Think about what you want to be when you are older, what would your dream job be? Will you go to university? In the space below use your imagination to draw pictures to show your future.

Try to think of different words that will describe or help you to achieve your future goals. Who will help you? What will help you? Think about the different skills you may need! Write down your ideas in the coloured building blocks.

This is me now

When I grow up I want to be!
