

Late Funding Loan 2023-24

Late Funding Loans are available to undergraduate and postgraduate students who are eligible and have applied for funding from Student Finance, but have not yet received any payments, other than usual processing time after registration, please see further details below.

We'll help with a loan towards basic living costs. It will not be sufficient to cover rent or tuition fees. If you have dependent children you will receive a higher payment.

These loans are interest-free. Conditions apply and will be discussed when you apply.

If you originally applied to a different university and haven't yet updated Student Finance, then this will delay your payment. Please contact the Funding Team by emailing funding@essex.ac.uk with details, including your Student Finance Student Support Number (SSN), and we can update your records.

Eligibility

At the start of your first term at Essex, you'll receive your first instalment of Student Finance, normally three to five days after Registration. This is the standard timescale and no Late Funding Loans will be issued when this is the only issue affecting payment. You may still be able to apply for an [Emergency Loan from SU Advice](#).
