to share this with employers and other universities by providing them with a University-certified record of your achievements. You will receive an e-mail from GradIntelligence to enable you to activate your account log-in. As soon as you do this you can start accessing your HEAR!

References
Requesting references from members of staff
Requesting references for further academic study.
Final year students can apply for references to support postgraduate applications. Your references will be written by your Personal Tutor who has been allocated to you based on the subject area of your degree course. You will also be allocated a 2nd reference writer.

Students are limited to a request of 5 universities in the first instance and these choices will be approved by your Personal Tutor (so you should make your choices carefully). Your Personal Tutor will be notified if your attendance at classes is poor and will also be told of any late or nonsubmissions of coursework. If you subsequently decide to apply for more universities after the initial 5 you should meet with your Personal Tutor again.
The procedure for obtaining references is as follows:

1. Complete the EBS Reference Request Form which is available on the Undergraduate Information page on Moodle. On the form you will need to complete a brief personal statement and description of any extra-curricular activities you are involved in which will be seen by your Personal Tutor and second reference writer. (NB This statement will NOT be seen by the University you are applying to – it will only be seen by your Personal Tutor/2nd reference writer to provide information that can be included in your reference.)

2. Make an appointment to see your Personal Tutor. Take the completed EBS Reference Form and any coursework marks/feedback sheets for your final year. Once your University choices have been discussed with and approved and signed by your Personal Tutor, they will write your reference and either send it to you by e-mail for forwarding on, or they will complete an on-line application direct to the universities you have chosen.

3. You will be sent your references by your Personal Tutor when they are ready. It is the aim of Essex Business School to complete the reference process within 4 weeks of the date that the form is received. If it is an on-line application the reference will go directly to the universities you have applied to.

4. If you require a second reference, your Personal Tutor will inform you who your 2nd reference writer is. You will then need to contact your 2nd reference writer to arrange to a reference.

5. You must contact and arrange to meet your Personal Tutor before nominating them to write your references, as they need to approve your choice of universities.

**Requesting references for jobs**

If you require a reference for a job application your Personal Tutor will also be able to write this for you. Please ask your tutor’s permission first and then give their contact details to the employer. You can use the student reference form on Moodle as a guide to provide your Personal Tutor with relevant details to help them to write the reference. Copies of references A copy of any reference provided will be retained within our department for no longer than three years for taught students.

**Alumni**

Essex is forever and although your time here will fly by, you’ll be part of the Essex family for life. When you graduate, you’ll get an alumni card and join a community of over 100,000 fellow graduates around the world. We’d love to keep in touch and invite you to our alumni events, networking and volunteering opportunities, as well as offer you special alumni benefits. Want to know more? Visit our website!

**What comes next?**

The world is your oyster! The options and opportunities open to you as a graduate can be overwhelming. You may know the exact path and next steps that you wish to take, or you might not, and this is okay. Our Careers Services can offer information, guidance and advice on your different options after graduation and you can return to Essex for these services at any time. Whether it is discussing different career paths, bringing your CV or LinkedIn profile up to date, or prepping for that interview you have worked all year for, the Student Development Team are here to support you.

Spread your wings graduand; but you can always come back! As an alumnus of Essex, you can take advantage of generous discounts on postgraduate qualifications and degrees if you chose to return to study at Essex as a postgraduate student.
We are proud of our world-class research at Essex and your invitation to contribute is lifelong. If you do decide to stay on for further study with us, you’ll develop extensive knowledge in your chosen area and learn from some of the top academics in the field. You can explore our incredible range of courses online.

Whatever you choose to do, please stay in touch! Keep us up to date with your achievements and explore the variety of ways through which you can give back to Essex too.
## EBS Marking Scheme

EBS (Exeter Business School) uses the following marking scheme for non-quantitative assessments. These grades will be used to mark non-quantitative coursework and student work within EBS. These grades form a 2:2 point scale ranging from 100 to 0. These descriptions aim to give a general indication of the expectations of student performance for different degree classifications. Information regarding progression across a degree programme can be found on the following page.

| 90                   | A First Class (or Distinction) level answer is an excellent answer which demonstrates a systematic understanding of detailed, relevant knowledge. These pieces of work will display many of the following features:  
  **Structure**  
  - Clearly written, well organised and signposted.  
  - Clear introduction and conclusion.  
  **Coverage**  
  - Comprehensive coverage of issues in relation to question.  
  - Thorough coverage of a relevant range of literature.  
  **Analysis**  
  - Argument demonstrates depth of analysis, knowledge and understanding.  
  - Evidence of reflection and own analysis of the literature together with an ability to see how lessons learned could be applied to other contexts/examples.  
  - Critical evaluation of a wide range of material; may make reference to other relevant issues.  
  - Very good use of supporting evidence and examples. |
| 85                   | **Merit**                                                                         |
| 80                   | This is a good to very good answer, which demonstrates a good level of knowledge. These pieces of work will display several of the following features:  
  **Structure**  
  - Clearly written, well organised in a logical manner and clearly signposted.  
  - Clear introduction and conclusion.  
  **Coverage**  
  - Successfully completes task and displays clear awareness of the main issues.  
  - Substantial coverage of relevant literature and knowledge of topic.  
  **Analysis**  
  - Describes and analyses issues in relation to the question.  
  - Critical discussion and presentation of an argument.  
  - Good use of supporting evidence. |
<p>| 75                   |                                                                                   |
| 72                   |                                                                                   |
| 68                   | <strong>Upper Second Class (2.1)</strong>                                                     |
| 65                   | <strong>Merit</strong>                                                                         |
| 62                   |                                                                                   |</p>
<table>
<thead>
<tr>
<th>Grade</th>
<th>Degree Classification</th>
<th>Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>58</td>
<td>Lower Second Class (2:2)</td>
<td>Pass: This is a satisfactory to good answer which competently completes the task. It generally reproduces taught material but may display little evidence of independent reading. A 2:2 answer will display several of the following features: <strong>Structure</strong>&lt;br&gt;  • Adequately written.&lt;br&gt;  • May be poorly structured without clear signposting, introduction or conclusion.&lt;br&gt;  <strong>Coverage</strong>&lt;br&gt;  • Completes most tasks expected, but could be too simplistic.&lt;br&gt;  • Demonstrates some awareness of lecture material and basic reading.&lt;br&gt;  • Coverage of relevant literature but the sources are not always fully referenced.&lt;br&gt;  <strong>Analysis</strong>&lt;br&gt;  • Summarises the literature rather than critically engaging with it.&lt;br&gt;  • Descriptive and lacking analysis.&lt;br&gt;  • Some understanding but lack of critical thought.&lt;br&gt;  • Insufficient evidence of critical thinking.</td>
</tr>
<tr>
<td>55</td>
<td>Lower Second Class (2:2)</td>
<td>Fail: This is a weak answer which demonstrates some knowledge, but it tends to be superficial, incomplete or poorly understood. A third class answer will display several of the following features: <strong>Structure</strong>&lt;br&gt;  • May be poorly written and badly structured.&lt;br&gt;  • Lacking introduction and/or conclusion.&lt;br&gt;  <strong>Coverage</strong>&lt;br&gt;  • Shows a limited range of reading.&lt;br&gt;  • Fails to address question or misses an important aspect of the question. Shows confusion but some basic knowledge and relevant discussion.&lt;br&gt;  • Shows knowledge of the major issues, but not strictly relevant to the question.&lt;br&gt;  <strong>Analysis</strong>&lt;br&gt;  • Major gaps in analysis.&lt;br&gt;  • Demonstrates no wide spread knowledge or analysis.&lt;br&gt;  • Limited understanding of relevant issues.&lt;br&gt;  • Limited discussion.</td>
</tr>
<tr>
<td>52</td>
<td>Third Class (3)</td>
<td>Fail: This is a poor answer. A fail answer will display several of the following features: <strong>Structure</strong>&lt;br&gt;  • Disorganised.&lt;br&gt;  • Poorly written. Random order of points.&lt;br&gt;  <strong>Coverage</strong>&lt;br&gt;  • Fails to address question.&lt;br&gt;  • Researches little or no evidence of familiarity with relevant literature.&lt;br&gt;  <strong>Analysis</strong>&lt;br&gt;  • Misunderstands question.&lt;br&gt;  • Fails to give adequate answer to question.&lt;br&gt;  • Misunderstandings of concepts and major issues.&lt;br&gt;  • No argument.&lt;br&gt;  • Incoherent or incomplete.&lt;br&gt;  • Incoherent.</td>
</tr>
</tbody>
</table>
