

# Global Car Hire with Key Travel

Giving you access to pre-paid car hire through Expedia Group B2B's global car rental inventory via KT Online, our online booking tool, as well as via offline agent support.

As the first UK TMC to launch car hire with Expedia Group B2B, we offer customers a broad global car rental network, competitive rates, and a more flexible, convenient booking experience.

## The Benefits

- **Global choice** - Access car hire across 190+ countries and 45,000+ locations, with 110+ rental brands available.
- **Competitive rates** - Benefit from consistently competitive pricing, including promotional discounts and member deals. Average savings of up to 16%.
- **Easy access** – available via Key Travel's Online Booking Tool and offline agent support.
- **More confidence at the point of booking** - Rich content including vehicle details, images, policies, add-ons, opening hours and shuttle information helps travellers and bookers make informed choices.
- **Flexible booking options** - Choose from pre-paid and refundable rate types to suit different travel needs and booking policies.
- **End-to-end booking and servicing** - Book, amend, cancel and manage car hire as part of the wider travel journey through Key Travel.
- **Improved traveller experience** - Make it easier for travellers to secure the ground transport they need, with a smooth and joined-up booking experience.
- **Enhanced support** - Access post-booking support through multi-language self-service tools and Expedia's global support team.
- **Earlier booking opportunities** - Secure car hire earlier in the travel planning process, with the potential to access better value and availability.

## How to book

- ✓ Quickest and easiest option is via KT Online, our Online Booking Tool  
<https://my.keytravel.com/uk/log-in/>
- ✓ If you are unable to book online, then our reservations agents can support you. Email your dedicated reservations team or email [reservations.uk@keytravel.com](mailto:reservations.uk@keytravel.com)
