

Central COVID-19 Risk assessment for Overseas Travel for Students

Description of activity / area being assessed	<p>Risk assessment for travel overseas, against the additional risks that the COVID-19 Pandemic has presented.</p> <p>This risk assessment shows the minimum control measures for COVID-19 when travelling overseas, for University of Essex staff. If there are control measures needed in excess of this risk assessment, the student must raise a separate risk assessment to cover these (see guidance notes at the bottom of this document).</p> <p>The student should check in advance the entry requirements for the country/countries that they are visiting, which will tell them the relevant requirements, which may include:</p> <ul style="list-style-type: none"> • Proof of a negative COVID-19 test • Whether they will be required to quarantine on arrival • Proof of vaccination status <p>This risk assessment must be read in conjunction with:</p> <ul style="list-style-type: none"> • University of Essex Strategic Risk Assessment against the additional risks that the Covid-19 Pandemic has presented. • University of Essex Travel Policy Under COVID-19 Restrictions • Government guidance on travelling during the pandemic: www.gov.uk/guidance/travel-abroad-from-england-during-coronavirus-covid-19; https://www.gov.uk/foreign-travel-advice • Overseas Travel web pages: https://www.essex.ac.uk/student/health-and-safety/overseas-travel 	Department	All departments
		Location(s)	All off-campus locations overseas

Likelihood of hazardous event						

BEFORE THE TRIP CAN GO AHEAD, ENSURE THE FOLLOWING IS IN PLACE:

- The travel has been booked through the University's [approved travel management providers](#).
- Traveller has checked the relevant government guidance for the country they are visiting to ensure that they have considered the relevant COVID-19 control measures and checked the Drum Cussac score for the country/location.
- Traveller has completed the *Travel Insurance Application Form* and Insurance Section has confirmed that travel insurance is in place.
- Traveller has read and understood the relevant risk assessment(s), procedures and guidance for the trip.
- Essex Abroad will include in all communications and pre-departure briefings for students, the requirement for them to be aware of COVID-19 requirements for the country they are travelling to, and that they need to meet all entry requirements and are required to follow all requirements set by the host (partner) university throughout their time there.

When a further COVID-19 Risk Assessment for Overseas Travel is required (Student)

Traveller will need to complete the the [Risk Assessment for Students Working or Studying Overseas](#) to cover the COVID-19 risk, if any of the following apply:

- If the Drum Cussac overall rating is 3 or above
- If the Drum Cussac 'Medical' category score is 3 or above due to the COVID-19 risk
- If they are doing adventurous activities which may result in an increased COVID-19 risk

They will need to detail what additional COVID-19 measures are needed, which are over and above this central risk assessment. This can either be completed directly onto the risk assessment form above, or can be attached as a separate risk assessment to Section 5 of the form. There is no need to duplicate the information already contained in this Central COVID-19 Travel Risk Assessment.
