

University of Essex Hardship Fund

2022-23

The University is offering a Hardship Fund to assist students who are experiencing financial difficulty. Awards take the form of a non-repayable grant awarded to successful applicants who require financial support to enable them to continue their studies at Essex.

The aim of the Hardship Fund is to remove unexpected, short-term financial difficulty and assist students with:

1. Food - money, supermarket vouchers or vouchers towards on campus catering outlets
2. Energy - support towards energy bills
3. Travel - bus, rail cards, petrol costs
4. Community - University and Students' Union societies and clubs
5. Accommodation - rent
6. Equipment/IT - laptop, internet, etc.
7. Childcare - childcare costs

This fund cannot under any circumstances be used towards tuition fees. You must show that you have made adequate provision to cover your fees and will be able to cover your remaining costs should you be made an award.

Application assessment process

As part of your application, you will be required to complete a 'supporting personal statement', providing details of your individual circumstances. As part of your statement, you must demonstrate the following:

- What your current financial difficulties are.
- How your financial situation has changed.
- What steps you are taking to improve your current financial situation find alternative funding. If you are in the early years of your studies, you must demonstrate that you have thought about how you are going to fund the rest of your studies.
- The Hardship Fund is discretionary, and applications are assessed on a case-by-case basis. We aim to process applications as soon as possible but during our busiest times there may be a delay.

Assessments will examine how well you meet the eligibility criteria for the fund, with a particular focus on:

- **Provision:** you must have made realistic provision for all course related costs, including tuition fees, before starting on your course. Examples of provision may include permanent employment, a suitable level of savings or agreed sponsorship. The Hardship Fund can only assist with urgent, short-term situations and should therefore not be considered as a primary source of funding.
- **A change in financial circumstances:** This must occur after the start of the course, and in the same academic year that you are applying for the fund.
- **Supporting personal statement:** This should outline your current financial situation, including the two points above, and include any other relevant information about your case. Ensure that you

have read all supporting guidance and Terms & Conditions fully to ensure that you present a strong and complete case for support.

- **Financial situation:** In addition to the information provided in your personal statement, we will look at your income and expenditure to understand your financial situation. If you have high levels of non-essential expenditure, your application may be rejected.

International students who are on a Tier 4 visa or student visa are expected to have demonstrated that they have adequate financial provision for their studies as part of their visa arrangements (i.e. having enough funds to cover the course fees and living costs). However, they are eligible for the Hardship Fund if they can demonstrate that an unexpected exceptional change in financial situation outside their control has led them to be in significant hardship and require financial support.

All information provided in support of an application will be considered, and we encourage you to provide as much relevant information as possible to give us a full picture of your circumstances.

We aim to complete the assessment and provide an outcome of a **full** and **complete** application and evidence within **3 weeks**. If you are required to provide further evidence as part of your application, the **3 weeks** will only start from the point we have received **all** necessary evidence.

Payment arrangements

- Payment will only be processed when we have completed your Hardship Fund assessment.
- Payments will be usually processed within **10 days**.
- Awards will be paid via BACS to your nominated bank account as stated in your application.
- If our records show that you are in debt to the University or are in breach of a payment plan when an award payment is due to be made, you will be contacted to offset this payment against your student account in the first instance. If the debt is less than £100 this will automatically be deducted from any award.

Can I combine this award with other awards?

The Hardship Fund can be held in conjunction with other University awards that you may receive. However, if applicable, please state in your application which other University awards you have been awarded, as this will be taken into account when your application is assessed.

You can apply for the Hardship Fund more than once in the same academic year if you have not already exceeded the maximum award **and** if your circumstances have changed and you are experiencing financial difficulty.
