

Flexible Offers

At Essex, we've always believed that it's not where you come from that should impact your chances in life, but where you're going. We are about people that love to learn how, but want to challenge why; both in and out of the classroom.

It's for these reasons that an Essex education is like no other. We challenge our students, engage them in research and ensure that their experiences at Essex shape them into the person they want to be once they leave. We push our students; we don't spoon-feed them, to make sure they're in the best position to succeed in their next steps.

Don't just take our word for it though. In the 2017 Teaching Excellence Framework, we were awarded the highest rating of Gold for the quality of our teaching. The TEF Panel praised Essex for ensuring "students from all backgrounds achieve outstanding outcomes with regards to continuation and progression to highly skilled employment or further study, notably exceeding the University's benchmark".

We've always known that an Essex education is a transformative one and now we want to prove it, to ensure that as many applicants as possible can see the benefit.

What is a flexible offer?

Eligible applicants that choose us as their firm choice will be able to take advantage of a flexible offer. Details of this flexible offer will be available in the offer text and in the offer letter on the myEssex applicant portal.

Your offer may contain more than one condition and unless specifically stated in your flexible offer, these conditions will remain the same.

Flexible offers demonstrate our commitment to helping our students be the best they can be. This offer will specify alternative grades than those published in our prospectus and online, meaning that if your grades aren't what you had hoped for when your results come out, you could still secure a place with us.

Why are we doing this?

Essex has always offered a transformative education to students from all over the world which we believe sets you up in the best way possible for your next steps. With an Essex education, it doesn't matter where you've come from; during your time with us, we will give you the tools and skills to get a great degree and prepare for life after graduation.

By providing an alternative offer level for those interested in studying with us, we can prove how powerful an Essex education really is. With a flexible offer, we're giving you the best possible chance of getting an amazing degree at Essex.

How do I get a flexible offer?

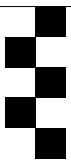

The application process is the same; submit your application and if you're eligible for a flexible offer, you'll receive information in your offer letter. Once you've got this we hope that you'll accept us as your firm choice.
