From 30 November 2020 you will need to book your COVID-19 asymptomatic test online as we will no longer be a walk in clinic.

To do this you simply need to register for our appointment booking system which you can do by going to https://uoe.mycohort.cohort.hosting/account/login

When first registering you will then need to select New to MyCohort?

Please enter your university email address and date of birth which will enable us to match you to your student record.

You should receive receipt of your registration and an email which you must access and select Confirm Registration.
BOOKING YOUR COVID-19 ASYMPTOMATIC ANTIGEN TEST

You will then need to create your password to complete your registration.

Log in using your details.

Select Book Appointment and select one of the available COVID-19 Colchester/Loughton/Southend Testing Clinic (Please note each line denotes an available nurse at the clinic) being mindful that you have selected the correct Clinic Date.

Then select you appointment reason as COVID-19 Antigen Test
BOOKING YOUR COVID-19 ASYMPTOMATIC ANTIGEN TEST

You will then be shown the first available appointment but can choose from any appointment by clicking on more dates and times.

You should then receive confirmation of your appointment.

You can from here book future appointments.

You can view all the appointments you have booked by selecting My Appointments from the side menu. You can also cancel appointments from this menu.
