Student profile

"Everyone in the university community is extremely helpful and very friendly. The community really embraces everyone from around the world and provides any support needed. Studying at Essex was an amazing experience because of the people and the support you receive for your studies.

Your peers in your program become a supportive community. A few of my favourite modules included Consumer, Commercial, Contract law and International Trade. I would highly encourage students to apply for modules that they are interested in because during exam revision time you will be engaged with the content.

I am currently in the process of applying to a few Canadian universities for my Master in Common Law thanks to my 2:1 degree from the University of Essex."
