## NOTES RELATING TO MAXIMUM PERIOD OF STUDY

• The maximum period of study is set from the date when the student is enrolled onto the first module that contributes towards a University of Essex Online course. Transfers of course are still included in the original maximum period. Unless there are exceptional reasons, periods of intermission will still count towards the original maximum period, with the exception of transfers between courses of different lengths. In these cases the maximum period will be adjusted in line with the maximum periods of study for the new course - increasing for students transferring to a longer programme and reducing for students transferring to a shorter programme.
