What is “Ordinary Residence”?

For the purposes of assessing eligibility for the scholarship, you must have been ordinarily resident in an African nation (defined as a member state of the African Union), for the three-year period prior to commencing your course. Ordinarily resident means that you must have been habitually, normally and lawfully residing in an African nation from choice for the specified period. The three-year period for courses starting in October 2022 is calculated as 1 September 2019 to 1 September 2022. Temporary absences during this three-year period may be permitted at the discretion of the relevant University officer. Students may be asked to provide documentary evidence to determine ordinary residence and an assessment of whether a student meets the ordinary residence criteria will normally be made by the Head of Admissions or their nominee, and their decision will be final.

How to apply

- These scholarships will be awarded based on academic merit and all academic applications will automatically be considered.
- The University will use official transcripts and certificates, submitted as part of the original application, as evidence of grades achieved, and no alternative supporting evidence will be accepted.
- Applicants who have firmly accepted an offer of a place by 16 September 2022 (for October 2022 start) or 06 January 2023 (for January 2023 start) and met the academic conditions of entry, will be considered for these scholarships

Payment arrangements

- These scholarships will only be made available as a reduction on the tuition fee that is payable on registration at the University. Payment cannot be offset against a tuition fee deposit if one is required.
- If you intermit from your course, you may, at the discretion of the University, be entitled to a pro-rata payment of the remainder of your award on your return to study. Please contact the [Funding Team](#) for further information.
