General Information

The University Buildings are closed on bank holidays.

Access Control

Access control is in operation in all University buildings and all members of University staff, students and tenants are issued with a photo ID card when they start work/studying at the Southend Campus.

Departments/Sections, who are expecting a new starter, must request a card via www.essex.ac.uk/staff/starting-at-essex/campus-card. This form allows a member of staff (or their line manager) to make the request and upload a photo. DITS will receive the request, process, and take the card to The Gateway Building Reception on the ground floor. The Reception team will then inform the member of staff that their card is ready for collection. Replacement staff cards can also be requested via the link.

Any issues with staff cards (new or old) relating to door access control should be directed to Security. For contact details visit www.essex.ac.uk/staff/emergencies-security-and-safety/emergency-contacts-at-southend-campus

At The Gateway Building, there is a seven second delay on the disabled access door opening and closing to allow safe access/exit and this could enable an authorised person to enter the building. All staff are kindly requested to ensure that the door closes behind them without anyone gaining unauthorised access to the building.

For additional security information, please visit www.essex.ac.uk/staff/emergencies-security-and-safety/security-services

End of Employment

When an employee ends their employment, the appropriate line manager or Head of Department should take back the access control card. Security will ensure that the card is deleted on the system.

Lost or Stolen Access Control Cards

It is extremely important that if your card is lost or stolen you report this to Security www.essex.ac.uk/staff/emergencies-security-and-safety/emergency-contacts-at-southend-campus as soon as you are aware.

Students should contact the Student Services Hub www.essex.ac.uk/student/advice-and-support if a replacement card is required, which will usually be printed and available within 24 hours Monday – Friday. There is a replacement cost of £5 for student cards.

If you require a temporary card whilst the replacement card is being produced, or you have forgotten to bring in your card and need access to certain areas of the building, Ground Floor Reception at The Gateway Building will be able to provide a temporary card or advise where you should get one. If your original card is found, it can be re-enabled to work. Please advise southsec@essex.ac.uk if the card is found.
