For the purposes of assessing eligibility for the scholarship, you must have been ordinarily resident in an EU country, for the three-year period prior to commencing your course. Ordinarily resident means that you must have been habitually, normally and lawfully residing in an EU country, from choice, for the specified period. The three-year period for courses starting in October 2026 is calculated as 1 September 2023 to 1 September 2026. Temporary absences during this three-year period may be permitted at the discretion of the relevant University officer. Students may be asked to provide documentary evidence to determine ordinary residence and an assessment of whether a student meets the ordinary residence criteria will normally be made by the Deputy Director of Admissions or their nominee, and their decision will be final.
