School of Law
Postgraduate research
Welcome

Welcome to the School of Law and Human Rights Centre. We hope that you will settle in smoothly as you move into the next steps in your academic development – it should be challenging, but very rewarding as you focus on your own special areas of interest. This year we have adapted our teaching and extra-curricular activities to suit your needs and ensure that Covid-19 does not impede the same fulfilling experience of studying law that we are proud to offer.

The aim of this handbook is to provide you with information, which will be useful and answer some of the questions you might have.

If you have any problems or queries during the next few weeks, do not be reluctant to ask for help. Some issues can be resolved in the School; for others, please see the following suggestions to ensure you receive more specialised advice:

- Administrative enquiries and questions about individual courses – ask one of the administrative staff in the Law General Office;
- Problems with accommodation – contact the Accommodation Office in the first instance.
- Significant personal or emotional issues – you can make an appointment with the Student Wellbeing and Inclusivity Service at the Silberrad Centre.

And remember, your personal tutor is also available to give advice, or point you in the direction of someone who can help you.

Dr Karen Brennan

Acting Head of School
Caveat

The information included in this handbook is correct at the time of publication, however, it is possible that changes do occur and sometimes at very short notice. In such cases, the School of Law including the Human Rights Centre reserve the right to update, modify or even withdraw specific courses/modules or staffing arrangements or methods of assessment where academic developments or unexpected contingencies render such action necessary or expedient in the judgement of the Head of the School. If there are any discrepancies between this document and the University or School documents, then official University or School documents take precedence.

Introduction

Your Student Handbook will tell you everything you need to know about your department, the University its academic policies and procedures, and all of the resources that are available to you.

We know things might be a little different this year, but we remain absolutely determined to provide you with the best Essex education and student experience we can while safeguarding your health and wellbeing. Make sure that you keep up to date with what we all need to do to keep safe as a community.

At Essex we celebrate diversity and challenge inequality. We are a truly diverse community where differences are celebrated, and individuality is valued. Your contribution is welcomed and encouraged based on your own thoughts and experiences. As part of our community you will have the freedom to explore, experiment, challenge your discipline and have your ideas shaped by peer and professional knowledge from all over the world. Essex is about more than just getting a degree: we have so much to offer our students!

Things might have to change and adapt over the year, so make sure that you’re checking online and keeping in touch with your department for the latest updates. The Student Directory contains a wealth of other helpful sources of information which you may also find useful.
Practicalities and Getting Started

You’ve made it to Essex! We’ve outlined below the most important things you need to make sure you do as soon as possible to get your time at Essex started.

Registration

Whether a new or returning student, you will need to officially register and pay your fees (if required to do so) at the start of each academic year and prior to the published latest Registration date. Registration is not only a formal procedure of enrolling you into the University, but also connects you to a number of vital systems which allow you to access your online Welcome and Induction information and start your studies. As part of this process, you will need to activate your Essex IT account, register online (including payment of fees where required) and, once you arrive on campus, undertake a Right to Study check and collect your student registration card.

Right to Study

The University must ensure all students have the right to study at the University of Essex for the whole duration of their course. If you aren’t a UK or Irish national, your immigration permission to study in the UK will be checked when you first register on your course and as necessary thereafter. Students have a duty to maintain valid UK immigration permission that allows study for the duration of their course, failure to do so may lead to withdrawal from the University under the University’s General Regulations.

Student visas

The University has many duties as a Student Sponsor and must ensure we remain compliant in order to retain our sponsor status. Students with a student visa have responsibilities to the University and the Home Office. There will be conditions attached to your visa that restrict what you can do in the UK, breaking any of the conditions may mean you can’t remain in the UK and complete your course. Please be aware that changes to your course, whether due to academic failure or choice, must be considered against the Immigration Rules and guidance in place at the time, this can mean that some academic options may not be available to you. The Board of Examiners are not aware of a student’s UK immigration status, it is each student’s responsibility to check what impact any option offered would have on their student immigration status, before making a choice. Continued or future sponsorship is not guaranteed.

Explore your Campus

There is a broad range of facilities across each of our campuses to support your experience at Essex, whether in person or virtually. For the latest information, see the updates on services on campus and make sure that you’re aware of the guidance for those coming onto campus.
Get connected

Your IT account
You will need to activate your Essex IT account. Once you're set up, you can access your Essex email, log in to Moodle, access lab computers and library services, print for free on campus, connect to campus wi-fi, and much more. When you activate your account, you should register an external e-mail address and passphrase so that if you forget your password, you can also reset it using these details. If you have forgotten those also, you should either visit the IT Helpdesk or call 01206 872345. Make sure you keep your password safe and do not share it with others!

Campus Wi-fi
If you are studying on any of our campuses, connect to our Wi-Fi by simply finding the ‘eduroam’ network on your device and use the same log in details as your IT account to connect up!

Essex Apps
The University has a variety of online systems and platforms designed to enhance your learning and help make processes, such as submitting coursework, easier. We have rounded up the top platforms, portals and apps that you need to know about!

MyEssex
MyEssex is your online account. This is different to your applicant portal – you can use MyEssex to update your personal details, request replacement student cards or supporting documents, monitor your progress, contact the Student Services Hub, and much more.

PocketEssex
Pocket Essex is the University's official app for students; its interface of icons act as a portal through to a variety of areas and resources. PocketEssex links to many areas that MyEssex does, but also takes you through to other key resources, such as the Students’ Union, FindYourWay and the Library.

Find Your Way
When on campus, we know that finding your way can be challenging to start with. Our Colchester campus in particular can be difficult to navigate with a historically complex room numbering system! FindYourWay is our interactive campus map designed to get you from A to B on either the Colchester or Southend campuses with quick and easy directions.

Zoom
Zoom is the principal delivery mechanism used by the University for online meetings, presenting, teaching and training. This quick start guide gives you an introduction to the essentials of joining and participating in a Zoom webinar or meeting.
Working while studying

Many students choose to work part-time to supplement their income. Working during your course can also give you excellent skills and experience to boost your CV. Our Student Services Hub can help you find part-time work. There are also many opportunities to work in paid jobs on campus.

You can access recommendations on working hours, as well as guidance on rates of pay and National Insurance contributions on the Careers Services webpages.

If you have a student visa, please read our information on working in the UK for international students before you start looking for a job. The country you’re from and your visa type will determine whether or not you can work in the UK. If you can work, the type of work you are allowed to undertake and the number of hours you can work will be restricted.

Your personal belongings

The University does not cover costs for personal damage or loss of possessions; only in instances where the University has been negligent would a claim be viable for compensation for personal belongings. Therefore, you are strongly advised to take out personal insurance cover for your possessions. This is especially important for valuable items, such as laptops, phones and tablets.
The Essex Experience

The University of Essex is proud of its values of inclusivity and internationalism. Our campuses are places that are welcoming, where everyone can feel they belong and where you can find the world in one place.

Our Student Charter is a pledge that every member of our learning community signs up to when they join us, but in exchange you’ll receive support and encouragement and a transformational education to achieve great things.

Our Code of Student Conduct outlines the rules and regulations that help us maintain our high standards of behaviour.

Equality, Diversity and Inclusion

The University recognises the value of diversity and is committed to equality of opportunity. All of our students and staff are treated with dignity and respect, and solely on the basis of their merits, abilities and potential, regardless of race, ethnic or national origin, gender, gender identity, sexual orientation, disability, age, socio-economic background, family circumstances, religious or political beliefs and affiliations, or any other irrelevant distinction.

The University is committed to a programme of action to ensure that this policy is fully effective.

The School of Law and Human Rights Centre is not only committed to the values of equality, diversity and inclusion on an institutional level, but members of the School and Human Rights Centre produce cutting edge research that advances our understanding of these values.

Student communities

We offer a wide range of support to individuals and groups of student members, such as our postgraduate students – our student communities - who may have specific requirements, interests or responsibilities- to help fulfil your potential. Whether you are an international student, a mature student, a BAME student or have any other requirements or needs, we want to welcome you with open arms.

Essex Sport

Learning doesn't just happen in the classroom. Keeping active during your studies is a great way to meet new people, help relieve stress, maintain good physical and mental wellbeing, increase productivity, and improve your employability.

Visit the Essex Sport website or download the app to discover all the ways you can keep active during your time at Essex. In order to ensure the welfare of our community there may be changes to opening hours or what's available, so do check on the website for the latest information.
Students’ Union

We’re famous for our Students’ Union at Essex, and for good reason. Here you’re not just a member of a normal Students’ Union; you’re part of a family. We work hard to support our PGR community, and are here from day one of your research, to the moment you graduate to support you in any way we can.

The Students’ Union is run by students for students, and you have the ability to shape what we do. From deciding who leads the SU by electing our entire Student Leadership team including the PGR officer, to shaping your own experiences at Essex, we are here to represent your views and work with you to make amazing things happen.

Get involved!

There are opportunities to join 45 Sports Clubs, to get involved with our BUCS teams which offer the opportunity to play competitively in a wide range of sports across the year. If you just want to try a sport, don’t want to commit to a regular team, or would rather not play competitively, check out our Just Play programme.

We have 120 Societies where you can meet people with similar interests, challenge yourself with something new or, if you can’t find what you’re looking for, start your own!

We also train, recruit and support hundreds of student reps each year. These reps gather feedback to share student viewpoints on academic experiences. You can find out more about student reps including how to sign up and getting trained here.

We also have our very own letting agency SU Homes designed to offer help and support for students to find off campus accommodation.

Essex spirit, social media and what’s on?

Keep up to date with important news, events and offers from across the University with our Essex spirit newsletter, delivered directly to your Essex email address.

Follow us on social media:

Facebook: /uniofessex
Twitter: /Uni_of_Essex

Our Events calendar brings together all the events happening across our three campuses, so you can make the most of your time at Essex.
About The School of Law

Meet the team
A full list of all academic and professional services staff for the School of Law can be found on our website at:  https://www.essex.ac.uk/departments/law/people

Below is a summary of the roles of staff that you are likely to be in contact with most frequently.

Dr Gus Waschefort
Co-Director of Research Students (From Spring Term)

Dr Stephen Turner
Co-Director of Research Students

Dr Oriola Sallavac
Research Ethics Officer

Dr Mohammed Alshaleel
DDLO Officer for Postgraduate Students

Prof. Maurice Sunkin
Research Cluster Co-ordinator, Public Law, Law and Society

Dr Nikhil Gokani
Research Cluster Co-ordinator: Business Law

Dr Emily Jones
Research Cluster Co-ordinator: Human Rights

Dr Simon Cooper
Research Cluster Co-ordinator: Criminal Justice

Professor Stravoula Karapapa
Research Cluster Coordinator: Digital Law

Godswill Agbaitoro
Research Cluster Co-ordinator, Autumn Term: Business Law
Your supervisor

A supervisor will have been appointed for you during the admissions process. You are expected to have regular contact with your supervisor during your studies and they should be the first port of call for any concerns/problems.

If you have a disability, long term medical condition and/or Specific Learning Difference and have not registered with Student Wellbeing & Inclusivity Service, to discuss your support needs, please email include@essex.ac.uk.

Supervision of research students during periods of leave

Academic staff serving as supervisors of postgraduate research students will, on occasion, take periods of research leave for research purposes. During some periods of research leave, supervisors may not be in residence at the University. It is incumbent upon the supervisor, with the approval of the Graduate Director of Research, to develop a plan for the continuing supervision of students during periods of research leave. In making such arrangements, it is the policy of the department that:

a) Members of staff are expected to continue to carry out their role as supervisor during periods of research leave.
b) Members of staff on research leave are not expected to attend Supervisory Panels but are expected to provide a written assessment of progress.
c) Members of staff on research leave should make arrangements for continuing contact with their supervisees, whether through face-to-face meetings, or through some form of remote communication,
d) In cases where a member of staff plans to be out-of-residence for an extended period during their research leave, an alternate member of staff should be named (by the Graduate Director of
Research, in consultation with the supervisor) as a local contact for the supervisee student. The local contact is not meant to act as a substitute supervisor (see point (A) above) but to serve as a designated point of contact in the Department during the period when the supervisor is out-of-residence.

**Research Students’ Progress Board (RSPB)**

The RSPB is made up of senior members of academic staff and is chaired by a Graduate Director, PGR. It “reviews the progress of every student through to the award of a degree, withdrawal or failure, on the basis of the reports from the Supervisory Panel, including the written report from the student. Where no Supervisory Panel has taken place, for instance because a student is carrying out research abroad, the supervisor and the student must each submit a progress report. A decision/recommendation for discontinuation, downgrading or upgrading or to confirm PhD status or change to MPhil, to permit entry into completion, or to extend the standard or maximum period can only be made by the RSPB.”

Principal Regulations for Research Degrees

Professional Doctorate rules of assessment

**Staff research interests**

Our staff have a wide range of research interests which go beyond the clusters of commercial law, human rights and public law. See our individual academic staff profiles for full lists of research interests in the School.

https://www.essex.ac.uk/departments/law/people

**Departmental resources and facilities**

A wide range of facilities and resources are available for all students to access and use as part of their study at Essex. Each department and school also have a selection for the exclusive use of their students. Below is a summary of the facilities and resources that are likely to be most useful to you.

**School of Law Common Room**

The Law Common Room (5S.6.17) is located on level 6 of the Law School and is for the use of all students and staff in the Law and Human Rights. This is a quiet study and social space, which cannot be booked out for meetings and is therefore an open space. Please be considerate to other people using the space. The University will increase its cleaning rota and the common room will be ventilated with hand sanitisers available. Students will be expected to follow social distancing rules.
Postgraduate (Research) Study Room / Lab

The Postgraduate Study room is available for all research students in 5S.4.9. These desks are currently allocated to individual students, and desk space is allocated on a first-come, first-served basis. There is a very limited amount of space available, so please consider whether you will be regularly using this space before you request it and notify the PGR administrator if you no longer wish to use it so that it can be reallocated.

If you are allocated one of these desks, you will need a key to enter the room for which you will need to give a £5 deposit to the Finance Administrator, located in the Law General Office. This will be refunded upon return of the key when you no longer require the space. If you are not able to obtain a space in the PhD room, there are PC Labs available across campus and a Postgraduate Study room located on the ground floor of the library.

The School of Law and Human Rights Centre asks all Postgraduate Researches to keep the room in a good order. A desk in the PhD study room is not a store room for your personal belongings, and please consider the other students who share the room with you.

Postgraduate Training

Training

Admission as a PGR student at the University of Essex confirms your potential as a researcher. However, we recognize that a research degree is a journey that includes continuous growth and the School takes seriously its role in fostering your abilities as a researcher. To the end, the training offered to our PGR community consists of two primary streams:

1) Training offered directly by the School; and
2) Provision of funding to access further training and development opportunities.

Training offered within the School:

- Research methods and theory training
- Auditing modules offered within the School
- PGR Conference

Research methods and theory training

The school's research theory and methods training programme will be launched during the 2021/2022 academic year. The programme will be delivered across 10 sessions during the autumn term. The sessions are asynchronous, consisting of 50-minute pre-recorded video lecture material. These will be augmented by three live, 2-hour seminar discussions. The topics covered will fall within the following themes:
- Understanding Research Methods in Law and Human Rights
- Research Methods and skills
- Critical Theory

**Attending Modules in the School of Law**
A supervisor may recommend that you attend a module to help you with your research. You will not usually be expected to comply with the assessment rules of such a module. Even where attendance of a module was not recommended by the supervisor, you may sit in on any modules offered by the School, so long as you receive the module director’s permission. Details of modules can be obtained from the *postgraduate students’ handbook* or the *undergraduate handbook*.

**School of Law and University research events**
Research activities in the School of Law are largely organised around our research clusters. We have a research cluster in public law, business law, human rights, criminal justice and digital law. All of these areas are defined very broadly. Research students are encouraged to join the research cluster most closely linked to their area of research and invitations for cluster events will be sent to research students whenever relevant. If you have any questions about which cluster would be most suitable for you, please discuss this with your supervisor or the cluster coordinators. The University more broadly also organises many different events. You are encouraged to attend and participate events that will develop your experience, knowledge and networks.

**PGR Conference**
The Annual School of Law and Human Rights Centre PGR Conference offers an excellent opportunity to exchange ideas and receive feedback from a wider audience on your research. The academic staff of the School and Human Rights Centre always support the event well. Additionally, two external experts are invited to present keynote addresses on their cutting-edge research and to provide feedback on student presentations. Students in their first year (M1 milestone) are required to present their work. However, we welcome and encourage all members of the PGR community to present their research at this conference every year throughout their studies.

**Proficio**
Proficio is our innovative professional development scheme for doctoral students, and it’s unique to Essex. It provides a wide-range of training options that can be booked through your Proficio account.
Proficio Funding

We believe that your academic and professional development is vital to your growth as a postgraduate research student and so we credit your Proficio account with funds that can be spent on a variety of courses and for conference attendance.

Postgraduate research students are registered on the Proficio system. However, in order to unlock your Proficio funding account you need to complete the Training Needs Analysis (TNA), in consultation with your supervisors, on Moodle. The enrolment key is ‘PGRstudent’. Once you have completed the TNA, please confirm this via email to the Proficio team (proficio@essex.ac.uk).

PhD students are allocated £2,500 and the funds are based in two accounts:
- £2000 will be in your Proficio account
- £500 will be kept separately and will be dedicated to conference attendance (you can augment your conference fund by using an additional £200 from your Proficio account for conference attendance).

Additional Funding

In addition to Proficio funding, full-time students may apply to the School for additional support up to £300 per financial year, £150 for part-time students. Support may be provided for the costs of attending events which enhance the student’s research and development such as conferences, seminars and workshops. These funds are subject to approval and is not an automatic entitlement. The financial year runs from 1st August to 31st July the following year.

Printing, photocopying and scanning

All students can print, copy and scan for free at Essex! You can even print from your mobile by sending your attachment to mobileprinting@essex.ac.uk.

Once you’ve located a device, simply log in using your Essex login and password, or tap with your student card to print. Whilst printing is free for all students, please think of your carbon footprint and only print if necessary.

Please note that there are strict laws about infringement of copyright; more information can be found on the library website which explains what and how much you are permitted to copy. Usage is monitored and subject to a fair use policy.

Premium printing

Premium services for printing and finishing, including binding your documents for presentational purposes, are available at The Copy Centre (Square 4, Colchester Campus). These services are chargeable.
Noticeboards
Every department and school has their own noticeboard(s) providing information on staff, courses and classes, updates, careers, events and opportunities. The School of Law noticeboards are located throughout the corridor on level 5.

HEROES: Helping Each other with Research On Empirical Subjects
HEROES is a group of empirical minded PhD students. HEROES stands for Helping Each other with Research On Empirical Subjects.

Social Media
Our social media channels are a good source of information on what is happening in the School of Law and Human Rights Centre.

Please do not contact these pages asking for information about your course; you should contact the PGR administrator directly via email.

- School of Law Facebook page: https://www.facebook.com/UOELAW/
- School of Law Twitter feed: https://twitter.com/EssexLawSchool/
- Human Rights Centre Facebook page: https://www.facebook.com/EssexHRC/
- Human Rights Centre Twitter feed: https://twitter.com/essexhrc/
Learning and Teaching

The University is committed to providing equal opportunities for all our students regardless of where or how you study. Our diverse student population is taken into account when developing the resources, services, and facilities on and off campus, when we create our courses, write publications and course materials, and set our policies and regulations.

Student Staff Partnership

It is important from the outset to be pro-active in the management of your project. The work is, after all, your responsibility and not that of your supervisor, and ultimately both you and your supervisor must certify that the thesis is entirely your own work. Supervisors will try their best to give you advice and support you as your work develops.

As a Postgraduate Research student, you have a responsibility to:

- Read the documentation provided, including the regulations for your degree, the Code of Practice and details of the departmental supervisory arrangements.
- Attend meetings with your supervisors and Supervisory Panels as arranged, and prepare adequately for them, notifying your supervisor in the event of unavoidable absence.
- Keep in regular contact with your supervisor. Students and supervisors are required to communicate, whether face-to-face or by electronic means, to engage in discussion/review of the student's work and progress at least once a month (and bi-monthly for part-time students).
- Provide updates on progress as outlined in the Progress and Appeals Procedures for Research Degree Students.
- Carry out, as far as possible, the work agreed with your supervisor and submit written work as agreed so that you meet the required milestones.
- Familiarise yourself with the departmental milestones for your degree and the requirements for your chosen thesis format. The milestones are designed to help you submit your thesis by the deadline and are used to assess your progress during your period of study. The milestones will be considered at your RSPB which takes place twice a year (or equivalent for part-time students). It’s important that you review your milestones regularly to ensure you’ll be ready to submit your thesis by the required date.
- Familiarise yourself with University and subject-specific guidelines on ethical research, including data protection matters, and with health and safety and intellectual property regulations and obtain ethical approval as appropriate.
- Familiarise yourself with the expectations and conventions regarding academic referencing other people’s work.
- Attend any research training and generic skills courses as agreed with your supervisor.
- As requested, submit reports on progress to professional practice and research supervisors, Supervisory Panels, or the departmental Research Students’ Progress Board.
- Keep a record of your personal progress, including a copy of agreed training needs, courses that
need to be attended and when they are attended. This may take the form of a logbook or research portfolio to be signed off by your supervisor.

- Inform the relevant supervisor promptly if there are any specific needs or circumstances likely to affect your work. Notify the Supervisory Panel/Research Students’ Progress Board in writing of any extenuating circumstances that you believe have significantly affected your performance.
- Discuss any supervisory problems with your supervisor or the Head of Department. Alternatively, if you feel unable to talk to a member of the departmental staff, please contact the [Postgraduate Research Education Team](#) to discuss the concerns. Any discussions will remain confidential if requested. Students may request a change of supervisor but should note that it may not always be possible for suitable alternative arrangements to be made.
- You must present your thesis for examination by the end of the final term of your standard period, or by the end of the prescribed completion period.
  - A request for an extension of up to two weeks to the submission deadline may be made. Requests must be made to the Postgraduate Research Education Team in advance of the deadline. If granted an extension, you will not be expected to register or pay the prescribed fee for that two-week period.
- If you fail to present your thesis for examination by the deadline, you will be deemed to have withdrawn permanently from the University and from your research degree, unless you are permitted an exceptional further period of completion.
- Extenuating circumstances that affect your ability to submit your thesis by the agreed deadline will be considered by the Dean on a case-by-case basis.
- Familiarise yourself with the guidelines on thesis submission and with the examination process, and ensure that you are prepared for your viva.

In addition to the above requirements, Professional Doctorate students should:

- Attend lectures and seminars for taught modules where applicable and attend meetings with your professional practice supervisor. For more information on this, please refer to the section on [taught modules](#) in this handbook.
- Complete the work required for your taught modules.
- Maintain a professional practice portfolio which forms part of the assessment for the degree.
The academic year

The academic year uses a week numbering system that covers the 52 weeks of a calendar year but corresponds to typical term dates. So, the start of the academic year is week 1, which is Welcome week, with teaching commencing in week 2.

<table>
<thead>
<tr>
<th>Term</th>
<th>Week numbers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Autumn</td>
<td>2-11</td>
</tr>
<tr>
<td>Spring</td>
<td>16-25</td>
</tr>
<tr>
<td>Summer</td>
<td>30-39</td>
</tr>
</tbody>
</table>

You can view the University’s week numbers with the equivalent dates in the week by week calendar. The University’s key dates include an overview of the start and end of each term and exam periods.

Some programmes have slightly different term dates. However, you will find that all campus activities and events make reference to the standard academic year terms and schedule noted above.

You are expected to be available during term time to attend teaching events if applicable, and unless otherwise advised by your Department.

Your own programme structure, including your specific programme specification, can be found in the MyStudy section of your MyEssex homepage.

Making changes to your study

If you feel as though your research has changed direction and that it would be appropriate to change your degree title, please discuss this with your supervisor, as they’ll be best placed to advise on the most suitable option. You may also feel it appropriate to change to a differing degree type (from PhD to MSD for example), again please discuss this with your supervisor in the first instance.

Once you have decided that you want to change your degree title, you will need to make a formal request using the online Change of Course/Degree title form.

Until the final term of your standard period, you may request a transfer from one mode of study to another, for example from full-time to part-time, including distance learning, or vice-versa. You should discuss any proposed change with your supervisor.

If you are a sponsored student, you should discuss any proposed change with your funding body and/or check its terms and conditions. If you are a UK Research and Innovation funded student, you should contact the Postgraduate Research Education team to discuss your request to change your mode of study.
Once you have decided you want to change your mode of study, you will need to make a formal request, using the online Change of Mode of Study form, which will need to be approved by your department and the Dean.

If your request is approved your period of study will be adjusted pro-rata.

**Thinking of leaving or taking a break?**

You may experience doubts at some point during your studies. If you’re thinking about leaving Essex, we’re here to support you and give you the advice you need to help you make an informed choice.

You can contact your department, supervisor or Student Services Hub to speak in confidence about your concerns, and also the different options available to you and the impact they may have.

### Library Services

The library provides access to an extensive digital library of books and journals to support your research. As well as a team of specialist Academic Liaison Librarians who can advise on appropriate resources for your area, there is also a Scholarly Communications and Research Support team, who can advise on a variety of topics including open access and how/where to publish your work. Online support in these areas can be found in the Library’s Research Support guide. A range of workshops
and training sessions are also held throughout the year through Newcomers, a collaborative network run by Library Services, the Research Enterprise Office, and the UK Data Archive that aims to support researchers, and offer training across the research lifecycle.

At our Colchester Campus, the Albert Sloman Library on Square 5 has a variety of study spaces, including a dedicated Postgraduate Study Room. The Library offers a dedicated Helpdesk, live chat and the opportunity to book appointments with specialist staff to help you through your studies and beyond.

See the Library website for the latest information on all our libraries and the services available, including opening hours.

**Study Abroad**

Essex Abroad have a wide range of summer programmes suitable for postgraduate students including summer schools abroad, volunteering programmes, international internships and research abroad opportunities which are open to all Essex students. These programmes vary in duration, location and cost. Find out more about Essex Abroad opportunities.

**Research Skills Development**

**Proficio**

Proficio is our innovative professional development scheme for doctoral students. (See ‘Training’ above)

You can contact the Proficio team at: proficio@essex.ac.uk

**Essex Student Journal**

The Essex Student Journal offers all PhD students a chance to volunteer as a peer reviewer. The Essex Student Journal is a multi-disciplinary diamond open access journal that publishes essays, case studies, and research papers written by University of Essex Undergraduate and Masters students. You can sign up to be a peer reviewer on our website. If you have any further questions, do get in touch with journal@essex.ac.uk.
Assessment and Academic Integrity

Undertaking a research degree varies for each person. Some are predominantly lab based, others require significant library research, and some must undertake taught modules. All schools and departments at the University employ a variety of assessment methods, and these will be tailored based on your research area and the course you’re on.

Ethics in research

All research involving human participants and animal subjects, whether undertaken by the University’s staff or students, must undergo an ethics review by an appropriate body and ethical approval must be obtained before it commences. You should first read the Guidelines for Ethical Approval of Research Involving Human Participants or Guidelines for Ethical Approval of Research Involving Animal Subjects and then submit an Ethical Approval application form via ERAMS. You should be aware that ethical approval cannot be granted retrospectively so it is very important that you make your application before you start to recruit participants or collect data from them.

Research involving the NHS may require and research involving human tissue or adults lacking capacity to consent will require Health Research Authority and / or NHS Research Ethics Committee approval.

Research involving vulnerable groups may require a DBS check if you are engaging in regulated activity. More information about the DBS check process can be found on the University’s DBS webpages.

Risk assessments in research

If the research you are undertaking could potentially harm participants, researchers or the University (e.g. risks to physical or mental health, safeguarding or reputational, legal or financial risks) you will need to carry out a risk assessment, which you may be asked to provide as part of the ethics approval process. Your academic supervisor will be able to advise you on this.

You can book onto Research Risk Assessment training online, where there is also further information about risk assessment and managing health and safety risks.

If you are planning to carry out research abroad it is important that you research your destination, so that you are aware of security, safety or culture issues that may affect you or your research. The University has comprehensive travel insurance, which you will be able to arrange by completing the online Travel Insurance Application Form.
Academic Integrity and Academic Offences

The University expects students to complete all assessment with honesty and integrity and to follow our conventions for academic writing (including appropriate referencing of sources) and ethical considerations. If you don’t meet these expectations, then you may be charged with having committed an academic offence, a matter the University takes very seriously.

It is your responsibility to make yourself aware of the regulations governing examinations and how to correctly prepare your work. An academic offence can take place even if you didn’t mean to commit one, and examples include plagiarism, falsifying data or evidence, and communicating with another candidate in an examination.

Referencing

Respecting authorship through good academic practice is one of the key values of higher education in the UK. Referencing is how you acknowledge all sources used within a piece of work. You must reference all work used whether cited directly (quotes), or indirectly (paraphrasing and summarising).

Referencing allows you to give credit to other’s ideas, work, research, theories, concepts, outcomes and results, and demonstrates your breadth of reading and knowledge on a subject. If you do not reference properly, this could amount to plagiarism, which is an academic offence.

There are styles of referencing which will determine exactly how you format your reference. Your departmental referencing style is OSCOLA. You must use this referencing style. Guidance on your referencing style is available online, including an interactive referencing tutorial. You can also take the Academic Integrity course on Moodle.

Academic Skills Support

Every student arrives at Essex with the same spirit of determination but different experiences of education and levels of academic readiness. Skills for Success can help you identify your talents and strengthen those areas you need to develop.

We are committed to ensuring that every student is able to get the most out of their academic study and achieve their potential on their course, which is why the Skills for Success team is available to help by providing support, resources, workshops and 1:1s on:

- Academic writing
- Maths and stats
- Digital Skills
- Research and referencing
- English language
- Exam revision
**Departmental Support**

Each department has a Departmental Disability Liaison Officer (DDLO). This is a member of staff in your department who you can talk with confidentially about any disability or accessibility support needs or concerns relating to your academic studies. They can:

- provide advice about the University’s specialist support services
- act as a link between the department and the Student Services Hub
- can liaise with supervisors or the graduate team if you are worried, or embarrassed, about talking to them about disability related difficulties
- can assist if you feel the reasonable adjustments recommended are not being implemented by the department
- can provide advice if you are experiencing problems with your academic progress as a result of a permanent or temporary disability, medical condition or specific learning difficulty and who will be able to find out about the options available to you

Our DDLO for Postgraduate students is Mohammed Alshaleel.

**Proofreading services**

Before considering the use of proofreading services, all students should first discuss their work with their supervisor(s). Many students seek ‘proofreading’ services at some point during their studies, but different types of editing can occur under this name which may not be appropriate in an academic context where work is assessed and could potentially qualify as an academic offence. The University is keen to ensure as far as possible that students understand what proofreading work should entail and the acceptable boundaries to which any proofreading or editing must adhere to.

All students should ensure that any agreement entered into with a proofreader conforms to the University’s policy and guidance on proofreading.

**Language classes**

**English classes for dependants**

The Department of Language and Linguistics offers dependants of international students and staff at the chance to improve their English language, through our ECDIS programme, at no extra cost. Classes are taught at the Colchester Campus at three basic levels: Elementary (A1/A2), Intermediate (B1/B2) and Advanced (C1/C2) and will focus on listening, speaking, reading and writing.

**Learning a Language**

Learn a language at Essex to increase your global and cultural awareness. Language learning can give you the confidence to work and travel internationally, expand your options for studying abroad, and get a competitive edge when you’re looking for a job. There are a number of ways to do it, so [look online](#) to discover the best option for you.

**Extenuating Circumstances**

Extenuating circumstances are circumstances beyond your control which cause you to perform less well during your studies than you might have expected or to miss an assessment or milestone. In general, valid extenuating circumstances will be of a medical or personal nature that affect you for any significant period of time and/or during assessment.

Your department will review your claim at your Supervisory Panel and RSPB and determine an appropriate course of action to take into account your extenuating circumstances, if appropriate.

If you do need to make an extenuating circumstances claim, you should first read the guidance very carefully and seek advice from [SU Advice](#) or the [Student Services Hub](#). Please be prepared that you may need to include supporting evidence with your claim. Extenuating circumstance claims must be submitted to your Graduate Administrator in your department/school by no later than two weeks before the meeting of the Supervisory Panel, or by the deadline published by the department/school if different. It cannot be guaranteed that forms submitted after this date will be referred to the Panel/RSPB. You should also ensure that you record at least a brief summary of your extenuating circumstances on your Supervisory Panel report form.

**Submission of Thesis**

**Thesis Submission Pre-Examination**

All candidates for a Masters by Dissertation (MAD or MSD), Master of Philosophy (MPhil), Doctor of Medicine (MD), Doctor of Philosophy (PhD) and Professional Doctorate must submit an electronic copy of their thesis for examination.

The electronic copy should take the format of one PDF document containing all chapters, references and appendices.

All registration fees and debts must be paid before the thesis can be accepted for submission.

You should submit the following as attachments via email to: [pgrsubmission@essex.ac.uk](mailto:pgrsubmission@essex.ac.uk):

- a) A single PDF copy of your entire thesis; and

- b) A submission form (RD1) completed and signed by yourself.
**Thesis Submission for Award**

Following the completion of the examination process, the candidate will be notified via email that in order to gain their award they must submit one electronic version of their thesis to the online Research Repository. Following the receipt of this deposit, the candidate will be awarded their postgraduate research degree.

**Thesis Deposit and Retention**

Your thesis will be made open access when deposited in the online Research Repository. Students wishing to place a restriction or embargo on their thesis must do so via the Approval of Title (intention to submit) form prior to the submission of their thesis for examination.

When depositing your thesis in the online Repository you will be required to read and accept the conditions stipulated in the Thesis Deposit Agreement. The Thesis Deposit Agreement outlines the availability of the thesis and how it will be stored in the Repository.

**Examiners and the Viva**

Your supervisor will not normally be present during your viva and will not normally have any contact with your examiners other than to arrange their appointment. More information on the examination process and viva can be found on the Student Directory.

**Exit Awards (Professional Doctorate students only)**

If a student does not meet the progression requirements on the Professional Doctorate, or the examiners feel that the thesis has not met the requirements for the Professional Doctorate, they may be eligible to receive an exit award or lower award, as appropriate for the course. Details of the available exit/lower awards can be found in the Code of Practice: Professional Doctorates.

**Appeals**

PGR students wishing to appeal against either a progress decision (a recommendation made by the Research Students’ Progress Board (RSPB)) or an examination decision (an outcome decided upon by the examiners following a viva voce) should follow the Appeals Procedure.

Please note that research students on the first year of an Integrated PhD (a 4-year programme) or a research student on a Professional Doctorate programme who wish to appeal against a progress decision of the RSPB (e.g. being downgraded or discontinued) should do so in accordance with the above procedure. However, students who wish to appeal against the decision of the Board of Examiners’ consideration/decision of their taught marks should appeal in accordance with the Academic Appeals Procedures for Undergraduate and Postgraduate Taught Programmes of Study.

Students thinking about making an appeal are strongly advised to contact the SU Advice Centre.
**Taught Modules**

Most PGR students won’t be required to undertake taught modules, and so a teaching timetable isn’t applicable. For those students who do undertake taught modules as part of their course, you’ll have a personal timetable, this shows you when your teaching is taking place, as well as who is teaching you. Check your personal online timetable regularly for up to date teaching information. You will need to have registered and activated your University of Essex log-in before you will be able to access your teaching timetable.

Information about teaching timetables, including accessing your individual timetable can be found here.

**Teaching**

If you teach whilst you are studying for your research degree, please consult your module leader for further details relating to the module itself, what is required of you and assessment regulations.
**Student Voice**

At the University of Essex, the views, ideas and feedback of our students are at the heart of what the University does. The time students take to offer feedback is hugely appreciated and this feedback, both positive and developmental, is used to help make short and longer-term improvements, both to the experience of current students, but also for Essex students of the future. You can do this in a number of ways at Essex through your Student Voice.

**Student Representatives**

You can contact or volunteer to be a student representative who represent the voice of fellow students in departmental Student Voice Groups (SVG) and other University level committees.

**Student Voice Groups**

Student Voice Groups (SVGs) are made up of student representatives and members of staff. SVGs typically meet once per term and provide an accessible arena for students to discuss with staff issues connected to teaching, learning and student support. They also provide an opportunity for the department or school to consult with students and receive feedback on new proposals.

**Student Surveys**

Student satisfaction surveys enable the University to gauge overall satisfaction amongst students. When the results have been reviewed and analysed, the University can then enhance your experience of learning at Essex.

The University runs a PGR Student Voice Survey. If eligible, you will be invited to participate via email.

If you have some feedback but don’t know who to tell, email: studentvoice@essex.ac.uk

Your Department will also welcome your feedback. They will have a range of quick feedback mechanism for you to use. Contact your departmental office if you are not sure what these are.
You Matter

We know university life can throw up all kinds of concerns and questions. Everyone has mental health – sometimes your mental health may be good, other times it may be not so good. It could be stress related to deadlines, general worries or concerns about friends and family members. Whatever is worrying you, if you need some information, advice or support, the University offer a wide range of services and support to help you.

Student Services Hub

If you need practical advice, a confidential conversation, or general information and guidance on University life, no matter what the issue is, the Student Services Hub is the place to go. You can find out about health and wellbeing, accommodation, careers services, money matters and much more. Your questions matter and you'll get answers from our team of experts.

To Contact the Student Services Hub please use this link to access our web pages and talk to us on Live Chat: Ask the Hub

Support for disabilities and additional needs

We encourage all new students with a disability, long term medical condition, specific learning difficulty or mental health difficulty to disclose and register with the Student Services Hub so that we can plan how best to support you in your studies.

Funding opportunities

UK students may be eligible for a Disabled Students’ Allowance grant. If you are not a UK student, you may be eligible for other grants and funding. We would recommend you contacting the Student Services Hub to discuss all the options that may be available to you, as well as for general advice, support and information on health and wellbeing issues.

Personal Emergency Evacuation Plans (PEEP)

If you have a permanent or temporary disability that may mean you have difficulty in evacuating one or more areas, you can arrange for a Personal Emergency Evacuation Plan (PEEP).

Essex Accessibility Forum

The Essex Access Forum is a university-wide discussion and advocacy forum and consultation body working to support excellence in all aspects of physical and intellectual access at Essex (student education, staff employment and visitor experience). Membership is open to both staff and students, with and without disabilities.
Seeing a Doctor

If you’re studying on a course for more than six months, you’re required to register with a local doctor. Our Colchester Campus has its own health centre or you can use the NHS Choices postcode finder to find your nearest doctor. If you require emergency medical or mental health services, there are a number of options available both through the NHS and also the University, regardless which campus you are studying at.

Counselling services

Our University offers a wide range of services and resources to support all of our students with a variety of counselling opportunities.

If you feel you would benefit from support, including counselling, please contact your Student Services Hub. You can find more information, including the full range of counselling services available to you.

Drop In/Wellbeing Appointments

The Wellbeing Assessors provide support to students with anything affecting their wellbeing, mental health and/or disability through pre-booked appointments (whilst remote working) or face to face appointments within the Silberrad Centre. To book an appointment please find further information on this webpage and scroll down to ‘enquiry form’.

UK Immigration Advice and Guidance

Immigration advice and guidance is regulated in the UK by the Office of the Immigration Services Commissioner (OISC) and can only be given by those that are authorised to do so. We publish lots of information and guidance on our website for students and you can contact one of our authorised advice services via the ‘ask us a question section’ for further advice about the UK’s student immigration rules.

Money management

If you get into financial difficulty you should get help and talk to someone as soon as possible. The sooner your problem is identified, the sooner it can be solved. You may be eligible to apply for financial support to assist you with short-term unexpected and unforeseen costs. Advisers in our Student Services Hub and our independent Students’ Union Advice can listen and talk you through the issues you are experiencing.

Students’ Union Advice

Our SU Advice service also offers free, confidential, independent and impartial advice on many issues that might be affecting you. Our friendly, trained staff are on hand to support you throughout your time at Essex. You can speak to us about Academic processes and procedures, representation at University meetings, Student/Tier 4 visa extensions, housing, complaints, welfare and consumer issues.
Colchester students – suadvice@essex.ac.uk; 01206 874034
Southend students – suacsou@essex.ac.uk; 01702 328235 (term time only)
Loughton students – suaclou@essex.ac.uk; 01206 874034

Residence Life

Our Residence Life team is here to help you settle in and support you during your time living on campus. Each residents' assistant (RA) is assigned an area and will aim to get to know you, provide advice and support with any wellbeing issues and organise a range of social activities to help you connect with others. Find your RAs contact details on your flat kitchen poster if you live on campus. During term-time, our friendly RAs are available for a virtual chat via Zoom every day from 7pm – 8pm use Zoom Meeting ID: 920 1237 9049, all Essex students are welcome to drop in. You can find out about all our exciting events by following us on Facebook or by checking out the University Events page.

Religion, faith and beliefs

We’re proud of our vibrant and diverse multicultural community and welcome everyone, of all faiths and none. The calm, friendly and supportive atmosphere in our Faith Centre is a welcoming place for staff, students and the wider community to meet, interact and engage with each other.

Harassment support

We are Essex. We pride ourselves on being a welcoming and inclusive student community. We offer a wide range of support to individuals and groups of student members who may have specific requirements, interests or responsibilities – to help you fulfil your potential.

We encourage a culture of dignity and respect. We're committed to upholding an environment that's free from any form of harassment or bullying. Though rare, these incidents can occur and if they do our Harassment Report and Support Service of trained Harassment Support Workers are on hand to help.

COVID-19 (Coronavirus)

The health and wellbeing of our students is our priority. This means we are constantly monitoring advice from the UK Government, Public Health England, the Foreign and Commonwealth Office, and the World Health Organisation, and updating our guidance for students in line with their advice.

Our guidance to students on protecting yourself and others from COVID-19 is updated regularly. It is advisable to check the page frequently to be sure you are up to date with the latest guidance and information from the University.

The University offers lateral flow testing on all its campuses at our Asymptomatic Testing Clinic and require students to test twice weekly when studying on campus.
Health and safety on campus

Our campuses are generally very safe environments. We want to ensure that things stay this way. In order to achieve this, we work closely with local agencies including the police and borough councils. Take a look at our website for general information and advice.

Please familiarise yourself with fire safety and emergency evacuation procedures for your accommodation, work or study location. If you have a permanent or temporary disability that may mean you have difficulty in evacuating one or more areas, you can arrange for a Personal Emergency Evacuation Plan (PEEP).

Please take note of our advice on the safe use of electrical items and prohibited electrical items in residential and non-residential areas.

All students residing on campus must complete the Moodle Fire Safety Course for Residents training.

If you have any health and safety concerns or need to report an incident, please use the University's reporting service to notify us.

Making a Complaint

The University is a large community engaged in many activities of both an academic and non-academic nature. From time to time, you may feel dissatisfied with some aspect of your dealings with the University and, when that happens, it is important that the issue is dealt with constructively and as quickly as possible without risk of disadvantage or recrimination.

The University aims to resolve complaints quickly and informally in accordance with the Student concerns and complaints procedure which can be found on our website.
Student Development

Careers Services
The Career Services team offer a programme of information, advice, guidance and support through various events, workshops and one-to-one sessions. We also have teams dedicated to Work Based Learning, Placements and Internships that can provide information and support as needed.

CareerHub
Find hundreds of part-time jobs, internships and graduate vacancies, book on to careers events and workshops, take career assessments, practice your interview skills, build your CV, and connect with employers on CareerHub, the online Essex careers and jobs portal. Login with your Essex username and password.

Your personal development at Essex
Activate your Gradintelligence account to discover the broad range of extra-curricular and voluntary opportunities available to you at Essex using Chart My Path, your personal development navigation tool. Find activities to inspire and develop you in your life, your studies and for your future. You can achieve Big Essex Awards through the activities that you complete during your time at Essex and gain University recognition on your Further Achievement Report (FAR).

Join the Career Mentoring Programme and get matched with a mentor who can share their industry expertise, empower you, listen, talk through your plans, fears, and aspirations, and give you the time and space you need to make decisions that are right for you.

Volunteering
Join the vTeam and be the difference. There are plenty of opportunities to volunteer during your time at Essex. The vTeam, run by the Students Union, is a fantastic opportunity to meet new people, make friends, give something to the local community, and gain valuable skills.

Essex Interns
Essex interns create paid internships exclusively for you as an Essex student. They’re flexible too; part time during term time or full time in vacations. Sign up for Essex Interns to kick-start your career.
You Are Essex

Your Award Certificate

Upon conferral of your award, all graduates will receive both an electronic and hard copy parchment award certificate. Your electronic Certificate will be available on your GradIntelligence account within 5 working days of your conferral and your hard copy parchment will be available to collect at graduation. If you are unable to attend graduation, the Graduation and Awards team will post this to your home address.

If you undertook taught elements as part of your studies and require a transcript, you can request this by contacting the Graduation and Awards team at award-docs@essex.ac.uk.

Graduation ceremonies

The culmination of all your hard work! Graduation ceremonies take place at our Colchester Campus in the Ivor Crewe Lecture Hall with a departmental Reception held afterwards on campus. All eligible students studying at our Colchester, Loughton and Southend Campuses will be invited to attend their course’s ceremony at the next available Graduation. Confirmed dates for future graduation ceremonies are published online.

Students with their awards conferred in Autumn term will be invited to attend our Winter Graduation ceremony where these are held; students with awards conferred in Spring or Summer term will be invited to attend our Summer Graduation ceremony in July.

GradIntelligence

If you studied an undergraduate degree with us at Essex, you would have had access to your Higher Education Achievement Report (HEAR) record which would also show any awards or additional achievements you have received formal recognition for. However, this is currently only available for undergraduate and postgraduate taught awards; postgraduate research students can instead use GradInte to record any extra-curricular activities or achievements during your studies, such as the Big Essex Award.

If you undertook taught elements as part of your studies and require a transcript, you can request this by contacting the Graduation and Awards team at award-docs@essex.ac.uk.

References

Requesting references from members of staff

If you require a personal reference, always ask permission from a member of staff before giving their name as a referee. You should consider from whom it is most appropriate to request a reference and who will be best equipped to evidence your character and performance in the subject.
For example, final year project supervisors, year organisers, and core course supervisors are likely to be more suitable than lecturers that have taught you on a first-year option course. Every reasonable effort will be made to meet a request for reference for a student who has undertaken study within our Department. Requests received from students who have graduated from the University within the last three years will be prioritised. Requests received outside of this period may, of course, be met if a member of staff is equipped with the necessary information and is willing to provide a reference.

It is always helpful if you can provide the member of staff with details about the course or job you have applied for and, if relevant, a CV or other summary of your qualifications and experience. Please try to ask for references in good time – it is not always possible for a member of staff to write a reference immediately.

**Copies of references**

A copy of any reference provided will be retained within our department for no longer than three years for taught students.

**Alumni**

Essex is forever and although your time here will fly by, you’ll be part of the Essex family for life. When you graduate, you’ll get an alumni card and join a community of over 100,000 fellow graduates around the world. We’d love to keep in touch and invite you to our alumni events, networking and volunteering opportunities, as well as offer you special alumni benefits. Want to know more? Visit our [website](#). What comes next?

The world is your oyster. The options and opportunities open to you as a graduate can sometimes be overwhelming. You might know the path that you wish to take, but if you need help to reach your graduate goals, our Careers Services Team offer information, guidance and advice on your different options after graduation. We offer careers support for life, so we’ll always be here for you.

We know you’ll go on to do great things but remember you can always come back! As an Essex graduate, you can take advantage of [generous discounts](#) on further [postgraduate study](#) and [postgraduate research degrees](#).

We are proud of our world-class research at Essex and your invitation to contribute is lifelong. If you do decide to stay on for further study with us, you’ll develop extensive knowledge in your chosen area and learn from some of the top academics in the field. You can explore our [incredible range of courses](#) online.

Whatever you choose to do, please stay in touch. We’d love to hear about your achievements and discover where your Essex degree has taken you.
