International Buenos Aires Experience Program (EBAI)

Experiencia Buenos Aires Internacional (EBAI) is a professional internship and cultural exchange program offered by the Government of the City of Buenos Aires (GCBA) to young foreign talents. EBAI provides students with an opportunity to enhance their skills and knowledge about public local management and public policy.

Through the signature of specific agreements with foreign universities, EBAI annually opens a call for undergraduate and graduate students aged up to 32 years old, with knowledge of Spanish and a strong interest in local public policies.

Students selected within the Framework of EBAI's call For 2018 will have access to the following benefits:

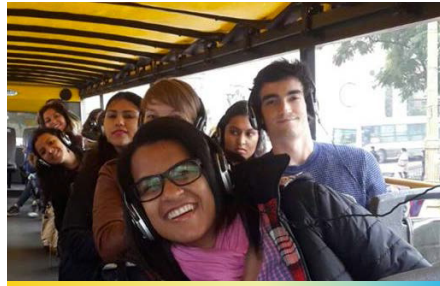

- An unpaid professional internship in an area within GCBA that best fits each candidate's profile and interests.
- One mentor per student to accompany them throughout the performance of their tasks.
- Meetings with government officials in charge of designing and implementing public policies.
- Cultural and amusement activities to discover and enjoy the City's main attractions.
- Lunch, local transfers and personal accident insurance (international transfers and accommodation are not covered).
