## **GUIDANCE FOR COMPLETING THE FORM**

### **Personal Reference Number**

Each individual is assigned a reference number within iTrent that allows the system to identify you. When a member of staff leaves employment and then returns, the personal reference number remains the same. This can be found under the Employment tab, in current job details within People Manager.

### **Position Reference Number**

Every person in a position is allocated a position reference number. To ensure we are keeping the structure and positions accurate please provide the position reference number. This can be found in People Manager by clicking on the Position Details screen from the home page.

### **Name of person covering Reporting Manager duties**

When a Reporting Manager leaves the University we must ensure that the individuals reporting to that person have an interim Reporting Manager and that the organisational structure is updated accordingly. If this information is not supplied the people related processes that rely on a Reporting Manager do not work as they should. If you are unsure about this section please contact your HR Officer to discuss.

### **Last Day of Service**

This is the date the individual's employment with the University ends. It could be different to the last working day for many reasons e.g. because the employee is taking their outstanding annual leave and therefore still employed but not actually in work.

### **Last Day of Working**

The final day the individual is actually in work (but is still employed). This could be different to the date of leaving if the person is taking annual leave for example.

### **Reason for Leaving**

Please tick one of the boxes for the reason for leaving. If the reason is not in a predefined tick box please complete the other section.

### **Final Payment**

If there is any final annual leave monies owed to the employee, the manager should inform us what hours to pay. HR will check this against HR Organiser and the holiday entitlement outstanding. Other payment or deductions may be due and these will be completed by the Payroll or HR Team.

### **Approval**

The leaver form should be signed by the individuals reporting manager and dated.

### **What Happens Next?**

On receipt of the leaver form the information will be entered into iTrent, the core HR and Payroll system. This will ensure any holiday entitlement is correct. Once the date has been entered, a notification will be sent to the individual to confirm receipt of their resignation, monies to be paid or deducted, the last day of service and the last working day.
