Experience of Program Alumni

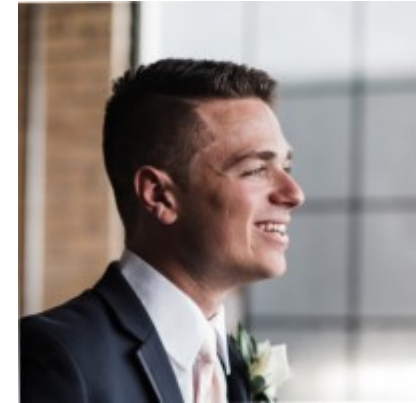

Ethan
Internship in Paris

He interned in a studio that trains, advises and supports its clients in Responsible Innovation by mobilizing entrepreneurial and collaborative qualities in their employees. Ethan was building a curriculum and toolbox for their foreign entrepreneurs, co-leading workshops for the startups, and supporting the team on events

Tanya
Internship in Madrid

She had a fashion internship for a clothing brand that does not work with real animal skin, feathers or fur. She helped create their corporate image and prepared image dossiers. She is currently working as a Social Media Marketer for CBII CBD (part of H&H Group) in London, UK.

Nick
Internship in Barcelona

He supported the Digital Department with competence analysis, test materials, and technical support. He also worked on the project for a new digital platform for students and teachers (Learning Management System).

Nick is currently working as a Software Engineer II - C++ at FIS.
