

Help keep our Campuses safe: Report unsafe behaviour and hazards

Have you ever seen someone behaving unsafely on our campuses and don't know what to do about it?

Here is what you need to do:

Think about your own safety first. Without endangering yourself or the individual concerned, you can raise it directly. If you do this please also report the incident (see below) as this will assist in preventing a similar incident happening again.

It is not a problem if you do not feel comfortable with a direct approach. You can also report in the following ways.
