

**RULES OF ASSESSMENT FOR FULL-TIME TAUGHT MASTERS DEGREES
2021-2022**

HEALTH AND SOCIAL CARE

MSc Occupational Therapy (Pre-registration) (24 months – full-time)

1 PREAMBLE

- a) These rules apply to the full-time (24 months) Masters programme named above. The rules should be read in conjunction with the relevant Programme Structure, Programme Specification and on-line Module Directory entries. The Module Directory will give detail of assessment arrangements. The Programme Structure will identify which modules are core for the Programme.
 - b) A taught module is any assessed component excluding the dissertation or equivalent, which for this programme is HS776: Research Activity. A core module must be taken as part of the programme structure and passed, with no condonement of marks below a pass allowed.
 - c) All Masters degrees can be awarded with Distinction or Merit.
 - d) Successful completion of the MSc also leads to eligibility to apply for registration with the Health and Care Professions Council. There are two exit awards of Postgraduate Diploma – the Postgraduate Diploma in Occupational Therapy and the Postgraduate Diploma in Health Studies. Only the Postgraduate Diploma in Occupational Therapy (Pre-registration) leads to eligibility to apply for registration with the Health and Care Professions Council.
 - e) It is for the Board of Examiners to determine whether the criteria for an award have been satisfied.
-

2 PASS MARK

- a) The pass mark for all modules of the Masters degree is 50. Credits are only awarded if the module is passed. In cases where failure with a mark of 40 is condoned, the credits are not awarded however the module mark will still be used to calculate the overall weighted average for the taught modules and the overall weighted average.
 - b) For the purposes of these rules taught module averages, the overall weighted average for the taught modules and the mark for the dissertation or equivalent will be rounded to the nearest whole number – i.e. 49.5 will count as 50, 49.4 as 49.
 - c) Placements are marked on a pass/fail basis.
-

5 REASSESSMENT

5.1 Reassessment for taught modules

- Students who have failed any taught modules may have a second attempt at the assessment for the module(s);
- Where all individual components of assessment must be passed in order to pass the module only one opportunity to resubmit the failed component will be offered;

- c) Failed work will normally be resubmitted within four weeks of students receiving their marked work for the original attempt. Placement resubmissions will take place in the next available placement slot;
- d) A second submission does not need to be approved by the Board of Examiners before it takes place;
- e) The Board of Examiners will reinstate the module mark for a previous attempt at a failed module if it is higher than the mark for the most recent attempt;
- f) When a reassessment opportunity in a component leading to a numerical mark is offered the module aggregate will be calculated as follows:
 - i) Where students are not required to pass all the individual components of a module, the maximum mark that will be recorded for a module as a result of a second attempt is 50;
 - ii) Where students are required to pass all individual components of assessment, a pre-resubmission module aggregate will be calculated using the failed mark(s):
 - If the pre-resubmission module aggregate was below the pass mark then the resubmission can improve the module aggregate mark up to the pass mark only.
 - If the pre-resubmission module aggregate was above the pass mark then the resubmission cannot improve the module aggregate mark. The module aggregate is capped at the pre-submission aggregate.

5.1.1 If a student fails a module on the second attempt at the assessment no further attempt is allowed and the student will be required to withdraw unless there are extenuating circumstances accepted as valid by the Board of Examiners.

5.1.2 A student cannot be permitted to repeat a module unless there are extenuating circumstances accepted as valid by the Board of Examiners.

5.2 Reassessment for a placement

- a) Only one failed placement is permitted to be retaken;
- b) A retrieval placement does not need to be approved by the Board of Examiners before it takes place;
- c) If a student fails a placement, they will be required to undertake and pass a full retrieval placement in the same specialty for a pass grade (as all placements are pass/fail);
- d) If a student fails a placement on reassessment or fails two placements at first attempt, they will be required to withdraw from the programme unless there are extenuating circumstances accepted as valid by the Board of Examiners.

5.3 Re-submission of Dissertation or equivalent

- a) Re-submission of dissertations or equivalent is only permitted in the following circumstances:
 - i) Either extenuating circumstances accepted as valid by the Board of Examiners; or
 - ii) Where the original mark awarded is at least 40 and the Board of Examiners judges that the work required to achieve a pass does not include any additional experimental or practical work.
- b) Re-submission is subject to the following conditions:
 - i) A dissertation or equivalent must normally be re-submitted within two months of the formal notification of permission to resubmit; in cases of extenuating circumstances, this may be extended to a maximum of twelve months;
 - ii) A dissertation or equivalent which has been re-submitted because of a marginal fail

shall be awarded no more than a maximum mark of 50; in the case of resubmission because of extenuating circumstances, the full range of marks shall be available to examiners.

6 ASSESSMENT PROCEDURES

Powers of the Board of Examiners

The Board of Examiners shall have the following powers:

- a) Confirming the taught module marks achieved, including any marks for reassessment presented to the Board, and awarding credit;
- b) Confirming the mark for the dissertation or equivalent, including any mark for resubmission;
- c) Confirming any opportunities for reassessment for modules, including resubmission of the dissertation or equivalent, and any opportunities for condonement;
- d) Considering each student's marks profile so that they can be advised on the range of possible award outcomes, including whether it is possible for them to make use of dissertation or equivalent credits;
- e) Considering extenuating circumstances as necessary and their implications for results;
- f) Determining the appropriate award for each student;
- g) Determining whether a student can progress to the second year;
- h) Requiring any student whose performance is below that required to achieve an award to withdraw from the University.

6.1 EXTENUATING CIRCUMSTANCES

If you submit Extenuating Circumstances and they are accepted as valid, the Board of Examiners may be able to offer additional assessment opportunities, such as reassessment for uncapped module marks or voluntary reassessment, in line with the Extenuating Circumstances [Policy](#) and [guidelines](#). When extenuating circumstances are accepted, the Board of Examiners will use its discretion to determine what if any action should be taken in accordance with the powers set out in the Policy. Except in the case of accepted extenuating circumstances, Boards of Examiners do not have powers of discretion in relation to the application of the rules of assessment.
