Maria - Student *(BA Accounting, MSc Banking and Finance) 2012-2016*

'Essex became my new home since the first day I arrived here. The most valuable experience that I have had in Essex is the possibility of meeting people from different countries; learn from other cultures makes you develop as a person. Coming to university is not only about getting good grades, is also about making new friends and exploring new things. The variety of opportunities you have on campus is enormous, they offer a while range of extra-curricular activities such as sport clubs or societies, which I have been involved with since my first year and I recommend everyone to do so. This university offers you as well a lot of social activities mainly organized by the Student Union with the purpose of making our time here better and more enjoyable. If you are thinking of studying at Essex, do it. You will not regret it!'
